

DROWN PARTNERS SAYS ROOSEVELT ANSWER FLEED ALL ARRESTED PLAINLY LIES IN RATE SUIT

They Claim Big Gamblers Cowherd of Missouri De- and J. P. Morgan Are Making Them the Goat.

Cowherd of Missouri De- nounces the Left-Over \$300,000 Charge.

Espee Officials Say Present Charge of \$5 Is Lit- tle Enough.

(United Press Leased Wire.) New York, Sept. 25.—A sensation was created in financial circles here today by the arrest of A. O. Brown, E. F. Buchanan, L. G. Young and W. R. Whitman, all members of the firm of A. O. Brown & Co., which failed here in August on charges of fraud. The four brokers were arrested just as they were emerging from the federal building, after they had been examined by United States Commissioner Gilchrist. They were taken to the Tombs. The men are charged with having engaged in wholesale gambling operations on the stock exchange, and with a failure to disclose a small panic on the stock exchange. The charges of fraud follow the action of the governing board of the stock exchange in expelling the men yesterday. Their friends claim they have been misled by the larger gamblers and J. P. Morgan for an example to stem the tide of public detestation of the operations of Wall street.

(United Press Leased Wire.) St. Louis, Sept. 25.—"Roosevelt shows himself to be a big liar when he says the present Democratic national campaign committee received \$300,000 from the preceding committee," declared William S. Cowherd, Democratic candidate for governor of Missouri, in an interview given the St. Louis Star and Chronicle today over the long distance telephone from Richmond, Mo. He said: "Every one realizes the impossibility of the last campaign committee having had \$300,000, even if the story is made of whole cloth and Roosevelt lies—he just plainly lies. "Roosevelt's defeat of Taft is assured, the Republican party is in desperate straits and Roosevelt is battling hard against the issue. He is trying to make himself an issue by injecting himself into the campaign and endeavoring to divert attention from the real issue, the mud-slinging contest now under way, to elect his pro- gressive party."

(Special Dispatch to The Journal.) San Francisco, Cal., Sept. 25.—Affidavits were filed in the United States circuit court yesterday by J. C. Stubbs, traffic manager, and R. B. Miller, general freight agent, at Portland, in the injunction suit of the Southern Pacific company and the California & Oregon Railroad company, against the inter- state commerce commission. The suit was brought to enjoin the commission from enforcing a rate of \$2.10 a ton on rough green fir lumber between Willamette river points and San Francisco, and bay points, this be- ing the rate established against the protest of the railroad officials, who claim that \$5 a ton is little enough. In his affidavit Mr. Stubbs says that the rate of \$5 a ton is a low rate, and that it is impossible to make the busi- ness pay at a lower rate; that the rate was originally \$5, but on the representa- tion of R. A. Booth and other lumber- men of the Willamette valley that they were in financial straits it was lowered to \$3.10, but with no promise that it would be permanent. He then assured them at the time that the rate was un- remunerative, and was only made to pull them out of a financial strait. Later it was raised, and these men ap- pealed to the commission, which result- ed in its being again cut. In his affidavit, Miller went over the same ground at greater length, calling attention to the fact that in 1898 there were only one or two small mills in the Willamette valley, but that after the rate had been reduced to \$2.10 a ton in 1899 to foster the business, the result was so apparent that there are now 150 large mills in the same section, that prior to 1901 the valley had no outlet for lumber to the east via Portland, but in that year and since the shippers have been able to compete with the Portland shippers in eastern shipments, the only difference being the tariff be- tween the local point and Portland.

STAFF OF O. N. G. IS REAPPOINTED

Salem, Or., Sept. 25.—Governor Chamberlain yesterday reappointed the present staff of the Oregon National Guard to serve during the pleasure of the gov- ernor. The only change made was that of Lieutenant Colonel Moore of Pendleton, who will be supplanted by Lieuten- ant Colonel George A. Hartman of the same city. The staff is now as follows: Brigadier-General William E. Finzer, chief of staff; adjutant-general, Colonel James Jackson, United States army attaché; inspector-general, Colonel Cecil H. Bauer, judge-advocate-general; Colonel John A. Waddell, commissary-general; Colonel Charles T. Chamberlain, surgeon-general; Lieutenant Colonel Thom- son, aide-de-camp; Lieutenant Colonel David L. Houston, aide-de-camp; Lieutenant Colonel George W. Hazen, aide-de-camp; Lieutenant Colonel George A. Hartman, aide-de-camp; Lieutenant Colonel Joseph Baumgartner, assistant adjutant-general. All except Lieutenant Colonel Hart- man of Pendleton and Lieutenant Colonel Baumgartner of Salem are residents of Portland.

The statement referred to by Cowherd was given by State Chairman Timothy L. Woodruff of New York, who, after a conference with President Roosevelt, said the president had de- clared it was strange that such a large sum of money should appear in the Democratic treasury immediately after the election in October. Woodruff said the president referred to the money having been "left over from the last campaign," but Woodruff inter- view was printed in New York and National Chairman Mack of the Demo- cratic committee wired Roosevelt ask- ing him to explain the statement, but Roosevelt ignored the Mack message.

CANADIANS VOTE ON OCTOBER 26

(United Press Leased Wire.) Ottawa, Canada, Sept. 25.—Earl Gray, governor-general of Canada, dissolved the ninth parliament of Canada on Tuesday, and writs were issued for a general election throughout Canada, re- turnable on October 26. Nominations to take place seven days earlier. The last parliament had another year to run, but owing to the very strong oppo- sition of the conservative party during the last session, and the many charges of graft and misgovernment which are being charged to the present liberal party Sir Wilfrid Laurier decided it best not to face parliament again, the result being that the election is to be held in October. Sir Wilfrid Laurier heads the liberal party with some changes in his cabinet. The Hon. Mr. Scott has retired and Thomas Murple takes his place. It is also expected that the Hon. Clifford Sifton, who a few years ago retired from the government, will again join the ministry and lead the fight under the leadership of R. L. Borden, and every indication points to a complete turnover and the election of Mr. Borden with the good majority from all parts of the dominion.

(Special Dispatch to The Journal.) Ritzville, Wash., Sept. 25.—A little daughter of Mr. and Mrs. Henry Meisner was thrown from a wagon and killed Sunday. The Meisners live in the country. They were getting ready to go to church. They put the child in the wagon with two other children. The parents left the team for a moment, and the spir- ited horses started away. They were soon running. Before run- ning far the fire and felly came off one wheel. The child was thrown out. Her neck was caught between two spokes on the broken wheel, and was caught in such a manner that the body was thrown around with the wheel until life was extinct. The other two children who were in the wagon were badly hurt but will recover.

CONTEMPT ORDER IN THAW CASE

(United Press Leased Wire.) Pittsburgh, Sept. 25.—The order of Judge Archbold, judging Harry K. Thaw in contempt of court for not appearing here in his bankruptcy proceedings, was filed today in the United States district court by Attorney Meyer, representing Roger O'Mara, Thaw's trustee. A warrant for the arrest of Thaw, signed by United States Commissioner Lindsay, was delivered to United States Marshal Stone today. Stone stated he had no right to serve the process outside of Pennsylvania. The warrant will be returned marked "Can't be found," and that Thaw will remain in his present quarters at White Plains, N. Y.

ELEVEN GIRLS SHUT UP IN REFRIGERATOR

(United Press Leased Wire.) Stockton, Cal., Sept. 25.—Eleven girls at the home of Mrs. W. H. Chestnut- wood, wife of the steward of the state insane asylum, spent two hours last night in the cooling plant before being rescued. They were sent in the cooling plant to get watermelon. The girls, when the door swung shut and locked itself. They were not missed in the party until two hours when a search revealed their plight. They were thoroughly cooled, but unharmed.

LESLIE CARTER DIES AFTER LONG ILLNESS

(United Press Leased Wire.) Chicago, Sept. 25.—Leslie J. Carter, who organized the South Side Elevated Railway company and was president of it, died at his home in this city today. Mr. Carter, who was the former husband of Mrs. Leslie Carter, the well- known actress, was partially paralyzed last November and had been in a state of coma almost constantly ever since.

GAUSS' CATARRH CURE

MAKES HUGE TIMBER BUY

(United Press Leased Wire.) Vancouver, B. C., Sept. 25.—W. H. White, millionaire sawmill owner of Boyce City, Mich., head of the firm of White Brothers, announced today that on behalf of that company and Chi- cago capitalists he had just completed the investment of \$2,000,000 in timber properties on Vancouver island. The tract purchased is estimated to contain 2,000,000,000 feet of timber. For this, approximately \$1,500,000 was paid by the purchasers.

It is the intention of the owners, ac- cording to the statement of Mr. White, to secure for the island the conveni- ence of any in the world. It will have a daily capacity of approximately 1,000,000 feet of lumber. It will be located at Alert bay, on the northern coast of Vancouver island.

OAKLAND LOSES ALMOST BLOCK

(United Press Leased Wire.) Oakland, Cal., Sept. 25.—Fire razed nearly a whole block in the manufac- turing district of Oakland today, caus- ing property loss totaling \$75,000. The entire block bounded by Second, Third, Washington and Clay streets was burned with the exception of the Bay City Iron Works, which was saved after a fire that threatened to engulf the building. The fire, which origi- nated in Long's hay market on Clay street, and almost before the firemen could arrive two-thirds of the block was a ruin.

The firms burned out include: Coats Stair Manufacturing company, Stand- ard Planing Mills, Reid Planing Mills, on Second street; Reliance Machine Works, C. E. Peri Pattern Works, Lav- erell's auto and Parcell's Sargo man- ufacturing works on Washington street; Long's hay market, Cerro-Hower com- pany and Powell's horse market on Clay street.

Every piece of fire fighting apparatus in the city was called to the blaze, which for a time, threatened the whole waterfront.

Half a dozen persons barely escaped with their lives when a number of safes in the Excelsior building came tumbling down upon them from an upper story, but nobody was hurt.

a practice cruise. Orders were received from Washington today, assigning Com- mander J. J. Knapp to the vessel. Cap- tain Knapp was formerly chief of staff for Admiral Dayton of the Pacific fleet and is one of the most experienced na- vigators in the navy. His crew is already assembled aboard the training ship Independence, and as soon as she is put into commission she will be started out on her test. The name of the Wyoming is to be changed to Chryseis when she is put into com- mission, because one of the new battle- ships is to be called the Wyoming. If the tests made by the monitor are successful, it is probable all will be in- stalled as a fuel aboard the larger ships of the navy, especially those of the Pa- cific fleet. It would mean a tremen- dous saving in the tonnage of the fuel required for long voyages and render the American navy independent of for- eign countries for fuel.

Torturing Animals To Assist Science

Is a Cruel Method to Follow, but It Has Saved Many Human Lives.

Prof. Pawlow, of Russia, was en- gaged for many years in experimental work, trying to learn the workings of digestion, especially the digestive glands. He, with able assistants, operated upon dogs, cats, guinea pigs and other animals. His methods were seemingly painful, but he gave to science a work which won the Nobel prize and made for him an undying fame. Science penetrated the secrets of na- ture. Prof. Pawlow saw animals digest food. He analyzed juices from every part of the digestive canal and stom- ach under all conditions of digestion. He spent years of ceaseless study amid the howling and dying beasts. They were, and science today looks upon him as a great man. "To do a great right do a little wrong," Shakespeare said, and Prof. Pawlow obeyed this trite saying. Stuart's Dyspepsia Tablets are pre- pared by the most scientific process. They are produced by modern appli- cations, and meet the demand of 20th century chemistry. They give man the means to correct his infirmities of stomach and digestive organs. They enrich the blood, give nature the juices and fluids she lacks, stop the formation of noxious gases and the fer- mentation of food. They neutralize powerful acids and alkalies, which irritate and devour the stomach. They pre- vent and relieve bowel and intestinal trouble and soothe the nerves. They should be used after every meal, whether one has dyspepsia and stomach trouble or the stomach be nat- urally healthy. By their use one may eat at all hours and whatever, one de- sires and they help the system digest or throw off such food. They are thor- oughly meritorious as their tremen- dous sale and popularity illustrate. Every drug store has them for sale, price 50c per package. If you would like to test their merits free, send me your name and address and we will send you a trial package by mail with- out cost. Address F. A. Stuart Co., 160 Stuart Bldg., Marshall, Mich.
