

STOLYPIN IN ROOSEVELT TO PERSONAL CHARGE

Cholera Situation in Russia So Serious That Government Is Forced to Take Drastic Measures to Stamp It Out.

(United Press Leased Wire.)

St. Petersburg, Sept. 21.—Premier Stolypin has personally assumed charge of the cholera situation here. His first act was the removal of a number of incompetent authorities and the creation of new sanitary districts. The premier had already ordered the sale of liquor restricted and the stricken districts of the city policed with regularity and rigor.

More nurses were stricken today, and the situation is hourly growing worse. All ordinary patients have been turned away from the hospitals to make room for those stricken with cholera. The city authorities today voted \$50,000 rubles (about \$150,000) for the erection of new hospitals to care for the plague stricken populace.

It is generally admitted that there are at least 4,000 cases of cholera in St. Petersburg alone. Many deaths have occurred on the streets, and many of the stricken people have died before they could be rushed to the hospital.

Thousands of people are leaving the city, the roads being particularly heavy among the well to do classes. An official order, presumably emanating from the czar, that all bodies of cholera victims are to be cremated instead of buried was given out today. It is said that the czar is alarmed because of the appearance of the disease among the population surrounding Tsarskoe-Selo, the czar's summer palace.

LOCATES 160 IN THE APPLE EMPIRE'S HEART

(Special Dispatch to The Journal.)

Hood River, Or., Sept. 21.—Notwithstanding the fact that apple land at Hood River is at a premium and that the valley has been scoured by investors who have been looking for something easy, J. P. Cotton, a Condon man, came here recently and succeeded in locating 160 acres of unimproved land estimated to be worth \$50 per acre. While the tract fled on by Mr. Cotton was known of, it was thought to be dead. Investigation by Mr. Cotton, however, disclosed the fact that it was not and he fled on it Saturday. The land is situated but 10 miles from Hood River. Taking no chances, Mr. Cotton will at once commence the erection of a house and other buildings.

CUSTOMS APPRAISERS MEET IN NEW YORK

(United Press Leased Wire.)

New York, Sept. 21.—For the purpose of attaining a uniform classification of merchandise imported under tariff, customs appraisers from all the important ports of the United States, Hawaii and Porto Rico met in conference here today, following a precedent established by Daniel Manning, secretary of the treasury during President Cleveland's second term. James B. Reynolds, assistant secretary of the treasury, who is in charge of the customs division, welcomed the delegates, George Wannamaker, appraiser at this port, presiding. Owing to a ruling of the supreme court to the effect that the Philippine islands are not an integral part of the nation, the far eastern possessions are not represented.

With a push and a pull the summer goods have gone—and the smart fall styles are opening up; and when you examine and try on the suits you can understand why London and Paris now recognize the superiority of American-made clothing. If the best is good enough for you—you are our customer.

RAILROAD WORK NEARS MONROE

Timber Will Soon Begin to Fall in the Triangle Lake Country.

(Special Dispatch to The Journal.)

Monroe, Or., Sept. 21.—The grade of the Corvallis & Alsea railroad is completed as far south as Monroe and the track will soon be laid to that point. The surveyors are now working on the Lake creek spur and are locating an almost new line from the original survey.

Work will be rushed on this part of the road, as the Southern Pacific company is anxious to begin handling the great stand of timber in the Triangle lake country.

While it is the idea here that the road will be extended south to Eugene, it is also believed that no more work in that direction will be prosecuted until the west spur is completed. It is planned to have a big day in the construction of the pure food law of almost or quite equal importance. The creation of a bureau of corporations which marks the beginning of federal control over the huge corporations doing an interstate business, the employers' liability law, the safety-appliance law, the law limiting the working hours of railway employees, the meat inspection law, the denatured alcohol law, the anti-rebate law, the laws increasing the powers of the department of justice in dealing with those regardless of wealth and power who infract the law, the law making the government liable for injuries to its employees, the laws under which the Panama canal was acquired and is being built, the Philippines administered and the navy department, laws creating a permanent census bureau and reform of the consular-service and the system of naturalization, the law forbidding child labor in the District of Columbia, the law providing a commission under which our currency system can be put on a thoroughly satisfactory basis, the laws for the proper administration of the forest service, the laws for the admission of Oklahoma and the development of Alaska, the great appropriations for the development of agriculture, the legal prohibition of campaign contributions from corporations—all these represent but a portion of what has been done by congress, and for achievement in harmony with the best and most progressive thought of our people.

Taft and Congress.

It is urgently necessary, from the standpoint of the public interest, to elect Mr. Taft and a Republican congress which will support him; and they seek election on a platform which specifically pledges the party, alike in its executive and legislative branches, to continue and develop the policies which have been not merely professed but acted upon during these seven years. These policies can be successfully carried through only by the hearty cooperation of the president and the congress in both its branches, and it is therefore peculiarly important that they should obtain such harmony between them. To fail to elect Mr. Taft would be a calamity to the country, and it would be folly, while electing him, yet at the same time to elect a congress hostile to him, a congress which under the influence of partisan leadership would be certain to thwart and baffle him on every possible occasion. To elect Mr. Taft and at the same time to elect a congress pledged to support him is the only way in which to perpetuate the policy of the government as now carried on, and that is the support that can be given to this policy by every good citizen should be given. It is far more than a partisan matter.

All to Help.

Both your committee and the national committee, of which Mr. Hitchcock is chairman, are endeavoring to secure the active cooperation of the stump of senators and congressmen, party leaders and independent citizens generally. I most heartily join in urging the importance of such cooperation. I hope that every dutifully constituted citizen whose sole concern in politics is to have the right kind of policies, will join in backing up your committee as well as the national committee in this movement. No service is as effective, as valuable as the disinterested service given in such manner by men whose concern is for the triumph of the principles in which they believe, and I appeal with all the strength there is in me to such men to give support.

METHODIST CONFERENCE CONVENES WEDNESDAY

(Special Dispatch to The Journal.)

Salem, Or., Sept. 21.—At the annual session of the Oregon conference of the Methodist Episcopal church, which convenes at this city Wednesday, the program will be as follows: Tuesday evening, 7:30 o'clock—Music, invocation, address of welcome in behalf of the city by Mayor George P. Rodgers; in behalf of the ministry of the city, by Rev. H. D. Kimball, D. D., LL. D.; in behalf of the First church, by a leading layman. Response by Bishop Edwin H. Hughes, D. D., and Clarence True Wilson, D. D. Reception in the parlors of the church. The program for the conference follows:

Wednesday, 9 a. m.—Opening of conference session, Bishop Hughes presiding. Sacrament of the Lord's Supper, conducted by the bishop and the district superintendents, followed by organization of the conference and business session. 10:30 a. m.—Statistical session. 2 p. m.—Misionary sermon, preached by Rev. W. H. Heppie, D. D.; 7:30 p. m.—Anniversary of the Home, Missionary and Church Extension societies. Rev. W. T. Kerr, D. D., presiding. The principal address on behalf of the general board of home missions will be by Rev. T. G. Hitt, D. D., of Philadelphia.

Thursday, 8:15 a. m.—Address and devotion, by Rev. G. H. Freese, conference evangelist; 9 a. m.—conference session; 2:30 p. m.—anniversary of the Woman's Home Missionary society, address by Dr. Willis of San Francisco, and exercises by a company of Chinese young women; 7:30 p. m.—anniversary of the Freedmen's Aid society, represented by Rev. W. H. W. Rees, D. D., pastor First Methodist Episcopal church of Seattle, and the board of education.

Friday, 8:15 a. m.—Address and devotion, conducted by Rev. W. T. Kerr, conference evangelist; 9 a. m.—anniversary of Woman's Foreign Missionary society, address by Mrs. A. M. Fisher, Mrs. Dr. Saylor; 4 p. m.—children's meeting, conducted by Rev. C. M. Van Marter and others; address by Rev. Edgar Blake on the work of the Sunday-school association.

Saturday, 8:15 a. m.—Address and devotion, conducted by Rev. C. M. Van Marter, conference evangelist; 9 a. m.—conference session; 2 p. m.—Preachers' wives' association. The afternoon will be given up to visiting the state institutions and memorial exercises at the Jackson Lee cemetery; 7:30 p. m.—temporarily adjourned; address by Rev. E. J. Sherman, B. Lee Paget and Rev. Benjamin Young, D. D.

Sunday, 9 a. m.—Conference love feast, led by Joseph Hoberg; 10:30 a. m.—sermon, Bishop Edwin H. Hughes, D. D.; 2:30 p. m.—memorial services and ordination of deacons and elders; 6:15 p. m.—Epworth league rally, address by the president of the district; 7:30 p. m.—anniversary of the Board of Foreign Missions, Rev. G. B. Smith, D. D., speaker.

First Annual Pacific National Livestock Show and race, Sept. 21, 22, 23, 24, 25, at the Portland Country Club grounds.

The United States in 1907 produced 16,825,172 barrels of petroleum, an increase of nearly 48,500,000 barrels over 1906.

STUDENTS ARRIVING FOR SCHOOL OPENING

University of Oregon, Eugene, Sept. 21.—Large numbers of students are arriving, especially freshmen, and the outlook at the present time is very favorable for a heavy increase in the enrollment.

(Special Dispatch to The Journal.)

The university Y. M. C. A. has a large tent near the depot and has been doing good work assisting the new students to find rooms and get their belongings.

Willamette U. Opens Tomorrow. Salem, Or., Sept. 21.—Willamette university will open in the morning and it is expected that the record enrollment mark will be reached. A vigorous effort has been made all summer by President Fletcher Holman for a larger student body. Nearly an entire new corps of instructors will begin the school year.

TRESTLE IS COMPLETED.

(Special Dispatch to The Journal.)

C. M. & St. Paul Steel Bridge Now Spans Hangman Creek. Tekoa, Wash., Sept. 21.—Hundreds of people witnessed the laying of the last piece of steel on the large trestle crossing at Hangman creek and the O. R. & N. on the C. M. & St. P. railroad. This is the longest and highest steel structure in this part of the country.

The traveler used for laying the steel is the only one of this pattern ever used in the United States. The bridge is nearly a quarter of a mile long and 112 feet high. About 25 days were consumed in laying the steel. From here the traveler will be knocked down and taken to Clear and Kelly creeks east of St. Joe, Idaho, where two more steel bridges are to be built.
