

COACHES REGULAR SOON

Public Institutions Open Doors Week From Monday—School Authorities Are Busy Preparing for Opening Session.

School days, school days. Some old Grand Old Days, "Reading and writing and arithmetic, taught to the tune of the hickory stick."

Just 11 more days and vacation will be over for the school children. Already they are coming back from grandfathers' farms, the coast and mountains, and all the other places where the children migrate throughout the summer and with their tanned faces and bodies and healthy appetites, they are awaiting Monday, September 14, the day when they will trudge to the school rooms with their books under their arms to resume the course of study which they dropped in June.

SPRINGFIELD FLOUR MILLS ARE SOLD

(Special Dispatch to The Journal.) Eugene, Or., Sept. 3.—B. A. Washburne has sold his Springfield flour mills to S. K. Noel, recently from Klamath Falls, the latter taking charge of the plant yesterday. Mr. Washburne has conducted the mill for the past eight years. It was built in 1844 by Elias and Isaac Briggs and was one of the first mills built in Oregon.

EUGENE WATER BONDS ARE DECLARED LEGAL

(Special Dispatch to The Journal.) Eugene, Or., Sept. 3.—Judge Harris of the circuit court yesterday handed down a decision in the friendly suit recently instituted to ascertain the validity of the \$300,000 water bonds voted by the people some time ago, in which he declares that the issue is legal. The next step will be to appeal the case to the supreme court.

FRIDAY AND SATURDAY

Splendid List of Special Bargains at McAllen & McDonnell's. See our ad in today's paper for our great Friday and Saturday specials. Note every item carefully, for it means big money saving.

Excursion Train Derailed.

(United Press Leased Wire.) Vancouver, B. C., Sept. 3.—A special train from Woodstock says a trainload of passengers bound for the Toronto exhibition had a miraculous escape in an accident near Gobles station. Seven coaches were derailed, two left the track and were half buried in the earth. Fortunately all the cars remained in an upright position, avoiding a terrible disaster. Three were injured and one woman may not survive.

Bad Man Draws Three Months.

(United Press Leased Wire.) Vancouver, B. C., Sept. 3.—A special from Renfrew says a vagrant giving his name as Edward Bradley was arrested at Calabogie while in the act of forcing his way into the Kingston & Pembroke railway station at that place. He was brought here Tuesday and sentenced to three months' hard labor in the county jail. He has been identified by several persons as the man who committed a series of daring holdups here this spring. He denied any knowledge of them.

PERSONALS

J. H. Weatherford of Albany, vice-president of the Corvallis & Eastern, is registered at the Cornellus.

Was Ship Ashore?

(Continued From Page One.) ashore. There was nothing about it by which the ship could be identified. The vessel went ground about 5:30 o'clock last evening when the fog was so thick it was impossible to see more than a few feet. There was no storm and the sea was not running high. The captain must have lost his way and soon far out of his course.

Horses Swim Ashore.

Point Arena, Cal., Sept. 3.—It is reported here today that two horses have come ashore south of here and the indicator the vessel that went aground last night was lost.

Still No Solution.

(United Press Leased Wire.) San Francisco, Sept. 3.—According to the records of the marine police here today, there are only three vessels which might have been wrecked at Point Arena last night, and there is still great doubt as to the identity of the ship which went aground. The Willapa from Grays Harbor, loaded with lumber for San Pedro, where she is due today, has not been reported. The other two are the Vanguard and the Northfork, both from San Francisco and both due at Eureka today. The Northfork carried explosives. The fact that the wrecked ship must have carried lumber apparently eliminates the northbound ships from the possibilities and leaves only the Willapa, which, it is thought, must have passed that point before last night.

GOOD ADVERTISERS

Secure Central Location and Will Make a Success. The corner store heretofore occupied by the College Shoe Store owned and conducted by the Douglas's Fifth Avenue company, wholesale shoe dealers, has been fortunately secured by the American Gentleman Tailors. They were indeed lucky to be able to get hold of this central location just as the shoe store was closed up. These tailors will doubtless succeed because they are starting out with an advertising campaign of advertising that will build up a business rapidly. Their campaigns have never been conducted upon a narrow and parsimonious scale. The stores of the American Gentleman Tailors are to be found in several of the best locations in the city and their success is that they aim in their publicity to reach the whole people and get full share by convincing the advertising in incense and poorly circulated mediums. Their first announcement appears to be a leading and effective manner. Other surprises may be expected to follow in rapid succession.

TWO WITH GUNS DRIVE 47 MEN

Sheriff and Deputy Are Taking Fish Dynamiters to Wallace Jail.

(Special Dispatch to The Journal.) Wallace, Idaho, Sept. 3.—Deputy Sheriff Barnhart and Game Warden Lorn Wilson of Shoshone county are on their way to Wallace with 47 men charged with dynamiting fish on the north fork of the Coeur d'Alene river. The two officers are armed to the teeth and are driving the men in a body before them. At 10 o'clock this morning the party was about 10 miles from the city and no mishap had occurred. They are expected to arrive here late this afternoon. The men are coming in on foot.

MONMOUTH WILL GET STATE AID

School Has Been Maintained for Several Years by Subscriptions.

(Salem Bureau of The Journal.) Salem, Or., Sept. 3.—At a recent meeting of the executive committee of the normal school board of regents, President Resaler of the Oregon State Normal school at Monmouth was present and assured the committee that sufficient funds had been secured to place the school on a maintenance basis until January 1, when it is expected the legislature will appropriate enough to maintain all three normal schools properly. The Monmouth school has not received state support for several years, having been maintained by subscriptions from the business men of Monmouth and neighboring towns. A meeting of the normal school board of regents will be held at Salem next month for the purpose of making recommendations to the legislature for the support of the three normal schools—the Eastern Oregon Normal school at Weston, the Southern Oregon Normal school at Ashland and the Oregon State Normal school at Monmouth. The board at a meeting in June decided to recommend the Central Oregon State Normal school at Drain to be discontinued, and consequently that school will not open this fall.

NEW SKIN REMEDY STOPS ITCHING

Skin Troubles, Aggravated by Hot Weather, Quickly Cured.

When it is known that psoriasis, the new skin remedy, will stop the torturous itching attending eczema with first application and bring immediate relief and comfort to sufferers from all skin troubles which are aggravated by hot weather, its merit will be instantly appreciated. On the tender skin of chafing infants, psoriasis may be used with soothing and benedictal effects. It is applied externally, and its remarkable healing powers begin their work at once. All skin diseases, including eczema, acne, herpes, rash, tetter, etc., yield readily to its remarkable curative properties. Occasional applications of psoriasis, in small quantities, will quickly banish pimples, hives, blackheads, blotches, and will relieve and cure itching feet, scaly scalp, humors, etc. A special 50-cent package has been adopted for those who use psoriasis for these minor troubles. This, as well as the regular two-dollar jar, is on sale at the Skidmore Drug Co., and other leading drug stores, in Portland. An experimental supply of psoriasis may be obtained free of charge, by writing to the Emergency Laboratories, 52 Twenty-fifth street, New York City.

HEARST DOESN'T LIKE TO CHANGE

Thinks Democrats Ought Not to Evolve as Do Other Parties.

(United Press Leased Wire.) New York, Sept. 3.—William Randolph Hearst left today for Indianapolis, to open the Independence party campaign in the middle west. Prior to his departure he gave out an interview here in which he stated that he did not see how the Democratic party could progress under what he characterized as its present system of changing principles. "Democratic principles change with each campaign," Hearst declared, "and I fall to see how such a system makes for party stability. The Independence party will draw equally from the Democratic and Republican parties for its support in this campaign will be the refuge of those who no longer trust in their sincerity."

BOY PUG CONFESSES MANY BURGLARIES

(United Press Leased Wire.) Bellingham, Wash., Sept. 3.—Bert Davis, colored, 20 years old, and known in the city as the Bellingham boy prizefighter, last night confessed to the police that he was responsible for every burglary committed in the city this summer with the exception of two. Seven robberies are included in the list with which he credits himself, and the value of the loot, in money and goods, is approximately \$125.

R. F. D. IS WANTED BY KLAMATH FALLS

(Special Dispatch to The Journal.) Klamath Falls, Or., Sept. 3.—A petition for the first free rural mail route in Klamath county is being circulated, and will be forwarded to the postmaster general. The route to be is between one side and back on the other. The distance is about 20 miles, and many ranch houses will be served by the delivery.

WORLD'S RECORD FOR GRANDPARENTS

(United Press Leased Wire.) Vancouver, B. C., Sept. 3.—A baby born to Mr. and Mrs. T. E. Cartwright, Ninth avenue, today, has no lack of living grandparents. There are at present residing in Canada one great-grandfather on his mother's side, two great-grandfathers, one great-grandmother, two grandfathers and two grandmothers. The young man is of the fifth generation on his mother's side and the fourth on his father's, probably a world's record.

SHOOT PHEASANTS TO SAVE SPUDS

(United Press Leased Wire.) Bellingham, Wash., Sept. 2.—Thousands of Chinese pheasants are swarming over the fields of Whatcom county and reports are coming from the county districts that the farmers are in arms against the birds, claiming they are doing great damage to the potato crops. In the face of the game laws the farmers are shooting innumerable birds and sportsmen in the city are appealing to the game warden to have the law enforced.

FISHERMEN RAISE MONEY FOR FIGHT

(Special Dispatch to The Journal.) Astoria, Or., Sept. 3.—The annual meeting of the Columbia River Fishermen's Protective union was held here last evening and H. M. Lornsten was selected manager and secretary. Among the resolutions passed were a donation of \$50 to be used in defense of the initiative law and thanks to Captain F. E. Frazer, City of Vancouver, for his valuable services in picking up a boat with two fishermen and bringing them safely to port.
