PULLIAN DECLARES RIOT GAME A TIE

(United Press Leased Wire.)

New York, Sept. 24.—The Cubs appeared on the field at 1:30 ready to play off yesterday's tie game. The Giants did not appear. The matter is again up to Pulliam.

New York, Sept. 24.—President Pulliam of the association controlling both the National and American baseball leagues today declared the game played yesterday between New York and Chicago of the National league a draw without commenting on the disputed points. He simply agreed with the decision of the umpires, who declared the game should be played over.

The dispute arose over the action of Merkle, the young player "subbing" on first base for New York. McCormick was on third and Merkle on first base when Bridewell smashed the ball for a clean drive to center. Instead of going to second base Merkle ran for the clubhouse and was forced out at second. This nullified the run that McCormick had scored at the home plate.

Captain Chance of the Chicago team declared as soon as President Pulliam rendered his decision that he would appear on the diamond with his aggregation of ball players at 1:30 o'clock today ready to play off the tie. He said if the New York team refused to play he would claim a forfeit.

Pulliam decided to call the game a tie pending a decision later should both teams protest his ruling, which will undoubtedly happen. The clubs have the right to appeal from the board of directors. This means that the arbitration will last till after the season is closed. Should the teams stand as the end of the season so that one game will determine the pennant the board of directors will award the pennant.

MOLESKIN ASPIRANTS ARE WORKING HARD

(Special Dispatch to The Journal.)

University of Oregon, Eugene, Sept. 24.—The football squad is steadily picking up, almost 40 men being out in suits yesterday. The tackling dummy and bucking machine were put in use for a short time, but the men are not yet in condition for heavy work. Pinkham has returned and will be out for practice today. He is in splendid condition and is heavier than last year.

Gillis, who played center on the '06 team, is expected to return in a few days. His advent will be a great addition as lack of material for the central position is painfully evident.

BUSHER'S BONEHEAD CAUSES A BALL RIOT

(United Press Leased Wire.)

New York City, Sept. 24.—A wild riot as the outcome of a decision by Umpire O'Day in calling Merkle out at second and thus cancelling a run scored by McCormick in the ninth inning, started at the Polo grounds here yesterday, and before the police finally gained the upper hand several members of the Chicago team had been injured and the game ended.

Merkle was on first, and McCormick on third when Bridwell knocked a single into center. McCormick easily crossed the plate with what would have been the winning run but Merkle instead of running to second turned and ran to the clubhouse thinking the game all over. Evers, the Chicago second baseman, saw the play and called for the ball, and by touching the base forced Merkle out. As no run counts where the third out is made on the same play, McCormick's run was declared void by Umpire O'Day, and the game will be played over today. The score:

Sewickley Horse Show.

Pittsburg, Pa., Sept. 24.—Fashionable society of Pittsburg and vicinity turned out in force today for the opening of the annual Sewickley Heights horse show, which is an annual red-letter event on the social calendar hereabout. The scene of the show, as heretofore, is the magnificent grounds of the Allegheny County club. The exhibition this year is up to the usual high standard in the number and class of the entries. It will continue until the end of the week.

UNCLE SAM WILL SPEND MONEY TO FIND TULE LAKE'S OUTLET

(Special Dispatch to The Journal.)

Klamath Falls, Or., Sept. 24.—Appropriation has been made by the interior department for an investigation of the underground outlet to Tule lake. A careful examination will be made next year by government engineers to determine if this opening can be enlarged and the lake drained more quickly.

No official announcement of this appropriation has been made, but members of the Water Users' association, who have been in conference with Supervising Engineers D. L. Henny and Ee G. Hopson, of Portland have made known the news of the appropriation.

The old emigrant trail that crossed near Tule lake 50 years ago is now far out in the lake, together with houses and barns that were once on the shore, and the belief is that an underground outlet was clogged up, preventing the outflow and raising the water in the lake.

Many old residents near Tule lake firmly believe the lake can be drained.

SEVEN-TEAM MULE RACE FEATURE OF DISTRICT FAIR AT THE DALLES

(Special Dispatch to The Journal.)

The Dalles, Or., Sept. 24.—Seven teams of mules, driven by as many prominent men of The Dalles, will be among the unusual features at the district fair to held here October 6 to 10.

The track committee held a meeting at the Business Men's association headquarters Tuesday night and decided to add the mule race feature. The race will be on one of the two last days of the fair.

A silver loving cup has been offered to the winner of best two in three heats. The seven mule teams will be driven by Mayor E. M. Wingate, ex-Mayor J. L. Kelley, County Judge A. E. Lake, Circuit Judge W. L. Bradshaw, Justice J. T. Rorick of Granddalles, M. A. Moody and E. O. McCoy.

Death Roll of the Northwest

T. A. McCurdy.

(Special Dispatch to The Journal.)

Hood River, Or., Sept. 24. — T. A. McCurdy, 85 years, died here at the residence of his son G. A. McCurdy, Monday night. Mr. McCurdy was born in New Brunswick, N. B., in 1823 and came to Hood River about eight years ago. He was related to Simon Pettigrew who is credited with having named the city of Portland, and often told how Pettigrew and David Lovejoy, who were among the first settlers in Oregon, tossed a coin for the choice of selecting a name for the spot on which now stands the state's metropolis. According to Mr. McCurdy, Pettigrew won and selected the name of Portland.

Mrs. Louise Obermyer.

(Special Dispatch to The Journal.)

Albany, Or., Sept. 24.—Mrs. Louise Obermyer, 49 years of age, wife of W. J. Obermyer of Tangent, died last evening at St. Mary's hospital, this city.

The deceased was a native of Germany. She came to Oregon in 1859 and was married in San Francisco the following year to W. J. Obermyer.

There are three children, William, Henry and Hulda Obermyer, residing near Tangent. The deceased is also survived by three brothers and two sisters.

T. A. Vanausdale.

(Special Dispatch to The Journal.)

Hood River, Or., Sept. 23. — The body of T. A. Vanausdale, a well-known Hood River resident, who died September 16 at Arcadia, Kan., arrived at Hood River today and was interred. Mr. Vanausdale was born in Boon county, Mo., September 5, 1865 and came to Hood River in 1890. He is survived by his wife and two children, his parents who live in Missouri, and four sisters who reside in the middle west.

Mrs. Martha G. Beck.

"Life."

From Life.

Life is merely a dash between two periods.

The ... of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, teachers and writers on *Materia Medica* who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed *free* to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompained with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It will cure the affections that lead up to consumption, if taken in time.

THOUSANDS OF BOXES OF FRUIT FROM THE HOOD RIVER COUNTRY

(Special Dispatch to The Journal.)

The Dalles, Or., Sept. 24.—According to a report from Hood River sent to one of the orchardists here, that city has shipped about $1,000,000 worth of fruit and berries this season. This was divided as follows: 30,000 boxes of apples, 5,000 boxes of pears, 5,000 Boxes of cherries, 3,000 crates of prunes, 7,000 crates of strawberries, 500 crates of raspberries, 2,000 crates of blackberries.

Wasco county shipments of fruit have not been estimated fully as yet. County Fruit Inspector J. P. Carrol of Mosier will have his report ready next week. It is known, however, that Mosier has shipped 22,000 boxes of apples and 35 carloads of prunes.

Many orchardists from California and other places have stated to fruitgrowers here that in the vicinity of The Dalles as good apple land may be found as there is anywhere else in Oregon. Fruitgrowers here have not turned their attention to apple growing, as cherries, peaches, grapes and other fruit has claimed their attention to a great extent. It is thought by growers here that within a short time more land will be planted to high-grade apple trees.

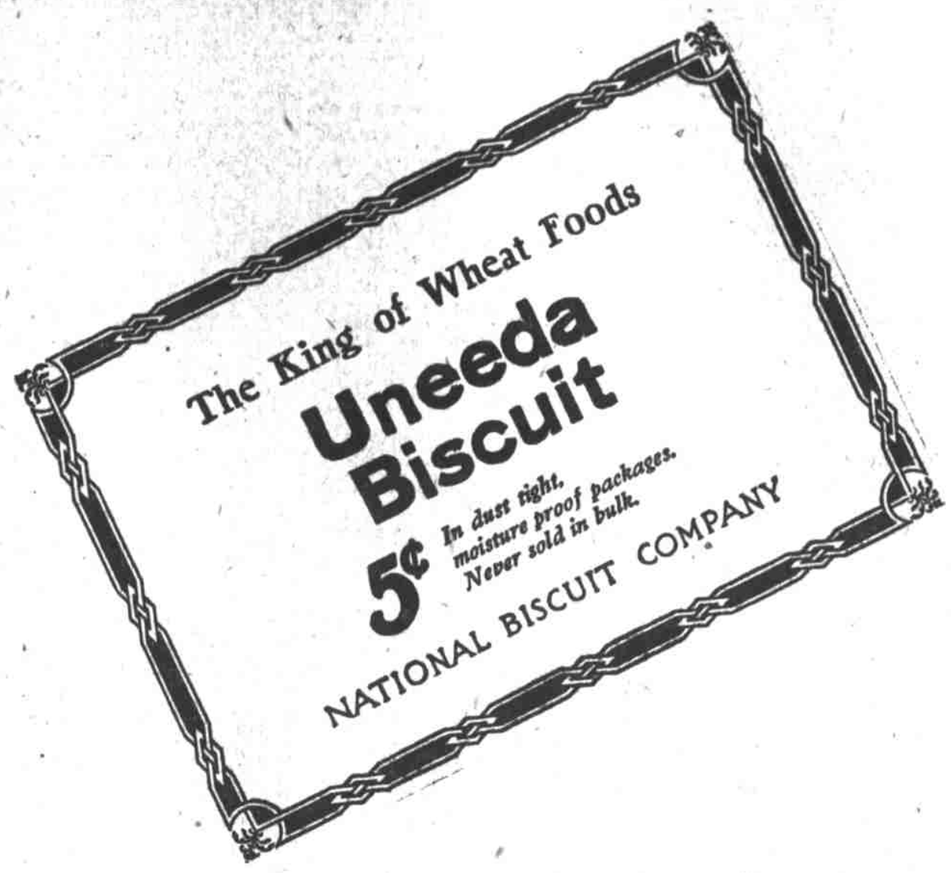
DENVER PREPARES FOR BANKERS

(Special Dispatch to The Journal.)

Denver, Colo., Sept. 24.—Preparations are about completed for the entertainment of the thirty-fourth annual convention of the American Bankers' association, which is to be held in this city during the coming week. The south and west promise to be particularly well represented.

To avoid the confusion which has arisen in the past through having the various sections meet on the same day, this year the savings bank section will meet on Monday, and the trust company and clearing house sections on the following day.

The general sessions of the association will be held on Wednesday and Thursday. The program for these sessions is filled with interesting features. Prominent among the speakers will be Woodrow Wilson, president of Princeton university; James R. Forgan, president of the First National Bank of Chicago, and B. E. Walker, president of the Canadian Bank of Commerce of Toronto.



These Talking Machines Prices Talk

By Taking Advantage of the Special Prices Now Quoted in This Clearance of About 110 Talking Machines, You Save More Than Half the Original Price in Most Cases—Enough to Buy a Splendid Stock of Records—See Display in Windows at Washington and Park Sts.

Sale now on, and these bargains are sure to be appreciated by shrewd purchasers. You need not pay all cash, if not convenient, as we will accept monthly payments from reliable people. Such prices as these will probably never be duplicated—cannot be by smaller dealers.

$7.50 for $17.50 Machines $8.50 for $20.00 Machines
$12.50 to $19.40 for $25 and $30 Machines
$65.00 and $155 for $100 and $200 Machines
EVERY MACHINE FULLY GUARANTEED

While a Talking Machine gives pleasure and entertainment all the year round, the fall and winter, with its more or less stormy and "stay-inside" weather, especially during the evenings, is the time when it is really the most entertaining.

The jolly, rousing ragtime or an impromptu dance, and the good old songs of long ago, will help you and your friends to spend many a cheerful evening, which might otherwise be dull and monotonous.

Whether you own a Talking Machine or if you buy one during this Clearance Sale, you will probably want a cabinet for your records, and here, too, you will be able to supply your wants at about a third to a half less than ordinary, as we are including in this sale about 50 splendid cabinets. The prices quoted below will give you an idea of the reductions:

$ 8.75 for $25.00 Cabinets
$ 9.50 for $27.00 Cabinets
$26.00 for $38.00 Cabinets
$47.50 for $70.00 Cabinets
$52.50 for $85.00 Cabinets
OTHERS IN PROPORTION

While not necessary to buy a Talking Machine and Cabinet together, if you decide to do so you can secure both for $16.25, which would otherwise cost you $42.50. You actually save $26.25 by purchasing during this Clearance; other equally attractive combinations in proportion to the original cost.

When it is considered that you can now purchase a Talking Machine, Cabinet and a stock of records for actually less than the usual cost of the Talking Machine, is it any wonder we advise an early call? First come, first choice.
