STATE LEAGUE IS READY FOR FIGHT

Jim Coffroth Asked to Take Hold of New Frisco Team.

(United Press Leased Wire.)

San Francisco, Aug. 18.—It became known today that the State Baseball league at its next meeting will consider a proposition to break into the local baseball field. This is the newest development in the war between the Pacific Coast and State Baseball leagues and the present outlook promises a merry war that will send the wages of the baseball players soaring and furnish plenty of good baseball for all the fans in the state.

Two directors of the State league have approached James Coffroth, the fight promoter, with a proposition that he take hold of a San Francisco State league club. The plan is to form a company and Fred Swanton of Santa Cruz is said to be willing to come in with a large bunch of money.

If Coffroth takes the matter up, there is apt to be a merry time in baseball circles, as the state league has already decided to break into Oakland, the coast league's weakest city. The coast league is to break into Sacramento next year and that city will have two baseball clubs. The magnates of both organizations says that it is a fight to the finish.

• •

They are killing yards and yards of space in the northwest newspapers over the proposition of Portland entering the Northwestern league next season. What's the use? When Portland stoops to enter a bush league of that character just watch the receipts fall off at the box office. If Spokane, Tacoma and Seattle can support a Class A team, then let them come into the league. A greater coast league, yes; a newer northwest league, no. There are thousands of fans in Portland who have not had a chance to utter their views. Their attendance shows they are satisfied with Class A ball. They, too, have a right to be considered by the powers that be. Portland's recession will be the worst blow the game has suffered in years on this coast.

Larry McLean is going to quit catching and go to first base. Listen to Mac's wail:

"Me to drop the big mitt game. There ain't nothin' in it. Hardly a game ever passes but I ain't bunged up somewhere—get smashed on the fingers or shins maybe with a foul tip, or a spit ball caroms off my knuckles. There's harder work to catching and less appreciation than any other position on a team. Nix after this season. Me for first base. I'll make 'em all hustle there and show 'em what I can do with the big stick."

• •

Because the Butte fans refused to patronize Russ Hall's Butte team on its last trip to the "city that never sleeps," the two Butte newspapers, the Miner and Anaconda Standard, have concluded not to carry the box scores of the Northwestern league games. The Miner's explanation is as follows:

"Too expensive furnishing long-distance baseball to those who wouldn't pay for it at home. No idea of boycott."

• •

That "mumps" stunt, started with a Hogan and perhaps will end with a Hogan. Happy Hogan of the Angels was the first to bring the infection into the Coast league camp and now Hogan of the Oakland team is down with the disease. Let us hope that it has run its course and that the remainder of the players may be immune.

Big Chief Esola has been reinstated to the San Francisco police department. He will now swing his big stick on the Barbary coast. A Frisco writer facetiously remarks that Esola should have a batting average of 1.000 in the new league.

Portland closes the series in the south this week against Oakland. The boys ought to return in second place if the Oaks prove as easy as they have for the other teams.

COLLEGE GRADUATE WHO IS TOP NOTCH FIGHTER

Fighting Face of Dr. Louis C. Walleck, the "Leach Cross" of the Ring.

New York, Aug. 18.—In front of a neat little office on East Third street, New York, hangs a small black sign with gold letters reading, "Louis C. Wallack, Dentist." On entering the office and inquiring for Dr. Wallack the information that he is out of the city and training for his next fight is given by his assistant, Dr. William S. Prensky. For Dr. Wallack is a real live pug and is well known among the eastern fight fans as Leach Cross.

He graduated from the New York College of Dentistry in 1907, and immediately began to practice, but on account of his many ring engagements, he was compelled to take in a partner.

His first bout was in 1906, which was pulled off while he was still attending school. He won with a knockout. After leaving school he fought more frequently and soon became a popular favorite among the New York clubs. He was matched with some of the best lightweights in the east, and out of 39 fights he lost but three. He has 14 knockouts to his credit and won 19 bouts on decisions. He fought three draws.

He was given the decision over Fighting Dick Hyland of California in a recent six-round bout, and he also defeated Charlie Griffin, the champion Australian featherweight, in six rounds.

Cross is 22 years of age, five feet seven inches tall in his stockings, and generally fights at 133 pounds, although he can make 130 when necessary.

He has a terrific punch, which, combined with his clever footwork, will in a short time place him in line for a fight with the champion.

HARNESS HORSES TO GO TO BELLINGHAM

Country Club Directors Authorize Additional Stalls for September Meet.

Plans are now under way at most of the training stables in this section for the early shipment of strings of speeders to the initial harness race meet of the north Pacific circuit, which opens at Bellingham, Wash., one week from today.

Reports compiled by local officials of the circuit indicate that excellent results have been achieved during the warming up season at all the western Oregon tracks, which will have contenders in the series of races this fall. The most interesting feature of the preliminary work is the fact that the green stuff has been showing up in much better form than the dopesters had it figured out. This applies to the form shown by youngsters at Roseburg, McMinnville, Hillsboro, Albany and Salem, from which places definite data is at hand.

Within the next week or so, there will be greatly increased activity at the Country club racetrack, for much remains to be done in the next five weeks. The directors of the Country Club and Livestock association yesterday authorized the construction of two new sets of stalls to house the unexpectedly large list of entries that has been laid down for the races here the week of September 21-26.

With a capacity of only 200 horses in the eight stables now completed, it was found necessary to add two more barns with a capacity of 50 each, as the present entry list numbers 270 horses. The erection of the paddock with 25 stalls and exercise quarters will be begun just as soon as the building committee can decide on the most convenient place for it. The contractor was supplied with the plans and specifications for the judges' stand and was asked to submit estimates on the cost of bleachers with a seating capacity of 8,000 before the next regular weekly meeting.

The faithful flock of would-be concessionaires who have been camping on the trail of the general management committee were again doomed to disappointment for the question of privileges was again postponed.

PORTLAND WRESTLER GRAPPLES IN SPOKANE

(Special Dispatch to The Journal.)

Spokane, Wash., Aug. 18.—Joe Heinrich, the Spokane boy, will meet Frank Jackson of Portland, in a catch-as-catch-can wrestling match here in the near future, unless some one gets cold feet. Jackson is here now from Portland and has challenged Heinrich, best two in three falls, for $100 a side. He claims a prominent Portlander who does not want his name made public is backing him and that he has the cash ready to put up any time. Heinrich is ready. Heinrich seems inclined to accept the Portland man's proposition.

NORTHWESTERN LEAGUE.

Aberdeen 3, Tacoma 3.

(Special Dispatch to The Journal.)

Aberdeen, Wash., Aug. 18.—Aberdeen and Tacoma fought nine innings here yesterday and then the game was called in order that the Tigers might catch a train, the score at that time being 3 all. Both teams fielded well and the runs came as the result of a number of timely hits. The score.

	R.	H.	E.
Aberdeen	0 0 1 0 0 0 2 0 0—3	7	2
Tacoma	1 0 0 1 0 0 1 0 0—3	9	2

Big Archery Tournament.

(United Press Leased Wire.)

Chicago, Aug. 18.—On the splendid ranges in Washington park today several score of devotees of the bow and arrow gathered for the opening of the annual tournament of the National Archery association. The representative attendance gave evidence of the revival of interest in the once popular sport. Among the places represented by the entrants were Seattle, Cincinnati, Battle Creek and Atchison, Kan. Regret is felt that neither Mrs. M. C. Howell of Cincinnati nor H. R. Richardson of Boston, holders of the women's and men's championship titles respectively, have been able to come to Chicago to defend their titles this year.

Galveston Gun Club Shoot.

(United Press Leased Wire.)

Galveston, Texas, Aug. 18 — The shooting tournament which opened at Galveston Beach today under the auspices of the Galveston Gun club promises to be one of the most notable affairs of its kind ever pulled off in this section. Crack shots from Texas, Oklahoma, Louisiana, Tennessee and several other states are entered in the events which will continue over a period of three days.

Fast Race Horse Killed.

(Special Dispatch to The Journal.)

Roseburg Or., Aug. 18.—Snark, one of the fastest running horses on the Pacific coast, was kicked by another horse and sustained a broken leg. He was shot last night. Snark was owned by Jacob Fry of Grants Pass. He would have run at the Marshfield fair. He held a world's record for five eighths of a mile.

CRACK MIDDLES IN RING TONIGHT

Champion Stanley Ketchel and Joe Thomas Fight for Fourth Time.

(United Press Leased Wire.)

San Francisco, Aug. 18.—For the fourth time within the past two years, Stanley Ketchel and Joe Thomas will fight it out for the welterweight championship of the world tonight. The pair will meet at the Coliseum for the 20 round bout, and the advance sale of seats promises an immense crowd.

Ketchel figures a favorite at 10 to 4, but the fans are agreed that the betting odds do not give Thomas his due. The California boy has twice given Ketchel the fight of his life, and as tonight's mill is at catch weights it is likely that there will be some rough work.

Ketchel's superb condition and the ease with which he put Huge Kelly to the mat in their last fight several weeks ago is largely responsible for the figure with which San Francisco fight fans put their favorite. It is agreed that if Ketchel can land his punch Thomas cannot last 16 rounds.

But Thomas weighed 12 pounds more than his opponent when the men got on the scales this morning, and this is a big advantage. Followers of the Thomas camp say that the California boy was never in better condition in his life.

Eddie Smith has been selected to referee the match, and three rattling six round preliminaries are to precede the main event.

TWO-YEAR-OLD GIRL WALKS EIGHT MILES

Pittsburg, Aug. 18.—The champion infant long distance walker has been located in McKeesport. This precocious youngster is Evelyn, the 2-year-old daughter of Mr. and Mrs. Walker Sheppard of McKeesport, who walked over eight miles alone and unattended. The walk was from Buena Vista at Elizabeth.

The Sheppards were visiting at Buena Vista and Evelyn wandered away from the house. Striking the road in the direction of Elizabeth she continued until she reached the home of her grandfather, Thomas Connelly.

PORTLAND CRICKETERS DEFEAT VERNON

(Special Dispatch to The Journal.)

Victoria, Aug. 18.—Bowlers Greig and Bailey of the Portland Cricket club proved too much for the Vernon club in the Northwest Cricket championship tourney, which opened yesterday, and Portland won with a margin of 103 runs. The innings of the Vernon team closed in the morning with only 14 runs.

Today Portland will meet the Albions of Victoria. The Oregonians are here with a clever team and will make a hard bid for the championship before the tourney ends.

This Date in Sport Annals.

1879—At San Francisco, Mike Donovan and W. C. McClellan fought 93 rounds to a draw.

1890—Orr of Brooklyn club made a home run hit over the left field fence at Forepaugh's park, Philadelphia, the first time this feat was accomplished.

1891—At Garfield park, Chicago, Anson of the Chicago team, made five successive safe hits, including two triples and a double, in a game with the Brooklyn team.

1902—At Chicago, Anson of the Chicago team, made five successive hits, including two triples and a double, in a game with the Brooklyn team.

1903—At Chicago, Martin Hart won from Billy Stift in six rounds.

Spokane Man Buys Horses.

(Special Dispatch to The Journal.)

Spokane, Aug. 18.—Andrew Laidlaw, owner of Searchlight, has purchased Colonel Bell and Allen Bell from the stable of John Considine, the well-known Seattle horseman. They cost the low sum of $1,000 at auction. Considine's horses have been winners at every show in the northwest.

Politics and Politicians

Governor Harris of Ohio, Governor Hughes of New York and Senator Beveridge of Indiana will be the principal speakers at the formal opening of the Ohio Republican campaign at Youngstown, next month.

• •

Seven aspirants are contesting for the seat of the late United States Senator Latimer of South Carolina. Former Governor John Gary Evans, who has been a regular candidate for the senate ever since he closed his term as governor in 1896, appears to be running strong in the present race.

• •

The canvass for the Republican nomination for the governorship of Connecticut between Congressman Lilley and Lieutenant-Governor Lake has been enlivened of late by personal attacks on the former of a spirited sort not seen in the Nutmeg state since the famous McLean-Warner canvass of 1900.

• •

Joseph L. Bristow, the choice of the Republicans of Kansas to succeed Chester L. Long in the senate, is nationally known for his work as fourth assistant postmaster-general from 1897 to 1905. He had charge of the investigation of Cuban postal frauds and the reorganization of the Cuban postal service in 1900.

• •

Michael C. O'Neill is said to be slated for the nomination by the Independence party for governor of Massachusetts. Mr. O'Neill was a delegate-at-large to the recent national convention of the party in Chicago. The Independence party is believed to be stronger in Massachusetts than in any other state. In the campaign last year the party's candidate for governor polled more votes than did the Democratic candidate.

• •

State Senator McNeil of Bridgeport is the leading candidate for the Democratic nomination for governor of Connecticut, and can doubtless have it if he wishes. Prior to the recent convention in Denver the name of Senator McNeil was prominently mentioned in connection with the vice-presidential nomination on the Democratic ticket. He is a warm friend and supporter of William J. Bryan.

• •

William Strother Cowherd, who has been nominated by the Democrats for governor of Missouri, has practiced law in Kansas City since 1891, in which year he was graduated from the University of Missouri Law school. He represented the Fifth Missouri district in congress from 1897 to 1905 and was mayor of Kansas City from 1892 to 1894. While in congress he was chairman of the Democratic national congressional committee. He was born in Missouri in 1860.

• •

William Hayward, the new secretary of the Republican national committee, and who is to have charge of the presidential campaign in the west, is but 31 years old. He has the distinction of being the youngest judge and the youngest brigadier-general in his native state, Nebraska, and the youngest state chairman in the country. He is a son of the late M. L. Hayward, who was elected to the United States senate from Nebraska in 1902 and died on the day he was to take his seat.

• •

Lawton T. Hemans of Mason probably will be chosen as the Democratic candidate for governor of Michigan. Mr. Hemans is described as a real orator, a student, a writer of history, a lawyer and a politician. As a member of the state legislature and delegate to the constitutional convention, he made a good record and attached to himself many influential friends who are prominent in Michigan affairs. Whichever one of the three aspirants for the Republican nomination is named it is predicted that Mr. Hemans will give him a close race.

HARRIMAN TAKES UP GOULD LINES

First Step in Reorganization Is to Institute Foreclosure.

(United Press Leased Wire.)

New York, Aug. 18.—The first step toward the reorganization of the Wheeling & Lake Erie and Wabash-Pittsburg Terminal roads under Harriman auspices was taken today when the holders of the first mortgage bonds of the Wabash-Pittsburg Terminal instructed the Mercantile Trust company, trustee under the mortgage, to begin suit for foreclosure.

The Wabash road owns all the stock of the terminal company and the terminal company owns the controlling interest in the Wheeling & Lake Erie, the Gould road which recently passed into the hands of a receiver.

It is understood here that Harriman plans to reorganize these roads in his own way in accordance with the recent understanding with Gould.

Men's Diseases
CURED TO STAY CURED
$10 Is MY FEE in any uncomplicated disorders

DR. TAYLOR, The Leading Specialist.

My special treatment cures "WEAKNESS" in men in a very short time. My cures of this disorder are permanent and lasting. No tonics that stimulate temporarily, but thoroughly scientific treatment for the removal of conditions responsible for the functional derangement. "Weakness" is merely a symptom of inflammation or congestion in the prostate gland, and under my own original local treatment this gland is promptly reduced to its normal state and complete functional activity is the lasting result.

The Scientific Treatment of Weakness

Dosing the system with powerful stimulants and tonics in an effort to restore functional vigor can have but one final result: The condition is rendered worse than before. "Weakness" is merely an indication of a low form of inflammation in the prostate gland, and this inflammation is but aggravated by stimulating remedies that excite temporary activity. I employ the only scientific and fully effective treatment for "weakness," which effects a permanent cure by restoring the prostate gland to a sound and healthy state. I obtain complete results in every case I treat.

Those in any trouble suffering from SPERMATORRHOEA, LOSSES AND DRAINS, VARICOCELE, HYDROCELE, BLOOD POISON or any other disease tending to destroy and disfigure and to render happiness impossible are urged to call upon me without delay.

$1 Per Bottle For Sugar and Water

A patent medicine man died the other day, leaving a fortune of three million dollars.

He got this money from the sale of brown sugar and water at $1 per bottle.

Fifteen years ago this man began business in Chicago. He advertised his preparation as a cure for chronic ailments and published hundreds of fake testimonials.

Sick people throughout the land bought bottle after bottle, their dollars going to swell the coffers of the manufacturer.

Perhaps you think this is an extreme case, but it isn't. Recent exposures by the U. S. government have proven that most of the patent medicines sold today are composed of alcohol and poison. They can no more cure disease than the mixture of sugar and water.

It's about time for you to quit doping yourself with drugs. You know they haven't helped you, but you take them just because you were taught that the only way to cure anything was to swallow some kind of medicine.

What you need is more vitality—more strength. You get that from electricity. Keep your nerves full of electric life and you will have perfect health.

Electro-Vigor infuses a glowing stream of electricity into your body while you sleep. It removes the cause of disease by giving every organ of your body the power to do its work as nature intended. It will drive out your pains and aches and renew your energy and ambition.

• • •

Electro-Vigor has cured me of sciatica and I feel much better generally. It is certainly a blessing to be rid of the pain I have endured so long.
