# KINSELLA BEATS MOHLER'S CREW

Portland Slabster Backed Up by Good Teamwork and Heavy Hitting.

Well, we made it four straight yesterday through the excellent pitching and the clever base-running and insistant hammering of the Beavers' heavy slugging. San Francisco used two oltchers in an effort to stop the onslaught, but it availed them nothing but the little end of a 5 to 1 score. Melcheir's home-run in the last canto saved
the visitors from a disgraceful shut-out.

Kinsella was in grand shape and kept
the Seals to four scattered hits. He
laid his shadow-like awkwardness on
the sheif during the afternoon and in
the third inning threw McArdle, Berger
and Mohler out at first on grounders.

After retiring the southern brigade
in short order in the first chapter, the
homeaters got extremely busy in their
half. Casey walked and took second,
when Cooney beat out his own bunt.
Johnson neatly sacrificed both men up
a per and Casey registered when Mohler falled to hold Danzig's swift grounder. Bassey's long fly to left gave
Cooney the opportunity of crossing the
plats. The little Italian was morgued
trying to steal second, a moment later.

Come Easy in Second Half.

Another scorelet was ours in the but the little end of a 5 to 1 score. Mel-

Come Easy in Second Malf.

Another scorelet was ours in the second McCredie singled over into the left garden and took second when Mc-Ardie's error allowed Ryan to negotiate first. Madden's foul feil into Berry's waiting mits, but Kinsella's tramp filled the cushlons. Casey's sacrifice squeezed McCredie home and the beil clanged once. Cooney made the third out on a fly to Melchoir.

Repetition was the slogan of the home talent, and when Johnson tripled into left field he was brought safely home on Danzig's scorching two-bagger into right field.

After this display of run-getting the Beavers laid off till the sixth. Then a crossfire of bunts threw the Mohler camp into consternation. McCredie laid a nice one down and reached first without much ado. Then Buddy Ryan turned the same trick safely. Tom Madden followed in the right niche and his nifty single allowed the big manager the scurry plateward for the fifth and final run for the northerners.

Melchoir Saves Bacon.

San Francisco looked good to go the route of the first two games of the series, had not Melchoir butted into Kinsolia's well laid plans. A string of cyphers had been staring the visitors in the face all afternoon. When the last canto rolled around Kinsey put the crusher on Zeider, whose lawn-mower was handled to first by Cooney. Then Melchoir lifted the ball high and clear over the right field fence, where he stood and watched Ote Johnson's soar two days prior. Cooney got the second assist of the afternoon by whipping Williams' grasser to first, and Beck closed the gift-like verformance by skying to Bassey in left.

The score: Melchoir Saves Bacon.

The demand of the public for a series of running races has been met by the Country club and each afternoon there will be at least one event for the bangtails. It was at first thought that to mix the harness and running races would not be a desirable thing to do, but there are thousands of people in Portland who like to "see the ponies."

Ryan Stays Here.

Manager McCredie of the Portland walla Walla, Wash. Sept. 18.—According to information received at Whiteman college, the associated students of that school, will probably pass a resolution at their meeting next Wednesday morning, asking that the "four-year rule" made last year at the college conference held here, be amended so that some of last year's team, who are now ineligible, may play. Whitman will enforce ragidly the rules of the conference and should the amendment not be favored by the other colleges, the local favored by the other colleges, the local eammater games."

Buddy Ryan, the clever little third baseman and outfielder, will be with Portland again next year. Boston has waived all claim to him, much to the delight of the McCredies. However, Boston didn't overlook a bet in snapping up Danzig, the giant first sacker. With Ryan back next year the fans will know that the team is to be one of stability again. Buddy made a frightful slump for a while in mid-season, but the little chap is hitting the ball like a fiend just now. Yesterday he copped three nice hits in four times up.

The skin is an index to the quality of the blood. Eczema, Acne, Tetter, pimples, rashes, eruptions, etc., show that some unhealthy humor or acid impurity is diseasing and corrupting the circulation, so that instead of supplying nourishment and strength to the fine, delicate tissues of the skin, it is continually pouring out its acrid and unhealthy accumulations. External applications of salves, washes, lotions, etc., may relieve some of the itching and other discomfort caused by skin troubles, and for this reason should be used, but such treatment cannot reach the humor-laden blood, and therefore cannot cure. A thorough cleansing of the blood is the only cure for skin diseases. S. S., a purely vegetable preparation, is the best and quickest remedy. It goes down into the circulation and neutralizes and removes the acids, impurities and humors, thoroughly purifies the circulation and permanently cures skin diseases of every kind. When S. S. morrow, the first game being called at 2 o'clock, and the second 10 minutes after the conclusion of the first. Portland has so far won four straight games from the Seals and the fans are extremely hopeful that the coming three will fall into the same bag.

The umpiring of Flynn and Cheyne has done a great deal to rejuvenate the Beavers, whose playing had become unusually careless under the offialdom of Bull Perine and Jack O'Connell, particusarly the former. Everybody is in the game all the time, and that's what makes a winning team.

Danzig went to sleep during the mid-ale of the game and while he slumbered Buddy Ryan was morgued trying to steal second. Danzig was on third and there were two men dut. Things didn't look bright for the man at the plate and when the signal for a double steal came Babe was dreaming. At least he might have made a flourish to cover Ryan's attempt to steal.

Because negotiations for several features and novelties were not completed until yesterday, the committee could not announce the program until today. Although this will be Portland's first attempt at anything of this kind on such an imposing scale, the attractions offered from next Monday morning until next Saturday night are in every way equal to the program at the state fair this week and in some respects better.
