TILLAMOOK SCENES TO BE PHOTOGRAPHED

Benjamin A. Gifford, the well known scenic and Indian photographer of The Dalles, has been appointed official artist in Oregon of the Harney Photographic company of Racine, Wis., and was in Portland yesterday en route to Tillamook and the west coast. This trip is made for the purpose of securing illustrations for an art history of Oregon, which is being written by Judge George H. Williams.

Under the direction of S. G. Reed, who is very familiar with the wild sections of Oregon, the Lincoln and Coos counties, Mr. Gifford will visit sections which are new to the public and will bring in some rare pictures. "This work is the most important I have ever undertaken," he said yesterday at the Perkins, "and I am most impatient to see the delay I have experienced through the smoky atmosphere. The trip I have planned is a long and hard one, and I want to secure a great number of negatives before the winter rains set in. I feel it is an honor to be associated with Judge Williams in a work of this importance, and I want to turn out something that will be a credit to Oregon as an Oregon product." Mr. Gifford was accompanied by his nephew, A. Gifford, and the two went to the picturesque ruins in their khaki outing suits. In conference with Judge Williams, S. G. Reed, Rodney Gilsan and W. D. Harney, they mapped out their new route.

BOOTBLACK LOSES MONEY FROM TILL

One of the most peculiar robberies reported for a long time is that perpetrated yesterday afternoon on the bootblack stand of Sam Paulson at Sixth street.

Paulson reported to the detectives yesterday that the fact that three men were in his stand and one in the cigarstand adjoining, his cash register was robbed of \$112. The location of the stand, on Sixth street, between Washington and Alder, and the fact that the register was in the stand, was tapped at 2:30 in the afternoon makes the detectives lean to the belief that the till was tampered with by a cunning register expert armed with wire.
