HAIR GROWS HAIR AND WE CAN PROVE IT!

A lady from Minnesota writes:

"As a result of using Darrine, my hair is close to five feet in length."

Beautiful Hair at Small Cost

HAIR troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair does not fall out, for the reason that it is simply a product of the scalp and wholly dependent upon its action.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment; when baldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed upon.

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Now at all druggists in three sizes, 25c, 50c and \$1.00 per bottle.

FREE To show how quickly Darrine acts, we will send a large sample free by return mail to anyone who sends this free coupon to:

McKENNAN DARRINE CO., CHICAGO, ILL.

with their name and address and 10c in silver or stamps to pay postage.
