ALL READY FOR BIG HORSE SHOW

Oriental Building Prepared and More Fine Animals Reach the City.

Everything is in readiness for the opening of the horse show tomorrow afternoon, and so complete is the arrangement that the ring could be thrown open today.

The big Oriental building is beautifully decorated in the red of the Hunt colors; the heating and lighting plants have been thoroughly tested and found to work to perfection; the boxes have been carefully lined with white for protection of ladies' costumes; the rest and smoking-rooms conveniently fitted up; arrangements made for serving candies and other light refreshments; and covered passages provided for guests arriving on cars.

The stall space is well filled, the out-of-town horses having arrived several days ago and the Portland horses all being in prime condition. This morning two additional horses arrived, J. W. Condine of Seattle sending Black Diamond, a beautiful saddle, and J. D. Farrell his handsome Fayette, which won many blue ribbons in Seattle.

Judge Walter S. Hobart and Associate Judge E. D. Boyard of Burlington will arrive today and immediately begin inspection of the large field of horses which they have to judge. Mr. Hobart will be accompanied by his family and a large party of friends and much entertainment will be done for both of these distinguished visitors while here.

Mrs. H. C. Wortman has purchased the beautiful mare Peep O'Day which Dr. A. C. Froom brought here from California last week. This purchase illustrates the ready market there in Portland for high class stock. Mrs. Wortman is delighted with her new horse and states that she is just what she has been looking for in a combination harness and saddle horse.

Dr. Froom had entered Peep O'Day in 10 classes at the horse show and Mrs. Wortman will not interfere with his original plans of exhibiting her. Little Miss Helen Wortman will ride her in the ladies' saddle class, but Mrs. Wortman will not appear in the ring with her new possession this year.

SELZ SHOES Are Honestly Made of Leather

You'll find lots of shoes made nowadays that are cheapened in little ways you can't see—hemlock instead of oak-tanned soles; composition instead of leather heels; pieced counters instead of good solid sole leather.

We're strong for Selz Royal Blue Shoe, because we don't have to watch that sort of thing; they're honest leather all through. Fall styles are here.
