Sofia, Bulgaria, Oct. 5 .- Prince Ferdinand, the reigning prince, today prodaimed Bulgaria an independent kingand formally announced himself as czar of the Bulgarians. The announcement was made at Tirnova, the ancient capital of Bulgaria, amid ancient capital of Bulgaria, amid scenes of great enthusiasm. The action was the result of the combined action of the cabinet and Prince Ferdinand, who joined in the proclamation. The cabinet promulgated the edict, which was signed by the prince. Prince Ferdinand is being hailed on all sides as "cyar of the Bulgarians" and urged by the populace to march on Turkey at once.

It is not known here what action will be taken by the foreign governments. It is expected that the whole Balkan peninsula will be thrown into war.

Paris, Oct. 5.—According to the Temps' Vienna correspondent, Austria-Hungary is mobilizing two army corps to be prepared for eventualities. The same authority says Bulgaria and Turkey are moving their armies toward the frontier, ready for action.

New York, Oct. 5 .- American financiers demonstrated today that they did not intend to let the Balkan situation not intend to let the Balkan situation upset the stock market. Shortly after the opening the market slumped slightly in response to big declines in stocks at London and Paris and other foreign exchanges. Word was received from Barls and London that the markets were at a standstill awafting the outcome of the Transvlvania-Balkan dispute, which may yet involve all Europe in a war. The leaders of the stock exchange met and agreed that the situation did not warrant the decline and they sent in buying orders until the market was fully recovered. The financiers say that as long as the trouble is confined to Tur-

Thousands to Register for the 820,000 Acres of Rosebud Reserve.

(United Press Leased Wire.) Dallas, S. D., Oct. 5.—Thousands of CONTROLLER ROASTS people are camped here today to take advantage of the opening of \$20,000 acres of land in the Rosebud Indian reservation, the last of the government's big land lotteries, the drawing for which began early. The rush resembled a stampede. The landseekers had been camped for weeks along the border of the reservation, waiting for the rush into the rich farming land. One hundred notaries are busy taking depositions, Registration began at 9 o'clock. A large percentage of the crowd are women. One man journeyed from New York and another from Alaska to register. Notaries are also stationed at Gregory, Chamberlain and Preshoe in South Dakota. At O'Nelf and Valentine, Neb. the registration stations will be open until October 17. On the following Monday the drawing will begin. The 4,000 successful ticketholders will be allotted land next March.

The lands to be distributed comprise some of the best farmine dos and research. acres of land in the Rosebud Indian

March.

The lands to be distributed comprise some of the best farming and grazing lands of the reservation, and similariands adjacent are selling for good prices. From present indications the Tripp county registration will be larger than that at Gregory. This is due in some measure to the larger area of the former and partly to the fact that those registration in Tripp county will not be compelled to stand for hours in line.

The seven grand jurors were drawn from a list of 43 jurors drawn for the term, the remainder serving as trial jurors for the trial cases. Fifty men who had been subpoenaed for jury service reported, but 12 of them were excused. Among this number was William Hiram Foulkes, pastor of the First Presbyterian church, who is exempt under the law. The jury dragnet had also drawn in an exempt fireman and letter carrier, who were allowed to go.

J. A. Howard, who lives near Latourelle, feared that he would be unable to serve because his arm was injured and he could not write. When he was drawn on the grand jury he called attention to his disability, but he was informed that this will not interfere with his duties. Rev. W. H. Poulkes Escapes.

MORE EXAMINERS

Washington, Oct. 5.—Lawrence O. Murray, comptroller of the currency, to-day declared that the common fault of national bank examiners is that they delay too long in closing the banks intrusted to their cars. He addressed 16 examiners today at a meeting to which they had been summoned. The conference will last a week. Murray warned the examiners against extravagances, carelesspess and lack of judgment. The receivership of national banks should be placed on a square business basis, he declared.
