

GORE TO SPEAK ON THE COAST

At Portland, September 25—Coast Chairmen and Committeemen September 23.

(Special Dispatch to The Journal.)
Chicago, Sept. 10.—Committeeman Miller of Oregon reports that the following speaking dates in Oregon have been arranged for Senator Gore of Oklahoma: Portland, Friday night, September 25; Grants Pass, September 26, afternoon; Medford, September 28, night. These dates are final, as they are made with reference to other dates in other states. Other dates for other men of national prominence will be made soon.
Gore is to be jumped from Maine to the Pacific coast and back to Oklahoma between the middle of September and October 1.
Committeeman Miller of Oregon will remain here until the final plans are laid. He hopes to add to the speaking strength materially and get several important addresses for Oregon.
The proposal has been considered to ask the coast state chairmen to be at the meeting at Portland, September 23, when the national committee of the three coast states will assemble to form campaign plans. This proposal is based on the desire to keep the national and state organizations close together to prevent waste of efforts. The same idea has been utilized in many places by both Republicans and Democrats and the results have been good. Hitchcock assembled national committeemen and state chairmen at Colorado Springs and thought he accomplished good for his candidates thereby.
Plans are not complete for Kern. It had been hoped he would cover the coast, but this is not yet decided.

DRIVER KILLED WHEN HORSE RUNS AWAY

(Special Dispatch to The Journal.)
Roseburg, Or., Sept. 10.—A runaway horse near Perdue, a small country post-office on the South Umpqua, about 20 miles south of here, killed John Scott, and seriously injured a smaller boy who was riding in a cart with Scott. When the horse became unmanageable it began kicking. Scott was first struck on the body and then on the side of the head, his skull being crushed and death was instant.
Scott's parents had just arrived from eastern Oregon about a week ago and he was visiting with them when the fatality occurred. He was about 21 years old. The other boy was unconscious for nearly an hour. He will recover, however, as his injuries are slight.

THIRD DIVIDEND FOR BANK DEPOSITORS

(Special Dispatch to The Journal.)
New York, Sept. 10.—Receiver Charles A. Hanns today paid the third dividend to depositors of the failed National Bank of North America. This dividend makes 70 per cent paid in all since the bank closed its doors on January 29, last. The receiver expects to pay the final 25 per cent dividend before the end of the year, and, according to national bank regulations, if the assets are sufficient, of which there seems no doubt, the depositors will then receive interest at the rate of 6 per cent on their money for the time it was tied up.

KLAMATH HOST TO PORTLANDERS

Excursionists Are Given Dinner and Reception by C. of C. Members.

(Special Dispatch to The Journal.)
Klamath Falls, Or., Sept. 10.—Seventy-four passengers arrived at Klamath Falls Monday, 30 of the number being the excursion party from Portland. The stage company was prepared to take care of the excursionists, but with such a large number of regular passengers could not carry them all to Teeters. As a result, several walked from Clatsop, the end of rail, to Teeters' landing. The walk was accepted in a good-natured way. A bountiful dinner was waiting at the landing, also a reception committee from the chamber of commerce of this city.
No efforts are being spared to show the excursionists a good time.

CHOICE LAND WILL BE PUT ON MARKET

(Special Dispatch to The Journal.)
Klamath Falls, Or., Sept. 10.—The Klamath Water Users' association has made arrangements to help sell the 40,000 acres of excess holdings that come under the Klamath project.
Land owners are asked to make a list of the lands they have for sale, giving full description and price, and these lists will be printed and distributed among the farmers of the middle west.

STRONG FLOW OF GAS STRUCK NEAR ONTARIO

(Special Dispatch to The Journal.)
Ontario, Or., Sept. 10.—While sinking a deep well at the Valley View school house, four miles south of this city, a strong flow of natural gas was encountered, which forced the water to within 10 inches of the top of the ground. It is probable that a company will be organized to thoroughly prospect the land.

S.S.S. CONTAINS NO MERCURY

Medicines containing Mercury are often given to persons suffering with Contagious Blood Poison, and so powerful is the action of this drug that it frequently removes the symptoms in a short while, and shuts the disease up in the system to do greater damage to the delicate internal members. When, however, the treatment is left off, the disease always returns, and the patient finds that his health has been injured by this powerful mineral, and he is often left with weak stomach, disturbed digestion, mercurial rheumatism, etc. The action of S. S. S. is entirely different. It contains no Mercury, nor any other harmful drug, but is made entirely of healing, cleansing roots and herbs. It cures Contagious Blood Poison by removing the virus from the blood. It searches out every particle of the poison and does not leave the least trace for future outbreaks. S. S. S., in addition to curing the disease, builds up and strengthens every part of the body. Its fine tonic effects tone up the stomach and digestion, improve the appetite and regulate the entire system. Home treatment book containing valuable information about the different stages of the disease and any medical advice desired sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

LEBANON IS SURE OF OIL OR COAL

Citizens Will Incorporate Company and Employ Prospector.

(Special Dispatch to The Journal.)
Lebanon, Or., Sept. 10.—In response to the call sent out by Mr. Vehr, a large number of the subscribers to the stock that is to be sold in order to prospect for oil near this city met in the city hall yesterday. Mr. Myers of Lecomb was elected chairman of the meeting. It was decided to form a corporation and incorporate with \$5,000 capital stock, to be sold at \$10 per share. A committee of five was elected to get up articles of incorporation: Samuel M. Garland, C. H. Vehr, Carl Middlestadt, J. L. Griggs and C. H. Pyle. The articles of incorporation will be ready in about two weeks. Another meeting will then be called and a board of directors elected. The incorporation will be known as the Lebanon Oil & Mining company.
None of the money subscribed will be used for machinery, but a competent man will be employed to prospect for oil and coal. As H. C. Pyle expressed it, all of the money should be used in making a hole in the ground. It is generally believed that oil or mineral in large quantities are to be found near Lebanon.

JOURNALIST; MAY BE A NEWSPAPER MAN

(Special Dispatch to The Journal.)
New York, Sept. 10.—Ogden Mills Reid, son of Whitelaw Reid, ambassador to England, today began his second day as a reporter on the New York Tribune, his father's paper.
Youn Reid is 27 years of age, and is a graduate of Yale. He will make a specialty of political writing, and was assigned to that detail today.
The fact that young Reid is at work on the Tribune has set at rest the rumors that the paper is to be sold. It is thought that Ogden Reid is fitting himself to assume the management of the paper.

FIRES STILL RAGE IN KLAMATH COUNTRY

(Special Dispatch to The Journal.)
Klamath Falls, Or., Sept. 10.—The forest fires in this section are still raging. Thirty men left the city Tuesday to fight the fire in the reserve back of the summer resort at Odessa. J. P. Kimball, the cruiser of the Weyerhaeuser company, has a large force of men fighting fires in those holdings.

Good Fishing at Newport.
Advice has just been received that silver-side and chinook salmon are being caught on trolis in Yaquina bay.

S. S. GORDON NAMED AS COMMISSONER

(Special Dispatch to The Journal.)
Astoria, Or., Sept. 10.—At a meeting of the city council last evening, S. S. Gordon, cashier of the First National bank, was elected police commissioner vice T. F. Laurin, resigned. The appointment of a new chief of police will be made soon.

First Annual Pacific National Livestock show and races, Sept. 21, 22, 23, 24, 25, 26, at the Portland Country club grounds.
