

NEW RATES OPEN EASTERN FIELDS TO OREGON SPINNERS

Willamette valley farmers will this year be able to compete successfully with potato growers in Missouri river points and the middle west through a reduction in the rates on potatoes announced today by the Southern Pacific. This reduction amounts to 22 cents per ton from Oregon points to Colorado and 21 cents to Missouri river points and points in the interior of Kansas and Nebraska.

With a crop of approximately 2,000,000 bushels of potatoes, the farmers will be able to ship potatoes to the middle west and Rocky mountain territory. The new rate will be 22 cents per ton to Colorado and 21 cents to Missouri river points in the interior of Kansas and Nebraska.

The present rate on potatoes from points on the Southern Pacific to Missouri river points is 25 cents per ton. The new rate to Colorado will be 22 cents.

COURT'S INJUNCTIONS CHECKS THREATENED FLOW OF PROGRAMS

A flood of programs, published by rival printers for the Baker and Hatfield theatres, threatened to inundate patrons of the two houses tonight, but an injunction issued by Presiding Judge Gantenbein in the circuit court this morning will stop the circulation of the papers of one of the publishers.

The restraining order was granted to J. G. Dressen and U. M. Williams, partners under the name of the National Program Company, the defendants being George L. Baker, manager of the two houses, and H. A. Chadwick,

PROBE OWNERSHIP THEN JUST PLANT

Council on Trail of Zimmerman Transfer of Slaughter House Permit.

Although the city council failed to take action at its last meeting to authorize the proper officials to proceed against Schwartzschild & Sulzberger for operating a slaughter-house within the city limits, it is believed that such action will be taken in an investigation which is under way. It is supposed that the large Chicago packing company is really in control of the plant on the south side which is supposed to be owned by Louis Zimmerman.

It is claimed that Zimmerman transferred the permit granted him by the council to operate in the city to the Chicago company. This action is claimed to be illegal as the council's action in granting the permit in the first place.

The reason that action is not taken against the Chicago packers is not known. It is believed that Zimmerman is not operating the plant. Were they sure that Zimmerman had transferred the permit to Schwartzschild & Sulzberger, that would be simply itself and action could be commenced without delay. The council, however, as to whether Zimmerman or the Chicago company is in control places the matter in such a way that the city officials do not know who to proceed against.

Councilmen Kellaher and Cottel introduced the resolution which Kellaher insists that the packers are violating the law and that he intends to have them prosecuted. He says that he will either force the council to take action against the corporation or that the council to repeal the ordinance which prohibits slaughtering within the city.

It is claimed that the Schwartzschild & Sulzberger company has been assured by a majority number of the councilmen that the council will grant the expiration of the Chicago company's permit.

70 MILLIONS WILL MARCH IN PARADE

Labor Day Procession to Be Participated in by 5,000 Persons.

From reports submitted at last night's meeting of the Federated Trades council, practically all of the 70 labor unions in Portland will be represented in the big street parade, which will take place Monday morning. It is estimated that more than 5,000 men and women will be in line.

The exercises and speaking will be held at the Lewis and Clark exposition grounds and will include addresses by Governor Chamberlain, Mayor Lane, State Organizer J. C. Williams, National Labor Union representative, and D. A. White. The day's exercises will conclude with a grand ball at night in the Lewis and Clark exposition grounds.

The parade will include a ball on a balloon and parachute leap by Princess Flavia and a thrilling performance by Professor Wilder, hanging by his teeth from the dome of the Agricultural building to a distance of 100 feet. The usual tug-of-war contest will take place while the members of the various unions will participate in all the various sports. It is the best possible appearance may be made, thereby showing the strength and power of the laborers in the city.

A number of the unions are holding appropriate floats which will make an interesting part of the parade. Labor day has been celebrated in this city for the first time, but it is the plan of the committee to make this year's celebration still more elaborate than former efforts.

GRAYS HARBOR HOST TO COAST LUMBERMEN

Aberdeen, Wash., Aug. 29.—The meeting of the Pacific Coast Lumbermen's association, held in session on Grays Harbor is the biggest success in the history of the organization.

Special delegates from the various unions went to Tacoma and Seattle and met the visitors from Oregon and Washington in the afternoon. It is all there are about 200 visitors.

LAWYERS GOING TO SEATTLE

Bar Association Arranges Plans for Visitors' Entertainment While Here.

From 40 to 60 lawyers who have been in Seattle to attend the meeting of the American Bar association are expected in Portland next Monday and arrangements to entertain them during their stay were made by members of the Portland bar at a meeting presided over by Circuit Judge Gantenbein this morning. The program includes luncheon at the Commercial club, a golf trip to an automobile ride around the city to points of interest in the afternoon.

It was decided to name a committee of five members to prepare the day's entertainment for the visitors. Frederick W. Lehmann, the newly elected president of the bar association, will not arrive until Tuesday, and some of the other officers are expected to come with him. A separate entertainment will have to be arranged for them.

Robert Treat Platt was appointed chairman of the luncheon committee, the other members being R. B. Fisher, A. E. Clark, L. E. Crouch and J. F. Booth. The automobile committee consists of G. W. Stedman, chairman, Joseph Simon, A. C. Emmons, Thad W. Vreeland and R. E. Sewall. The invitation committee will be headed by a committee headed by R. W. Montague, president of the State Bar association. His associates are Judge Gantenbein, Arthur Langguth, John K. Kollack and Thomas G. Green.

There was a good attendance of lawyers when Judge Gantenbein called this morning's meeting to order. Arthur Langguth was made secretary and Robert Treat Platt outlined the subject of the meeting, saying that haste was made necessary by the receipt of a telegram from R. H. Schmidt at Seattle, advising him that 40 to 60 visitors will come while early reports were to the effect that only a few strangers would return by way of Portland. On his motion the committee were named and L. B. Fisher, secretary of the Portland bar, urged that every effort be made to properly entertain all who come. He said Seattle was disappointed in the small attendance of Portland lawyers.

During a short recess the committee on luncheon was handed 40 names of local attorneys who desire to attend, making it certain that the affair will be a success. In motion of Mr. Fisher the bar association of the three committees will form an executive committee and will look after the financial part of the entertainment.

FOLSOM STREAM

Survivors of the cloudburst at Folsom, N. M., are being taken to a safe place by driving half ston which is wading the territory, boating down rivers, killing sheep by thousands, devastating country, and leaving a path of ruin in its wake.

The storm is one of the most terrible in the history of the state, and is being met off communication with Folsom. Those who are working in the territory are being taken to a safe place.

Latest reports received here, via Clayton from the ruined town describe a situation which is being met by the survivors. The water is so high that it is impossible to leave the town. The water is so high that it is impossible to leave the town.

The loss of livestock is heavy. In many places the water is so high that it is impossible to leave the town. The water is so high that it is impossible to leave the town.

STILL ONE CHANCE FOR LOST BOATMEN

San Francisco, Aug. 29.—The police of the Paterson and Harbor stations are today making a last search of the bay in a vain attempt to locate the five boys who were lost Thursday while swimming in Hoar's father of Robert Hasket. One of the boys, Edward Hasket, was found on the beach at West Bay, but the one in which the boys were rowing.

The police will investigate this story and if the shift washed up at West Berkeley is not the one in which the boys went on their last trip, another search will be made.

TOUR'S RESULTS TRAFFIC MENT TAFT PRAISES PLEASE DRYAN GRAND COUNCIL GOOD FIGHTERS

Was Specially Encouraged by Kansas Reception—Northern Tour.

(United Press Leased Wire.)
Lincoln, Neb., Aug. 29.—W. J. Bryan was busy at Fairview today answering letters that accumulated during his trip to Indianapolis and Chicago. He has received hundreds of letters from all parts of the country, every day after his reception in Kansas, he is pleased with the results of his tour.

Bryan will leave Lincoln at 6 o'clock tomorrow evening for St. Paul and will speak Monday afternoon at the Minnesota State Fair Association. It is understood he will hold conferences with Governor Johnson and other leaders and that plans will be made for the presentation of the law to the voters of the state.

Transcontinental and Trans-Pacific Rates Presumed to Be the Topic.

(United Press Leased Wire.)
San Francisco, Aug. 29.—Edward Taft, chairman of the Santa Fe Railroad, left today for Chicago where he has been suddenly called by his chiefs to a conference. As the Harriman interests have already ordered the Pacific to the same destination, it is inferred to draw here that a general traffic conference of the transcontinental lines is contemplated. It is believed that the rate on transcontinental lines will be reduced, which requires the publication of transcontinental freight rates on its terms and conditions. The conference has suspended enforcement of the rate till October 1, pending an appeal by the railroad. The corporation claims that the rate, as enforced, would enable the foreign steamship lines using the Gulf canal routes to know and to publish their rates in order to underbid the American steamships on New York business to the Orient.

Address at Athens, Ohio, to Veterans of Civil and Spanish Wars.

(United Press Leased Wire.)
Athens, Ohio, Aug. 29.—William H. Taft arrived here today on his way to Middle Bass Island and was greeted at the station by a great crowd of veterans of the Civil and Spanish wars, who are holding a joint reunion here. The old soldiers cheered the big candidate with great enthusiasm. Taft made a 10-minute address of an entirely non-political nature, dwelling mainly upon the honor due the soldier, who risks and risks his life for his country. He paid high tribute to the soldiers of both wars and spoke of the sacrifices they made, declaring that the same gratitude from their countrymen as those who gave up their lives or health in the Civil war. Both, he said, were discharging their duty to their country and both were entitled to the full measure of gratitude and honor. His speech was well received and many hands were crowded about to shake hands with him.

Taft was the guest of honor at a small luncheon party at the home of former Congressman Charles H. Grosvenor, and immediately afterward resumed his journey to Toledo, where he will arrive at 11 o'clock tonight. He then will embark at once for Middle Bass Island, where he will spend the remainder of his vacation at Cincinnati.

DIVORCE A GAME TWO CAN PLAY

Thaw Hesitates to Put Away Woman Who Saved His Bloomin' Neck.

(United Press Leased Wire.)
New York, Aug. 29.—Following the report circulated yesterday to the effect that Harry K. Thaw is planning to bring suit for divorce against his wife at the end of his jury trial next month, it is declared today that Evelyn Thaw has notified her attorneys to prepare a counter suit and to begin action immediately after Thaw files his papers for separation.

Thaw has told his friends that he has in hand sufficient evidence to secure a divorce from his wife, but he hesitates to bring suit now because of a heavy litigation in which he is involved. He is also a bit nonplussed by the announcement that Mrs. Thaw will bring a counter action.

FATHER KILLED; SON DISAPPEARS

Young Man on Way to Seattle Drops Out of Sight.

(United Press Leased Wire.)
Covina, Cal., Aug. 29.—Efforts are being made today to notify the only son of Professor F. A. Fitzgerald, who was killed here by a streetcar yesterday, of his father's death. The young man is on his way to Seattle and all attempts to locate him have been futile. Mrs. Fitzgerald, who is at Lafayette, Ohio, has not been told of the accident, as she is just recovering from an operation for appendicitis and it is feared the shock would prove fatal. Professor Fitzgerald, who was a celebrated band and orchestra leader, was killed as the result of his automobile "going dead" as he was attempting to cross the tracks in front of a rapidly moving car. The motorman was unable to stop the car in time to prevent a collision and Fitzgerald received injuries from which he died 12 hours later.

PERSONALS

Mrs. A. H. Payson, wife of Captain Payson, president of the Spring Valley Water Works of California, was in Portland yesterday, having made the trip from San Francisco to San Mateo. Nine days were required to make the trip. Mrs. Payson traveled in a machine known as a roadster. She was accompanied by her chauffeur, Mrs. Payson started on the return trip yesterday. She stayed at the Oregon hotel while in Portland.

Sheriff Stevens has returned from the convention of sheriffs at Astoria.

Will Reopen the Wentworth.

(United Press Leased Wire.)
Pasadena, Cal., Aug. 29.—Preparations are being made today for the reopening of the Wentworth hotel here by Bruce Hatch, who was manager of the hotel in San Francisco. He visited the San Francisco capitalists whose money is invested in it, and secured from them the promise that they will enable him to resume the management of the hotel for the coming winter season. The hotel was built at a cost of about \$1,000,000 and is the largest solid concrete building in the world. It was planned for the accommodation of 1,000 guests. It was opened last February, but receiver took charge three months later.

TRADES COUNCIL O. K.'S GOMPERS' ACTION

At last night's meeting of the Federated Trades Council a resolution was unanimously adopted authorizing the chair to appoint a committee to draft a set of resolutions endorsing the action of President Gompers and the executive board of the American Federation of Labor in the present national political campaign. The following committee was named to draft the resolutions and report at the next regular meeting of the council: C. M. Eymerson, of the Typographical union, W. H. Fitzgerald of the Cigar-makers' union, and J. R. M. Crockwell of the Electrical Workers.

STEWART HARDS HIS VACATIONS

American Dreyfus Can Give Devil's Island the Heehaw for Four Months.

(United Press Leased Wire.)
Washington, D. C., Aug. 29.—Colonel William F. Stewart, the exiled officer of the artillery corps at Fort Grant, Ariz., is preparing to make application to the war department for a leave of absence. He has not had a vacation for several years and his accumulated leave privilege will give him four months away from his lonely station. He is understood the department will accede to his request and his leave will probably be made effective immediately after he undergoes the physical test at Fort Huachuca, Ariz.

ARCHITECTS CRITICISED

Albino high school plans. He was merely selected to act as an expert in the matter of the school building.

(Continued From Page One.)
"Whatever Mr. Witterberg may say," said Mr. Kroner, "Mr. Sommerfeld was selected to act as an expert in the matter of the school building. He was merely selected to act as an expert in the matter of the school building. He was merely selected to act as an expert in the matter of the school building."

WHITE SCHOOLS NOT FOR CHINESE

Girls Reared in Missions Not Admissible, Says Frisco Attorney.

(United Press Leased Wire.)
San Francisco, Aug. 29.—Three Chinese girls who have been reared in American mission schools are today considering employing legal aid to force the San Francisco board of education to permit them to attend the white schools of this city.

They were refused admission today, on the ground that the girls were not of the race which the board of education is compelled by law to permit to attend the white schools of this city.

The girls attended the Oakland schools and recently applied for admission to a grammar school here because they had moved to this city and did not want to go to school across the bay every day. They claimed that they had been reared under American influences and that their education would be detrimental to them.

The city attorney holds that the board of education has no authority under the law to admit orientals to the white schools of this city.

You have never tasted real Corn Flakes if you never ate KORN-KINKS

The food that is all food. Made of the choicest white corn. Steam cooked, malted, flaked and toasted. Supplies the energy needed to begin the day's work. Crisp and delicious with milk or cream. Your grocer sells it. Ask him.

The only Malted Corn Flakes.

PORTLAND RAILWAY, LIGHT & POWER COMPANY

BULLETIN NO. 12
"Cheap Electric Light?" YES!

Bulletin No. 10, appearing in the Telegram of August 8, and in the Oregonian and Journal, August 8 and 9, showed the advantage of Tungsten lamps over other forms of illumination. It was based on a very careful calculation of FACTS as to gas arcs, and the cost of a 200-candlepower Tungsten arc per month, as shown therein, INCLUDED THE COST OF RENEWAL.

COMPARISON WITH GAS

In comparing Tungsten lamp with the cost of gas arc, the consumption of both was based on actual tests. Gas arc catalogs, showing the consumption of gas, base their figures on a gas pressure of 1 1/2 inches, and a consumption of about 16 cubic feet per hour. As a matter of fact, tests in Portland show that the gas pressure is considerably higher than this, and that THE ACTUAL CONSUMPTION OF THE GAS ARC RUNS FROM 24 TO 28 1/2 CUBIC FEET PER HOUR.

Even a superficial observation of the operation of the two types of illuminants will show that the gas arc is also subject to depreciation, as may be frequently seen by the mantles becoming black in part or in whole; the loss of light from this cause being far greater than from the blackening of electric light bulbs. Gas mantles are also SOMEWHAT brittle in their nature, as any user can testify who has had occasion to handle or renew them.

For the benefit of consumers, the following table is republished.

| Hours Per Day | Gas Arc, 200 C. P. Cost. | Tungsten Arc, 200 C. P. Cost. |
|---------------|--------------------------|-------------------------------|
| 3 | \$ 2.39 | \$2.25 |
| 4 | 3.19 | 2.78 |
| 5 | 3.99 | 3.29 |
| 6 | 4.79 | 3.80 |
| 7 | 5.59 | 4.31 |
| 8 | 6.38 | 4.82 |
| 9 | 7.18 | 5.34 |
| 10 | 7.98 | 5.84 |
| 11 | 8.78 | 6.36 |
| 12 | 9.58 | 6.89 |
| 13 | 10.37 | 7.40 |
| 14 | 11.17 | 7.90 |
| 15 | 11.97 | 8.52 |
| 16 | 12.77 | 8.93 |
| 17 | 13.57 | 9.45 |
| 18 | 14.36 | 9.96 |

GEE! BUT IT'S GREAT TO BE AN ACTOR--NOT

(Special Dispatch to The Journal.)
Marshfield, Or., Aug. 29.—Financial depression of the genuine sort struck the Georgia Harper theatrical company, which played last season in Portland and later spent touring for vacation money. In Marshfield last week the players stopped and they were forced to spend a short vacation on Cook bay.

The late actors and actresses exemplified the traditional versatility of their kind. Some of the male members of the company converted themselves into walking advertisements, romping the streets in grotesque costumes, with placards hung on their backs advising the people where to go to buy shoes, neckties and corn cobs. The female members—at least two of them—set up in business as clairvoyants and fortune tellers in tents on the street. The district fair and street carnival proved a Godsend for these latter.

Judging from the harvest of dimes and quarters the stranded exponents of dramatic art will soon be able to return from their fortnight sojourn in the northwest railroad outlet and there was no chance to ride the hookworms, and it is too far to walk. There was nothing to do except to turn the ingenuity of their calling into new channels and get rich quick.

Make Demand on Clerk

"I also made a demand on the clerk of the school district to be allowed to see this report—the clerk being its proper custodian—and was told that the clerk would not be allowed to see it to see it. I afterward learned that at the time I made this demand on the clerk, that the report was not in the hands of the clerk, but in the possession of a member of the board.

The architects who brought these mandamus proceedings," continued Mr. Kroner, "are not concerned over the fact that the plans of no one of them were given to the board of education, but they were forced to go into a competition where they had no chance of winning. The entire board of education was in the hands of the clerk."

No Action Taken

Deputy Clerk Russell stated this morning that no action would be taken with respect to the report on the mandamus suit until the board met and decided what course to pursue. He said that the board is the opinion that the board will be called in a special session to consider the matter and that the entire report will be ordered published in the public interest.

In the event that the school board decides to take no action on the mandamus suit, it will be made to the mandamus suit within 10 days and cause shown why the report should not be shown to the complainants.

WARRANT FOR ARREST OF REV. GREEN C. LOVE

Complaints were sworn out by the health department this morning for the arrest of Rev. Green C. Love for maintaining his property at 249, 251 and 253 1/2 First street in an unsanitary condition. A complaint was also filed against T. Sumeda, who rents the property from Love, on the same charge.

Sumeda is a resident of 1515 Broadway. Inspector William Hill last April did nothing to work turning out the garbage and was again notified by the plumbing inspector in June. The second notice stated that unless the property was cleaned within 10 days he would be forced to comply with the law and the complaints were sworn out today and arrests will be made on warrants today.

TROUSERLESS EAGLES ON TRUSTFUL COIN

(United Press Leased Wire.)
San Francisco, Aug. 29.—"In God We Trust," taken from the \$20 gold piece by direction of President Roosevelt and replaced by order of Congress, is on the way to be turned out by the San Francisco mint today in large quantities. The new coin also bears the eagle with "IN GOD WE TRUST" on the reverse. The new die is much simpler and looks more like an eagle.

The new dies arrived from Philadelphia yesterday and the big presses were at once set to work turning out the gold. A few coins were coined but the mint will make twenties for the next few days.

CAR WHEELS CUT OFF CHILD'S ARM

(Special Dispatch to The Journal.)
Nixley Creek, Or., Aug. 29.—The four-year-old daughter of F. F. Green was killed today by a moving train and the right arm was severed by a car wheel.

CORN FLAKES

The Improved Toasted Corn Flakes
THE Egg-O-See Cereal Company's famous E-C Process makes E-C Corn Flakes positively superior to the ordinary kind. E-C quality—the highest quality ever attained in a flaked corn food—makes E-C Corn Flakes the most popular cereal food in millions of American homes.

All Grocers, 10 cents
EGG-O-SEE CEREAL COMPANY, Chicago
Largest Manufacturers of Flaked Cereal Foods in the World

C. P. STRIKERS PAID FROM STRIKE FUND

Winnipeg, Man., Aug. 29.—The Canadian Pacific strikers are being paid today with funds sent from the International Brotherhood of the Machinists union in the United States. It is said that \$100,000 has been distributed here and that large sums have been sent to all of the big centers.

The strikers are active and many newspapers have begun to urge the company to pay the strikers. The strikers are active and many newspapers have begun to urge the company to pay the strikers.

GREAT CROWD CREERS

(Continued From Page One.)
return. Robbins, who finished second in the crowd, also was given a consolation prize.

One of the features of the ceremonies was that of the "Tongue of the Gods." The United Shaking society, all the crowd joined in and the national anthem was being carried in such volume of song.

Tonight the celebration will be continued with a part for the athletes of the local theatre, at which it is expected a big demonstration will be made.

TREADWELL STICKS TO HIS OLD STORY

(United Press Leased Wire.)
San Francisco, Aug. 29.—After Judge Conroy had denied the motion of Attorney Foster for the defense, to instruct the jury to neglect the testimony of Treadwell, the defendant in the case of the California State Bank, Treadwell, who was on trial for perjury in connection with his testimony in the case of the California State Bank, Treadwell, who was on trial for perjury in connection with his testimony in the case of the California State Bank.

ONLY STATE LINES CAN STOP A TOWN

San Francisco, Aug. 29.—The supreme court of the state has handed down a decision which is a limit to the power of the state to regulate the interstate commerce of the state. The court has held that the state cannot regulate the interstate commerce of the state.

FRED WLEOD IS GOLF CHAMPION

Hamilton, Mass., Aug. 29.—Fred Wleod won the opening golf championship of the state today at the Massachusetts golf links, defeating Will Smith of the Mexico Golf Club, 7 to 11 holes.

WILL READ VERMONT BAROMETER TUESDAY

(United Press Leased Wire.)
Burlington, Vt., Aug. 29.—The political separation that the state of Vermont has made in the election of the Vermont barometer, the outcome of the national contest has directed the attention of politicians throughout the country to the green Mountain state. Next Tuesday the contest between George H. Brooks, Republican, and James E. Burke, Democrat, for governor will be decided. The contest opens acknowledged that Prouty will win, but interest centers in the size of his majority over Burke. When the presidential mark, Vermont has given the Republicans less than 25,000 plurality. Democrats have elected their candidate for president, according to the records.

FOR HEALTH AND STRENGTH Damiana Bitters

A wonderful invigorator and nerve tonic, a powerful aphrodisiac and stimulant for both sexes. For sale at drug stores and liquor dealers, or by Woodard, Clark & Co., 425 W. Washington St., PORTLAND, OR., AGENTS.
