SIXTEEN INNING GAME TO BEAVERS

Good Batting Wins Long Contest Against Los Angeles—Great Pitching.

(United Press Leased Wire.)

Los Angeles, Aug. 14.—Great pitching on the part of Koestner and Groom and brilliant fielding at dangerous periods kept yesterday's game going for 16 innings, before Portland finally shoved the winning run across, taking the game 3 to 1.

Young Koestner had a shade of the argument on Groom, for he allowed but six hits to the Beaver's nine and struck out 17 men to Groom's 5. He gave eight bases on balls, two of which figured in runs. Groom passed two.

Ellis' great running one-hand catches brought the crowd to its feet and classy fielding by Cooney and Ryan of the visitors brought its share of applause. The game was by far the best of the series regardless of the errors chalked against each team.

A close decision by Umpire O'Connell in the first inning, when he called McCredie safe at third on a steal, kept the game going during the extra innings. After allowing Cooney to hit in the first Koestner had the northerners swinging their heads off till the ninth, when one more was made. Three of the six were credited to Hal Danzig.

In the initial inning Casey walked and was forced at second by McCredie. Mac reached second on Raftery's grounder, which was fielded to first. He stole third on a tight decision and came home when Cooney singled through the infield.

The locals made their lonesome tally in the third inning. Delmas smashed the ball into left field for one bag. Hogan sacrificed him to second. Koestner's first single placed him on third base and he scored on Hosp's infield out.

Two Runs in Last.

The two runs which clinched the game for the Portlanders came in the sixteenth, after great all around playing on both sides. Koestner did his best to keep the Beavers from scoring by striking Raftery and Johnson out. Then Cooney worked the tall boy for a pass. Cooney got away from Easterly and gets credit for a stolen base. Danzig's third hit of the day over third base scored Cooney. Whaling's grounder got away from Koestner and Danzig cavorted between third and home. When Smith soaked him in the back in trying to catch him the big first sacker scored.

In their half of the sixteenth the locals could not solve Groom and went out in one, two, three order.

The score:

EASTERN CITIES ARE READY FOR ATHLETES

Denver Comes to Front.

Denver, Colo., Aug. 13.—E. E. Morgan, care M. A. A. C., Portland, Or.—We will be most pleased to give a reception to your returning Olympic athletes. Please advise details as to achievements of these three men, also date of their arrival in Denver.

(Signed) BOARD OF DIRECTORS DENVER ATHLETIC CLUB.

George W. McMillan, president of the Multnomah Amateur Athletic club, last night informed the athletic entertainment committee that it would be impossible for him to make the trip to New York, and in his stead were elected R. A. Cronin, sporting editor of The Journal, and W. J. Petrain, sporting editor of the Oregonian, who, with R. E. Ringer, sporting editor of The Telegram, will escort the Olympic victors across the continent to Oregon. That Mr. McMillan is unable to go is a matter of general regret, but his business would not permit it.

George W. Simons, who made the motion to expand the size of the committee, found unanimous response from the general body, it being the opinion that the state could be much better exploited in the eastern press by three newspaper men than by one. The escorting delegation is already at work preparing pictures and articles relative to the three London champions, which will be printed on every sporting page between Portland and Gotham. Entertainments are being arranged for the delegation and athletes on the return trip at the fountain heads of immigration, and everything will be done to advertise the state in these communities.

Will Show the East.

No opportunity will be lost in letting the east know that Oregon occupies a unique distinction in the world of athletics in that a state washed by the Pacific sent three men to London, England, to compete against 2,000 athletes comprising the cream of the world, and they all made points in competition. In proportion to population this is a fact that has never before been accomplished anywhere.

Owing to the shortness of time between now and the date of the departure of the escorting delegation, it was decided to enlarge the finance committee in order to cover the town. It was reported that hardly a fifth of the business houses of the city had been canvassed for funds. The enlarged committee will hold its first meeting in the Commercial club rooms Monday night, at which time the amounts subscribed will be computed.

Inasmuch as the first arrangements will not have to be completed until Thursday night, the intervening time can be put to good service in reaching those who have been missed. Mr. McMillan, who was added to the committee, has volunteered to raise personally the money necessary to cover the expense of the third man. The new members of the committee are: General Charles F. Beebe, George W. Simons, Ben Selling, Julius L. Meier, Frank Templeton and R. L. Ringer.

General Beebe reported that the banquet feature of the entertainment had been looked into, and arrangements made for from 175 to 250 plates, as the number might demand. An excellent menu will be prepared by the Commercial club chef.

Letters Just Arriving.

The letters sent east by Mr. Morgan several days ago are just beginning to reach their destination. The one which arrived this morning from Denver reflects the sentiment of practically every city along the route to be traveled by the returning heroes. Some 40 or 50 letters were mailed out early in the week and answers should be forthcoming before the week end.

Baker City is preparing to show Dan Kelly that his home has not forgotten him, and a big crowd will be at the train to welcome him to the state. A stop of 15 minutes longer than scheduled time will be made at Baker City in order to permit Dan to visit with his fellow-townsmen.

Kelly is popular throughout eastern Oregon and there will no doubt be crowds at every station to welcome the London heroes. Corvallis, Eugene and Forest Grove, where the trio trained or attended college, will be represented in large numbers during the local entertainment.

ADMIRAL NAMES STAFF OFFICERS

Astoria Regatta Officials Are Chosen From All Parts of State.

Admiral George S. Shepherd of the 14th annual regatta to be held at Astoria August 27, 28 and 29, today named his officers and staff, including a fleet chaplain, Rev. F. A. Bernays, chaplain of the Seamen's institute, this city. This is said to be the first time a chaplain has ever been on the admiral's staff.

Admiral Shepherd has gone far and near for his officers and staff, having chosen representatives from nearly every section of the state, from Baker City to Roseburg. John McNulty, nautical expert with the branch hydrographic office of this city, will be chief of the admiral's staff while E. S. Edwards and George F. Fuller, inspectors of hulls and boilers, will be naval constructor and fleet engineer, respectively.

Following are the names of those who will figure prominently at the big annual event at the city by the sea, which promises this year to be better than ever:

FAST SCULLERS TRY FOR HONOR

Oarsmen Row Today Over Million-Dollar Course for Championships.

(United Press Leased Wire.)

Springfield, Mass., Aug. 14.—The 36th annual regatta of the National Association of Amateur Oarsmen, several elimination events of which were on the program for this afternoon, promises to be one of the most notable carnivals of aquatic sports ever held in America. The entrants include crack rowing crews and individual scullers from Philadelphia, Brooklyn, Troy, Worcester, New York and other cities of the east, from Toronto and Halifax, and from points as far west as St. Paul. The races take place over the new "$1,000,000 race course" on the Connecticut river, said to be one of the finest to be found in any part of the world.

The finals and the long looked for championships will take place tomorrow. The event in which the greatest interest is manifested is the single sculls championship race. This event will bring together Harry S. Bennett of Springfield, the present champion; Frank B. Geer of Boston, the former champion, and Durando Miller of New York, winner of the association singles last year at Philadelphia.

Another event on the program that is attracting attention is the association singles. Alexander Warnock of Springfield is the favorite, being intermediate champion, but it is predicted that he will have a formidable opponent in Robert H. Young of New Orleans, who is rated as fast enough to get into the championship event. This year Young defeated both Ferdinand Demourelle and H. H. Shears, former champions of the south.

Springfield is thronged with devotees of aquatic sports from many parts of the United States and Canada, come to witness the regatta. This morning scores of visitors gathered at the boathouses and along the river banks to witness the final spins of the oarsmen and to discuss the chance of the different aspirants for championship honors as well as the probabilities of some of the holders retaining their titles.

SUTOR BLANKS OAKS IN ELEVEN INNING GAME

(United Press Leased Wire.)

San Francisco, Cal., Aug. 14.—Southpaw Sutor won an eleven-inning game from Oakland yesterday, allowing but two hits and blanking his opponents 1 to 0. For 11 innings Hardy held the Seals to four hits. They made two in the eleventh, Berry driving Mohler home with a single.

RED HOT GOSSIP FOR RABID FANS

Here comes Manager Van Haltren with the announcement that he will keep Ash Houston, the Portland boy, now with the Oaks, another year. Van says he is inexperienced but a few months with brainy players will do much to season the youngster. Perhaps next season he will be a valuable man for the Greens.

• •

First Slattery gets laid up and then Lewis takes to crutches. This is the wail of the Oakland ball club. Lewis was badly hurt in Los Angeles last week and he may not work for several weeks. Danny Long may part with La Longe or his new man, Killfer, for a few weeks to Oakland until Lewis gets back into shape.

• •

Beck, the new Frisco center fielder, seems to hit alright but he is not hitting when hits mean runs. Several times he has come up with the bags populated and has either fanned or been an easy out.

• •

Dutch Altman is at last on his way to Spokane. Dutch was ordered to report to Spokane some days ago but when he got ready to start Van Haltren corralled him again. Dutch is a hard worker but hardly has the class for the Coast league.

• •

Babe Danzig is picking up mightily with his batting average and if he keeps up the rate will be leading the Portland slabsters before the team gets back home. He stung three safely yesterday, batting in the winning run. Buddy Ryan is also recovering from his slump.

• •

Pitcher Evans of the Hartford club broke all records last week. He pitched a game that is the talk of the baseball world and may not be equalled in several decades. Twenty-seven batters faced him and not one reached first base, nor did one hit the ball out of the infield. Cy Young, Johnny Ward and Richmond of the Worcester club have kept 27 batters off first base, but Evans is the first pitcher on record to give his outfielders no work. The Bridgeport club was the victim.

BRIEF NOTES FROM FIGHT FRATERNITY

Toby Irwin, who used to fight around Portland in the old days, when Biddy Bishop was his manager and who went nicely up the ladder for a while, is again in the ring and fights tonight with Joe Methurn before the Reliance Athletic club in Oakland. It has been several years since Irwin appeared in the roped arena and he is said to be making an excellent impression at North Beach, where he did his training stunt.

• •

Tommy Tracey, the old time middleweight, will open up his boxing club in the Exposition building next month. All of his old boys will be back to take training under the clever trainer and many new ones are applying for permission to enter the club. Gene Sullivan, the former amateur who fought a six round draw in Spokane last month with Kid Scaler, writes Tom that he will bring his brother, Montana Jack, to Portland to work out under Tracey preparatory to a winter campaign in California. Both boys are now in the professional ranks and both are comers.

• •

There is a mysterious individual in Portland who has been letting it out on the quiet that he is Owen Moran, the English lightweight, who will fight Abe Attell in California. Admission day. Ever since Attell passed through here several weeks ago the pseudo Moran has been peddling the bunk to everybody that will fall for it. Owen Moran is not in Portland. He is in California.

It takes a lot to make the average man satisfied with his.

BASEBALL PLAYERS GIVEN FIERCE JOLT

(United Press Leased Wire.)

Cincinnati, Aug. 14.—The National baseball commission yesterday landed a hard blow on the professional ball player when it passed a rule prohibiting the club owner from giving a bonus or other prize to the players of his team for their part in the world's championship series, played each fall. A rule relative to the optional release of players was also passed.

This first rule will mean the loss of from $500 to $2,000 to the players participating in the world's series. Last year President Yawkey of the Detroit club of the American league gave the players of his team a check for $15,000, which was divided among some 15 or 16 players, while Murphy of the Chicago Cubs gave almost as much. Why the commission should have taken such action is not generally understood here but it is supposed that it was to stop the giving of a large bonus in order that it might not become a precedent. The White Sox of Chicago had been promised a trip to Europe this fall provided they proved winners.

The rule in regard to the optional release of players provides that no major league player can be released to a minor league club with the promise of repurchase for a less sum than $300.

A wickerwork life boat, considered practical by European experts, has been devised by a Rotterdam man noted for the number of his valuable marine inventions.

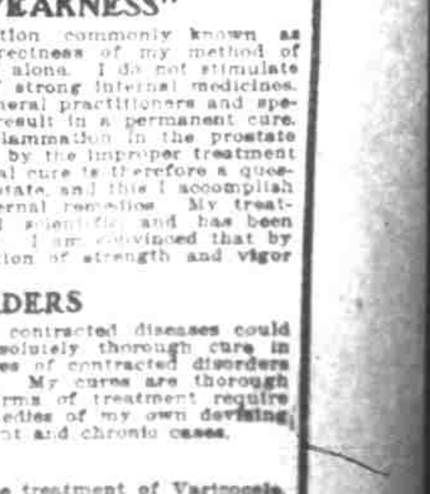
MEN'S WEAKNESS MASTERED

MY FEE IS ONLY $10 IN ANY UNCOMPLICATED CASE

I cure all diseases of men by methods of my own devising. These methods are a radical departure from the ordinary medical practice, which attempts to cure every ill of mankind by stomach drugging and thus kills more people than are cured. In my practice, I do not drug the stomach at all, but I apply healing medicines of my own directly to the diseased region, and thus effect a complete and permanent cure in a very short time. My treatment never fails, as my unbroken record, covering a period of over 20 years, fully proves. Don't be practiced and experimented upon by physicians, druggists, electric belts and incompetent specialists. My large practice and quick, thorough methods enable me to cure Men's Diseases in half the time and about one-fourth the usual fees asked.



DR. TAYLOR, The Leading Specialist

My guarantee is:

NOT A DOLLAR NEED BE PAID UNTIL CURED

NO STIMULANTS FOR "WEAKNESS"

My success in permanently curing that condition commonly known as "weakness" fully demonstrates the absolute correctness of my method of treatment, which is a method employed by myself alone. I do not stimulate the functions to temporary activity by the use of strong internal medicines. This is the course commonly pursued by both general practitioners and specialists, and is a treatment that cannot possibly result in a permanent cure. "Weakness" is merely a symptom of chronic inflammation in the prostate gland brought on by excesses, early dissipation or by the improper treatment of some contracted disease. A complete and radical cure is therefore a question of restoring the prostate gland to its normal state, and this I accomplish promptly and completely without the use of internal remedies. My treatment is a local one entirely. It is original and scientific and has been proved absolutely effective by thousands of tests. I am convinced that by no other method can full and permanent restoration of strength and vigor be accomplished.

CONTRACTED DISORDERS

The serious results that may follow neglect of contracted diseases could scarcely be exaggerated. Safety demands an absolutely thorough cure in the least possible time. I have treated more cases of contracted disorders than any other physician upon the Pacific coast. My cures are thorough and are accomplished in less time than other forms of treatment require in producing even doubtful results. I employ remedies of my own devising and my treatment is equally effective in both recent and chronic cases.

VARICOCELE

There is no necessity for surgical operations in the treatment of Varicocele. This disease yields completely to my mild and painless method, and results are far better than were ever attained by the harsh and dangerous practice of cutting. But one week is required, and seldom is it even necessary to detain the patient from his business.

CONSULTATION AND DIAGNOSIS FREE

I do not charge for advice, examination or diagnosis. If you call for a private talk with me, you will not be urged to begin treatment. If impossible to call, write.
