WINTER SCHEDULE EFFECTIVE AGAIN

Harriman Liners to Sail in Evenings From Now On.

FOUR VESSELS IN FROM SAN FRANCISCO

Steam Schooner Johan Poulsen Brings Capacity Freight, Including Large Shipment of Coffee—George W. Elder at Dock This Evening.

With the departure of the steamer State of California next Friday afternoon at 4 o'clock, the San Francisco & Portland Steamship company will resume its winter's schedule between this city and San Francisco. It will eliminate the scenic feature down the Columbia to a certain extent, but will send the steamer into the open sea at daylight instead of during the night, as under the summer schedule.

The State of California, Captain Nopander, arrived here late last night, bringing 160 passengers and a full cargo of freight. She encountered fair weather all the way coming north, the heavy storm that raged a few days ago having subsided and left the ocean again almost as smooth as a mill pond.

The steamer George W. Elder, Captain Jessen, of the North Pacific Steamship company, reached Astoria this evening. She, too, encountered good weather and reached port exactly on schedule time.

The steam schooner Johan Poulsen, which arived here last night, is at Oak street dock discharging freight, after having delivered a large consignment of dynamite at Kalama. The Johan Poulsen came into the harbor with the largest freight brought here for a long time by one of the independent boats, every inch of space being occupied. Included in the cargo is 1,000 barrels of asphalt, 6,000 sacks of cement and 2,000 sacks of coffee. She will take grain and lumber for return cargo.

The steam schooner Yosemite will be in the harbor late this afternoon from San Francisco to load a return cargo of lumber.

JAPANESE SHOW SPEED.

Steamer Fukui Maru Comes From Hakodate in 18 Days.

The Japanese steamer Fukui Maru showed speed by coming here from Hakodate in 18 days—as good time as is made by the regular trans-Pacific liners. Captain K. Nakagama says fine weather was encountered all the way. Everybody on board hails from the land of the rising sun.

The Fukui Maru berthed at Banfield's dock upon her arrival in the harbor at 8 o'clock this morning, and stevedores were put to work immediately to get the heavy oak timbers brought here from northern Japan out of the hold. The cargo measures 1,316,151 feet and is valued at about $50,000.

Captain Nakagama has not been advised yet whether or not the steamer is under engagement for outward cargo, but he believes she is to go to Vancouver, B. C., to pick up a cargo of breadstuffs or general freight for the orient.

The Fukui Maru was here two years ago, and Captain Nakagama had not forgotten the acquaintances made here then. Most of the officers are somewhat acquainted with the English language. During the Russo-Japanese war the Fukui Maru was a blockade-runner until some well-directed shots from a Japanese cruiser brought her to a stop and she was seized. The marks of two spent shells are still visible on the vessel's starboard side a few inches above the Plimsol mark.

Coming across the ocean the Fukui Maru sighted the Nippon Yusen Kaisha liner Tangu Maru, bound for the orient from Puget sound.

QUARANTINE RAISED.

San Francisco Steamers No Longer Subject to Regular Detention.

San Francisco, Cal., Sept. 29.—San Francisco merchants are rejoicing because the government has raised the quarantine on all vessels going from this port. Word was sent out from Washington yesterday that vessels from San Francisco need not be inspected unless sickness is discovered.

Action to the above effect was taken at the recommendation of Dr. Blue, who has been in charge here since the plague scare of last spring. Dr. Blue stated that it had been so long since a case of the disease had been reported that he thought it wise to take off the quarantine.

(Special Dispatch to The Journal.)

Astoria, Or., Sept. 29.—Quarantine Officer Holt has received notice from the department at Washington that the regulation requiring the inspection of vessels arriving from San Francisco on account of the plague has been discontinued.

TIES UP AT GOBLE.

American Ship Berlin Goes Into Quarters for Winter.

Having discharged her cargo of canned salmon, the American ship Berlin yesterday was towed from Albina dock to Goble, where she will be tied up for the winter and left in charge of a watchman.

The Berlin was one of the first Bristol bay salmon cannery ships to return this season, having been beaten to the Columbia river only by the American bark Henry Villard, which is now discharging her salmon cargo at Astoria. The St. Nicholas came in a few days after the Berlin. Both the latter and the Henry Villard will also tie up for the winter at some convenient spot down the river, probably at Clifton.

IN BALLAST FOR AUSTRALIA.

British Tramp Steamer Boukir Coming for Wheat.

The British steamer Boukir is coming here from Newcastle under charter to load wheat for Europe. She is coming in ballast. The steamer registers 2,316 tons net. This is the second steamer to come from Newcastle this season in ballast to carry wheat for Europe, the first being the Magdala, which is now loading here.

The Magdala brought enough coal with her to steam her from this port to Coronel, the South American coaling station, and will save some on her full bill going home. It is probable that the Boukir, too, will bring a supply of fuel for her own use on the homeward bound voyage.

MARINE NOTES.

Astoria, Or., Sept. 29.—Arrived at 6 and left up at 8 a. m.—Steamer Geo. W. Elder, from San Pedro and way ports. Arrived at 8:50 and left up—Steamer Yosemite, from San Francisco.

San Francisco, Cal., Sept. 29.—Arrived at 1 a. m.—Steamer Jim Butler, from Columbia river.

Astoria, Or., Sept. 28.—Left up at 2:30 p. m.—Steamer State of California. Sailed at 2:15 p. m.—British ship Largiemore, for Port Natal. Arrived at 3:40 p. m.—Steamer Geo. W. Fenwick, from San Francisco.

San Francisco, Cal., Sept. 28.—Sailed at 2 p. m.—British steamer King George, for Portland.

Hobart, Sept. 28.—Arrived previously—French barks Crillon and Sully, from Liverpool for Portland.

Astoria, Or., Sept. 29.—Condition at the mouth of the river at 8 a. m., smooth; wind southeast, two miles; weather clear.

Tides at Astoria Wednesday—2:48 a. m., 7.0 feet; 3:29 p. m., 6.3 feet; 9:34 a. m., 2.0 feet; 10:34 p. m., 0.8 feet.

Taku Bar, Sept. 29.—Arrived yesterday—Steamer M. S. Dollar, from Portland.

Hongkong, Sept. 29.—Arrived—German steamer Alesia, from Portland. Sailed Sept. 28—German steamer Arabia, for Portland.

SAW FRIEND DROWN

Sailor Hanson Made Heroic Effort to Save Companion.

K. A. Hanson did everything he could to save his shipmate, Fred Nelson, when the latter was drowned in an attempt to swim ashore from the British ship Wynnstay, that lies at anchor in the stream off the mills of the North Pacific Lumber company. Hanson was also in the water and about five yards away when Nelson cried out that he could no longer keep afloat.

Hanson was arrested this morning, and placed in the city jail on the charge of deserting a vessel. He is 24 years of age, a native of Stockholm, Sweden, and as fine a specimen of a sailor as ever reached this port. Being an athlete and expert swimmer, he says he could have saved his shipmate had the latter cried for help before the moment he went down.

"I met Nelson in Valparaiso," said Hanson this morning, "and we concluded to ship on the Wynnstay bound for Portland. We were not satisfied with the ship, and so decided to swim ashore. At 10 o'clock last night we put our clothes in a tub, tied life lines to our waists and jumped overboard, intending to tow the tub containing the clothes to shore.

"It was dark, but the water was not very cold, and we made good headway until about midway between the ship and the west shore, when Nelson told me his foot had gotten caught in the line towing the tub. I dove down, and after considerable difficulty freed his foot and released the rope from his waist, telling him to swim for shore, as I could easily tow the tub myself.

"He swam about five yards and then cried out that he was gone. He disappeared the next moment. I swam about for some 10 minutes or more, but he did not come up again, and finally struck out for shore, where a man living on a scow assisted me out of the water. Then we reported to the police.

"Nelson was aged about 25 years, and a native of Halmstad, Sweden."

Chaplain Bernays of the Seamen's institute notified the captain of the Wynnstay this morning that he will arrange for the funeral in case Nelson's body is recovered. He will also hold services this afternoon on board the ship.

The Wynnstay arrived here day before yesterday after a very stormy voyage from Valparaiso under charter to carry wheat to Euope.

ALONG THE WATERFRONT.

The British ship Aberfoyle began discharging ballast at Greenwich dock this morning.

District Forecaster E. A. Beals returned from Coos bay this morning and leaves for Astoria this evening to continue his tour of inspection.

A large snag is proving a menace to navigation off the Ash street dock and steamboat men will probably apply to the government engineers to have it removed at once.

The Seamen's institute celebrates its tenth anniversary this evening at the institute, Front and Flanders streets. A fine program has been arranged. The public is invited.

The schooner Benicia was chartered yesterday by the Pacific Export Lumber company to carry a cargo of railroad ties to Guaymas, Mexico, from one of the mills on the lower Columbia.

WEATHER REPORT

The storm that enveloped the great lakes Monday morning has spent its energy, and another low barometer area has developed over the British Northwest and is now central over Saskatchewan and Manitoba. An extensive high barometer area covers the country from Washington southeastward to Colorado and New Mexico and thence eastward to the Atlantic. Rain has fallen over the Atlantic states, the lake region and the British Northwest during the past 24 hours, but with the exception of Manitoba, the Dakotas, the lower lakes and New England, clear skies prevail this morning. It is warmer from the great plains westward to the Pacific, the rise in temperature being quite marked from the Cascade mountains eastward to the Dakotas. It is decidedly cooler over the Atlantic states, the upper Ohio valley and the great lakes.

The indications are for fair weather with but slight changes in temperature over this district tonight and Wednesday.

MEN!

WE CALL your attention to our wonderful success, which is due to the fact that we really have no competitor on this Coast, as our staff is complete and is composed of America's most distinguished specialists, each of whom is well known to the profession, hospitals and the community as a man whose life has been spent in curing men.

DON'T BE A WEAK MAN

TO ADMIT that you are but **HALF A MAN** causes more **MENTAL SUFFERING** and worry **THAN ANY OTHER AILMENT.**

NO MATTER what form of trouble or **"weakness"** you may have, it **CERTAINLY** is to your advantage to consult us before you even **TRY** elsewhere. Our modern and thoroughly scientific methods are certain to effect a **PERFECT** and a **PERMANENT CURE** in each case that we undertake. Our institution is the most perfectly equipped for the treatment of **ALL DISEASES** common to men.

OUR FEE $10 IN ANY SIMPLE CASE

We Positively Guarantee to Cure Every Case We Undertake and You Pay When Cured

ON ACCOUNT OF OUR **EXTENSIVE PRACTICE** AND RECENT **INVESTIGATIONS** WE HAVE **ACQUIRED** THE **SKILL** TO **MAKE CURES** WHICH SEEM IMPOSSIBLE **TO OTHERS.**

TAKE NOTICE We positively guarantee to cure Acute Discharges in SEVEN DAYS. THESE AILMENTS are the stumbling blocks of the profession and men are treated for years without success. We make cures in seven days, which average physicians consider impossible.

WE CURE WEAKNESS, LOST VIGOR, SPERMATORRHOEA, SPECIFIC BLOOD POISON IN ALL STAGES, VARICOCELE, HYDROCELE, CONTRACTED DISORDERS, RUPTURE, OR ANY OF THE DISEASES COMMON TO MEN.

If you cannot call write for Self-Examination Blank. Many cases cured at home. Hours—9 a. m. to 8 p. m. Sunday, 9 to 12.

ST. LOUIS Medical and Surgical DISPENSARY

CORNER SECOND AND YAMHILL STREETS, PORTLAND, OREGON

Pick Them Out

Pick out the men who have used Electro-Vigor and you will see men of force, men of power and confidence, men who respect themselves and are respected and admired by their fellow-men.

Who does not like to be strong, to feel that he is equal in strength to any man of his age? You can be if you will obey the appeal here made to you.

Drugs have been tried and have failed. You know that; but Electro-Vigor cannot fail; it is electricity, and "electricity is life." It gives you the oil with which to set the machinery of your body in motion, and a month's use of it will give you health and happiness.

* * *

Electro-Vigor is the electric, invigorating device that pumps a stream of vim into your body while you sleep. It renews the spirit of ambition and bustle. It makes men out of slow-going, discouraged weaklings. If you have a pain it drives it out. If you have stomach trouble, varicocele, lumbago, sciatica, kidney or liver complaint or just a loss of nerve force, Electro-Vigor will restore you to perfect health.

* * *

I began the use of Electro-Vigor about five weeks ago, and as a consequence am getting stronger every day. I have gained 10 pounds in weight, my manly strength is returning and I feel better generally.

I WANT YOU TO READ THIS IF YOU ARE A WEAK MAN

Even If Others Have Failed to Cure You

DR. TAYLOR, The Leading Specialist

Do you feel that your manly strength is slipping away? Are you weak, nervous, fretful and gloomy, have pains and aches in different parts of the body, your sleep disturbed, weak back, headache, despondency, melancholia, palpitation of the heart, unable to concentrate your thoughts, poor memory, easily fatigued, specks before your eyes, aversion to society, lack of ambition, will power depleted, dizzy spells, vital losses, poor circulation, feel cold, lifeless and worn out, primarily induced in many cases through abuses, excesses, overwork, etc.? If so, then I warn you. Do not delay longer.

The methods I devised twenty years ago for treating men's diseases proved a radical step in medical science. Those methods have enabled me to cure diseases that were formerly regarded as incurable. In working out my methods, I held the theory that "WEAKNESS," for instance, was not a constitutional or functional ailment, but a prostatic affection, and, therefore, merely local. I reasoned that its constitutional effects were simply the results of a tremendous waste of energy due to inflammation of the prostate gland; that this being true, a local treatment could alone effect a cure. Thereupon I devised the treatment I employ today with such marked success. Indeed, I have never known this treatment to fail to effect a complete and permanent cure in a comparatively short time.

My Fee for a Cure is $10 In Any Uncomplicated Case Pay Me When Cured

No Man Need Be Weak

My treatment for other diseases peculiar to men are also along original lines, and are equally successful. Hence I reiterate that no man need be WEAK and AILING. My Special Treatment is an open door to manly vigor and all the pleasures that belong to perfect health. Any man may avail himself of my services. It has been and is my life's work to aid afflicted men, alleviate their sufferings and restore them to health and vigor. I have therefore placed the charge for my services within the easy reach of any man, no matter what his circumstances. To PROVE faith, I WILL WAIT FOR MY FEE UNTIL YOU ARE CURED. No man could be fairer than that. I take all the risk. You take none whatever. You have everything to gain and absolutely nothing to lose.

Delay Is Dangerous

Men whose vitality is exhausted, those who have some private disease or weakness lurking in their system, and who are prematurely old, while still young in years—broken down wrecks of what they ought to be, and who want to be strong and to feel as vigorous as they did before they wasted their strength, to enjoy life again, to win back the vim, vigor and vitality lost, should consult with me before it is too late.

My Direct-Method Treatment Offers a Positive CURE for Every Ailing Man

I Cure "Weakness"

"Weakness" is not a nervous disorder, demanding a tonic system of treatment, but is merely a symptom of chronic inflammation or congestion in the prostate gland. This condition exists as a result of early dissipation or some improperly treated contracted disorder, and requires carefully directed local measures only. By my own original methods, the prostate gland is quickly restored to its normal state, which results in full and complete return of strength and vigor. My cures are permanent because the condition responsible for the functional disorder is entirely removed, and I am convinced that by no treatment other than my own carefully directed local measures is a radical cure of this ailment possible.

Contracted Disorders

The serious results that may follow neglect of contracted diseases could be scarcely exaggerated. Safety demands an absolutely thorough cure in the least possible time. I have treated more cases of contracted disorders than any other physician upon the Pacific coast. My cures are thorough and are accomplished in less time than other forms of treatment require in producing even doubtful results. I employ remedies of my own devising, and my treatment is equally effective in both recent and chronic cases.

I also permanently cure SPECIFIC BLOOD POISON, STRICTURE, NERVO-DEBILITATION AND ALL REFLEX AILMENTS.

Consultation and Diagnosis Free

I do not charge for advice, examination or diagnosis. If you call for a private talk with me you will not be urged to begin treatment.

If you cannot call, write for Diagnosis Chart. My offices are open all day from 9 a. m. to 9 p. m. and Sundays from 10 to 1 only.
