CASEY'S BINGLE CLINCHES GAME

Umpire Flynn Chases Three Beavers for Persisting in Conversation.

(United Press Leased Wire.)

San Francisco, Oct. 3.—Pearl Casey's two-base hit, his second of the afternoon, sent Jack Graney over for the winning run in the tenth inning of the game between the Beavers and Oaks yesterday. The score was 9 to 7 and the game was anybody's till the last man was out.

Umpire Flynn chased three of the northerners to the clubhouse, including Tom Raftery, who was warming the bench but who left it for a moment to engage in conversation not to Flynn's liking. Pitcher Groom was shooed first because the long fellow thought Flynn's eyesight poor on balls and strikes. Cooney and Raftery then put in and went out, too.

Eight errors on the part of the Commuters assisted the northerners in carrying off the game. Loucks was hammered hard in several innings, and when he gave way after the ninth to Kid Lewis, the center fielder, nine bingles had been gleaned from his offerings. Casey's winning swat was made off the delivery of Lewis, while Kinsella, who had relieved Garrett in the eighth, after Joss had taken Groom's place, prevented the Greeks from becoming dangerous.

The Oaks took the lead with one run in the first inning, but they were passed in the second when the visitors piled up four tallies on two hits and a couple of errors. The McCredieites made another in the third, but lost the lead, when Oakland made three runs each in the sixth and seventh innings, Portland tied the score in the eighth and won out easily in the tenth.

Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

ACTON BENEFIT ON EARLIER DATE

Multnomah Club Changes Smoker to October 14—Fine Program.

Multnomah club's big benefit smoker for Joe Acton, the veteran wrestling instructor, who recently resigned, has been changed to an earlier date, the event taking place October 14 instead of October 16. This was decided upon when it was found the date conflicted with that of the horse show.

The club athletes will provide one of the best boxing and wrestling programs ever offered in Portland to lovers of the sport. There will be five boxing matches, participated in by such boxers as Henry Niecken, Lee Hughes, Miller and Crosby, and wrestling matches with E. D. Smith, Otto Ott, William Dennis, Finnegan, Meyers, Killeen, Rasch and Ed Johnson in the lists.

Wrestling Instructor O'Connell will probably go on the mat for an exhibition bout with Ed Johnson, the club's big heavyweight. If arranged this will be unusually attractive, since it will be the first public appearance of the new instructor.

Soccer Season Opens Today.

The soccer football season starts off this afternoon at the league baseball grounds in a game between the Multnomah and the Columbia teams, play starting at 3:30 o'clock. Much interest is being expressed in the league and the game this afternoon and tomorrow will be followed with considerable enthusiasm. Tomorrow the Albina Caledonians and the Crescents play at the same place.

CLUB TOURNEYS WILL BE ARRANGED FRIDAY

Representatives of the athletic clubs of Spokane and Seattle will meet with Edgar Frank of the Multnomah club next Friday night to arrange the inter-club boxing and wrestling tournament for the winter. Billy Inglis is coming from Seattle and Fred Blomberg from Spokane.

In the meeting all matters pertaining to the club meet will be settled with the arrangement of the schedule. Seattle is entitled to the Pacific coast tournament this year, and it will probably be held in connection with the A.-Y.-P. fair there next year.

WILLAMETTE FOOTBALL MEN ARE TURNING OUT

(Special Dispatch to The Journal.)

Willamette University, Salem, Or., Oct. 3.—A good sized football squad is reporting for practice each evening on Willamette field and prospects for a strong team are brighter than for some time.

Coach Kerby is fast rounding his men into form and it is confidently expected that "Old Willamette" will be able to give Multnomah a hard rub when they meet in Portland, Saturday October 10. Willamette will meet Albany college at Salem, Saturday, October 17.

Willamette was slow this year in engaging a coach and for awhile athletes at Salem were discouraged with the outlook. Now everything seems brighter and the old fighting spirit is fast returning.

FORBES SENDS SQUAD THROUGH SCRIMMAGE

(Special Dispatch to The Journal.)

University of Oregon, Eugene, Oct. 3.—Owing to the recent rain the football field was in condition yesterday for scrimmage work. This is the first real scrimmage work of the season and as the men were not accustomed to it they were frequently changed. There are over three teams out every day and Coach Forbes will put them through scrimmage work daily. He is not playing any of the men continually at any one position but changes them frequently, giving each a chance to learn the different positions. The training table will probably be started in a short time, although definite arrangements have not been completed as yet.

Johnson Attacks Seconds.

(United Press Leased Wire.)

Los Angeles, Cal., Oct. 3.—When Battling Johnson's second threw up the sponge last night to save their fighter from further punishment by Jim Barry, the Chicago heavyweight, Johnson attacked his seconds and beat them severely. Neither fighter showed much class, Johnson being badly worsted by the unwieldy Chicagoan.

DATES OF RAILROAD COMMISSION HEARINGS

(Salem Bureau of The Journal.)

Salem, Oct. 3.—During the second week in November the railroad commission will hold a number of hearings in the eastern portion of the state for the purpose of determining whether the grain rates on the Oregon Railroad & Navigation company and its branches are reasonable and legal. Following are the dates for the separate hearings:

At Pendleton, November 4—To investigate the rates on the main line. There will probably be an adjourned session of this hearing at La Grande. It will take several days to receive all the evidence.

At Wasco, November 9—To take evidence regarding rates on the Shaniko branch.

At Heppner, November 13—To take evidence on the Heppner branch.

At Condon, November 11—To investigate the rates in force on the Condon branch.

Notaries Commissioned.

Salem, Or., Oct. J.—Commissions as notaries have been issued to H. E. Slattery, Eugene; Blaine McCord, Woodburn; O. D. Sturgess, Arlington; E. D. Sperry, Coquille; Sanford Ennison, Nyssa, and A. M. Markham, Portland.

THE X RAY FOUND THE STONES

We have an important letter from Mr. Harry L. McDuffee, a member of the firm of H. C. DeWolfe & Co., the Merchant Tailors of the Crocker Bldg., San Francisco.

The case was a puzzling one. There was pain in the kidneys, with a showing of blood. He was examined by seven prominent physicians. The examination proved that the blood was from the kidneys, and it was the opinion of all the doctors that there was a stone cutting the kidneys, as the least exercise caused a showing of blood.

Four X-Ray pictures were taken, three of the four showing a stone about half an inch in diameter.

To be certain that it was a stone that cast the shadow a similar stone and about the same size taken from a patient was put under him for comparison, both stones showing on the plate.

An operation was about decided upon when Fulton's Renal Compound was recommended to McDuffee.

He had been sick and had been unable to attend to his business for over nine months, but showed improvement the first week. Within the next ten weeks the blood and pains ceased and he went about his work as usual. He took the treatment about six months before he considered himself well.

As showing the correct diagnosis, McDuffee states that smaller stones were eliminated about ten years before he had this attack. He writes us: "I feel that I owe my life to Fulton's Renal Compound, and you can use this letter in any way that you desire."

This case was no surprise to us, for we have had many recoveries in such cases although our literature says very little on this subject. It is a fact that the writer knows personally of probably a dozen recoveries and without a single failure. This does not mean that there have not been failures, for there may have been several for every one of the successes, but it is important to know that so far as our records go no failure in this class of cases has been reported.

Fulton's Renal Compound is the one used for kidney disease and for stone in the kidneys.

For diabetes get Fulton's Diabetic Compound.

JOSS' FEAT VIES WITH CY YOUNG'S

Third Time in Baseball History No Player Reached First Base.

(United Press Leased Wire.)

Cleveland, Oct. 3.—Addie Joss, Cleveland's star twirler, now stands alongside of Cy Young as a pitcher, for yesterday he pitched a no-hit no-run game against Chicago, in which only 27 Chicago men faced him in nine innings, and not one of them reached first base safely. This feat has been accomplished but twice before in the history of baseball, once by Cy Young, when, May 5, 1904, he defeated the Philadelphia Athletics, and again over 28 years ago, when Lee Richmond of Worcester defeated the Cleveland team July 12, 1880.

The big pitcher was in great form, and mowed the Chicago batters down in one, two, three order. Manager LaJoie helped him out wonderfully by making a number of difficult and spectacular stops. Walsh was in good form, too, and struck out 15 men. However, he was partly responsible for the run scored by the Cleveland team. The score:

CHINA ABOUT TO REMOVE BOYCOTT

Exporters to China Notified That Cargoes Can Go by Jap Vessels.

(United Press Leased Wire.)

Seattle, Wash., Oct. 3.—Reports brought to Seattle by the Nippon Yusen line steamship Iyo Maru, indicate early dissolution of the Chinese boycott that has for nearly a year been directed against Japan and Japanese vessels.

F. M. Studley, local manager for the Japanese line of vessels operating between Japan and China ports and Puget sound, of which the Iyo Maru is a part, stated that within the past few days practically all the large exporters of goods to China had been directed by cable that their business in the future could be routed by Japanese steamships without danger of creating hostile sentiment. Mr. Studley expects that a statement will be issued soon announcing complete abandonment of the boycott.

ALASKA COAST STORM SWEPT

From Sitka to Dutch Harbor Shipping Is in Distress or Peril.

(United Press Leased Wire.)

Seattle, Wash., Oct. 3.—Terrific storms are today raging on the Alaska coast from Sitka to Dutch Harbor, according to wireless dispatches caught early this morning. At Cordova the steamer Bertha was forced to run for shelter, seas breaking over her deck at every wave. The Portland, which arrived this morning from the westward, came in minus several lifeboats, having run into a gale which tore the boats from their davits.

Richer Than Rockefeller

John D. Rockefeller says that the man with nothing but health is richer than the man with nothing but wealth.

Why? Because health is happiness and happiness can't be bought with gold.

Rockefeller used up his vitality striving for money. He got what he wanted, but it cost him his health. He would gladly give those millions now for a stomach that would digest a square meal. If he had replenished the drain upon his vitality by a daily charge of electricity, he would be able to enjoy his wealth instead of spending the last years of his life as a chronic dyspeptic.

It requires a lot of energy and vitality to withstand the kicks and cuffs of this strenuous age. The man without these resources is doomed to failure.

How is it with you? Are you as strong and healthy as you should be? Is your energy and vitality normal or is it on the decline? Don't wait until it is exhausted before looking for help.

The engineer doesn't wait until the fire in the furnace dies out to add new fuel. He keeps up steam by replenishing the fuel as needed.

Vitality is the "steam" of the human engine, and electricity is the fire that creates vitality. Get Electro-Vigor and keep up your "steam."

Electro-Vigor is the electric invigorating device that pumps a stream of vim into your body while you sleep. It renews the spirit of ambition and hustle. It makes men out of slow going, discouraged weaklings. If you have a pain it drives it out. If you have stomach trouble, varicocele, lumbago, sciatica, kidney or liver complaint or just a loss of nerve force, Electro-Vigor will restore you to perfect health.

I feel 100 per cent better since using Electro-Vigor.

I have no rheumatism, no headaches or stomach trouble. I cannot give your treatment too much praise for having saved me from a general collapse.

A GOOD EXAMPLE

Is the best sermon, and in the practice of medicine cures are the best arguments. By a judicious blending of skill, experience, knowledge, equipment and an honest desire to render a dollar's worth of service for a dollar, we are able to show the cures.

Our business with every patient is sacredly confidential, but of the hundreds we have cured there are a number who have volunteered testimonials and who are willing to be talked with by persons seeking relief from similar ailments. Our exclusive specialty is to build up men to a permanent and perfect standard of health; we believe in our ability and
