

First Place in Journal Contest Goes to Dallas Girl

MISS FREDA LAUNER

MISS VERNICE GILKEY

RALPH W. ROBBETT

MISS LENA MELTON

MISS GLADYS ROGERS

Herewith is presented the final score in The Journal's third annual educational contest.

Freda Launer of Dallas succeeds in landing first place which entitles her to first cash award of \$150 and first choice of scholarships. This young lady made an excellent showing and leads in the contest by over 11,000 votes. Ralph Robnett of district No. 1 is second in the race, thereby being entitled to second cash award of \$125 and second choice of scholarships.

Miss Gilkey of Grants Pass leads in district No. 3, thereby landing the cash award of \$100. Gladys Rogers of district No. 4 in an exciting finish leads in her district and is entitled to fourth cash award of \$75. Olive Williams of district No. 5, having the fifth highest score is entitled to the fifth cash award of \$50. Lenna Melton of district No. 2, having sixth highest score is entitled to the sixth award of \$25.

The scholarships are being awarded as fast as possible and each contestant will be advised within a day or so. In every way the contest was more successful than last year, bringing in a large percentage of new business. While there were not as many contestants as last year the work covered a larger field and was more active and interesting in every way. Nearly every contestant kept at work until the end and all did their very best. Under the rules of the contest, scholarships can only be awarded to two-thirds of the contestants in each district. This will necessarily disappoint some of those who are last in each district but in conducting a contest of this kind it is impossible to award scholarships to every one. Out of the 29 contestants finishing, awards will be made to 21.

LETTERS WHICH TOUCHED ON THE "OBJECTIONABLES"

Columbus, Ohio, Sept. 18.—Letters from John A. Archbold, of the Standard Oil company, to Senator Joseph B. Foraker, two of them inclosing drafts for large sums of money and all urging the senator to oppose certain objectionable legislation, were read by W. E. Hearst at a meeting in support of the candidacy of Thomas L. Hagen, independence party candidate for president, last night. The letters were all dated within the week of the Archbold Standard Oil accordance with our understanding I now beg to inclose you a certificate of deposit to your favor for \$15,000. Kindly acknowledge the receipt and oblige. Yours very truly, JOHN D. ARCHBOLD.

"Hon. Joseph B. Foraker, Washington, D. C."  
\$15,000 to Foraker.  
"36 Broadway, New York, March 24, 1908.—My Dear Senator—I have your favor of last night, with inclosure, which letter was read by Mr. Hearst at a meeting on same, I beg to send you herewith. Perhaps it would be better to make a demonstration against the whole bill, but certainly, the clause to which Mr. Elliott refers, should be stricken out, and the same clause of House Bill No. 509, introduced by Mr. Price, in relation to foreign corporations, in which the same objectionable clause is contained."

"I am glad to hear that you think that the situation is fairly well in hand. Very truly yours, JOHN D. ARCHBOLD."  
"Hon. Joseph B. Foraker, Washington, D. C."

"36 Broadway, New York, March 24, 1908.—My Dear Senator—Here is another very objectionable bill. It is so objectionable as to be ridiculous, but it needs to be looked after, and I hope there will be no difficulty in killing it. I am anxious to hear from you as to the situation as a whole. Your very truly, JOHN D. ARCHBOLD."  
"Hon. J. B. Foraker, 1500 Sixteenth street, Washington, D. C."

"You will see, gentlemen, that these letters are not read at random, but they have a natural sequence. Here is the next:

"36 Broadway, New York, April 17, 1908.—My Dear Senator—I inclose you certificate of deposit to your favor of \$14,500. We are greatly at a loss in the matter, but I send this and will be glad to have a frank talk with you when opportunity offers, if you so desire."

"I need scarcely again express our great gratification over the favorable outcome of affairs. Very truly yours, JOHN D. ARCHBOLD."  
The Sibley letter was written to Mr. Archbold and relates how Mr. Sibley told Mr. Roosevelt that he should be glad to have him offend the Standard Oil and that he could not afford to depend merely upon the support of the people. This is the conclusion of the letter:  
"For the first time in my life I told the president some plain, if unpalatable, truths as to the situation politically, and that no man should win or deserve to win in the end depended upon the rabble rather than upon the conservative men of affairs."

"I don't know as he really liked all I said, but he thanked me with apparent heartiness."  
"Anything you may desire here in my power, please advise. Sincerely yours, JOSEPH C. SIBLEY."

PURE FOOD MAN WANTS PURE JUICE IN CIRCUS 'NADE

(United Press Leased Wire.)  
Los Angeles, Cal., Sept. 18.—How many lemons must a jar of the time-honored circus beverage contain to be termed lemonade instead of "artificial lemonade" is a question which is worrying the authorities here and which threatens to disturb the peace of mind of beverage vendors, when a well-known circus arrives here next week.  
Deputy District Attorney McCarty has decided that even circuses must conform with the provisions of the pure food law and will visit the grounds and make an inspection of what is sold as lemonade.  
If the quantity of the beverage on hand is out of proportion to the visible number of lemons and contains acid, it must be labeled as artificial. Only the departure of the dispensers from the time-honored custom which taboos the use of pure lemon juice in the manufacture of the thirst allayer will permit its being sold under its usual name.

International Union Meets.  
New York, Sept. 18.—Delegates from a number of points in the United States and Canada were on hand today for the opening of the annual convention of the International Union of Pocket Knife Blade Grinders and Filemakers. The organization is not large as compared with the membership of many other labor bodies. It has had a prosperous career, extending over a number of years, and the reports to be presented at the convention show its affairs to be in a highly satisfactory condition.

**Try It! That's The Way**  
To find out how good P. & G. Naphtha Soap is.  
Read and follow the directions on the inside of the wrapper. They tell you how to wash clothes in half the time and with half the effort it now takes.  
.....without boiling them.  
.....without rubbing the life out of them on a washboard.  
.....without standing for hours, over a tub of steaming water.  
The naphtha in P. & G. Soap does just exactly what boiling does—it purifies the clothes.  
A good part of the work and almost all the discomfort of wash day is due to the fact that women think it necessary to boil the clothes. It isn't.
