KLAMATH ENJOYS BUILDING ACTIVITY

Many Fine Brick Blocks and Dwellings Are in Course of Construction.

(Special Dispatch to The Journal.) Klamath Falls, Or., Sept. 9.—Considerable building is going on in Klamath Falls and before cold weather sets in many fine dwellings and brick blocks will have been erected.
The cement tanks are being put in for the large natatorium on the hot springs tract and three dwellings, all modern bungalows, are being built on the same tract.
The cement foundation and basement of the First National bank is completed, ready for the brick work and the foundation for the store building to be put up by J. Jacobs is being laid. The brick to be occupied by George R. Hurn, hardware, is completed to the second story.

HOSPITAL FOR DALLAS.

Site and Building Are Promised for Catholic Institution.
(Special Dispatch to The Journal.) Dallas, Or., Sept. 9.—Dallas will have a hospital in the near future. If plans set on foot at a mass meeting of physicians and representative business men held in this city last night are carried into effect, Father McDevitt, a representative of the Catholic church, who has been investigating the feasibility of starting a hospital here, was called in consultation and was asked to bring in a proposition for the erection of such an institution.
The matter will be taken up at a mass meeting to be called within a month from this time, when the bishop of the western Oregon diocese will be present and present the proposition from his church. A site and building have already been offered for the institution in West Dallas. With very little work the building could be converted into a hospital.

LINE INTO ONTARIO.

Extensive Improvements Planned by Light & Water Company.
(Special Dispatch to The Journal.) Ontario, Or., Sept. 9.—The Interstate Light & Water company is running a line from its power plant at Horseshoe Bend on the Payette river to Weiser,

EXTORTIONERS HAUL THE COAL

Line 41 Miles Long Holds Up Rawhide for Two Bits a Hundred.
(United Press Leased Wire.) San Francisco, Sept. 9.—Interest is keen today in the proposed investigation of the freight and passenger rates of the Sierra company, operating between Oakland and Jamestown, a distance of 41 miles. Charges have been made by the Rawhide Gold Mining company that it has been charged 25 cents per 100 pounds for hauling coal between these two points, while the Southern Pacific charges but 9 cents per 100 pounds for hauling the same coal from Oakland to Oakland, a distance of 115 miles. It is further stated that the passenger rate is \$1.50. If in the investigation by the state board of railroad commissioners it is found that the rates of the Sierra company are exorbitant, charges will probably follow.
Several companies are attempting to evade the order of the commissioners, requiring the filing of printed rate schedules, by claiming that their roads are not in operation. Proof of the operation of several such lines has been filed and the rate will be enforced.

FEWER COMING FROM NIPPON

Straus Reports Immigration Rate Only One Third of That a Year Ago.

(United Press Leased Wire.) Washington, Sept. 9.—According to official figures made public by Secretary of Commerce and Labor Straus today, the tide of immigration from Japan has been checked until it is now but one third of what it was a year ago. Japanese immigration for the fiscal year 1907 was 36,000, including the Japanese who went to Honolulu. For the fiscal year ending June 30, 1908, immigration from Japan was 18,800, of which 8,800 came to the mainland of the United States.
The bureau of immigration has estimated that 5,118 Japanese left the United States for Japan and other countries, leaving the net increase for the year but 3,880. Of that increase but 15 per cent are laborers.

BOOST SECRETARIES OF SOUTHWEST MEET

(Special Dispatch to The Journal.) Fort Worth, Texas, Sept. 9.—The men who lay awake nights devising plans to "boost" the great southwest were all in Fort Worth today. The occasion was the opening of the big convention of the Texas Commercial Secretaries, Oklahoma and Louisiana have sent representatives to the gathering, as well as all the leading cities of the Lone Star state. The character of the gathering and the large and representative attendance are well calculated to give a fresh impetus to the work of development of the magnificent resources of this section of the country.

The initial session this morning was given over to reports of officers, appointment of committees and other routine work. The regular program of papers and discussions was taken up this afternoon and will be continued through the next two days. The topics to be given attention cover a wide range of the first and foremost on the agenda will be the organization of commercial clubs and the conduct of their work so as to achieve the best results. The duties of the commercial club secretary will be discussed from all points of view. Of wider interest will be the discussions on immigration, railroad construction, advertising and other subjects having to do with the general development of the country.
