

COMMISSION SEES VICTORY AHEAD

Not Believed That Espe Will Secure Injunction Against Rates.

(Washington Bureau of The Journal.)
Washington, Sept. 2.—Interstate Commerce Commissioner Prouty said today that the commission regarded the suit started by the Southern Pacific in the northern district of California to enjoin the enforcement of the lumber rates fixed by the railroad commission in the Willamette valley case as of the highest importance. He pointed out that it involved the constitutionality of the Hepburn rate law and said that the commission is taking steps to make as strong a showing as possible when the application for the temporary injunction is heard September 28. N. Teal of Portland will appear for the commission and also L. M. Walter, the commission's attorney. Judge Prouty sees signs of better railroad business and says lumber traffic from the Pacific coast and in the southwest is improving.

The interstate commerce commission's view of the case is identical with that of Attorney J. N. Teal of this city, counsel for the Oregon & Washington Lumber Manufacturers' association. The above dispatch therefore is taken to indicate that the commission will put up the strongest possible defense. Mr. Teal said:

The case is set for hearing at San Francisco on a motion for a preliminary injunction September 28. Under the new law regarding three judges in such cases it will be heard before Judges Gilbert, Morrow and Rose. In the complaint the Southern Pacific company attacks the entire authority of the commission to fix rates as unconstitutional on the ground that it vests in the commission legislative, judicial and executive power contrary to the provisions of the constitution of the United States.

"This ground of attack is being raised in numerous cases throughout the United States in respect to state commissions. I think it is the first time that the question will be presented in a direct way in connection with the act to regulate commerce, under which the interstate commerce commission acts.

Cases involving the same principle have been decided and upheld heretofore by the supreme court. For instance, in the case wherein the executive departments are authorized to prescribe regulations having the force of law the supreme court has sustained the law and upheld the authority conferred. State courts in numerous cases have sustained similar laws."

PEACHES AND CREAM AT FREEWATER TODAY

(Special Dispatch to The Journal.)
Walla, Walla, Wash., Sept. 2.—Today is "Peach day" at Freewater, Or., and hundreds of visitors have come down on the interurban cars to participate in the festivities. Elaborate preparations have been made for the day's celebration. Supplied with a liberal amount of cream, peaches will be dispensed free to all comers. Tonight a grand ball is to climax the occasion.

Packing Plant Burns.
(United Press Leased Wire.)
Fresno, Cal., Sept. 2.—Fire last night destroyed the Phoenix Packing house at Fowler, one of the largest plants of its kind in the San Joaquin valley. A large amount of raisins and dried fruit was consumed, entailing a loss of \$20,000 to \$25,000. The origin of the fire is unknown.

SALOME DANCE ON THE COAST

Maud Allen's Creation to Be Carried Hither by Gertrude Hoffman.

(United Press Leased Wire.)
New York, Sept. 2.—The Pacific coast will see the Salome dance and the "Spring song" dance, "a La Maud Allen," under a contract reported to have been signed today by Gertrude Hoffman, by which she will receive \$2,000 per week for the Shuberts for a tour of the west.

Gertrude Hoffman for several years has been a great favorite on Broadway on account of her remarkable ability as a mimic and her rather daring dances. When the Allen dances took London by storm, she undertook to give New York a similar performance, and has appeared before packed houses.

It is understood that her western tour will begin September 28, and that after appearing in the middle west she will go to all the principal cities of the Pacific coast.

INSANE MAN SHOT; CORONER ACQUITS

(United Press Leased Wire.)
Sacramento, Cal., Sept. 2.—Charles H. Sellers, supposed to have been insane, was shot and instantly killed by Ben Parker about 5 o'clock last evening on Parker's ranch near Elk Grove and about 15 miles south of the city. Sellers had come to the Parker place and was putting out fires around the yard. He carried a pistol, but Bill Zimmerman, a farm hand, did not know this and drove him away.

Sellers returned, and when Zimmerman protested, shot him in the breast, inflicting a painful but not necessarily dangerous wound. Parker, who witnessed the shooting, fired instantly at Sellers both barrels of his shotgun, killing him instantly.

Deputy District Attorney Atkinson and Sheriff Reese arrested Parker last evening and at the coroner's inquest a verdict of justifiable homicide was given.

DEADLY PARALLEL DRAWN ON SARGENT

(United Press Leased Wire.)
Chicago, Sept. 2.—The Democratic committee has made public a chapter of the campaign text book, which contains an article by Frank Sargent, commissioner of immigration, denouncing Taft.

The article appeared in the North American Review in 1898, and scores Taft for the original labor injunction issued by him.

The Democratic text book points out that Sargent will take the stump for Taft during the campaign, and compares statements made in the article with his present day expressions regarding the Republican candidate for the presidency.

WOMEN'S CLUBS TO MEET AT LA GRANDE

(Special Dispatch to The Journal.)
La Grande, Or., Sept. 2.—The members of the two women's clubs in this city, the Neighborhood club and the Lyle Tuesday Musical, are making great plans for the reception of the State Federation of Women's clubs which will meet here some time this fall. The ladies are busy gathering funds for the entertainment of the visitors. They will soon put on a home talent production, Tennyson's "Dream of Fair Women."

KANEKO WUGGED OFF FAIR BOARD

Ministry Makes an Effort to Hold World's Fair Situation Together.

(United Press Leased Wire.)
Tokyo, Sept. 2.—In an effort to placate the business men and commercial bodies of Japanese who have threatened to refrain from participating in the international exposition because it has been postponed from 1912 to 1917, the cabinet today prevailed upon President Kaneko to resign his position as president of the exposition.

The decision was reached after a stormy session of the cabinet, at which the reasons assigned for the postponement of the exposition was read. The cabinet was acrimonious, but the conservatives won the day and an official gazette was promulgated after the meeting, announcing the postponement of the exposition to 1917.

Whether the business men will carry out their threat and refrain from participating in the world's fair in 1917 and have an industrial exposition of their own in 1912, is a matter of conjecture.

The reasons assigned for the postponement of the exposition in the Official Gazette are announced as financial stringency. The cabinet publication states that the finances of the country will not permit of the expenditure of much money at present, and that it would be unwise to prepare an exhibition unless it could be made a mammoth affair to which all nations might be invited to send representatives.

FIRE AGAIN NEAR CALAVERAS GIANTS

(United Press Leased Wire.)
Stockton, Cal., Sept. 2.—According to a special dispatch to the Record this morning from Murphy's camp, Calaveras county the big forest fire which broke out in the mountains Monday afternoon is now burning on the edge of the Big Trees hotel. The resort was saved by backfiring. From the hotel the fire swept north about a mile and then back to Torrington, more generally known as the old Garners station. An area 10 miles square has been burned over, and considerable heavy timber has been destroyed. Several of the forest giants in the grove are reported to have been burned, but it is impossible at this time to give accurate details.

The fire was started by a spark from one of the traction engines hauling logs to Manuel's sawmill Monday afternoon. Hundreds of men, under the leadership of the forest rangers, are out fighting the flames. So far as is known no buildings have been destroyed.

Only about a month ago forest fires raged in the vicinity of the big trees for nearly two weeks and threatened to destroy the famous grove.

PORTLAND MEN BUY UP 500 ACRES

(Special Dispatch to The Journal.)
Astoria, Or., Sept. 2.—S. D. Adair has sold 500 acres of tide land on Young's bay for nearly \$50,000. The property is known as the Nowlen tide land tract. The purchasers are Dr. Keeny and A. H. May of Portland. The property will be at once dyked, roads built and then platted in 10-acre farms and placed on the market. The soil is very rich and will grow any kind of crop.

G. A. R. PARADE; 25,000 ON LINE

Grand Event of National Encampment Takes Place—Taft Views March.

Toledo, Ohio, Sept. 2.—Cheered by a continuous mass of people that lined the streets for blocks, 25,000 age-worn veterans of the Grand army bravely covered the route of the big parade today. The parade was the big spectacular event of the national encampment and in honor of the occasion the day was observed as a general holiday in Toledo. The downtown streets were banks, and many commercial institutions were closed. During the early hours of the forenoon the railroads and interurban lines suspended the movement of new visitors into the city from points in Ohio, Michigan and Indiana.

At 10 o'clock the downtown streets were thronged. Along the line of march at every available point viewpoints were crowded. The parade was so large they began to fill with spectators.

Taft Reviews the Parade.

William H. Taft and his party arrived from Middle Bass Island and were given a prominent place in the reviewing stand, which was occupied by many distinguished guests. Taft, who, in his speech accepted of nomination, himself called attention to the fact that he lacked the usual qualification of presidential aspirants, that of having faced death on the field, was cheered by the grizzled sons of battle as they passed before him.

Some 500 People to March.

The parade formed on Sixteenth street. The line of march led through Madison avenue, thence to Collingwood street, Jefferson and St. Clair streets and on to Park street to Fifteenth street, where the veterans were dismissed. The official reviewing stand, where were seated the G. A. R. and affiliated organizations and their friends. Another was occupied by distinguished guests who were physically unable to stand the strain of the march. Tears fell from the eyes of many a white-haired soldier as he gazed at the old comrades who had passed the stand. A hush, almost of silence, marked the passage of the army at this point.

In the formation of the parade, Toledo post, G. A. R., was given the place of honor, but it is not possible to give a full list of the members. The parade was headed by a squadron of mounted police, followed by the commander-in-chief and his staff. A number of carriages containing several of the past commanders-in-chief and other distinguished veterans.

The States in Line.

Every state and territory was represented in the Column, besides the Potomac division, made up of the Old Guard of Washington, D. C., Massachusetts, New York, Ohio and Illinois were the best represented in point of numbers. Illinois, Virginia, West Virginia, Maryland, Michigan, Iowa, Indiana, Colorado and Wyoming, Kansas, Delaware, Pennsylvania, New Jersey, New Mexico, Arkansas, South Dakota, Washington, North Carolina, Missouri, Florida, Louisiana, Mississippi, Alabama, Georgia, Idaho, Arizona, California, Nevada, North Dakota and Oklahoma.

Ohio, as the host of the encampment, brought up the rear. Preiding the Ohio veterans were the Battle-Flag division of the National Association of ex-Prisoners of War. At conspicuous point in Madison avenue the veterans were greeted by the sight of a "living flag" composed of 3,500 school children.

The decorations along the line of march were the most magnificent ever seen in Toledo. During the night the final decorative touches were made, and this morning the center of the city blossomed out in one great display of flags and bunting. Streamers of red and yellow, the official colors of the G. A. R., and flags and pennants of the national colors reflected the conspicuous features of the decorative scheme.

The appearance of Taft throughout the day, heralded an ovation. He and his party were cheered as they went to and from the reviewing stand in automobiles. The greeting Taft received from the veterans was particularly pleasing to him.

Mayor Brand Whitlock, with Senators Foraker and Dick, went to and from the reviewing stand in a carriage, not joining the Taft party.

JEWELS WOULD FIX DONOHUE ASSASSIN

(United Press Leased Wire.)
Oakland, Cal., Sept. 2.—Captain of Detectives Peterson of this city today is bending his efforts toward finding the jewels supposed to have been taken from Mr. Alice Donohue by her murderer and thought now to be in pawnshops of Oakland or San Francisco. If these can be located, a definite connecting link will be established between victim and assassin.

A theory that Gustav Allstead, held in custody, was only the agent of another person, who induced him to carry out the foul murder, has been advanced to account for certain mysterious details of the case, but this is scoffed at today as absolutely groundless by Captain Peterson. The report of the chemist on the contents of the dead woman's stomach is expected late today or tomorrow.

Allstead, the suspected carpenter, is still held under a petty robbery charge in the Oakland jail.

OMAHA PHYSICIAN'S DEATH A MYSTERY

(United Press Leased Wire.)
Omaha, Neb., Sept. 2.—Mystery surrounds the death of Dr. Frederick Rustin, a prominent young physician of this city, who was found by his wife lying in bed in the front door of his home today. He was shot through the stomach. He was hurried to a hospital, but died several hours later. The police, who reject the theory of suicide, put forth by some of the members of the family, and insist on a murder.

Mrs. Rustin sides with the police. She says her husband has been murdered, and insists that the case go into the hands of the authorities. It is reported that Dr. Rustin had been drinking heavily of late. His practice was dwindling as the result of his inebrity.

ENGINEER KILLED BY AN EXPLOSION

(United Press Leased Wire.)
Salt Lake City, Sept. 2.—Engineer Land and an unknown fireman reported to have been killed today when the engine on passenger train No. 5 of the Denver & Rio Grande railroad blew up near Thompson's station while the train was running at a high rate of speed. No passengers are reported dead, but it is said they were badly shaken up by the wreck which followed the accident to the engine. A relief train has been sent, but from here to take assistance to the wreck.

Thompson's is a station on the desert near the Colorado state line, and only meager details as to the extent of the accident are obtainable.

The lumber business is improving at Cottage Grove.

The Doctor Writes of Counterfeiters.

Hyaniss, Mass., Aug. 17, 1905.

Dear Mr. Fletcher:—I wish to congratulate you on your numerous victories over counterfeiters and imitators of Castoria, and trust the time is not far distant when these inferior and dangerous mixtures will be entirely suppressed.

You are right when you say in your advertisements that it is "Experience against Experiment."

I feel it to be an outrage, and an imposition upon the parents of little children that my name should be associated with imitations of Castoria, dangerous to the health and life of these little ones who too often fight their battles for life in vain.

Let me again commend you for the high standard you have maintained in the preparation of my prescription, and I confidently believe it is due to this scrupulous integrity you are indebted for the wonderful sale of Castoria to-day, and the steady growth it has had since I gave you the details of its manufacture in my laboratory thirty-three years ago.

Chas. H. Fletcher, M.D.

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Mansur Drug Co., of St. Paul, Minn., says: "We are not in the habit of recommending proprietary medicines, but we never hesitate to say a good word for Castoria. It is a medical success."

Hegeiman & Co., of New York City, N. Y. say: "We can say for your Castoria that it is one of the best selling preparations in our stores. That is conclusive evidence that it is satisfactory to the users."

Myers-Dillon Drug Co., of Omaha, Neb., says: "Your Castoria is one of the best sellers we have. We cheerfully recommend it to our trade voluntarily at all times, and will testify to its merits at any and all times."

Weber Drug Co., of Indianapolis, Ind., says: "Fletcher's Castoria is an article for which there is no substitute. It is undoubtedly one of the most popular articles on the market to-day and our customers for it are numbered by the hundreds."

Parrish & Bailey Pharmacy, of Los Angeles, Cal., says: "During an experience of over 30 years in the retail drug business we have never found a proprietary remedy that has had such a large sale or given such universal satisfaction as your Castoria."

Theo. Metcalf Co., of Boston, Mass., says: "We have handled Fletcher's Castoria for years and consider it one of the best preparations made. Our sales are continually increasing and everyone of our customers have nothing but praises for Fletcher's Castoria."

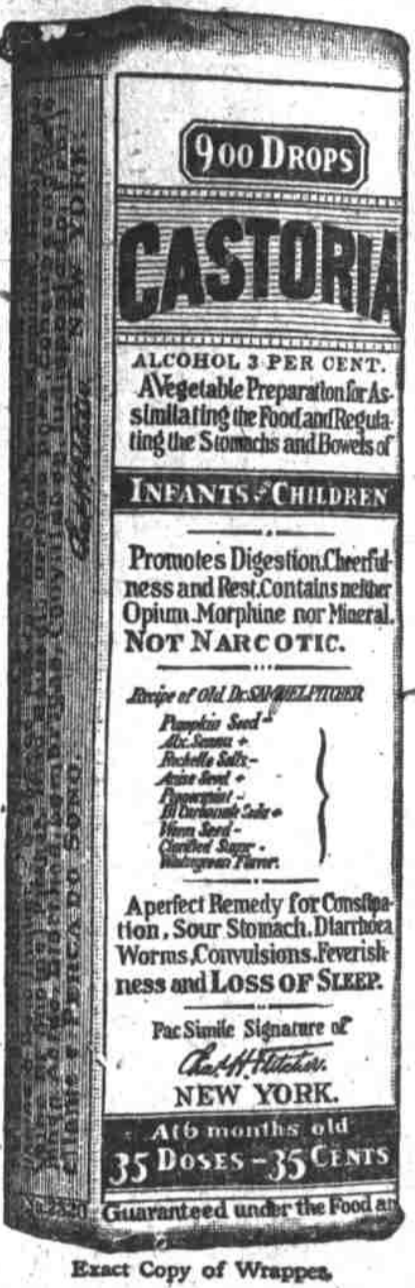

W. H. Chapman, of Montreal, Que., says: "I have sold Fletcher's Castoria for many years and have yet to hear of one word other than praise of its virtues. I look upon your preparation as one of the few so called patent medicines having merit and unhesitatingly recommend it as a safe household remedy."
