Council Recommends Application of Company for Handling City's Garbage -No Municipal Plant-Cost Prohibtive.

Members of the health and police committee of the city council this morning mmended the application of the San-Portland to the city attorney to draw up an ordinance and plans and specifications on which the city can secure mpetitive bids for the disposal of the

committee's action means that the city will attempt to end the controversy

city will attempt to end the controversy which has been before the council for soveral years by giving the contract to an outsider instead of building a municipal plant. Under the blan recommended to the city atterney the cost of removing and destroying the garbage will fail upon the property owner and not upon the city. However, the city will retain the privilege of regulating the cost of disposing of the refuse in order to protect the interests of the property owner.

According to the figures submitted by Superintendent Daggett this morning the cost of two 75-ton garbage incinerators to the city would be \$290,000. The maintenance for the first year would be \$30,260. Included in the \$290,000 is the cost of 40 wagons teams and harders at \$150,000; two tracts of land at \$50,000, and two barns and three horses and three buggies at \$250,000. Inasmuch as the city owns one site at present the include the salaries of the laborage. The maintenance fund of \$80,260 would include the salaries of the laborage. The maintenance fund of \$80,260 would include the salaries of the laborage. The feeding and shoeing of the lerses, fuel, repairs and other operating xpenses.

If the city operated the crematories

ff the city operated the crematories they would be within the city, whereas if the contract is let to an outsider they will be outside of the city limits. It was this point more than any which decided the committeemen this morning because the problem of securing a site that would be approved by the citizens has been impossible for the councilment to solve.

has been impossible for the councilment to solve.

Another factor almost as important is the cost. The city has not sufficient money at present to erect the crematories and in order to secure the money the council would have to increase next year's tax levy or provide for a bond sale covering the cost.

Councilman Concannon insisted that the franchise which the city attorney will draft be so worded that the city escapes any of the cost of collecting and destroying the garbage. This was concurred in by Councilmen Wills and annand. Many other questions relating to the franchise and contract were referred to the city attorney and the future action of the cimmittee in finally recommending the matter to the council for favorable action will depend upon his opinions.

10,000 OREGON FOWLS FOR SOLDIER BOYS MONTAVIL

Uncle Sam's khaki-clad jungle stalkers in the Philippines will eat 10,000 Oregon turkeys next . contract to supply army on the islands de resistance of the Thanksgiving feast has been awarded to the Union Meat company of Portland, and Max Weiss, the Roseburg merchapt, has been commissioned to scour the country around Oakland and Roseburg to get together the huge order of feather duster birds, for immediate shipment to this city, where they will be killed and placed in cold storage for shipment to the islands.

The turkeys are being secured early in the season because it takes a long time for a ship to reach the islands and Uncle Sam doesn't want his fighting forces to miss their Thanksgiving dinner through any chance

Mr. Weiss will ship the turkeys from Roseburg the 23d of this month. The contract price to be paid for the consignment is to be 18 cents a pound.

the charge of attempting to bribe Venireman J. R. Foley, who was called in the Ruef trial now in progress of trial. Foley was before the grand jury this morning and said that he had been approached with a proposition that he qualify as a Ruef juror and vote for acquittal.

F. H. Gibson, a friend of Foley, testified that he had overheard the proposition and George R. Chalfaunt, a bartender for Phillip de Martini, testified that he had overheard West make the proposal to "influence" Foley. De Martini also is involved in the case.

Major West was before the grand jury yesterday afternoon, but his testimony was declared by the grand jurors to have been unsatisfactory.

Judge Sturtevant fixed West's bail at \$5,000 cash, or \$10,000 bonds, and a warrant was issued for his arrest.

several other well known Democratic
leaders will address the people there
tonight and tell them of the progress of
the campaign in Oregon. It is expected
that there will be a large attendance
and a most enthusiastic meeting.

Democratic headquarters are humming with the work of the campaign.
The organization of Bryan and Kern
clubs is being carried forward enthusiastically, and by the first of the month
there will be hardly a precinct in the
state where there has not been a club
formed. All of these clubs will pull together in the general campaign work.

Arrangements are being completed
for the big Gore rally in Portland Friday, September 25. It is expected to
make this the principal Democratic
meeting of the campaign, unless Mr.
Bryan should change his plans and decide to include Portland among the cities to be visited on his western tour.

DENIES RELATION WITH COFFEE HOUSE

Portland, Or., Sept. 18 .- To the Editor of The Journal-So much is being James A. Finch, a lawyer, this morning swore to a warrant charging William D. Lewis with threatening to commit murder. Lewis reached the district attorney's office first and asked for a warrant for Finch, but though he alleged an assault had been committed he could not say positively that he had been struck by the lawyer.

A short time later Finch arrived, and after telling of Lewis' entrance into his home at Fulton this morning, and his threat to kill him, the warrant was is and and placed in the hands of the police.

MAYBE A \$15,000 CAR PLANT FOR VANCOUVER

Local Business Men Are Asked to Subscribe for Stock - Industry Would Give Work to 300 Men.

(Special Dispatch to The Journal.) Vancouver, Wash., Sept. 18.-That Vancouver will get a car manufacturing plant seems assured. The matter is up to the business men of the city. They to the business men of the city. They are asked to subscribe to \$15,000 worth of stock. A large amount of stock has already been taken, and from present indications it is believed the entire \$15,000 will be bought up.

H. Judson, who is back of the project, says he is willing to do everything in his power to ascure the location of the plant here, and to this end has turned down either offers from near by cities.

The factory will employ to begin with \$100 man, which number will be increased later. Orders are now obtainable sufficient to heap the plant in operation for several months.

J. B. Shandy complained that his wife has too many husbands. He testified that she has been mavried several times, as he has lately learned, and each time she has neglected to secure a divorce. Her last husband, before Shandy, was was Martin Poole. Another was named Robinson. After that the present husband lost count.

Shandy stated that criminal proceedings against his wife are now pending at Oregon Citly. He married her in Tacoma, in April, 1903, and discovered the existence of Mr. Poole in August of the same year, since which time he has not lived with her. Judge Bronaugh unshackled Shandy by annulling the marriage.

A third case before Judge Bronaugh for divorce failed to succeed, the court declaring that the evidence was insufficient to support a decree, but he continued the case for one week to permit the introduction of further testimony. The disappointed woman in the case was Mrs. Pearl Moproe, who declared that Samuel M. Monroe has been cruel to her. She said he called her bad names, gambled, and once beat her because she would not give him her money. The only evidence in corroboration of her story was hearsay, and Judge Bronaugh declared he could not grant a decree.

(Special Disratch to The Journal)

Klamath Falls, Or., Sept. 18.—Klamath Falls, Or., Sept. 18.—Klamath Falls public schools and high school show an enrollment of 375 this year. Professor George A. Wirts, a graduate of the Chicago Conservatory of music, will have charge of the musical department in both schools.

An effort is being made to add manual training to the public schoolhouse. Joseph A. Conger, an old pioneer, who died some months ago, left his fortune to the schools of this city, and it is the desire of the teachers and board to use the fund in providing manual training work.

Acon had been given up as lost.

San Francisco, Sept. 18.—The British steamer Acon sailed from San Francisco for Auck and, July 6, with a number of prominent United States navy officers and the wives of several navy officers who had intended to meet their husbands at Auckland during the reception to the At antic fleet there.

She was under command of Captain Downle and was supposed to have been lost in a storm at sea.

Insurance on the vessel was quoted at 55 per cent today before it became known the vessel had been saved.

The Acon was being searched for by every vessel that sailed the Pacific. The United States government gave orders for the Pacific fleet to look for the missing ship on its trip to the South Sea islands on the summer cruise.
