

PSYCHIC FORCES VERSUS COURTS

How Far Can a Psychologist Go in Collecting Debts?

(United Press Leased Wire.)
San Francisco, Sept. 15.—What is the value, in dollars and cents, of the benefit derived by an invalid from a psychic force applied by a person of a stronger mind? Is it worth \$1,000? These are questions that a jury in Judge Graham's court will be called upon to decide either today or tomorrow, in one of the strangest cases that has ever come up for decision in the local courts.

TOO MANY MERRY WIDS; NO BALDIES

Seattle, Wash., Sept. 16.—Communicants at the fashionable Episcopal church of St. Marks are wondering today whether Rev. J. P. D. Lwyd intimated that he is tired of the women of his congregation who wear Merry Widow hats. It all came out last night at a men's meeting at the church. During the evening Rev. Lwyd said:

AT THE THEATRES

Kob and Dill's Sale Friday.
Kob and Dill, by far two of the funniest comedians on the American stage, together with an excellent supporting company, will be the opening attraction at the Hellig theatre, Fourteenth and Washington streets, next Sunday night, September 21st, in the new musical comedy, "Lonesome Town." The engagement is for one week, with usual matinees.

"The Devil" at Lyric.
The most important offering ever made by the Blunkall company at the Lyric is that which is being seen at the popular Alder street theatre this week. "The Devil" is positively the most fascinating drama of modern times.

"The Devil" at the Bungalow.
Everybody is going to see "The Devil," as presented by the Baker Stock company at the new and elegant Bungalow theatre, Twelfth and Morrison streets, this week. The piece, as played by this organization of players, is an instantaneous hit, and will be a matinee at the Bungalow Saturday.

Great Musical Act.
The new bill at Pantheatre theatre is making a big hit and drawing capacity houses. The Four Musical Hodges are presenting a well-staged, dainty musical act in "Maudie Rockwell." The management is presenting a prima donna with a real voice, elegant wardrobe and fascinating appearance.

"Chic" Perkins at the Star.
"The Little Prospector" is one of those plays to which a young fellow can take his best girl, his sister or his mother and have no fear but that they will enjoy it throughout. There is a naturalness pervading the whole performance that makes one forget they are at a play.

Grand's Famous Singers.
There are three famous singers on the vaudeville program at the Grand this week. These are Frederick V. Bowers, the noted American tenor, in "College Days"; J. K. Emmet, son of the famous Irishman, in "The Dancers"; and Tom Moore, the champion "coon shouter." Each of these has a hit.

Funny Fun at the Oaks.
The Allen-Curtis Comedy company will close its summer engagement in the big free airshows at the Oaks this week. For the last bill it is presenting "Jockey, Key and one of the funniest music comedies ever placed before a Portland audience. Along with the comedy are such prize songs and enjoyable specialties. The piece is worth it.

FLAMES DESTROY DOUGLAS DRYER

(United Press Leased Wire.)
Roseburg, Or., Sept. 16.—The largest fruit dryer in the county, belonging to W. C. Winston, located on his place near at Winston, burned yesterday morning, with all its contents, which were valued at \$10,000. It being just at the time when prunes were being dried, the loss will aggregate nearly twice that amount, as it will cause the loss of several thousand pounds of prunes, pending the erection of a new dryer. Mr. Winston will rebuild at once.

Killed by Streetcar.

(United Press Leased Wire.)
Seattle, Wash., Sept. 16.—John J. Halter was struck by a streetcar on the Maynard avenue trestle last night and died at the hospital this morning. Halter was hurled from the trestle to the rocks 40 feet below, but when picked up was perfectly conscious and spoke the names of his family.

Shortly after reaching the hospital he lapsed into unconsciousness and remained in that condition until the time of his death.

An Italian man has obtained a patent upon a sewing-machine foot which is such a success that it may be folded under it when not in use.

Common Sense And A Tablet

Do Away With Dyspepsia, Stomach Trouble and Make Meals a Pleasure.

When your stomach goes on a strike and mass meetings of indignation are held all over your body, then it is that you should sit up and take notice. It is clearly and only a question of common sense—is this thing called Dyspepsia. Take away by abuse, over eating, excesses and high living, the things which the stomach needs and you have dyspepsia and indigestion; then other maladies follow these—this is common sense.

THINK REGIMENT IS OUT OF LUCK

Men of Eighth United States Infantry Object to Isolated Posts.

(United Press Leased Wire.)
San Francisco, Sept. 16.—Declaring that the Eighth infantry of the United States army is "hoodooed," more than half the men are either quitting today or have announced their intention of quitting in November when their terms of enlistment expire.

The regiment is at present stationed on Angel island, the quarantine post here, one of the most isolated stations in the department of California. The regiment has had some of the most serious posts in the army during the past few years and the men are disgusted with the isolation.

For the last eight years it has fallen to the lot of the Eighth regiment to be stationed on lonely islands. They came here from Governor island and went to Guimera island, in the Philippines, one of the most desolate posts known in the world. There they were sent to Leyte island and then to Angel island. The men charge that the officers of the regiment imposed unnecessary rigors on them. They say they were compelled to march with their knapsacks full of rocks on the ground that it would get them accustomed to hard service.

Most of the men are enlisting in other regiments and others have quit the army permanently.

STUDENTS PAINT HIGH SCHOOL WALL

A bunch of over zealous students painted their class number in big red letters on the Morrison street side of West Side high school some time during the middle of the night. The words "June, '08," with the "3" and the "N" both painted backwards, greeted passersby this morning.

The boy who did the painting was lowered from the roof by means of a rope fastened around his body and was held in place by his companions. Just how many boys were in the crowd is not known by the authorities, but an investigation is being made. Should the guilty ones be caught probably a police charge will be placed against them, for as members of a class which left school last June they will be out of the jurisdiction of the school authorities.

A fine Polk county horse was gored to death by a cow.

"P. & G."

Has made 'em as white as winter snows.

Sing a song of soapuds, A kitchen full of steam, Four and twenty hours, at least, Before she'll get 'em clean.

That's the way they used to wash, But now a change we see, Some magic hastens everything, And sets the housewife free.

The mistress, in the pantry, Is eating bread and honey, She knows the magic power, at work,

Is saving time and money, The maid is in the garden,

Hanging out the clothes, For "P. & G." has made 'em As white as winter snows.

P. & G. Naphtha Soap. Try it.

PATTON AVENUE BASS PATROL OF BEVERED FIGHT

Determined efforts on the part of many residents throughout the peninsula to maintain the boulevard system projected for that section will result tomorrow in a lively meeting of the council committee on streets when arguments will be made by property owners to keep streetcars off Patton avenue and maintain the street intact.

The committee meets in special session to hear the pros and cons of the matter which forecasts an interesting effort to preserve Patton avenue as a part of the boulevard system. J. H. Nolta, who is active in his work in saving the street from the railroads, said this morning:

"The street railway company applied for a franchise some time ago on Patton avenue, and a very few of the property-owners on the street signed a petition for the line to be built thereon, but 90 per cent of the people on the peninsula objected to this franchise for the reason that it is a part of the boulevard system.

FACE TO FACE.

A New Problem For Women.

In the looking-glass a woman often sees wrinkles, hollow circles under the eyes, crow's feet—all because she did not turn to the right remedy when worn down with those troubles which are distinctly feminine. Backache, lassitude, nervousness and the pains and drains of womanhood bring such untold suffering that the face is sure to show it.

Every woman, young or old, is well protected from the blues, nervousness, backache, and the many symptoms of disease so prevalent among our women—if they will conscientiously take Doctor Pierce's Favorite Prescription, a safe and sure remedy for the ills of womanhood, because it contains not a particle of alcohol, digitalis or any deleterious drugs.

Weak women are made strong and old women are made well by his splendid prescription which was used by Doctor Pierce in his large private practice in the specialty of women's diseases. Every woman troubled in this way should write him about her case, care of Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Many times women call on their family physicians, suffering as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and

there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he assuming them to be such, prescribes his pills and potions, in reality they are only symptoms caused by some womb disease. The physician ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment, and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause, would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said that "a disease known is half cured." In cases almost innumerable, after all other medicines had failed to help and doctors had said there was no cure possible, the use of Dr. Pierce's Favorite Prescription, supplemented, when necessary, by the medical advice and counsel of Dr. Pierce, has resulted in a perfect and permanent cure.

THE SECRET OUT.
To refute the many false and malicious attacks; bogus formulae and other untruthful statements published concerning Dr. Pierce's Family Medicines, the Doctor has decided to publish all the ingredients entering into them and place the same on the wrapper inclosing each bottle. The exact working formula for making these medicines cost Dr. Pierce and his collaborating Chemists and Pharmacists many years of study and experiments, but as perfected they produce almost perfect pharmaceutical compounds embodying all the active medicinal principles residing in the ingredients employed, and preserving them perfectly for any length of time and in any climate without the use of a drop of alcohol.

These are the Original Little Women's Liver Pills, first put up over 40 years ago, by old Dr. E. V. Pierce. They've been much imitated but never equaled. Smallest, easiest to take and best. They're tiny, sugar-coated, anti-bilious granules, a compound of refined and concentrated vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. Permanently cured, too. By their mild and natural action, these little Pills gently cleanse the system into natural ways again. Their influence lasts.

On to Bay City Tillamook Bay

Harriman Says: "Rush the Tillamook Railroad First"

The following report from Chief Engineer George L. Davis shows how the orders of the Wizard of the Pacific are being obeyed.

Are You in Doubt?

Read what the chief engineer reports of construction work on the P. & N. Railway.

Grading is in progress between Bay City and Tillamook. Steam Shovel No. 1 is at Bay City, grading towards the Miami. A pile-driver is at work on bridge No. 1 at the Tillamook end and decking is following as fast as the cars are driven. Another pile-driver is at work at bridge No. 9 over the Miami. Tunnel No. 1 at Hobsonville (1 1/2 miles from Bay City) is being completed and a great effort is being made to complete the road from Tillamook to Bay City at the earliest possible moment. Teams are hauling powder to the tunnel out from Buxton at this end of the line. A large force of men is engaged clearing and grading the right of way from tunnel No. 1 near Buxton to the 30-mile post. Grading and bridge work between the 20-mile and 30-mile posts is being rushed and the force will be enlarged just as soon as men can be engaged.
