Novel Plan Hit Upon by Country Club Management for Show.

The general management committee of the Country Club and Livestock association has hit upon a plan which its members believe will simplify the disposing of the concession and amusement features of the race meet and show to be held here the last week of September. A section of the big Country club track, comprising several acres of land in front of the livestock barns and behind the main entrance to the track, has been platted into regular town lots 25x50 feet. These lots have been numbered and a certain price fixed for buying a certain kind of concession or amusement feature thereon for the week.

COMPARISONS ARE ODIUS!

And yet it seems necessary for us to make them. How can we induce you to try P. & G. Naphtha Soap unless we can make you realize that it is better than the soap you are now using? And how can we do that unless we make comparisons? And so, whether we like it or not, we must say and we must keep on saying: P. & G. Naphtha Soap is better than any other naphtha soap. It is better than ANY laundry soap. It saves time, trouble, fuel and money. It makes clothes cleaner, sweeter, brighter, whiter than any other soap, no matter "where its name or what its name".

THE DIFFERENCE BETWEEN SNUBB'S AND THE OTHER KIND IS THE DIFFERENCE BETWEEN ABSOLUTELY AND UNQUESTIONABLY THE BEST AND JUST AS GOOD AS THE OTHER KIND.

Thomas says

There's a heap of difference in Talcum Powders in fact, much of these fancy packages are called talcum powders are little more than starch and soapstone slightly perfumed. But there's a quality down to the last punch in a package of Snubb's. There is no powder so pure, so fine, so effective as Snubb's. Just see it once on your baby and see the difference. See the real, crystalline white, clear up and the baby's face smile.
