

DOUBLE TRAGEDY AT LOS ANGELES

Charles Frieberg Kills Mrs. Harry Magnus and Commits Suicide.

Vallejo, Cal., Sept. 22.—Mrs. Harry Magnus, daughter of a well-known Los Angeles family, was shot and killed in her home here today by Charles Frieberg, a machinist who had been employed at the Mare Island navy yard for several months. Frieberg then turned the pistol on himself and blew the top of his head off. He was found by the police in a rooming house. It is thought the man tried to induce Mrs. Magnus to run away with him and that upon her refusal he killed her and committed suicide.

J. B. FORGETS JUNGLE STORY

Comes Back and Orders \$50,000 Worth of Packingtown Beef.

(United Press Leased Wire.) Chicago, Sept. 22.—For the first time since the appearance of Upton Sinclair's packing house expose, "The Jungle," the British government today contracted for an order of American meat packing contracts with Libby, McNeil & Libby, packers, for 5,000,000 pounds of fresh beef. According to the contract, which was made through Thomas Franklin, British consul at Chicago, the price to be paid for the consignment of meat is \$200,000. Examine requested the submission of bids for several million pounds of canned meats for the British navy. The papers predict a big increase in export trade.

NOT SO MANY AUTOS BY 343

Either They Are Scarcer in Washington or They Shy at Assessors.

(United Press Leased Wire.) Olympia, Wash., Sept. 22.—Not a citizen of Douglas, Ferry, Okanogan, Skamania or Wahkiakum county owns an automobile, or at least none admits it, according to the schedule of the state board of equalization on that class of property. The state assessors this year found 1,384 motor cars, as against 1,727 in 1907. Both in Benton and Douglas counties, which, if the returns are to be relied upon, did not possess a benzine vehicle a year ago, have since acquired one each. Clark and Stevens to the exhaust of four, and Stevens has added three in one year. In Douglas county in 1907 there were four; this year the assessor failed to find one.

PARKPLACE CLUB GIVES RECEPTION

(Special Dispatch to The Journal.) Parkplace, Or., Sept. 22.—The Parkplace Educational club gave a reception at the grange hall Saturday evening to the principal and teachers of the school. About 100 persons were present. The following program was given: Song, "The Porters"; Mrs. C. A. Cutter, alto; F. E. Lucas, tenor; and J. B. Clyde, bass; Miss Myrtle Heimel played the accompaniment; solo, Mrs. W. A. Holmes, invocation by Rev. Riggs. The following visitors were present: Mr. and Mrs. Charles G. Gifford; Mr. and Mrs. J. O. McMahon; Victor Gault; Harry Hargrave; Edith Smith; Otto Morchuk; Eva Gifford; Mrs. Gifford; Mrs. L. L. Wood, County Superintendent; T. J. Gary, County Judge Grant Dimick and Representative Campbell. Superintendent Gary gave a talk along educational lines. He complimented Parkplace as being the first town in Clatsop county to have a club for the purpose of promoting education. County Judge Grant Dimick gave a talk that was appreciated by all. He said that the corporation tax should go to the school fund, and that school lands should be sold for their actual value instead of at a stated price. He said that the state should appropriate more money to the district so that the teachers in the common schools would receive better wages; that they were the poorest paid of any profession. Representative Campbell gave a talk along the same lines, but differed on the question of raising funds for school purposes. The hall was beautifully decorated in the school colors—purple and white. China vases and F. H. B. pennants were used in decorating.

There are immensely large hats modeled on charmingly graceful lines, or small neat affairs that are gems of beauty and tastefulness. The trimmings are sweeping Plumes, nodding Aigrettes, graceful Heron wings and breasts and wonderfully beautiful Bird of Paradise feathers.

All Pattern Hats that were \$50 to \$100, reduced Wednesday **Fourth** All Pattern Hats that sold from \$100.00 up, reduced Wednesday **Third**

BANKS POSSESS A FEW RIGHTS

Among Them Is Immunity From Snap Judgment by Bank Examiners.

(United Press Leased Wire.) Washington, Sept. 22.—Declaring that impairment of capital has been frequently taken for insolvency and that bank examiners have made mistakes in judging of the solvency of national banks, Lawrence O. Murray, comptroller of the currency, today continued his grilling of the national bank examiners of the United States east of the Mississippi river. He explained what constitutes insolvency and declared that examiners should be more careful in making statements on banks. "Many examiners have confused the impairment of capital with insolvency," said Murray. "And this lack of knowledge has frequently made it necessary for this office to require full statements of a bank's condition before acting on the suggestion of any examiner." Murray declared that a bank cannot be considered insolvent until its entire capital and surplus has been absorbed by its losses and the assets are insufficient to cover the liabilities to depositors and other creditors exclusive of capital stock.

DUNNE TURNED DOWN BY LABOR

"Pinhead" McCarthy Faction Objects to Judge's Prosecution.

(United Press Leased Wire.) San Francisco, Sept. 22.—Judge Frank H. Dunne, the jurist who sentenced Ruef and Schmitz, is today the center of the judicial election contest. After having been turned down for nomination at the hands of the machine Republican convention, Judge Dunne was treated in a similar manner by the so-called Union labor party convention last night, and it is probable that the Democrats and the good government league will unite in naming a judicial ticket with Judge Dunne at the head, supported by the Roosevelt-Lincoln Republican league. The labor party was belligerent last night. A communication was read from the good government league asking a conference, and it was tabled. The convention nominated the same judges put up by the Republicans for the full term: Judge George A. Sturtevant, Carroll Cook, John J. Van Nostrand and Joseph E. O'Donnell. For the short term Judge Cahalan was nominated. The Democrats last night received a similar communication from the Good Government league and voted to confer with that organization before nominating for the superior bench. It is regarded as certain today that Judge Dunne will head the ticket. The state central committee of the Independence party last night endorsed Judge Frank H. Murray for associate justice of the supreme court to take the place of Justice McFarland, who died last week. The Republican committee will meet tomorrow to make a nomination and it looks probable that Judge Henry A. Melvin of Oakland will be named. A Munich physician has patented a camera, small enough for a person to swallow, by which the interior of the stomach may be photographed on a film that is 20 inches long by a quarter of an inch in width.
