COTTEL TO APOLOGIZE TO COUNCIL, BUT FLINGS RED RAG AT BELDING

Dr. Cottel [illegible] that he will apologize to Councilman Belding for his remarks in the council meeting last Wednesday, but says that he will apologize to the council for allowing himself to make the statement which sent the temperature of the council chamber up to the boiling point. Furthermore, Dr. Cottel is indignant that the impression has been gained that he would retract from the stand he took in reference to the utterances of Councilman Belding and says that if any personal apologies are made that they will come from some person other than himself.

Dr. Cottel is still angry at the insinuations made by Belding and said yesterday that Belding had nothing whatever on which to base his accusation that Cottel had received graft from the Union Meat company.

Dr. Cottel went further and said that he does not intend to see the Schwartzchild & Sulzberger company receive a special permit after the expiration of the present Zimmerman permit if he can prevent such action on the part of the council. Cottel holds that such permits are illegal and that the council has no business to pass them in the first place and that in the second place that if the members attempt to pass further permits of this kind the city ordinance forbidding slaughtering within the city is clear and that the council has no business to evade it with special permits.

Never before since Cottel has been elected councilman has he been so worked up over a matter of legislation as that concerning slaughter houses. Since the charges of graft have been brought against him by a fellow member Dr. Cottel is looking around to see if the other members of the council have not some special reason for wanting the Chicago company to operate within the city despite the fact that charges have been made in the council chamber that the company [illegible] violating the law is maintaining trust prices.

It has been reported about the city hall that Schwartzchild & Sulzberger were promised a permit before they took over the Zimmerman plant, although the council was forced through public sentiment to refuse a permit at the time the company came to Portland with promises of building a plant worth $1,000,000. When the council asked the company to guarantee the erection of a plant costing $1,000,000 the request for a permit was withdrawn and the company has sought to gain entrance within the city without publicity.

OKLAHOMA REVOKES RAILROAD LICENSE

(Hearst News by Longest Leased Wire.)

Guthrie, Okla., Aug. 29.—Under the McCalla act of the last legislature Acting Secretary of State Meyer this afternoon revoked the license of the St. Louis and San Francisco railroad to do business in Oklahoma because it pleaded to transfer a case pending against it in Comanche county to the federal court. Early today Meyer notified Flynn and Amos, the railroad attorneys at Oklahoma City, he would forfeit its charter if the plea was not withdrawn and the case reinstated in the state court within 24 hours. He was asked to delay until the firm's representative could reach here for a conference at 5 to this afternoon. At 5:10 tonight, Meyer was served with an order from the federal court here restraining him from revoking the railroad's permit to do business in Oklahoma and setting the hearing early in October.

"Instead of coming here for a conference," said Meyer tonight, "the road's attorney was seeking an injunction from the federal court, but my action was one hour and 40 minutes before the service was had on me."

NEGRO FIEND ATTACKS GIRL

(United Press Leased Wire.)

Shawnee, Okla., Aug. 29.—Seventy-five negroes are under arrest here and a lynching is threatened as the result of a brutal assault on Miss Kate Kane here tonight by a negro. The girl was crossing a dark street when the negro leaped upon her and struck her on the head three times with a revolver, inflicting serious wounds. The girl was unconscious when found two hours later.

The police raided the negro quarter and arrested 75 blacks. Feeling against the colored men runs high.

S. P. COMPANY SUES SHIPPER AT ALBANY

Albany, Or., Aug. 29.—The Southern Pacific Railroad company has instituted proceedings against the Albany Tanning company to recover $314.56. The company avers that it hauled tan bark from Oakland to Albany and that the bark was delivered and received by the Tanning company and that payment of the freight charges had been refused.

WOMAN SHOT BY JEALOUS LOVER

(Hearst News by Longest Leased Wire.)

New York, Aug. 29.—Because she refused to elope Mrs. Frances McCabe, a bride of a year, was shot three times and probably fatally wounded today in the home of her father, Dr. Isadore Rosenthal, at 87 Glenmore avenue, Brooklyn. Her assailant was Samuel Mannes, who chased her through the rooms determined to kill her. When she stumbled and fell he stood over her and fired repeatedly.

That he did not kill the young woman on the spot was due to the bravery of her father who grappled with the man, turning his revolver barrel barely in time to send a bullet into the ceiling instead of into the doctor's body. Then the two fought through the doctor's office to the stoop of the house. They fell over the railing and into the area, six feet below, the doctor landing on top. He wrested the revolver from the grasp of his opponent and beat him over the head with it.

The sound of the shots attracted a throng which made demonstrations of violence against Mannes, but the arrival of the police saved his life. He was taken to St. Mary's hospital in the same ambulance with his victim. The surgeons said Mannes might live, though they had faint hopes for Mrs. McCabe.

THE ACTUAL TRUTH AND DOWNRIGHT FACTS

STRAIGHT - FROM - THE - SHOULDER EXPLANATIONS AND UNCONTROVERTIBLE EVIDENCE.

Every resident of Portland—everyone interested in Portland's commercial independence and progress should read this announcement carefully.

At 10 o'clock tomorrow night ends the fairest and lowest-priced Piano Sale which you will ever witness.

Bear in mind that the pianos offered in this sale are our regular stock. The regular line of Eilers Highest Grade Pianos—a line that is admittedly 200 per cent better grade for grade and quality for quality than the next biggest in town; and a stock that is [illegible] times **larger than all the pianos offered by all the piano stores, shops, branch houses and agencies** in the state of Oregon put together.

If you wish to take advantage of the unprecedented opportunity we have been offering during the month of August to secure a piano without having to pay the usual and customary and necessary retail profit, and at the same time secure the piano for as little as $6 cash and $6 a month, you will have to come tomorrow or tomorrow night.

Bear this in mind—facts are stubborn things, claims and assertions [illegible] look altogether different when brought into the presence of [illegible] facts.

[illegible]

What use has Portland for [illegible] and San Francisco consignment [illegible] and agencies, anyway, who [illegible] land pay commercial tribute [illegible] side industries [illegible] published by the head of [illegible] formerly prominent Portland [illegible] few years ago. And how [illegible] days one after another [illegible] have quietly or otherwise [illegible] to reappear periodically [illegible] text or another.

Yesterday a piano was [illegible] buyer from the country [illegible] cisco branch house and [illegible] for this piano.

This same piano—identical style and identical make—had been sold by the predecessor of this firm only a few years ago, at retail, for $[illegible].

We have the facts and the names for proof. At Eilers Piano House this party found yesterday a piano for $164 that was in every way superior and more desirable than what this branch house asked $400 for.

Is it any wonder that we sell nearly all the pianos in the state of Oregon?

Is it not a wonder that we do not sell every single piano that is sold in Oregon?

Eilers Piano House was organized a few years ago upon a [illegible] basis.

Selling more pianos than is customary with other houses, it stands to reason that [illegible] little profit has to be added to each instrument by Eilers methods [illegible].

[illegible]

What then is the result?

The dealer who would compete for trade must necessarily misrepresent the value of his goods. He may conscientiously believe his instruments superior [illegible]

[illegible]

[illegible] most careful and most painstaking investigation.

During the month of August we were determined to make up for lost business during the hot summer days. We determined to bring our sales report up to normal by the close of this month.

If your home is without a good piano, you can readily remedy the situation by attending this piano sale.

Protected by our ironclad (Money Back) guarantee, a new piano can be had tomorrow by payment of $6 cash and $6 a month.

Not only are the payments low and within easy reach, but we definitely guarantee our prices below those obtainable elsewhere, no matter what the explanation or excuse.

For $143 we offer choice of many magnificent brand new, high-grade instruments that could not ordinarily be obtained in this or any other city for almost double the price.

The instruments usually retailed for $[illegible] go now for $[illegible].

Please remember that every statement made herein is a solid, downright fact, as scores and scores of buyers during the past few days will testify.

Over 25,000 discriminating buyers have patronized Eilers Piano House during the past nine years.

Profit is not the essential consideration just now. We must dispose of pianos. We are bound to do so if low prices, little payments and courteous treatment will do it.

Remember the address: 353 Washington street, above Seventh. Eilers Piano House.

ALBANY COLLEGE BULLETIN OUT

Albany, Or., Aug. 29.—The initial number of the Albany College Bulletin for the season 1908-1909 has been issued and shows the plans and prospects for the coming year. The faculty will be increased by three additional professors. A stronger college course will be offered. Student activities will be increased and student affairs will have adequate funds. President H. M. Crooks estimates that $40,000 will be raised for the college during the coming year.

Miss Elizabeth Irvine, the former matron of Tremont hall, has been taking summer work in literature at Berkeley, Cal., and will fill the chair of English. Miss Laura Anderson of the department of languages, has been visiting her home in Pennsylvania during the summer, and on her return will assume the position as matron of Tremont hall, besides handling her usual work in the collegiate department. Professor Torbet has spent the summer as instructor in the normal school at this city. Professor Zueg has been engaged in filling the pulpits of the Presbyterian churches at Gervais, Aurora and Yerginville.

Professor Palmer has been taking special work in vocal music during the summer in Chicago. Miss Cone of the conservatory has been visiting at the home of her mother in Fon du Lac, Wis. Miss Tanney has been pursuing studies in Portland, preparatory to assuming charge of teaching music to children. Miss Hansen, the new head of the department, has been in the city all summer giving lessons to pupils.

SIDE DOOR STUNTS FOR AFFINITY EARLE

New York, Aug. 29.—Ferdinand Pinney Earle crossed the mountains from Cat Hollow, near Highland Falls, this afternoon and entered his residence on the summit, near Monroe, N. Y., by the side door. He visited the village late in the evening without molestation.

Several residents started to talk with the fellow, but he evaded them. Earle wore hose—the first time he has been so adorned in a visit to the village since early spring.

Mrs. Julia Kuttner Earle is said to be in a country house near Monroe, and determined to begin legal proceedings against her husband for a separation on the ground of cruelty. Whether or not Earle will be prosecuted on the charges now pending against him will depend entirely, it is said, on his future conduct.

If politicians got what they are really worth, they would have very small wages.

Auction Sales
