COFFEE

The coffee habit is all right when you also make it a habit to buy it here. Good coffee, properly prepared, is the finest beverage known to mankind. And we make it a point to always provide an excellent good quality. Even though our prices are lower than you are called upon to pay elsewhere, that cuts no figure in the coffee quality. We buy and sell for cash in greater quantities than any other firm in Portland. That's why we buy it for less; that's why you profit by the less price. Try our 25¢ the lb., 4 1/2 lbs. for \$1.00; also our 35¢ the lb., 3 lbs. for \$1.00. Then you'll know what we mean by the best coffee on earth.

THE BUYER WHO BUYS FOR CASH

Is the buyer who buys at the lowest market price and receives the finest qualities in greatest quantities. He also buys peace of mind, as against the one who buys on credit, with a keen anxiety as to how much they get for the money they pay, and whether the monthly bill is correct. Scarcely a credit buyer who does not, to some extent, realize the higher price they pay on every purchase made. But lots of them do not know that higher price means all of 25 per cent added to the cost of living expenses. Should you doubt this in the least, perhaps you had better compare our advertised prices with those you find for same goods as set forth on your monthly bills. We have converted thousands to our way of cash buying and selling, and we are going to increase the number to thousands more, of which we expect you to be one.
