"Oaks pavilion dancing" Sunday evening. Oregon City cars, First and Alder streets.

Our girls print special prices on all work. Forbes Engraving Co., First and Ankeny.

E. S. A. C. dancing party every Saturday eve. Ringier hall. Stiles orchestra.

SOME OF THE LITTLE WARD OF THE BABY HOME

Portland's tag day for the Baby Home, October 31, should appeal to all lovers of children. At this institution, which has been established 20 years, hundreds of little children, half orphans, orphans, or worse than orphans, have been sheltered during their helpless babyhood, cared for and developed, and passed on to private homes or to the care of other institutions.

When the Baby Home was established in its present location, Thirty-seventh and Ellsworth streets, it was out in the country. The buildings were in the suburban district and the isolation and quiet of the place were thought desirable for the little ones. Now it is in the city, and the grading of streets and laying of cement sidewalks has put the institution over \$1,000 in debt.

The tags will be for sale in all public places, in offices, store buildings, at the union depot, on street corners, and wherever people congregate. Many will gladly buy more than one tag at the trifling sum of 10 cents. Others will take a tag and promise to pay more than the sum asked. But if all the people come forward loyally tag day will be a great success.

PREACHERS MEET HERE THIS WEEK

The Portland District Preachers' meeting, which is attended by ministers of the city and of the towns along the Columbia river to Astoria, will be in session at the Centenary Methodist Episcopal church, East Ninth and Pine streets, next Tuesday and Wednesday. The program follows:

Tuesday evening—Devotional services, P. Conklin; sermon, C. C. Rarick; exhortation, L. F. Smith.

Wednesday morning—Scripture lessons, Louis Thomas, B. J. Kester, A. A. Heist; significance of the Quarterly Conference, Quinlan; Signal and Selection of Subject and Themes for Sermons, Benjamin Young, W. H. Hepps; reports from churches, J. E. McWhorter, J. E. Myers, and Miss Twidwell, district deaconsess.

Wednesday afternoon—Prayer service, C. T. McPherson, W. J. Douglass, J. D. Voe; Ministerial Etiquette, D. A. Heist; covered via distance, 25.10 miles in 4 hours and 48 seconds. The victor made a new record for a single lap, which he drove at an average speed of 34.1 miles per hour.

When Lytle, in the Isotta, finished second and the crowd surged on the path of the other machines. The signal which ordered the race stopped. Jimmy Florida, driving a Locomobile, failed the "stop" signal and dashed into the crowded stretch. The motor jumped back, opening a thread of path for the other machines.

Across the finish line sped the Locomobile, the Isotta following two minutes later. Breaking through all restraint, the crowd surged onto the track in the path of the other machines. The signal which ordered the race stopped.

Seventeen of the fastest racing automobiles in America, driven by seventeen dare-devil drivers and their mechanics, started in the great race. Eleven times the devil-wagons must lap the course, which is 2.5 miles long, and down dale, along turnpikes and past dangerous crossings, before completing the required distance.

Enormous crowds of spectators, in which society people were conspicuous, gathered overnight to witness the start and filled the grandstand and lined the course. At the dangerous turns the crowds were thickest and reckless of danger, seeing the cars, the police to prevent them from breaking out on the course as the trying machines approached the curves.

The first accident of the day happened at the Matheson car, with Chevrolet at the wheel. On the second lap a cylinder of the machine cracked and the car was compelled to leave the track. It is believed that the greatest speed made by the car yesterday affected the machinery.

At the third lap the Hotchkiss car, driven by Kilpatrick, was forced to retire owing to a clutch breaking. At the fourth lap the Armo, with Patach at the wheel, broke a shaft, and the Renault, driven by Strang, smashed a clutch, and both retired.

The program which Emmelle de Gogorza presented here two years ago was so successful that she has been speaking of it the other day as a marked success. It is believed that she would be pleased to see the success of her new production, which she has arranged for his recital at the Heilig theatre on October 25. Gogorza has many natural advantages and besides, she is a violinist and pianist of the highest and purest inspirations of the art.

TAFT WILL LOSE WEST VIRGINIA

Republican Party in State Badly Demoralized Says Dr. John S. Morris.

That West Virginia, owing to bitter factional strife among the Republicans, will cast its electoral vote for Bryan, is the firm belief of Dr. John S. Morris, a leading physician of West Charleston, W. Va., who is in Portland on a vacation trip.

The biggest battery of speakers ever turned loose in any state has been marshalled by Hitchcock for the republican party in the Ohio campaign from Vorys, discrediting the Vorys machine and angering them. With Vorys and Foraker angry and the ground up, and Sheer, in withdrawing from the race, practically advised his followers to vote for Bryan.

The normal republican majority in Ohio is 30,000, so a change of 30,000 gives it to Bryan. It is estimated that the laboring men alone will effect an increase of this number. The majority of them are now for Bryan. Heretofore most of them have been Republican.

Confidence is growing daily that Bryan will win the battle. The belief has been encouraged by the fact that a magnificent fight is being put up. Unless material changes occur before election day there will be a Bryan landslide.

DEAFNESS Successfully Treated

By the Simplest Method Yet Discovered. Ninety-five per cent of the cases of deafness brought to our attention are the result of chronic catarrh of the throat and middle ear. The air passages become clogged by catarrhal deposits, stopping the action of the vibratory bones. Until these deposits are removed relief is impossible.
