

BRIEF AND NEWS

Homer Davenport's Taft Cartoons Fail to Influence His Family, as Uncle Sends Money to Aid the Democratic Candidate.

Democrats of Oregon are showing great interest in the campaign fund now being raised by the special committee recently appointed and working with State Chairman Sweek and the state central committee. Though appointed only a short time ago and hardly yet well started in its work, the committee has met with good success and already subscriptions amounting to \$411.50 have been received.

One of the noticeable features of the subscription is the fact that there are many small subscriptions rather than a few large ones, showing that the people throughout the state are taking an interest in the campaign and are willing to add their mites towards financing it.

One interesting feature of the contribution list as compiled to date shows that B. F. Davenport of Silverton, Or., has donated \$2 to the fund. Mr. Davenport is an uncle of Homer Davenport the cartoonist who is now drawing Taft cartoons. The pictures by the nephew do not seem to have much effect on the rest of the family. All checks carrying contributions to the Bryan fund should be made payable to Jefferson Myers, chairman of the financial committee. Contributions should be addressed to Bryan fund in care of the Portland Journal. The list of donations received to date is as follows:

J. F. Hess, Dundee, Or.	1.00
P. McCleskey, city	1.00
H. L. Hagby, Dundee, Or.	1.00
George Baker, city	1.00
F. I. Phillips, city	1.00

Cash, Medford	5.00
Total	\$411.50

LOST MINISTER

(Continued from Page One.)

has been in his favor and it was on the hope of some day obtaining this money that he said to have promised many thousands dollars to different friends who have cared for him and to several churches.

Rev. Mr. Houghton said this morning that he went to San Francisco for the purpose of dealing with a clerk of a certain court in regard to the estate. While in the Bay city he says he was robbed of \$500 in gold and papers worth many hundreds of dollars, and while talking on the subject he said: "I mistrust that the same man who robbed me of \$200 on the last day of March and again on primary election day, followed me to San Francisco and robbed me again."

Mr. Houghton is as independent as if he was a young man beginning his career. He has many friends who would be glad to care for him but he declines to go to their homes for the reason that they are, as he expresses it, "as poor as he is."

When he arrived at the office of the county board of relief he complained of being sick and J. Carr, who is in charge of the office, sent him out for medicine and has put him in the care of a physician. Mr. Carr says he does not know what is the matter with him, but says he is sick. It is the belief of some of his friends that his mind is affected, but he says that he has lost none of his faculties, but is determined, now that he has nothing left to do for the poor farm and he has no trouble or expense to his friends.

Mr. Carr will communicate with the officers of the Ministerial association and ascertain whether they will care for their aged brother.

"It seems to me," said Mr. Carr, "that it would be a great reflection on the Methodist church, which you have served all your life, for them to allow you to go to the poor farm at your age."

FREE PHONES

(Continued from Page One.)

the lower, was accepted for a minimum of 14,000 lineal feet and as much more as Parkkeeper Mische should find necessary to complete his plans. The bid was 12 1/2 cents a foot. The other bid was 17 cents a foot.

Says Old Road Fenced.
M. Kerhill appeared before the board to protest against the fencing of Macleay park so as to shut off access to his home by the route which he has used for the past 30 years. He claims a right of way. The matter was referred to the city attorney for an opinion.

A petition was received from E. H. Heat, an employe of the city, who is standing, asking that he be made a permanent park foreman at a salary of \$100 a month. This was referred to Mr. Mische.

It was reported to the board that the Pecos Flume company is making repairs on its flume through Macleay park. A resolution was adopted instructing the city attorney to inform the board whether the city has a right to demand the removal of the flume.

Annex to Columbia Park.
A resolution was adopted calling upon the park committee of the council to make an early report on the matter of acquiring a 65-foot strip running the width of Columbia park on the south side. The committee appointed to find out the cost of this reported that it can be secured for about \$15,000. An estimate of expense for last year made by the board was ordered to be referred to the city council. The board was originally for approximately \$15,000 but this was cut down to \$11,000.

EIGHT VETERANS OF LAST YEAR

O. A. C. Football Team Is Strengthened by Some Crack Players.

(Special Dispatch to The Journal.)
Oregon Agricultural College, Oct. 2.—Eight veterans of last year's football team are now in the squad, as follows: Cady and Dobbin, ends; Jamison, tackle; Pendergrass, guard; Kelly, center; Cooper, half; Gagnon, quarter and Wolff, fullback. The unexpected arrival of Jamison, all-northwest tackle of last year was an incident of yesterday that sent college circles into delight. New men in Parker, a giant high school man from southern Oregon, Endberg, former captain of Baker City high, and Hastings of Portland high, together with Francis and other second team men of last year, gives Coach Norcross a fairly good bunch for his purposes.

NURSE OF SCHOOLS IS HER POSITION

Mrs. Rachel Shatto, Who Has Been Appointed School Nurse.

Mrs. Rachel D. Shatto, who was appointed city school nurse by the health board yesterday, is thoroughly conversant with the duties of her position, having studied the system of schools in the west which have adopted the plan of having nurses. Mrs. Shatto is an especial favorite among the children.
