## GARRETT FOOLS SEAL STICKMEN

### Portland Takes First Game From Frisco With the Greatest of Ease.

(Special Dispatch to The Journal.)  
San Francisco, Oct. 14.—Jess Garrett came into his own yesterday after a number of disastrous starts in the south and won his game from the Seals hands down, 7 to 3. His fellow travelers wielded the ash like pirates and Griffin's twisters were sent halter skittering over the lot. Although he allowed seven hits, the little Texan kept them well separated until the eighth inning. When the Seals lumbered and swatted away three times, raising the gong an equal number of times.

Interposed among the safeties of the northerners were two screeching three-baggers initiated by Pearl Casey and Phil Cooney. Two runs in the second proved a good pair for the pilgrims as they drew a three runs in the fourth took the heart out of the Mohlerites, and when the Portland beauties made another in the fifth they had put setting organ entirely. However, the gift-hits of Garrett allowed them to trek home three in the eighth.

When the agile brigade from Duckland went into the ninth lap, they determined to put forth another ruse as they drew a double play by Johnson, unassisted, killed all the chances of the locals in the last inning.

## PORTLAND GIRL KILLS SIX "CHINKS" IN DAY

(Special Dispatch to The Journal.)  
Albany, Or., Oct. 14.—Although China pheasants are becoming as scarce as hen's teeth and the average hunter finds it rather difficult to secure even one bird, yet Miss Lena Parrish of Portland journeyed to the home of the Denny bird and with perfect case kills six birds in seven shots.

Miss Parrish, who is champion woman shot of Oregon, spent Sunday and Monday in this city and on her first day's visit killed the birds. She is quite proud of her feat, having never hunted pheasants before, and took the birds home with her when she left for Portland last night.

## McKinley and Means Eat.

(Special Dispatch to The Journal.)  
University of Oregon, Eugene, Oct. 14.—Two new men have been added to the training table. Means of Pendleton High and McKinley of Portland High. Both are members of the freshman squad and have been showing up well the last few days. Means will be tried out as center guard and McKinley will try for half.

The heavy rains of the past few days have put the field in excellent shape for scrimmages, work, although it is rather slippery. Should it stop raining the field will be in the best possible condition.

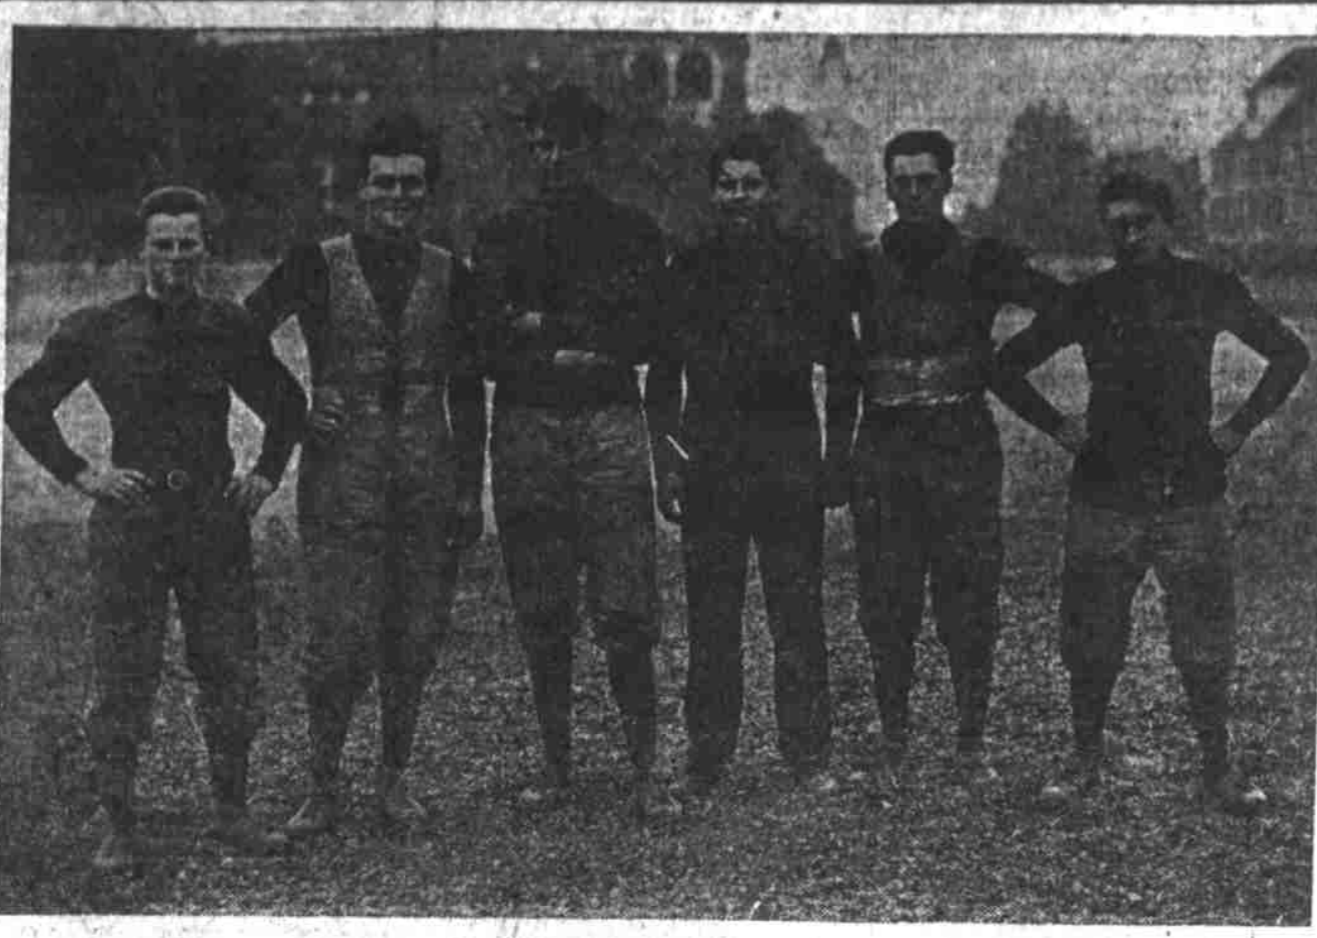

## COLD WEATHER ADVICE

To all is to beware of coughs and colds on the chest; as neglected they readily lead to pneumonia, consumption or other pulmonary troubles. Just as soon as the cough appears treat it with Ballard's Horehound Syrup, the standard cure of America. Use as directed—perfectly harmless. A cure and preventive for all diseases of the lungs. Sold by Skidmore Drug Co. Price 25c. 50c and \$1.00 per bottle.

## ATHLETES IN CHARGE OF OREGON'S ANNUAL

(Special Dispatch to The Journal.)  
University of Oregon, Eugene, Oct. 14.—Oliver B. Houston of Portland, the crack varsity sprinter, was yesterday elected editor-in-chief of the junior annual for this year, with Carey V. Looney of Klamath Falls as business manager.

Houston has had two years of experience as an associate editor of the weekly and has shown some ability as a writer. He is a son of S. B. Houston, a prominent Portland attorney. For the past two years he has been one of the varsity's crack sprinters, making a record of ten flat in the hundred several times last spring. He is registered in the department of economics and is a member of the Sigma Nu fraternity.

Looney is a son of G. W. Looney, a Klamath county rancher, and is well known as a basketball player. He played center on the team in 1905 and again in 1907 and has been elected captain of the team for this year. He is also the well leader of the Rooters' club. His major subject is electrical engineering.

The juniors are planning to make this year's annual the best ever issued from the university. Among the members of the class are several good writers and an editorial staff should be easily selected. No name for the annual has been selected as yet. Last year it was known as the "Beaver" and this name may be retained.

## RED HOT GOSSIP FOR RABID FANS

Journal Continues to Beat Competitors With Championship Ball News.

The Journal came to the bat again yesterday with the first description in Portland of the world's championship baseball game between Chicago and Detroit in fact every afternoon except Sunday, when there is no afternoon edition. The Journal has led its evening competitors for from 5 to 35 minutes on the final results of the game. The Journal beat the tall tower product out five minutes last evening with the final score. The Journal contained a full description of the game in its first edition, with the result by innings, while its competitor had but two innings of the great contest in its first edition. Verify you must read The Journal for quickest and most accurate accounts of the world's championship games.

Manager McCredie has secured two new players for next season in the persons of Rex Ames and Sam Ferrara, whose terms have been accepted.

Tomorrow the drafting season for class A leagues under the National commission will be in full swing. Rumor has it that McCredie of the Portland team will draw heavily on some of the Northwest teams. Mac likes Carson of Tacoma, Paddock of Vancouver and Harkness of Butte, and may put a bid in for him.

Seasons mattered not to the Cubs yesterday. They were just as active and hungry when facing the warm, scorching zephyrs of Summers as when fronting the cold, shriek blasts of Winters.

Hal Danzig came through with two hits yesterday. Big Babe is certainly punching the ball hard these days. He placed them pretty well, too, and with a manager who will school him a little

on the fine points of fielding, he ought to make sensational showing in the big wins next summer.

With one game from the Seals tucked away nicely, the Beavers have made good start. A series from the Seals will go a long way toward landing the Beavers in second place.

Battling Nelson is a dyed-in-the-wool baseball fan. Next to fighting, the national pastime is the little champion's chief delight. But he is willing to shove his green on the stuff, too. He is pooling with Frank Chance to bring the Chicago team to Los Angeles, provided the Cubs win.

## FIRST ACADEMIC GAME TOMORROW

Portland fans will have their first opportunity of seeing an interscholastic team in action tomorrow when the Pacific academy team and the team from the Multnomah Athletic Club will meet at 3:30 p. m. at the gymnasium. The two teams have met before this year, Pacific winning 21 to 0. Pacific out weighs the local boys about 15 pounds to the man, but with the home rooters and field to encourage them the score will probably be closer. The game will commence at 3:30, with Hugh Boyd as referee.

## Oil Companies in Lease Fight

Minority Stockholders of Utah Crown Company Allege Conspiracy.

(United Press Leased Wire.)  
San Jose, Cal., Oct. 14.—A beautiful woman attacked Victor A. Scheel, a lawyer and politician of this city, last night. She is described as a striking brunette and the police has learned that she is a resident of San Francisco. Scheel was in his office when the mysterious woman entered. Shortly afterward he summoned a surgeon to take care of a knife cut which extended from his forehead to his chin and that required 20 stitches to close.

## Wesley Memorial at Atlanta.

(Special Dispatch to The Journal.)  
Atlanta, Ga., Oct. 14.—The cornerstone was laid today for the Wesley Memorial church, the great memorial institution to be erected by the Methodist church in this city. Bishop Warren A. ## No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man does not feel just right, when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, or even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

## ACTON BENEFIT COMES TONIGHT

### Crack Multnomah Boxers and Wrestlers Meet in Club "Gym."

When the hour hand pauses momentarily half way between 8 and 9 o'clock tonight, two well-trained, lithe and muscular young athletes will step on the mat in the Multnomah club "gym" in a test of strength and skill. It will be the first bout of the Joe Acton benefit entertainment and it will be followed by a number of others, including some five boxing matches.

Acton is now 29 years of age and the wrestling champion of the world, having vanquished every wrestler in England, France and America. He was the Olympic champion polevaulter, won recognition in the east.

Acton is now 29 years of age and has concluded to sever his connection with the game entirely. In order to show their appreciation of his work with the Multnomah Athletic Club, he decided to give him a benefit. The benefit has been extensively advertised and there will no doubt be a large attendance, a testimonial to the popular former champion.

Those who will take part in the tournament follow:

Boxing:  
George Miller vs. Struck, at 125 pounds.  
Leon Hughes vs. Pregmore, at 135 pounds.  
George Crosby vs. Henry Niecken, at 145 catch weights.  
Gene West vs. Ralph, at catch weights.  
Tud Rushton vs. Hood Bottler, at 146 pounds.  
Hewett vs. Tunney, at 105 pounds.  
Fredling Frank vs. Gilbert, at 125 pounds.  
E. D. Smith vs. Otto Ott, at 135 pounds.  
Bud Hughes vs. Ed Mills, at 115 pounds.  
Bill Dennis vs. Milt Meyer, at 145 pounds.  
Finnegan vs. Art Bohonsky, at 140 pounds.

## Are You Suffering?

Have you some ailment that has fastened itself upon you for a long time? Have you consulted different doctors and paid them high fees and they found that the relief each one afforded was not lasting? Has this been the experience of many of your patients who came to me as a last resort. Has there been an earlier stage I could have cured them sooner and they would have been the richer financially. My methods are not new to the followers of medicine in the Orient, where many of the secret cures and prescriptions are handed down from father to son. Hundreds and hundreds of rare plants and roots, some all but extinct, furnish me with curative powers for many a troublesome disease. I do not employ mercury and other harmful poisons of similar nature which cure but leave their effects in the body; neither do I use and use in needless operations. HERE ARE A FEW OF THE MANY DISEASES WE TREAT SUCCESSFULLY AND GUARANTEE TO CURE: Spinal Curvature, Fits, Epilepsy, Poor Circulation, Skin Diseases, Nervousness, Neuritis, Fever, Dyspepsia, Biliousness, La Grippe, Hay Fever, Menstrual Disorders, Catarrhes and Private Diseases of Men and Women. CONSULTATION FREE. Call or write and send 4 stamps in stamps for symptom blank and book. SEE GEE WEE WEE MEDICINE CO., 1634 First St., Cor. Morrison, PORTLAND, OR.

## DRIVE MAN GIVES LIFE FOR OTHERS

### Fumigating Ship; Goes to Warn Seamen; Overcome Killed by Fall.

(United Press Leased Wire.)  
San Francisco, Oct. 14.—While trying to save others from death by sulphur fumes, W. McBeth of Seattle, a quarter-master on the Pacific Coast company's steamship Umattila, met death last night by falling into the hold of the ship and falling into the sulphur fumes. Captain Sullivan was seriously ill as the result of being overcome by the fumes. The Umattila arrived here from Seattle Monday and her hold was fumigated with sulphur, according to the orders of the quarantine department. Last night at 10 o'clock was the hour set for opening the hatches and one of them was partly uncovered by McBeth, with some watchmen. It occurred to McBeth that some of the crew were sleeping in the cabins near the hatch and their lives might be endangered by the escaping fumes and he darted back to warn the men. A few minutes later the watchmen heard a cry as McBeth fell into the hold. Whether he was blinded by the fumes and walked into

an open hatch or was suffocated and fell into the hold will never be known. Battalion Chief Cook led a squad composed of Captains W. Nicholson and Jerry Sullivan and Firemen William Conley, G. Lindsay and Edward down into the hold to rescue the unfortunate man if he were still alive. Chief Cook and Captain Sullivan were overcome by the fumes and had to be taken out. The body of McBeth was found near a pot of sulphur with the skull crushed from the fall.

McBeth shipped on the Umattila a week ago from Seattle. He was 29 years of age.

## VOTER REGISTERED CANNOT TRANSFER

Spokane, Wash., Oct. 14.—Judge Hunshee has set aside the mandate proceedings brought by O. C. Moore, an attorney, to compel the circuit clerk to place his name on the registration list. Moore had moved from one precinct to another and he sought to have his registration transferred. His request was refused on the authority of the statute. The judge held that the law was passed to prevent illegal voting and that the object of the law would be defeated if a name could be transferred up to the time of the election.

## I CURE MEN

### My Methods Are Scientific and Thorough

I would rather give up my practice than indulge in either guesswork or make-believe cures. I have devoted twenty years to earnest and conscientious endeavor to the unravelment of some of the most perplexing problems that ever confronted the profession, and believe that I have attained the limit of medical possibilities in my particular branch of practice.

I do not treat symptoms. I treat to cure the disease behind the symptoms. If the case presents even the slightest feature upon which I have doubt, or if I recognize incurable complications, I positively refuse treatment.

I have brought to light the true nature of men's diseases and the causes of the symptoms they present. In addition, I have, by the scientific blending of drugs produced remedies that meet every condition that it seems possible to cure. Even the slightest relief under my treatment, is genuine improvement—a part of the permanent cure that is to follow. There is no cause to hesitate. Consultation costs nothing, and I will not offer my services unless I can cure you.

MY METHODS ARE LOCAL AND DIRECT.

There is some functional derangement, the direct result of inflammation, enlargement or excessive sensitiveness of the PROSTATE GLAND, brought on by early dissipation or resulting from improperly contracted disorder. This condition CANNOT POSSIBLY be removed by internal medicines, and any tonic system of treatment that stimulates the activity of the function can but result in aggravating the real ailment. This is a scientific truth I have ascertained after careful and scientific study, and upon which my own original system of treatment is based. I employ neither tonics, stimulants nor electric belts. I treat by LOCAL DIRECT METHODS exclusively, and my success in curing even those cases that others have failed to temporarily relieve with their tonics is CONCLUSIVE EVIDENCE that my method is the only possible means of a COMPLETE RADICAL AND PERMANENT CURE.

VARICOCELE, SPERMATORRHOEA, LOST STRENGTH, ORGANIC WEAKNESS, CONTRACTED DISORDERS, STRICTURES, SPECIFIC BLOOD POISON AND PILES, I also treat and cure promptly and thoroughly.

CONSULTATION FREE—MY HONEST AND CANDID ADVICE COSTS YOU NOTHING. I cheerfully give you the very best opinion, given by me for years, in the event of your suit of my own. I can write if you cannot call. My offices are open all day from 9 a. m. to 9 p. m., and Sundays from 10 to 1.
