

CAMPAIGN REFLECTIONS

By J. O. Kuhn.

A few days ago Mr. Bryan wired his managers in Lincoln, Neb., to have all pictures and banners of himself and the streets of that city during the visit of Mr. Taft. Only a short time ago Mr. Bryan visited Cincinnati, the home of Mr. Taft and delivered several speeches. Did Mr. Taft request that a like courtesy be shown to the Democratic candidate at that time? No. Instead, "Boss" Cox, the most unscrupulous politician that state has ever known, outside of Mark Hanna, had the city covered with lithographs of Taft and Sherman. This is only a small matter, perhaps, but it shows quite distinctly the difference between the two presidential candidates.

I had occasion a few days ago to read some of the "editorials" that are being sent out by the Republican campaign committee to the Taft papers in this state and to read a number of these so-called "editorials" as published by some of the papers of Oregon. It will be remembered that "The Great Teddy," some time ago, aside from having removed from our coins the sacred emblem, "In God We Trust," and selling American mothers how many children they should bring into the world, besides lecturing the people on frequent occasions about things which were clearly none of his business, undertook to simplify our system of spelling by the use of such abortions as "alphy thru," etc. These "editorials" are sent out to the Republican press of this state in the "simplified" spelling style, and "noticed that many of the 'briny' pencil-pushers had published them verbatim." It caused me to wonder if the "Big Stick" of Oyster Bay and Washington is not actually writing the editorials as well as the speeches for the Republican candidates. I would like to see a higher grade of intelligence exhibited by the country editors of this state, who are trying to fool the people in order to get a snide post-office job.

Mr. Bryan wrote his own letter of acceptance and is making his own speeches. No man controls him. He is his own master, and that is the reason all the "interests" are against him. They know that should he be elected president he would do more than a lot of bluffing. They have found Teddy to be "safe" and are confident that Mr. Taft, who has no ideas other than those handed out to him by his chief, will continue the policy of not seriously interfering with their affairs. Do the people of Oregon, who have lately taken such advanced strides toward better government, want the "interests" curbed, or do they want them to have a stronger foothold in this country than they already have? The choice is up to you. Whom do you prefer—Bryan or Taft?

The Republican candidate is going about the country telling the laboring men what a great friend he has been to them. He assumes too much. His record against the interests of labor is well known, and while he may be able to fool a few of them, the great majority of the toiling masses of this country are going to vote for the tried and true friend, the great leader of Democracy.

\$100.00 REWARD

Would gladly be paid for a cure by many people who are crippled with rheumatism, yet if they only knew it, they can be cured by a few bottles of Ballard's Snow Liniment and the price is only 25c. See ad \$1.00 per bottle. Sold by Skidmore Drug Co.

FROM A CIVIL WAR VETERAN

Tells How He Was Cured of Rheumatism After Fifteen Years of Suffering

Mr. John D. Laughlin, whose address is R. F. D. No. 1, Burns City, Martin Co., Ind., is known and highly respected throughout that county and has lived on his present farm for 43 years. During the civil war Mr. Laughlin served in company B, 27th Indiana Volunteers and his sickness was the direct result of the hardships of the war. After years of pain he found a cure in Dr. Williams' Pink Pills and his statement should be read by every rheumatic sufferer.

"I was discharged from the army in September, 1864, a physical wreck, weighing only 77 pounds," he says, "and soon after became seriously afflicted with rheumatism. My feet and ankles were swollen and my arms were drawn up stiff and at times I could not lift them for they felt like lead. There were darting pains that shifted from one part of my body to another and kept me in misery all the time. At night I could not sleep and my heart troubled me. I was frequently confined to my bed. I tried several doctors but got little help and no encouragement from them for they said I could not expect to live for more than a year or so even with the best of care and advised me not to try and work. I then tried many remedies, but with little benefit until I began to use Dr. Williams' Pink Pills. I had been sick for about 15 years before I read about these pills and bought two boxes for a trial. These helped me some so I kept taking them until cured. I always keep them on hand to take occasionally if I feel I need a tonic. I gained in weight and have done as much work as most of my neighbors. I often recommend Dr. Williams' Pink Pills for I can't help speaking well of them."

Dr. Williams' Pink Pills are a tonic for the blood and nerves and have proved especially helpful to women and growing girls. They were used extensively in private medical practice and, proving efficient in a wide range of diseases and absolutely safe in all cases, were placed upon general sale with directions for use prepared by the doctor himself.

These pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

LAST MONTH A VERY DRY SEPTEMBER

September of this year had, with two exceptions, the least rain of any September for the past 33 years, according to the records of the weather bureau. The two exceptions were in 1873 and 1898. In other respects the month was quite ordinary, remarkably fine weather being the feature. The mean temperature for the month was within one degree of the average.

During the entire month just closed it rained but 0.23 of an inch, whereas the average September rainfall is 4.74 inches, thus showing a deficiency of 1.51 inches for the month. Nearly all the rain of last month fell on the 19th, the only day having rain worthy of speaking of. The month had 17 clear days, 7 partly cloudy and 6 cloudy.
