

"LID" CLAMPED AT EMERYVILLE

The Race Track Promoters Would Allay Unfriendly Feeling.

(United Press Leased Wire.) Emeryville, Cal., Sept. 22.—What is believed to be a move on the part of the race track promoters to allay an unfriendly feeling against the race track was announced today, and as a result the "lid" will be on when the season opens in November.

While the attitude of the trustees is not to close the seasons, they are making strong effort to regulate them and stamp out much of the vice that has heretofore existed during the racing season. Several resorts of a questionable character have been closed, and the word has been passed to all liquor dealers that female patronage will result in a discontinuation of their licenses.

Yesterday the renewal of all the season licenses in the city came up, as there has been a strict observance of the ordinances of law, there were no revocations.

Voicing the attitude of the city government, one of the trustees said: "We are no longer dependent on the race track for our prosperity. Although the racing season is coming soon, which means a big thing for the saloon men of this place, we feel that the undesirable element should be eliminated and the seasons conducted properly."

ENGLAND'S FOUR-INCH FOR AUTOS TOMORROW

(United Press Leased Wire.) London, Sept. 22.—British motorists, and to a limited extent those of Europe and America, are looking forward with interest to the racing tournament which is to be inaugurated on the Isle of Man tomorrow under the auspices of the Royal Automobile club. There will be three events, a hill climb and a three-mile race for the Graphix trophy tomorrow, and the four-inch race, the most important British road race of the year, on Thursday.

The designation "Four-Inch" which is properly applied to the cars, is derived from the conditions of the contest, which are that the cylinder bore of a four-cylinder motor must not exceed four inches, with proportionate bore for cars with motors of two, six or other number of cylinders. The race will be held over a 38-mile circuit that is to be covered nine times. About 40 cars have been entered, practically all of them of British construction; the principal foreign entries being three Darracq, a De Dion and two Berliets.

CRACK DOGS LEAVE FOR INDEPENDENCE

Vancouver Hunters Pass Through Portland En Route to Field.

Tomorrow afternoon at 4:15 o'clock the crack pointers and getters which are to take part in the first meeting of the Oregon Field Trials club at Independence, Or., will leave for that place.

Some 40 or 50 local sportsmen have stated their intention of making the trip to Independence for the purpose of seeing the dogs work out on Monday with the field trials system, since this is the first that has ever been held in the state. That it will give the sporting dog breeding industry in Oregon an impetus is the firm belief of the local sportsmen.

One of the interesting figures on the trip is the champion pointer "Portland" who was won by Vancouver, who was defeated by the champion pointer "Manitoba" in the South Dakota and at Manitoba. MacDonnell had a string of five dogs to enter in the trials.

Another owner who passed through Portland today and whose dogs are expected to make a good showing is Charles Couits of Vancouver. Mr. Couits has several hunters which he will strive to win the prizes with. The trials take place in the fields near Independence Thursday and Friday.

Brutt, representative of the American Field of Chicago, the largest sportsmen's newspaper in America, who was in Portland for his paper, arrived in Portland this morning.

EDDIE HANLON WILL CHOOSE THE REFEREE

(United Press Leased Wire.) San Francisco, Sept. 22.—With the Hanlon-Moran fight only a day more than a week off, the referee for the contest is to be chosen tonight by Eddie Hanlon and his trainer, Frank McDonald.

Before he went to Los Angeles last week to make the fight with Moran, Hanlon was asked to choose the referee. He said that he would accept the referee chosen by Moran, but that he would choose the referee if Moran refused to accept the referee chosen by Hanlon.

As no bets have been made on the fight up to date, it is hard to tell who will be the favorite. Moran is the logical favorite, but local fight fans are apt to bet heavily on Hanlon for no other reason than the fact that he is a local boy and very popular.

METHODISTS TO STOP RACE TRACK GAMBLING

Tacoma, Wash., Sept. 22.—Washington Methodists will demand the repeal of the law prohibiting race track gambling. At the Puget Sound conference a resolution was adopted declaring it the duty of the church to use its influence to support only such legislators as will vote for such a bill. The bill will be backed by the national conference, which stands also against the liquor traffic, gambling and the cigarette. The conference also took a stand on the cigarette question, and declared its purpose to assist in every way the movement to eliminate "coffin nails" from the state.

This Date in Sport Annals.

1864—At Rochester, N. Y., the Athletics of Brooklyn defeated the Woodstock team of the Montreal baseball club of Canada, by 75 to 21.

1877—At Fleetwood park, N. Y., Great Eastern set new record by trotting one mile under the saddle in 2:15 1/2.

1880—J. W. Hunt Reynolds, a noted turfman, died near Asheville, N. C.

1891—At New Orleans Cal McCarthy defeated Tommy Warren in 21 rounds for \$1,500.

1892—At Columbus, Ind., Cear trotted a mile in 2:13 1/2, the best time ever made in a race between horses by a 3-year-old.

1903—At Philadelphia Joe Gans knocked out Jack Bennett in second round.

ASHLAD HEARS REVEREND BELL

Californian Derides Sloganless G. O. P.—Democratic Club Formed.

(Special Dispatch to The Journal.) Ashland, Or., Sept. 22.—Theodore A. Bell opened the Democratic campaign in Oregon last night at the Chautauqua tabernacle before a large audience. He held the audience with his convincing and persuasive speech. "Shall the people rule?" was his keynote. He showed that corporation control of legislation must be checked and that the only way to insure the continuance and final success of the reforms started by Roosevelt was by the election of Bryan. The railroad regulation law, the only great policy Roosevelt had caused to be written in the statute, was in the Bryan platforms of 1896 and 1900. This had commended Roosevelt to the people more than anything else.

The Republican convention had nominated Taft on an anti-Roosevelt platform and the Roosevelt policies, voiced by the La Follette amendments, had been voted down by machine Republicans by an overwhelming vote.

He thought Sherman not the type of man for vice-president, as he was one of Cannon's five machine men running the house—Cannon's handy men.

The Republican managers were playing Taft on two strings. In the West he represented he was a Roosevelt Republican; east of the Alleghenies, in the trust centers, it was said Taft was safe and sound.

But made a strong argument for the bank deposit guaranty. He appealed to

Iowa Chess Tourney.

Waterloo, Iowa, Sept. 22.—The tenth annual meeting and tournament of the Iowa Chess association began in this city today with a good attendance of ex-spectators from various points throughout the state.

QUITTING GOOD JOB TO SPREAD THE GOSPEL

(United Press Leased Wire.) Pittsburg, Pa., Sept. 22.—Resigning a position as superintendent of a mill of the Carnegie Steel company, carrying with it a salary of \$1,000 a year, George L. Glunt today began a course of study in the Western Theological Seminary, where he will fit himself for the ministry.

For the past 23 years Glunt has been engaged in the steel working business and is one of the finest workmen in the country. A warm friend of W. Ellis Corey, he did much to aid him to reach the foremost place in the steel industry. It has always been his desire, however, to enter the ministry and having secured enough money to make such an education a

GRAIN MAGNATES HEAVILY INSURED

New York, Sept. 22.—Frank T. Hoffstetter and Frederick B. Walla, president and vice-president of the Minneapolis firm of F. H. Peavy & Co., grain elevator owners, are among the most heavily insured persons in the world, having taken out policies to the extent of \$500,000 each. In both cases the insurance is in favor of the firm.

CONTRACTED DISEASES

I have reduced the time required for curing contracted disorders about one half. This is an important achievement. It replaces danger with safety. It forestalls chronic complications. It removes the infection and inflammation before that vital center, the prostate gland, can become involved. My method is original. In some features it resembles the ordinary. In its chief essentials it is different. In results it is entirely different. It is safe, prompt and thorough.

The above, together with Organic Weakness, Nerve Debility, Lost Vigor, Specific Blood Poison, Stricture, Piles and Reflex Ailments, constitute my specialty and are the only diseases I treat.

CONSULTATION FREE

I state nothing in my announcements but the straight, square truth. It will cost you nothing to call and talk over your case. You can find out all about your trouble and you can later arrange to begin treatment any time you like. My offices, comprising ten rooms, are the largest, most elegant and best equipped in the West.

WEATHER REPORT

The low barometer area that was central over Alberta Monday morning is now over Saskatchewan with increased intensity. A marked high barometer extends from Washington southwestward to the Pacific coast. The difference continues high over the Atlantic states. Rain has fallen in portions of the British northwest and along the west coast of the United States. Light showers have occurred in the lower Mississippi valley, central Colorado, eastern South Dakota and western Minnesota. Slightly cooler than this morning in Washington and Oregon. Atlantic and gulf coasters. Unseasonably warm weather continues from the Rocky mountains eastward to the Mississippi valley and the great lakes.

The indications are for fair weather throughout this district tonight and Wednesday. It will be cooler, with light frost, in the eastern portions of Oregon and Washington and in Idaho.

CAPITOL HILL

The choice of them all with a 5-cent car fare on the best carline running in and out of the city. The Oregon Electric Railway runs through the center of Capitol Hill for more than half mile; every lot cleared, slightly and level, no stone or gravel, the richest kind of soil. The lots in Capitol Hill are all nice little lots, 100 to 150 feet. No Jim Crow 35-foot lot. Capitol Hill is only ten minutes' ride from the business center of this city, inside the city limits. It is a palace car. We have proper; you can ride to and from Jefferson streets, ride to Capitol Hill by nice little depot on the ground; you can also walk from the depot platform on sidewalk through the tract for more than a mile. Every lot is a beauty, and the price that is so low we are ashamed to mention it, \$200, \$250 and \$300 per lot. The terms, any kind of terms you want, from \$5 up monthly. This is all of Capitol Hill is perfect. If you don't want to you need not call at our office, take the car at Front and Capitol Hill, get out at the depot, and look it over for yourself. If you call at the office we will pay your fare. This is the cheapest side in Portland and the most desirable ever offered at the above low prices before in Portland for twenty years. Another feature here makes and this is that you can build your home in Capitol Hill and from your front porch see more people passing through it than any other residence portion of Portland, and that's what gives value to real property and not hot months. It has two railroads running through it and the best carriage and automobile road from the city to every lot in the tract.

Address or come to the office and talk to us about Capitol Hill.

JUST IN TIME

Many a man has got my treatment just in time to be saved from the clutches of some chronic disease. I'm curing people every day whom doctors had pronounced incurable. You are dopping your stomach with drugs. Have they helped you? No! Every dose diminishes your vitality.

If you want to get well, you must help Nature cure. That's what Electro-Vigor does.

Electro-Vigor is a powerful generator of a powerful current of electricity, works about your body while you sleep. It sends a steady unbroken stream of electric life coursing through every nerve and vein of your body for hours at a time.

Its touch is gentle, without stinging or burning. There is no shock; all you feel is a glowing warmth.

Electro-Vigor will drive out your pains and aches, renew your strength and ambition, and restore your health by giving every organ, every weak or diseased part of your body the power to do its work as nature intended.

Where there is plenty of electricity there can be no pain or disease.

If you are ailing, don't wait until your trouble has become a chronic before getting Electro-Vigor. Chronic what it will do if you waste your

Your treatment has cured me of rheumatism and I am feeling like a new man. I certainly consider Electro-Vigor a good investment, and thank you for your interest in my case.
