QUEEN TO FLEE HER OWN LAND

Widow of Assassinated Carlos in Terror Seeks Domicile in Italy.

(United Press Leased Wire.)

Rome, Sept. 11.—Half crazed by worry over the constant threats of a revolt at Lisbon and of attempts on the lives of members of the royal family, the dowager queen, Maria Pia of Portugal, is today preparing to leave her country for Italy, there to make her home. It is understood she has done everything in her power to induce the young King Manuel to abdicate and accompany her, but he declares his duty is to remain, at whatever peril to himself, among his own people.

Even King Victor Emanuel, who pressingly invited the queen to make her home in this country, has written to her that he believes the Portuguese monarch would do wrong to allow himself to be terrified into surrendering the crown.

The queen's decision and the fact that the king of Italy urged it upon her, are considered here highly significant of the alarming situation in Portugal.

Queen Maria Pia has never recovered from the shock of King Carlos' and Crown Prince Luiz's assassination, and August 29, when the Lisbon press predicted there would be a general uprising, she was completely prostrated by terror for herself and members of her family.

Her physicians are said to have assured King Manuel and to have written to King Victor that she can not survive without a change of scene.

SUPPOSED PAUPER HAS $15,000 IN BANK

When letters were applied for on the estate of Louis Brigham Burrell yesterday it was not known that he had left more than $1,000 worth of property. He lived frugally, and that the economy of the old pioneer had been profitable was proved this morning when over $15,000 in cash was discovered to his credit in a local bank.

Letters on the estate were issued yesterday to Lewis Burrell Merton, a grandson of the deceased, and Josephine Gertrude Merton. The heirs are Homer A. Burrell of Washington, Iowa, and Dwight R. Burrell of Canandaigua, N. Y., brothers, and Julia B. Merton of Oberlin, Ohio, a sister.

FOUR GENERATIONS ALL UNDER ONE ROOF

It is very seldom that four generations are gathered together under one roof at one time, all in perfect health, but this is the condition of affairs out at 407 Twenty-fourth street at the home of Mrs. H. Minns. About eight months ago Thomas H. Thomas, an old

Members of the Thomas Family.

resident of Beaver Creek, came to live with his daughter, Mrs. Minns. He is 83 years of age. Now visiting at the house is Mrs. W. T. Simons, a daughter of Mrs. Minns, who has with her a bright little baby daughter. Thus gathered under the one roof is great grandfather, grandmother, mother and child.

HELEN MALONEY SOON TO BE FREE

New York, Sept. 11.—Final papers were filed today before Supreme Court Justice Gerard in the suit of Helen Maloney, daughter of the multi-millionaire Standard Oil man of this city. An interlocutory decree was issued several months ago and it was announced today by counsel for Osborne that there would be no opposition to the present action.

Miss Maloney will soon be free to marry Samuel Clarkson, the young Englishman with whom she eloped to London last winter from her parents' home in New Jersey.

The matrimonial career of the young heiress has been the subject of much newspaper notoriety. The sensation came when, after the girl's elopement with Clarkson, young Osborne, who is a broker here, announced that she was his wife. He then made public for the first time the story of their marriage while on an automobile trip to Connecticut. He admitted that the wedding had been carried out on the spur of the moment and that they parted soon afterward. He said, however, that he often met his wife in New York and that they had planned to make their marriage public soon.

Now it is expected that Miss Maloney will be married to Clarkson in London. They endeavored to have a ceremony performed there at the time of their elopement but could not. The girl is understood to be with her mother at present.

Buys Fish at Waldport.

(Special Dispatch to The Journal.)

Waldport, Sept. 11.—The gasoline launch Rose was in port today in the interest of F. C. Barnes, a Portland fish buyer. Mr. Barnes will use the fish in his cannery at Yaquina and if the proper agreement can be made with the fishermen on the Alsea bay, the Rose will operate daily between Alsea and Yaquina and deliver fish to the Barnes cannery.

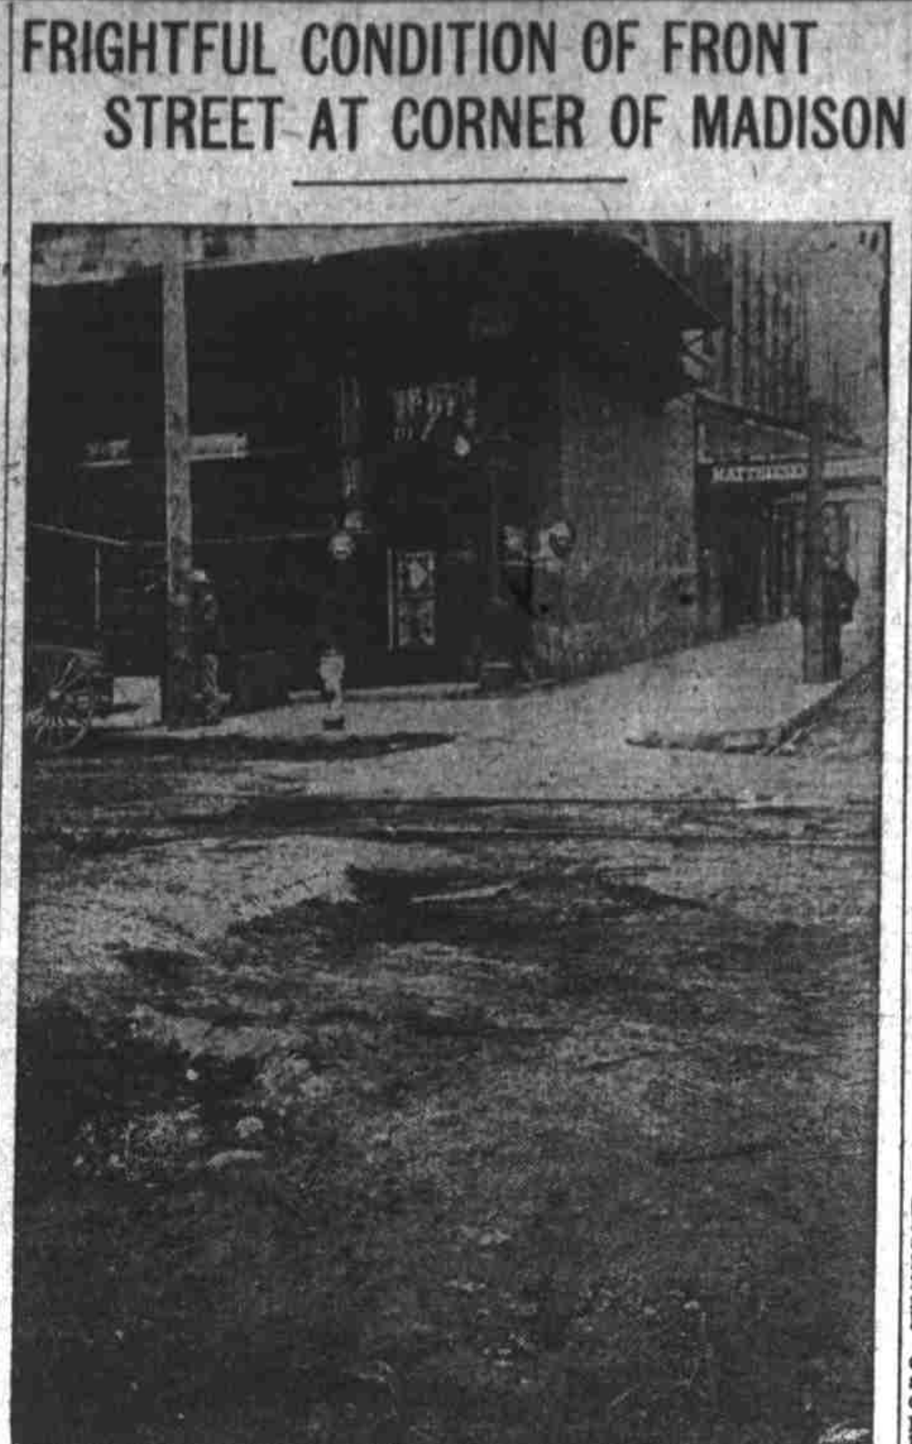
FRIGHTFUL CONDITION OF FRONT STREET AT CORNER OF MADISON



Corner of Front and Madison Street, Looking West.

The pavement, or what passes as such, at Front and Madison streets is in such a condition that every man whose teams cross the Madison-street bridge regularly is joining in a storm of protest.

So deep are the ruts and ridges at this corner that every wagon passing along either Madison or Front streets is endangered, it is said. The stone block pavement on Front street does not cover the intersection with Madison, and consequently there is a rise of several inches from the dirt to the stone blocks.

W. W. Terry of the Polson Implement company declares the condition of this intersection is a positive menace to every wagon crossing it. The fact that the Oregon Electric company's depot is but one block away has largely increased the traffic over this crossing.

H. W. Pittock and F. W. Leadbetter, owning a majority of the property, have successfully defeated several attempts to have Madison street from Front to the west end of the bridge improved with a good pavement. For the past two years other property-owners have tried in vain to get some relief from the almost impossible condition of this street every winter, but Messrs. Pittock and Leadbetter have declined to spend any money for this purpose.

HOT CAMPAIGN IN COLORADO

Both Parties Confident and Local Issues Exciting—G. O. P. Convention.

(United Press Leased Wire.)

Denver, Sept. 11.—Politicians are gathering in this city today for the Republican state convention, which meets tomorrow. The Democratic convention having done its work, the political campaign is on in earnest. The leaders today predict that one of the hottest fights in the country will be in Colorado.

Confidence to a marked degree is displayed by both parties. Republican politicians express the firm conviction that Taft will carry the state, but it is admitted that Bryan may have the last word. In his first campaign the Nebraskan received the overwhelming plurality of 134,822. In 1900, the Democratic party was victorious by the plurality of 29,661. In 1904, Roosevelt carried the state by 34,582. Without doubt the personal popularity of the president was largely responsible for the large vote he received. Both Taft and Bryan have a large following but neither will arouse such enthusiasm as Roosevelt did.

Many bitter criticisms have been directed at Rev. Henry Buchtel since he became the Republican governor of the state and personalities will figure in the present political campaign.

BOW-WOW MAN SEEKS UNTAGGED CANINES

Unless your dog is licensed by Monday he will be gobbled up by the dog catcher, who will start out bright and early Monday morning looking for dogs without the shining brass tag that denotes his immunity from the meshes of the dog catcher's net.

So far only 492 male licenses have been taken out and 43 female licenses. Last year a total of 1,877 male and 178 female licenses were paid for at the city hall. Unless there has been a large killing of dogs in the past month there will be a lot of work for the dog catcher.

IMPROVING ROADS IN WASHINGTON

(Special Dispatch to The Journal.)

Hillsboro, Or., Sept. 11.—The gasoline road roller and the rock crusher used on the county roads near Forest Grove and Dilley have been removed to Cedar Mill, in the eastern part of the county. The county court plans to have a mile of road in that vicinity improved before winter sets in. While the work is expensive, owing to the cost of hauling the rock in wagons for a long distance, it is considered a profitable investment in the way of permanent improvement to the muddy roads.

COURT ORDERS SISTER TO SUPPORT BROTHER

As forecasted by the testimony yesterday, the county court this morning made an order directing Mrs. Xarifa J. Failing to pay for the support of her indigent brother, Cornelius W. Barrett, who is living in a cellar on Front street. The amount was not fixed, the court having no power in that respect under the proceeding taken.

WORK RUSHED ON TILLAMOOK LINE

All Available Labor Is Being Hired Since Visit of S. P. Officials.

Hillsboro, Or., Sept. 11.—The P. R. & N. railroad is taking on renewed activity since the visit of some of the Southern Pacific officials. A. J. McCabe, who has a contract for construction from near Buxton to the Salmonberry, has lately subcontracted about 14 miles of the distance and men and teams are being employed as fast as they can be obtained. It is reported that at least 150 men have gone over the mountains to work on the other end of the line. The road will probably be finished as soon as men and teams can do it. It is no longer denied that it is a Southern Pacific enterprise.

AUTOISTS PLAN FOR CONVENTION

Monster Parade Will Be Feature of Pendleton Good Roads' Meeting.

(Special Dispatch to The Journal.)

Pendleton, Or., Sept. 11.—If plans of Pendleton and Umatilla county autoists are carried out as expected, a parade with over 50 automobiles in line will be a feature of the good roads convention to be held in this city October 20.

The owners of automobiles all over the county are enthusiastic for better roads and have planned a demonstration in favor of the movement by organizing a parade. They will also provide the $200 expenses of the good roads convention here and hope to have a good attendance.

Several miles of dusty roads will be "strawed" if there is no rain to lay the dust just before the convention, and an automobile excursion of several miles in the city and surrounding country will be among the features.

NEW SUB-TREASURY BUILDING AT FRISCO

(United Press Leased Wire.)

San Francisco, Sept. 11.—James K. Taylor, supervising architect for the United States treasury department, is to engage in inspecting various sites in this city with a view to securing a location for a new sub-treasury building to replace that destroyed by the fire. Twenty-seven sites have been offered, of which five have already been examined. It is expected that a selection will be made at an early date and that the work of constructing the new depository for government funds will begin in a short time. An appropriation of $250,000 is available for purchasing the site and $500,000 has been allowed for the building.

THE FIRST LETTER

A Woman Writes.

THE FIRST LETTER that a sick woman should write or have some one write for her is to Dr. Pierce, of Buffalo, N. Y., asking him if "FAVORITE PRESCRIPTION" is suitable for her case, and he will frankly tell her so if he thinks it is. He may have to ask some questions before he can be sure just what the trouble is.

If you are suffering from uterine disease, the symptoms of which are headache, backache, sideache, pain in various parts of the body, especially in the pelvic region, bearing-down, inflammation, ulceration, then Dr. Pierce will advise you to use his "FAVORITE PRESCRIPTION" for he has had a wonderful experience in the use of this remedy. It is NOT A PATENT MEDICINE but it is a VERITABLE PRESCRIPTION that became his "favorite" when he was engaged in private practice forty years ago and found that it cured more than ninety-eight out of every hundred of all such cases that came under his care.

The doctor found scores and hundreds of women who were being improperly treated because their troubles were not understood, and he determined to place this remedy that he had used so successfully within reach of the multitudes who were in such sore need of it.

He made it efficient, agreeable to taste, and, best of all, safe for any woman, old or young, to use. It is NEITHER A STIMULANT NOR A NARCOTIC, just a vegetable tonic, and invigorating nervine, composed of native roots of remarkable medicinal virtue in the treatment of this class of diseases, and its RECORD OF MORE THAN HALF A MILLION OF CURES entitles it to full confidence.

The one medicine for the cure of woman's peculiar weaknesses and ailments, the ingredients of which are printed and placed upon every bottle leaving the great Laboratory in Buffalo, N. Y., where it is made, is called Dr. Pierce's Favorite Prescription.

It Stands Alone not only in respect to its ingredients being known, but also as the only specific advertised remedy for woman's diseases which absolutely CONTAINS NO ALCOHOL.

It Stands Alone as the one medicine for women, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "FAVORITE PRESCRIPTION" is made of such ingredients and after a working formula that has thousands of cures to its credit, placing its merits above criticism.

"I suffered with ovarian trouble for many months until I became quite discouraged, as there was scarcely a day when I was not in pain and my health was simply a wreck," writes Miss Olive Hessler, of Syracuse, N. Y. "I read one of your advertisements and decided that I would try Dr. Pierce's Favorite Prescription, as it seemed to have helped so many who were suffering as I did. I found relief after using two bottles, and a cure in three months—from what I considered was incurable. I am very grateful, and so pleased with my recovery. Life looks different to me now, and I shall always give the credit where it belongs—to Dr. Pierce's Favorite Prescription."

Send 31 one-cent stamps to cover cost of mailing and get a copy of the "Common Sense Medical Adviser," over 1000 pages. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets. These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

TO-NIGHT Cascarets THEY WORK WHILE YOU SLEEP All Druggists

BIG G. CURES in 1 to 5 days. Guaranteed not to stricture. Prevents Contagion. THE EVANS CHEMICAL CO. CINCINNATI, O. U. S. A.

MEN AND WOMEN. Use Big G for unnatural discharges, inflammations, irritations or ulcerations of mucous membranes. Painless, and not astringent or poisonous. Sold by Druggists, or sent in plain wrapper, by express, prepaid, for $1.00, or 3 bottles $2.75. Circular sent on request.

MEN'S WEAKNESS MASTERED

MY FEE IS ONLY $10 IN ANY UNCOMPLICATED CASE

I cure all diseases of men by methods of my own devising. These methods are a radical departure from the ordinary medical practice, which attempts to cure every ill of mankind by stomach drugging and thus kills more people than are cured. In my practice, I do not drug the stomach at all, but I apply healing medicines of my own directly to the diseased region, and thus effect a complete and permanent cure in a very short time. My treatment never fails, as my unbroken record, covering a period of over 20 years, fully proves. Don't be practiced and experimented upon by physicians, druggists, electric belts and incompetent specialists. My large practice and quick, thorough methods enable me to cure Men's Diseases in half the time and about one-fourth the usual fees asked.

DR. TAYLOR, The Leading Specialist

My guarantee is:

NOT A DOLLAR NEED BE PAID UNTIL CURED

NO STIMULANTS FOR "WEAKNESS"

My success in permanently curing that condition commonly known as "weakness" fully demonstrates the absolute correctness of my method of treatment, which is a method employed by myself alone. I do not stimulate the functions to temporary activity by the use of strong internal medicines. This is the course commonly pursued by both general practitioners and specialists, and is a treatment that cannot possibly result in a permanent cure. "Weakness" is merely a symptom of chronic inflammation in the prostate gland brought on by excesses, early dissipation or by the improper treatment of some contracted disease. A complete and radical cure is therefore a question of restoring the prostate gland to its normal state, and this I accomplish promptly and completely without the use of internal remedies. My treatment is a local one entirely. It is original and scientific, and has been proved absolutely effective by thousands of tests. I am convinced that by no other method can full and permanent restoration of strength and vigor be accomplished.

CONTRACTED DISORDERS

The serious results that may follow neglect of contracted diseases could scarcely be exaggerated. Safety demands an absolutely thorough cure in the least possible time. I have treated more cases of contracted disorders than any other physician upon the Pacific coast. My cures are thorough and are accomplished in less time than other forms of treatment require in producing even doubtful results. I employ remedies of my own devising and my treatment is equally effective in both recent and chronic cases.

VARICOCELE

There is no necessity for surgical operations in the treatment of Varicocele. This disease yields completely to my mild and painless method, and results are far better than were ever attained by the harsh and dangerous practice of cutting. But one week is required, and seldom is it even necessary to detain the patient from his business.

CONSULTATION AND DIAGNOSIS FREE

I do not charge for advice, examination or diagnosis. If you call for a private talk with me, you will not be urged to begin treatment. If impossible to call, write.

Office Hours—9 a. m. to 9 p. m. Sundays, 10 to 1 only.

WEATHER REPORT

The entire interior portion of the United States is covered by an immense high pressure area, with the highest barometer over West Virginia. The barometer continues relatively low over southern Arizona and southern California. The disturbance yesterday over Saskatchewan has remained nearly stationary, and nearly disappeared. Heavy rains continue along the shore line in the gulf state, and the phenomenal amount of 6.68 inches has fallen at Jacksonville, Fla. Yesterday the 24-hour fall at Jacksonville was 5.18 inches, which, added to the amount reported today, makes a total of 11.86 inches in 48 hours. It is warmer in Oregon and southern Idaho, while elsewhere the changes in temperature have been unimportant.

The conditions threatening rain in this district yesterday have disappeared, and the indications now are for fair weather during the next 36 hours, except in southern Idaho, where showers are probable.
