

FORAKER AT TAFT'S QUARTERS

Visit That Is Watched by All Leaders With Breathless Interest in View of Recent Reconciliation That Did Not Reconcile.

(United Press Leased Wire.) Cincinnati, Ohio, Sept. 10.—Great interest was taken here today in the announcement that Senator Foraker will visit the Taft headquarters this afternoon.

Following so closely upon the heels of the Toledo incident, the visit of Foraker to Taft is believed to be of the most importance in the political situation in this state. No details of the arrangements for the meeting were given out.

NO POLITICS IN CIVIL SERVICE

(United Press Leased Wire.) Washington, Sept. 10.—A solemn warning has been issued by the civil service commission to the army and government employees in this city and elsewhere against sidestepping their work for Uncle Sam in order to indulge in the game of politics.

It seems that in past campaigns it has been the practice of many government officials and clerks to resign so that they may run for office in their home communities, or otherwise become actively engaged in political work, to be reinstated after election day, if the old job still appeals to them. This year there will be no reinstatement, says the commission. The order is as follows:

GORE SPEAKS HERE AT BRYAN RALLY

Senator Thomas J. Gore, of Oklahoma, will be in Portland September 25, when he will be the principal speaker at a Bryan rally to be held under the auspices of the state central committee. Word was received by wire this afternoon from the national headquarters that Senator Gore had been assigned to deliver an address in Portland on that date. The local committee will at once begin to prepare for the meeting which will be one of the chief meetings of the Bryan campaign.

Epilepsy, Fits

Convulsions, or Spasms and St. Vitus' Dance are Nervous Diseases. Most cases can be cured by strengthening and building up the nervous system. To do this a nerve medicine is needed. Dr. Miles' Nerveine will be found efficacious and satisfactory. It has cured many cases of these diseases and we believe it will cure you. We can give you names of many who have been cured through its use. Write for advice.

My son John had epilepsy for years, and after having been treated by specialists for over 1 year he still continued to have fits. I had almost given up hope. I had a friend who told me of Dr. Miles' Nerveine. I bought a bottle and gave him a teaspoonful three times a day. In July I gave it as directed, and he has not had a fit since. August 1, 1908, and has taken no medicine since Jan. 27. I am writing you the case as it is because it will induce others to try it.

HELP OURS TO BROTHERS

Court Decides Mrs. Failing Must Support Cornelius Barrett Living in Cellar—Man Pauper, Sister Worth Half Million.

Cornelius W. Barrett, who at the age of 60 years, is living in a cellar under the store of David Kafka, at the corner of Front and Jefferson streets, this morning told Judge Webster and the county commissioners a story of neglect and denial at the hands of Mrs. Karifa J. Failing, whom he claims as a sister, and whom he has for years been trying to compel to assist in supporting him.

Although Mrs. Failing was represented by attorneys, she had no testimony to present to disprove Barrett's statements, while the old man's declaration that Mrs. Failing is his sister was supported by three witnesses, who have known the family for a long period of years. The court reserved its decision until tomorrow morning, when it is expected that an order will be made requiring Mrs. Failing to pay some sum monthly for her brother's keep.

Mrs. Failing is said to be worth half a million dollars. She owns the Sweetland building property at Fifth and Washington streets and has a monthly income of \$1,500 per month. Barrett has repeatedly called on her for help in the last few years, but she denied that she was his sister and would not give him anything. Two or three times he has started proceedings under the Oregon law to compel her to contribute to his support, but until today the matter never came to hearing.

Barrett testified that he is 60 years of age and was born in Yonkers, N. Y. He said that his sister is 50 years of age and was born in London. They grew up together, he said, but after his father's death she denied that he was her brother. He said she would not let him enter the house during her father's last illness, but she was admitted to the county poorhouse, but he wanted to live in town and came to Portland to live in the Kafka cellar. Barrett said that he would be able to live on \$10 per month, if the court will compel his sister to give up that amount to him.

CUMMIS FOR ADJOURNMENT

(United Press Leased Wire.) Des Moines, Sept. 10.—At a conference of the progressives this afternoon Cummins advised his followers to vote for breaking the deadlock and adjournment to November 19. This would mean that the senator at the primaries to be held coincident with the election will serve out the remaining term of the late Senator Nelson and his own term also.

Declaring in his answer to her complaint for divorce that his wife, Elizabeth, had been guilty of adultery, the husband sought to prevent her from holding the sack. The court granted the husband's request, and the wife was ordered to leave the house. The husband's lawyer argued that the wife's adultery was a bar to her holding the sack, and the court agreed with him.

SHOWS STAR AND HAS TO PAY FINE

James J. Cahill made a bad mistake last evening. He went into a saloon, there he was a policeman, and in proof thereof showed his badge and a drink without money and without price. Patrolman Hyde did not recognize him as a fellow officer, and he was fined \$10. The star was that of a deputy sheriff. "I got into a guy in the north end," said Cahill.

Choose Delegates Tonight.

The South Portland Republican club will hold a meeting tonight at which delegates will be chosen to represent the club at the state convention of Taft clubs called for September 15. It is also intended to choose delegates to a meeting to be held in the near future for which Senator Fulton will be invited to make the principal address. Senator Bourne will also be invited to occupy a place on the platform during this meeting.

Baker Will Plead Guilty.

Robert Baker, charged with a statutory misdemeanor, will plead guilty in the circuit court this afternoon. He was originally charged with felony, but a demurrer was sustained on the ground that the laws of Oregon do not make a crime for a man to have a woman of ill-repute, if nothing else is charged. Belle Davis was originally indicted with him.

Leg Hurt in Fall.

P. Fritztzinger, East Eighth and Alberta streets, stepped off a car on Grand avenue last evening while it was in motion. His leg was severely injured by the fall to the pavement which resulted. He was removed to the Good Samaritan hospital in a Red Cross ambulance.

PRISONER'S FEED GIVES UP BILL INCREASES TAX SUIT

New Law Cuts Considerable Figure in Piling Up Account.

During the month of August it cost \$655.75 to feed the county prisoners confined in the county jail. There were 5,146 meals furnished, which, under the law adopted by referendum vote last June, the county must pay for at 12 cents per meal.

The sheriff's meal bill for August is about \$14 larger than for July, is more than twice the bill for June, and nearly twice the figures for May. In May and during all of June, except the last three days, the old law was in operation, when the prisoners' fare cost the county 1 cent less per meal and when the county paid for only two meals for men waiting trial, whereas under the new law an extra meal is provided for men who have lower courts to be tried.

All of the increase in cost in the last two months, of course, cannot be charged to the operation of the new law, although that has played a considerable part. During July and August the number of men awaiting trial has been augmented by the vacation of court, it being impossible to hold or bring to trial any person charged with crime during that time. Besides all these there are in the county jail 15 men who would be piling rock at Kelly's Butte were it not for the deadlock between the county court and the sheriff over the new law. These are men who have been sent to jail from lower courts. These men would also have to be fed at the county jail, but there the county court feeds for a average of 8 or 9 cents per meal.

GRAND JURY HARD AT WORK ALL DAY

The grand jury was again hard at work today, grinding for the most part on routine cases that are awaiting action during the trial. The first batch of indictments will be returned not later than tomorrow evening. Among the witnesses examined this morning were E. H. Hawley of the city detective force, ex-Coroner Finley and Sig Stohel, one of the cases to be investigated today, it is understood, is that of Tony Petrasso, who is in jail charged with the murder of one of his countrymen during a row on the Patton road. Petrasso will justify the killing on the ground of self-defense.

CHIEF RECOMMENDS CHARTER CHANGES

In a letter to the charter revision committee Chief Gritzmacher recommended that the committee alter the present charter so as to provide one policeman for every 1,000 inhabitants. He also recommended that two or more additional clerks be allowed for the police department to handle the warrants and papers that are taken out at night when the municipal court is closed. Another recommendation made by the chief of police was to effect the payment of policemen who are serving probationary terms be paid less salary than regular policemen.
