Summer Visitors at the Seashore.

NORTH BEACH, Wash., Sept. 5.—The week past has been the breaking up of the beach season at the North Beach resorts. The opening of the Portland schools next week and the final trip of the Potter today have brought the beach season to a close. All week long there has been a heavy traffic from the beach to the city. The little station houses at the different resorts have been almost covered with trunks and when time came for the Potter train to arrive, families, lunch baskets, dogs and children lined the track for blocks. While most of the summer population has left the beach, there are quite a number of cottages which are still open and where visitors will stay during September. The weather is fine and, those who are fortunate enough to be at the beach still are enjoying a fine fall season.

An interesting party, in the nature of a farewell gathering, took place at Hotel Sunset on Monday evening. The big parlors were decorated for the occasion and refreshments were served during the evening. SEASIDE NOTES AND PERSONAL MENTION

SEASIDE, Or., Sept. 5.—The rush of the beach season has passed and the peaceful days of September are here. The week past has seen considerable change in the personnel of the resort. Quite a number of those who have spent the summer here have returned to their homes and others are arriving to spend the fall days at the seashore. Most of the hotels have a good registration of guests and few of the cottages have been closed. After the rain in the early part of the week the weather has been perfect. Oldtimers at the beach say that September is the finest month of beach weather in the year and each season sees more and more visitors remaining to enjoy it.

The day when Seaside was a summer resort only has passed. There is a fall season now which is almost as popular as the summer. Throughout the whole of the winter there are hotel accommodations of the best kind and many Portland families spent a part of the fall or winter in their Seaside cottages. Christmas, Easter and Thanksgiving finds quite a number of people at the beach for the short holidays. During the past winter season house parties have been quite popular here.

AT NEWPORT YAQUINA BAY

Newport, Sept. 4.—Gorgeously splendid weather has given Newport a second season. Last week's rain and chill drove many campers and cottagers homeward, but the balmy airs now blowing are detaining all who lingered and the new crowd, bent on trolling and hunting, is steadily coming in.

The bay has been glassy the past few days and launching, boating and clamming parties are the fad of the hour. Besides the excursions on the bay, the ocean has been smooth enough to tempt many seaward and Thursday and Friday large parties tried a few hours on the Pacific.

Hunting is now to the fore. Several parties have been south this week and as many, probably, north. From both directions excellent luck is reported, specially in the line of bear, which seem to be very plentiful this year. One Portland hunter has been expert enough to catch a deer alive. The man who performed this feat is Glenn Howell, who caught, bare handed, a spotted fawn in the surf near Beaver creek.

The hotels are preparing for a large fall season and will keep open at least until October. After carefully looking over the winter's prospects several of the hotels are thinking of running all winter to accommodate the many people who enjoy Newport as a resort during that season.

In Social Circles.

A jolly crowd of people boarded the launch Rose Thursday afternoon and went to Oysterville, five miles up the river from Newport, where they spread a delicious luncheon on shore under the trees and whiled the hours away very pleasantly.

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, bitter or sour "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

S.S.S. A CURE FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which is carried through the circulation to all portions of the system. Every muscle, nerve, bone and joint absorbs the acrid, pain-producing poison, causing aches, inflammation, stiffness and other well known symptoms of the disease. Permanent relief from the pains and discomfort of Rheumatism cannot be expected from the use of liniments, plasters, and other external treatment which does not reach the blood, where the cause is located. Such measures give temporary relief, but in order to cure Rheumatism the uric acid and inflammatory poison must be expelled from the blood. S. S. S. cures Rheumatism because it is a perfect blood purifier. It goes down into the circulation, neutralizes the uric acid and drives it from the blood. S. S. S. expels the irritating, inflammatory matter which is causing the pain, swelling and other discomfort, enriches the weak, sour blood, and permanently cures Rheumatism. In all forms of Rheumatism, whether acute or chronic, S. S. S. will be found a safe, vegetable remedy, possessing the properties needed to cure, and at the same time a medicine that builds up the entire system by its fine tonic effects. Book on Rheumatism and any medical advice free to all who write.
