BIG HOTEL CONTRACT LET

Nine-Story Reenforced Concrete Annex to the Imperial Will Be Erectd by Northwest Bridge Works—To Be Completed by July Next.

The Northwest Bridge Works will build the nine-story reenforced concrete annex to the Imperial hotel on the southeast corner of Seventh and Stark streets. The contract for the construction was let this morning by T. B. Wilcox, owner of the property, to the contracting company and work will commence within two weeks.

The new building is to be nine stories in height, is to contain 200 rooms and is to cost $250,000. It will be of reenforced concrete throughout and as modern a structure as architectural skill can build.

It will require about two weeks for the contracting company to prepare for the commencement of work. The frames for the concrete construction will have to be assembled, the steel and other materials will have to be gathered together and general arrangements made before the work can be started. As soon as this can be done, however, the contracting company will put a large number of men to work and the job will be rushed to completion as rapidly as possible. The building, according to the contract, is to be completed and ready to be turned over to the owner by the first of July next.

OUTBURST OF POLITICAL ORATORY NEXT WEEK

Portland's calm and placid atmosphere will be shattered by political oratory during the week that is coming. It will have all sorts and kinds of shatterments. During the week now closing there has been a vast calm. The Taft forces made their one big play Tuesday night with United States Senator Beveridge but when that meeting was over lapsed into the usual quietude only broken by their sending out a ton of literature by freight to all the different county chairmen.

Up at the Bryan headquarters in the Merchants' Trust building conditions have been just about as restful. There have been meetings scheduled for here and there, at which there was good attendance and much enthusiasm but there has been no great nerve wracking round of strenuousity.

Next week it is to be different. Everybody will get into the game. Commencing tomorrow afternoon when the union labor committee will meet with the presidents and secretaries of the labor unions of the city and make final arrangements for the big anti-Taft meeting at the armory scheduled for October 14 there will be something doing every minute.

Hearst Comes Monday.

Monday night William Randolph Hearst, the owner of the Independence league, and Thomas L. Hisgen, the candidate of that party for president, will both be in Portland and will speak at the armory. Great preparations are being made for this meeting. There will be a band and a street parade, and all sorts of advertising red fire. It is also intimated by those preparing for the meeting that Mr. Hearst may have some more Standard Oil letters to read or something to spring that will serve as a nerve tingler for Oregon people and a sleep disturber for Oregon politicians, or some of them.

On the same evening, Monday, Judge Stephen A. Lowell of Pendleton will be the speaker of the evening at Hunter's hall in Sunnyside. This meeting will be under the auspices of the Sunnyside Taft club.

Rally at Armory.

Tuesday night, at the armory perhaps, Judge William R. Thompson of Seattle and R. R. Rutler, candidate for presidential elector, will divide honors in a Republican rally. Both of the speakers have reputations as orators and the party managers expect that this will be the meeting next in importance to the Beveridge rally of last Tuesday.

Wednesday night Andrew Furuseth will address a mass meeting in the armory. This will be an outline of the position of the American Federation of Labor on the presidential issue and a protest against the election of Taft.

The same evening W. P. Elmore will deliver a prohibition address at the White Temple.

In addition to these meetings it is being planned both by the Taft and the Bryan headquarters to hold a large number of smaller meetings throughout the county during the week, so that the political atmosphere will be pretty badly stirred up by the end of the week.

GRAIN STANDARDS FOR WHOLE WORLD

Three and a half tons of grain standard packages have been received at the rooms of the chamber of commerce and represent the completed work of the grain standard committee of the chamber. The grain has been divided into small sacks and will be sent to nearly every country in the world. There are six varieties of grain that are to be sent out—red Walla Walla, white Walla Walla, bluestem wheat, feed barley, brewing barley and white feed oats.

EAST PORTLAND PIONEER IS DEAD

Mrs. Mary Kelly, 79 years of age, died at Watsonville, Cal., today. Her husband was a war veteran and they lived in East Portland for a quarter of a century. The funeral services will be held at Watsonville. Mrs. Kelly leaves three children, Mrs. Margaret Borchers of Portland, Mrs. C. A. Gourley of Orlville, Cal., and W. H. Kelly of North Yakima, Wash.

REAL WAR LIFE AT ATASCADERO

State Troops Up at 3 a. m., to Chase an Imaginary but Stubborn Foe.

(United Press Leased Wire.)

Camp Atascadero, Cal., Oct. 10.—The state troops in camp here got a taste of real war life this morning when Colonel Maus and the umpires caused the bugles to sound to arms at 3:30 o'clock. It came as a complete surprise, as the commander and the umpires had taken no one into their confidence, but within 20 minutes after the first notes of the bugles waked the sleepers, four thousand militiamen and regulars were in the field ready for battle. The artillery was called out also and the whole force of the camp set out toward Henry ranch, where the imaginary enemy was making an attack, having presumably approached by forced marching during the night.

The troops swung out into battle line and with sharp maneuvering and the employment of much strategy succeeded in driving back the invading forces.

It was just time for the regular reveille when the victorious troops got back to the camp, fresh but ravenously hungry after the early morning fighting.

The war is between the counties of San Luis Obispo and Monterey and the troops here are defending the honor of San Luis Obispo county. Every one, including Colonel Maus and the umpires, agreed today that the battle this morning was a "famous victory" for San Luis Obispo.

All the regular maneuvers arranged for today were postponed and inspection by companies, battalions and regiments was the order of the day. Several baseball games were played this afternoon. A steer-riding contest will be held tomorrow afternoon at the Henry ranch and every soldier who succeeds in catching and riding a steer will be the owner of the steer.

Private Samuel Searle of Company A, Fifth California National Guard, who was pronounced ill of diphtheria, on Wednesday, and Private Samuel Norris, his "bunkie," are doing well at the field hospital. No further cases have been reported. There is no intention to remove the men to their homes, as they are well cared for.

Colonel Maus today denied that a court martial had been ordered to convene to try Sergeant J. D. Frye, of the "jackass battery," accused of shooting N. M. Carey, the wagonmaster, during a quarrel at San Ardo. It had been reported that the court martial met yesterday. Colonel Maus said it would not convene until after all the state troops have left the camp.

FARMERS TOO BUSY TO COME TO CITY

At the next meeting of the State Horticultural board, which will be held Monday, preparations for binding the biennial report of the Horticultural board, which have been nearly completed, will be made and routine business will be attended to. President W. K. Newell of the State Horticultural board came to Portland from his ranch at Dilley this morning and is arranging for the meeting. According to Mr. Newell the farmers are all busy picking the apple crop at the present time and most of them are too busy to come into town. The crop is good over the state as a whole, although somewhat light in the southern counties.

MEDAL CONTEST ENDS SESSION

Last night's session closed the four days' convention of the Oregon W. C. T. U., which has been largely attended by delegates from all parts of the state, and has been most successful in interest. Mrs. Margaret Houston presided over the session.

The principal feature of the evening was the oratorical contest for the diamond medal, which was won by D. L. Morgan of Eugene, a divinity student. The orations were of especial interest and one of the most striking features of the contest was the ease and naturalness with which they were presented. Mr. Houston has had charge of the contest work but nine months, and during that time 350 contests have been held in different parts of the state. She was presented with a clasp pin for her efficiency in conducting the contests.

Mrs. Ida Marsters of Roseburg, the wife of A. C. Marsters, a leading business man of that city, was called before the convention as the president of the banner union, that of Douglas county. She responded gracefully, giving the credit for the work done to her constituency.

At the close of the session Mrs. Ida Barkley, the retiring vice-president, was presented by Mrs. Brown, the president, with a life membership in the state W. C. T. U. Mrs. Barkley is leaving the state, which necessitates her giving up the office she has filled so efficiently. Mrs. Helen Harford was yesterday elected to fill her place. Mrs. Eva Wheeler of Cottage Grove was elected "Y" secretary.

Music was furnished last night by a choir under the direction of W. H. Boyer. Mrs. Clinton Haskell gave a brilliant exhibition of club swinging after the contest.

TAFT INVASION OF SOLID SOUTH

(United Press Leased Wire.)

Chicago, Oct. 10.—It was announced today that Colonel Jerome Hill of Memphis, will preside at the big Taft meeting to be held at Chattanooga, Tenn., October 16, when an effort will be made to make an effective appeal to the Democrats of the solid south. Colonel Hill was an officer under General Lee and is prominent in the south.

Taft will return to Chicago October 24 and will be the central figure in an old-time rally that night. Chairman Hitchcock left for New York this afternoon.

Cincinnati, Ohio, Oct. 10.—William H. Taft received the Fort Thomas Taft-Sherman club today. He visited the federal courts and met the attorneys with whom he was associated when on the bench several years ago. Li Sung Wing, editor of the Hongkong Chinese Mail, which claims the largest circulation in China, visited Taft this afternoon. He declared that the election of Taft would help cement the friendly relations of China and America and that Taft was the best known of all Americans to the Chinese except Roosevelt.

MURDERER OF TWO COMMITS SUICIDE

(United Press Leased Wire.)

San Bernardino, Cal., Oct. 10.—William McKee, the miner who on Thursday shot and killed Dr. Nathaniel Kuns, a dentist of 114 South Soto street, Los Angeles, and Adolph Albers, committed suicide yesterday. A posse found him dead in his cabin.

McKee and Dr. Kuns had been enemies for several years, and the feud was brought to a climax last January, when Kuns relocated two mining claims formerly held by McKee. Recently the dentist started suit in the superior court here to oust McKee from possession of the claims, and was on his way to serve a writ on the miner when the tragedy was enacted.

Superintendent Albert Watts of the Rose mine was watching Kuns and his companion through field glasses Thursday afternoon while they were driving up the mountain, when he saw two puffs of smoke from the brush near the road, and both men fell out of the wagon. Immediately afterward, he alleges, McKee came out into the road and fired several shots into the prostrate bodies and then escaped before he could reach the scene of the tragedy. Watts informed the authorities by phone.

PHILADELPHIA ENDS GREAT CELEBRATION

(Special Dispatch to The Journal.)

Philadelphia, Pa., Oct. 10.—The wildest dreams of the promoters of the founders' week celebration have been surpassed by the realization. No festival, no great gathering held in Philadelphia since the Centennial exposition in 1876 has in any way been the peer of the celebration which concludes tonight with a final grand illumination of the city. Every detail of the week's program has been carried out with clock-like regularity. Every citizen seems to have contributed as far as possible to the success of the affair.

Today was given over almost wholly to the athletic events on the program. These included automobile races in Fairmount park, track and field events at the Philadelphia ball park, and a national rowing regatta on the Schuylkill. Another feature of the day was a parade and field exercises of the Knights Templars of Pennsylvania.

AWKWARD SOLDIER JABS A COMRADE

(United Press Leased Wire.)

Camp Atascadero, Cal., Oct. 10.—Private John P. Golliher, company D, Seventh cavalry, is in the field hospital with a bayonet wound in his left leg, inflicted by an over-zealous guardsman of his company during a charge upon an imaginary foe. His comrades are congratulating him on his escape from more serious injury.

Company D was advancing up a slight incline toward the intrenchments when the order came to fix bayonets and charge. Golliher, in the front rank, and Private Cornell, following, were among those to obey the order. Within a few yards of the intrenchments Golliher encountered some brush and paused. Cornell, following, jammed his bayonet into the calf of Golliher's leg and the first "casualty" of the campaign was recorded. Golliher was given first aid and then carted to the field hospital by the ambulance corps.

HAS A MILLION TO BET ON TAFT

(United Press Leased Wire.)

Memphis, Tenn., Oct. 10.—G. Howard Denby, claiming to represent a syndicate, says he is awaiting takers of 5 to 2 odds on any part of $1,000,000 that he is willing to bet on Taft for president. A portion of his money was taken here and Denby claims to have placed $100,000 already.

Denby is from New York and declares he will visit every large city in the United States to place money advantageously.

Grangers Say Let Alone.

(United Press Leased Wire.)

Sacramento, Cal., Oct. 10.—The state grange, in session here, has adopted resolutions against the constitutional amendment providing for capitol removal; also the amendment providing for an increase in the salaries of state officers.

Why Suffer?

If you suffer pain from any cause, Dr. Miles' Anti-Pain Pills will relieve it—and leave no bad after-effects. That's the important thing. Neither do they create a habit. More often the attacks become less frequent, or disappear altogether. Dr. Miles' Anti-Pain Pills have no other effect except to relieve pain and quiet nervous irritation.

"We are never without Dr. Miles' Anti-Pain Pills. My husband and son, aged 15 were always subject to sick headache until we began using these Pills, and they have broken them up entirely. Don't think they have had to use them for six months. I recommend them to every one. A few weeks ago I heard an old lady friend was sick. I went to see her. She was down with LaGrippe, and nearly crazy with awful backache. I gave her one of the Anti-Pain Pills and left another for her to take in a short time. They helped her right away, and she says she will never be without them again. Last winter my husband was taken with pluerisy on both sides, and I know he would have died if it hadn't been for the Pills. In less than half an hour he was sweating, and went to bed and slept."

MRS. G. H. WEBB,
Austinburg, Ohio.

Your druggist sells Dr. Miles' Anti-Pain Pills, and we authorize him to return the price of first package (only) if it fails to benefit you.

Miles Medical Co., Elkhart, Ind

SALOONKEEPERS SEE DAYLIGHT

Gold piled up in great quantities all this morning at the city treasury, where belated saloon licenses have been renewed for the coming quarter by the score.

It is now evident that the liquor dealers have some plan outlined by which they hope to evade the latest regulative ordinance. Up to 11:15 this morning there only remained 50 licenses outstanding.

NOTED WORKER TO BE GIVEN BANQUET

Local Sunday school officers and teachers consider that they are to have a rare treat in the visit of W. C. Pearce, superintendent of the adult department of the International Sunday School association, next Thursday. Mr. Pearce, it is said, is in a class by himself and arrangements for a banquet which is to be tendered him at the White Temple are being made.

Mr. Pearce is scheduled to arrive in Portland on the morning of October 15, and during the day he will deliver several speeches before he leaves on the night train. He will speak to workers at the Taylor Street M. E. church at 3:30 p. m., and at 8 p. m. he will address an audience of young people and members of the adult class at the White Temple. Covers for 150 guests will be set for the banquet. Tickets may be had from J. V. Guthrie at the Y. M. C. A. Every one who is interested in Sunday school work is invited to attend the meetings.

SAYS GREEDY ONE EYES THE SURPLUS

L. A. Riemann is in the city jail awaiting trial on the charge of forgery. He was arrested at Grants Pass and brought back to Portland. The complainant is T. N. Marten.

The trouble is over the purchase and sale of a boarding house, Marten charging Riemann with having forged receipts and other papers. Mrs. Riemann, who was with her husband this morning denounces the charge as fraudulent. She says they sold the boarding house for $1,200, and were to have all they could get for it over $750. Now the complainant wants to back out of his bargain and has had Riemann arrested on the charge of forgery to try to get the extra money. Riemann is held in default of $750 cash bail.

SCHOOL FOR DEAF OPENS NEXT MONDAY

The school for the deaf under the supervision of Mrs. Florence Metcalf will open next Monday morning at the Hawthorne school. Many inquiries have been made of late by parents as to when the innovation in the school system of Portland would begin. Nearly a score of children have already enrolled under Mrs. Metcalf.

WHY SUFFER?

Breathe Hyomei and Kill the Loathsome Catarrh Germs

Just as long as you have catarrh your nose will itch, your breath will be foul, you will hawk and spit, and you will do other disgusting things because you can't help yourself. The germs of catarrh have got you in their power; they are continually and persistently digging into and irritating the mucous membrane of your nose and throat. They are now making your life miserable; in time they will sap your entire system of its energy, its strength, its vigor and vitality.

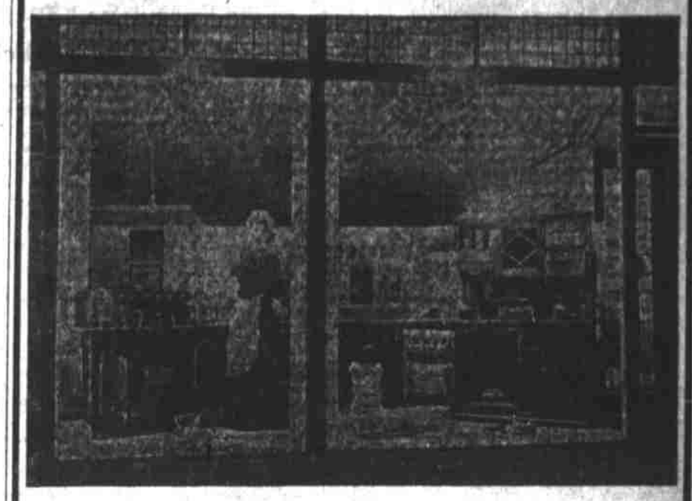
If you do not kill the loathsome germs of catarrh, their desperate assaults will in time undermine your reason, rob your brain of its brilliancy and activity, and leave you not only a physical but a mental wreck.

This picture is not overdrawn; the writer has seen thousands of just such cases. He has personally experienced the demoralizing results that come from the ravishing attacks of the horrible catarrh germs, the greatest pest of civilized nations.

But there is one remedy that will kill the germs and cure catarrh, and that is Hyomei, the Australian dry air treatment. There may be other remedies, but they are not guaranteed as Woodard, Clarke & Co., the druggists, will guarantee Hyomei to cure catarrh, or money back. Don't delay this pleasant antiseptic treatment. Every day you allow these germs to exist in your system brings you nearer to complete demoralization. Woodard, Clarke & Co. will sell you a complete Hyomei outfit for only $1.00. Ask them about it. It is also guaranteed to cure bronchitis, asthma, coughs, colds and hay fever.

COOKING MADE EASY

NO DIRT OR FIRE



Electric cooking utensils of all kinds.

When not in use all expense avoided by simply turning off the switch.

Look Under It.

Did you ever turn over a big flat stone and watch the pale bugs and worms with a fringe of legs down each side, scurry to hide from the sunlight?

How these little wrigglers hate the man who exposes them.

Do you ever feel an antipathy towards these squirmers that remind you of the lickspittle prostitution of some politicians.

A little further along we will lift a stone and give the people a square look before the crawlers can slink out of the sunlight.

You will perhaps remember the one big question before the two national conventions to nominate presidential candidates was the anti-injunction question. It vitally affects the liberties of the common people vs. the Labor Trust.

At the Republican Convention the machine managers after a trade with the managers of the Labor Trust presented a plank calling for anti-injunction legislation.

Anti-Injunction

What does anti-injunction mean?

It means the enactment of new laws to prevent the people's courts from issuing any order to stop men, known to be intending to assault workmen or destroy property. In other words tie the hands of the courts and not allow them to protect persons or property.

But the honest members of the convention at Chicago hooted down this attack on our courts and refused to insert such a plank in the platform, asserting in place of it, confidence in the integrity of our courts and demanding that their present power to protect the citizens be maintained; that was the basis of the plank adopted.

Who Managed

It was said the National Association of Manufacturers brought about this result. But that is not strictly true.

The National Council for Industrial Defense represented by its counsel the Secretary of the National Citizens' Industrial Association, James A. Emery, was in charge of the work of protection and allied with it were 138 National and local associations of various kinds including the Manufacturers.

This was the work of the great thinking, working masses of men who do things and try to keep the industries of America busy and over 20,000 telegrams came in one day to the delegates at the Republican Convention, pleading for indorsement of our courts and denouncing the attempts of intending law breakers, to force upon the people laws which would allow the sluggers and dynamiters of the Labor Trust to do their acts immune from punishment.

Failing in their attempted impudence the leaders of the Labor Trust took their dolls and went out to Denver.

There the noted 16 to one trimmer supported by the discontented, from the Black Hand up, met them with the invitation to draw up any terms just so they would "deliver the labor vote."

The deal was made under which, if elected, the Democratic President is to advocate measures in the interests of the huge Labor Trust, by tying the hands of the courts and obstructing their acts when attempting to protect persons and property of the common citizens.

Penny Arcade Talk

Now we hear in the graphophones in penny arcades a speech of this candidate, including in sonorous tones, "Why should the poor workman be denied the sacred right of a trial by jury for his alleged crime." A white man gets a sickish feeling when he sees such a deliberate attempt to suck sympathy by the most infernal deceit.

What brought up the subject was a demand by the Labor Trust leaders that their lawbreakers, sluggers and dynamiters, when they disobey the orders of the court and do these acts, be tried for contempt of that court by a jury instead of being sentenced by the court itself for contempt of its orders.

In that plan the Trust leaders hope to make it easy for their workers to do these acts and escape by a packed or frightened jury.

But mark you, the clean-cut distinction, and here we lift the stone and put sunlight on the hidden, bleached squirmers and show how they try to misinform the public to gain sympathy and play upon the emotions of the uninformed.

Under the present law every criminal has a right to trial for his crime by a jury.

The paid slugger of the "entertainment committee" of a labor union always has a jury trial for maiming or killing another workman, or for blowing up property. He is tried by a law court and a jury. Notice therefore the hypocrisy in the maudlin appeal of Bryan and other willful perverters of fact when they say, "Why should the workingman be denied the sacred right of trial by jury for his alleged crime?" A man who commits a crime against the people, whether he has smut on his nose and poses as a martyred "workingman," or has his finger nails manicured and is a member of a capital trust, is always tried by a jury. Never is the criminal tried for his crime by the Equity Court which issues an injunction ordering him not to commit it. If he goes on and does the act in spite of the court's orders not to, when that court simply orders him "not to," until the court can inquire into his right to do the act he intends, then in the event he wilfully disobeys the court's order, he is held "in contempt" and is punished not for the crime (which must be tried by the jury in a law court), but for disobedience of the court's orders.

Anyone Could "Order"

If an Equity court was stripped of its power to punish a criminal for refusing to obey the court's order to not commit the act until the court could investigate, then a street arab could as well issue the order and he would have as much power to enforce that order.

The courts established by the people must be supported by the people and empowered to protect the people, else they had as well be dissolved. Notice now the thought line running through all this Labor Trust movement against the courts. It reads plain enough. Every move is directed towards weakening the courts and therefore lessening the possibility of punishment of the paid sluggers and dynamiters, in order that the propaganda of terror and tyranny can be more safely carried on.

Patriotic Union Men

Don't think this is approved by all Union men. Thousands of them are citizens of the best quality, but they are in bad company and are most arbitrarily ruled by the managers in power. These peaceable members look forward to the time when the boycott, strike, picketing, fighting, spoiling machinery, cutting harness, stopping funerals, blowing up workmen and homes, hate of the most intense kind, slugging and murder will stop and the present managers who lie about their "peaceful" intentions while winking at and supporting the crimes will be replaced by honest leaders who will conduct the affairs of honest workingmen in an honest and lawful manner not prejudicial to the rights of the common people. When labor contracts will be made like other contracts without coercion, threats or violence, when a builder can safely agree upon the price of brick, lumber, glass, iron and labor in his building, and the manufacturer can safely agree to sell his machines or other products in this or foreign countries based upon a certain and given cost for material and labor, without danger of ruin by violence and destruction of his plant, and when communities of citizens can depend upon the steady running of the industrial establishments upon which such communities depend for daily living. Then, and only then, will this "labor warfare" cease and the tremendous cost and harm to the common man be done away with. Until that time it is manifestly the interest of every man not an interested participator in the profits of the Labor Trust (and the common citizens outnumber the others 40 to 1) to work and vote against every move of the Labor Trust to gain more power over the citizens. That allowed, liberty of the common people will disappear. It is time for the citizen to protect himself at the polls. He can only do so by putting down every class either of capital or labor seeking control of the affairs of the public.

Communities must retain control of their own affairs free from the dictates of any class organization.

In this campaign the Combination Democratic Labor Trust party promise special privilege and immunity from law to the Labor Trust members when they try to ride over the citizens; the Republican platform promises the upholding of the People's Courts and protection for all the people. I am neither Democrat nor Republican, but only speak a word for the common people.

There's a Reason.

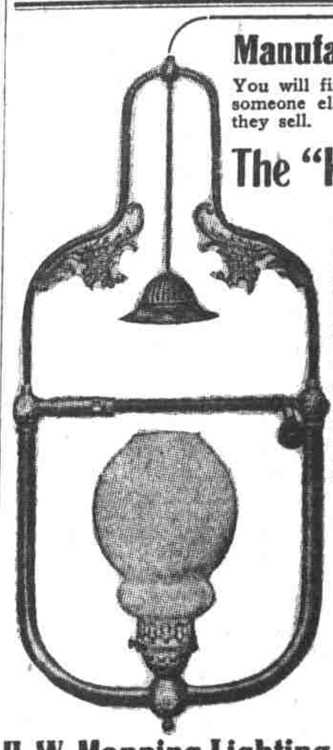
C. W. POST, Battle Creek, Mich.

N. B.—Let the reader remember that I am in favor of Trade Unions and these plain statements are printed with the hope that the impudent lawless "men of violent tendencies" will be replaced by careful, honest, law respecting managers who will rescue the sacred name of Labor from the odium the present managers have too often put upon it. Until that time citizens must be alert to protect themselves and their affairs.

Manufacture Your Own Light!

You will find it cheaper than buying light from someone else who makes a profit on the light they sell.

The "Knight" Hollow Wire LIGHTING SYSTEM



Is a complete gas plant; 800 candle-power light at a cost of one-half cent per hour. With it you can read a newspaper 30 feet away, and distinguish the most delicate shades. A point that always interests the merchants. Over 3,000,000 people are using gasoline lights in their stores and homes. All are satisfied. Our systems are so simply constructed and so easy to operate that any 10-year-old boy who may never have seen a gasoline light can install and operate one.
