### Miners Working Under Concession in Siberia Subjected to Outrage.

(United Press Leased Wire.)  
Nome, Alaska, Sept. 24.—Apparently without warrant and with no explanation given, the Russian guboiat, belonging to the Russian government, with the Russian governor aboard, seized \$10,000 from American miners who had been working in Anadir, Siberia, on September 15. The miners were working under an agreement made by John Roseane of the Northeast Siberia company, with Czar Nicholas II.

Seattle, Wash., Sept. 24.—A. M. Baber, who was associated with the Northeast Siberia company, when told of the action of the Russian guboiat at Anadir, said it did not surprise him, as it all came around through malicious reports sent to St. Petersburg.  
Baber, who has the Eskimo village at the fair, recently returned from the Anadir district. He is thoroughly familiar with the whole affair. The Russian government granted to Roseane the right to trade and recover all the minerals of Tobolsk peninsula. The Russian officials in Siberia were in accord with the Americans, but the Russian consul-general at San Francisco made such extravagant reports about the amount of gold that was being recovered and taken to Nome without paying the royalty that the Russian government was no doubt prompted, he says, to send the Chlika to Anadir.

# ESCAPED LUNATIC MANGLED BY TRAIN

(Special Dispatch to The Journal.)  
Colfax, Wash., Sept. 24.—W. J. Dowis, who escaped from the Medical Lake hospital for the insane Saturday morning, was discovered lying dead beside the O. R. & N. track near Selkirk last night by the engineer and fireman of passenger train No. 7, bound from Pendleton to Spokane. Coroner Crawford was notified and had the body brought to Colfax and placed in charge of Undertaker Bruning, who has telegraphed to the dead man's mother, Mrs. Cummings, who is visiting at Jamesport, Mo., asking what disposition shall be made of the body.  
Dowis' home was at Tumtum, Stevens county, and he had been an inmate of the asylum for several years. He was made a trustee several months ago, since which time he had been employed about the buildings at the hospital as one of the caretakers, and Saturday morning, while cleaning a stairway on one of the buildings, he made his escape through an open window.

# TRIO OF TRACTION MEN IN TROUBLE

(United Press Leased Wire.)  
Vancouver, B. C., Sept. 24.—The arrest of James Milne, general superintendent of the British Columbia electric railway in charge of tram lines and power works of the cities of Vancouver and Victoria, has caused a sensation here. Milne was formerly a prominent official of the street railway in Toronto. He is held on a charge of obtaining money under false pretenses. Two minor officials of the company were recently arrested on charges of falsifying payrolls and the other jumped his bail and fled to the United States. Officials of the street railway decline to give out any details.

# BODY OF JAP AT SKAGWAY CREMATED

(United Press Leased Wire.)  
Skagway, Sept. 24.—The body of G. Kiohara, a Japanese, was buried today on a funeral pyre in the Skagway cemetery. This is the first cremation in the north. Kiohara died Monday of Bright's disease. His last wish was that his body be cremated and the ashes sent home to his wife and three children at Kumanoto. A brother and other friends here who came from the same town in Japan are fulfilling this wish.

# Ex-Governor's Daughter Elopes.

(United Press Leased Wire.)  
La Jara, Col., Sept. 24.—Miss Dorothy McIntyre, only daughter of former Governor A. W. McIntyre, and Edward Cortez, the Mexican owner of an adjoining ranch, were married today. Miss McIntyre, who is wealthy, accomplished and beautiful, has been acquainted with young Cortez for many years. The mother objected to the match and Monday the couple eloped, driving 30 miles to the court-house at Conejos, where a license was obtained.

# Meat on Inspection Tour.

(United Press Leased Wire.)  
Olympia, Wash., Sept. 24.—A tour of inspection of state institutions will be made within the next few weeks by Governor Mead and the state board of control. The inspection will begin at the normal school at Ellensburg, October 7, and terminate at the state soldier's home, Orting, November 7.

# OBSERVATORY ON PARISH HOUSE.

Father Ferdinand Guichoteau, and his home-made astronomical observatory on the roof of the Parish House of the French Catholic church, in West Twenty-fourth street, New York City. The most notable result of Father Guichoteau's observations and study, is the discovery of the approximate age of the great Egyptian pyramid.

# HIGH-PRICED MAN ARCHITECT DOW

### Draws Over \$1,000 a Month of Washington's Real Money.

(United Press Leased Wire.)  
Olympia, Wash., Sept. 24.—The highest paid state employe in Washington is not the "thousand-dollar-a-month" railroad expert who was employed a few months by the state railroad commission, but a Spokane resident, John K. Dow, who was adopted as the architect for the new state buildings at the eastern Washington hospital at Medical Lake, state penitentiary at Walla Walla and state college at Pullman.  
Since April, 1907, when his services were first secured by the state, Mr. Dow has drawn down in real money \$17,600 and within the next few weeks will draw enough additional to make up the \$22,590.30 to be paid him under his contract.  
For 17 months he has drawn more than \$1,000 every 30 days, or compensation greater than the combined salaries for that time of the governor, lieutenant-governor, state treasurer, state auditor, attorney-general and state school superintendent.  
In addition, Mr. Dow has received from the state many thousands miles of railroad transportation.  
Mr. Dow gets a fee of straight 5 per cent for preparing plans and superintending construction.

# PHONY COIN FACTORY BURNED AT SEATTLE

Seattle, Wash., Sept. 24.—As special police officers last night were surrounding an old cabin on the tide flats, supposed to be occupied by counterfeiters, flames suddenly burst forth from the shack and destroyed the building and contents. No one came out, but the officers were watching the blaze George Pearson, known as a suspicious character and whose picture adorns the rogues' gallery, appeared and was arrested. Several metal bars were found on his person when he was searched at police headquarters.

# Grape-Nuts

This food is quickly absorbed by children as well as adults, and contains all the nutritive elements of Whole Wheat and Barley.

Nature has placed phosphate of potash in a certain part of these grains for man's use in building the gray substance of brain and nerve cells.

Adults require this to repair natural waste from mental and physical effort; children, because the nervous system grows so rapidly in early years.

This part of the grain is included in Grape-Nuts.

# CURES ECZEMA QUICKLY

New Drug, Poslam, Now Obtainable in Small Quantities.  
Since its discovery one year ago the new drug, poslam, has successfully cured thousands of chronic cases of eczema and other distressing skin afflictions. Heretofore poslam has been dispensed solely for the benefit of eczema patients in large jars sufficient for a month's treatment. This was found to be an inconvenience to many thousands who use it for minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., which require but a small quantity to cure. To overcome this, and in response to urgent appeals, the dispensers of poslam have been obliged to adopt, in addition to the regular two-dollar package, a special fifty-cent size, which is now to be found on sale at the Skidmore Drug Co. and other leading drug stores in Portland, or may be ordered direct from the Emergency Laboratories, No. 22 West 25th street, New York City. In all cases poslam stops itching with first application, and proceeds to heal immediately; chronic cases being cured in two weeks. In less serious skin troubles, results are seen after an overnight application.  
Samples for experimental purposes may still be had, free of charge, by writing to the laboratories for them.

# \$10,000 SCHOOL ADDITION READY

### Pupils at Gresham Have One of the Finest Institutions in State.

(Special Dispatch to The Journal.)  
Gresham, Or., Sept. 24.—An addition to the public school building at Gresham has just been completed at a cost of \$10,000 and will be dedicated today with the opening of school. The entire structure now contains nine rooms, including a large and modern assembly hall, and is considered the second finest and most substantial school building in Oregon outside of Portland. The building is heated by a fan system heating plant, which was installed at a cost of \$2,150. By means of a revolving fan 10,000 cubic feet of fresh air is forced into each of the various rooms. The entire building is of modern design and is equipped with the best of furniture and school apparatus.  
A high school has been instituted and Professor Carl Baker of Portland, who for the third time has been elected, in charge with six able assistants. The total enrollment of pupils will be about 250.  
The following named constitute the Gresham board of education and it was under their supervision that the present modern school building was erected: Theodore Brugger, chairman; O. I. Neal and A. Dowell.

# FARMERS MEET IN WISCONSIN

### Delegates From All States Assemble at National Congress.

(Special Dispatch to The Journal.)  
Madison, Wis., Sept. 24.—The twenty-eighth annual session of the farmers' national congress was called to order in Agricultural hall at 11 o'clock this morning. Delegates were present from all the states and territories. Bishop White of Indiana offered prayer and Governor Davidson and Mayor Schubert welcomed the visitors. This afternoon the congress completed its organization and took up its regular program of business. Tomorrow will be one of the big days of the congress. William H. Taft, Republican candidate for president, is expected to address the delegates. A speech from William J. Bryan, the Democratic candidate, is expected early next week.  
The congress will be notable for the prominence as well as the number of its participants. William J. Bryan, Governor Johnson of Minnesota, Governor Glenn of North Carolina, former Governor Sheakley of Alaska and James J. Hill, the railroad magnate, are among the notables who have promised to address the gathering if their other engagements will permit. Former Governor W. D. Hoard of Wisconsin, one of the foremost authorities on dairying in the United States, will be a prominent participant in the proceedings of the congress, and President C. R. Van Hise and a dozen members of the faculty of the University of Wisconsin also will take part.  
The congress will remain in session for one week. Papers will be presented by eminent thinkers on a wide range of topics in which the general public as well as the farmers are interested. Politics will not be touched upon by the congress, though many of the leading questions of the day will be discussed. Railroad rates, taxation, pure food laws, agricultural labor, immigration, the expansion of the rural mail service, the tariff reform are among the important matters.

# MURDERER IS TO BE BROUGHT TO PORTLAND

(Special Dispatch to The Journal.)  
Klamath Falls, Or., Sept. 24.—William Barclay, the halfbreed Indian suspected of the murder of Sid Jacobs of Alturas, on the Klamath Indian reservation, August 26, was brought to the state line by the sheriff of Modoc county and turned over to United States Marshall W. B. Griffiths, who came here from Portland for that purpose.  
Barclay was examined before United States Commissioner Alex Martin Jr., and was committed to the custody of the marshal without bail, to appear before federal grand jury in Portland.  
Many Indians interested in the case are in town, watching the old Indian "Little John," Barclay's uncle, who knew of the crime and whose confession resulted in the finding of the body on Yainax Butte.
