

THREATEN TO CREATE BRYAN PANIC OUTRIGHT

Chicago Financier Utters It in Plain and Defiant Words—Republican Money to Be Used at Polls—Charles P. Taft's Trust Record.

(Special Dispatch to The Journal.)
Chicago, Oct. 23.—"Yes, we will show you Democrats what will happen if Bryan is elected," said one of Chicago's largest financiers to me today. "We'll make it a worse panic, in order to punish the people for voting for Bryan. Such action would be justified."
"You don't mean that the men of your class would deliberately create a panic, with consequent disturbance of business and delay in bringing back business to the normal from the effects of the present panic?"
"I certainly mean that," was the answer.
Roosevelt's last letter is believed to be a political mistake. Trained Republican chiefs have been trying to keep the president from getting into the burster Taft seriously. The Bryan people have seized the advantage afforded by the tactics of the burster made by Roosevelt when he addressed his letter to Senator Knox, who received his present senatorial honor from Quay when the latter died, and whose was the legal mind that directed the proceedings against the steel trust. The influence which in Pennsylvania is back of Knox for reelection, it is generally thought, the selection of Knox by the president was one of the worst errors in the Taft campaign to date, as Knox, when attorney-general, at no time attempted to prevent the steel trust from attaining its present monopoly of the steel business.
G. O. P. Money at the Polls.
Chicago manufacturers who were today importuned to contribute to the Republican campaign fund by an authorized agent of the Republican National committee, asked:
"Why do you need such a large fund, now that the campaign is virtually ended?"
"We need the money on election day."
"For what?"
"Why, at the polls."
The manufacturer then informed the money collector that he was for Bryan this year, whereupon the collector desperately tried to evade answering further questions as to the use to which the money was to be put at the polls. It is understood that practically the only activity nowadays of the Taft managers, aside from coercion, is to get money. Democrats are everywhere using, against such methods, the his-

LEWIS COUNTY IN BRYAN RANKS

Times Have Changed Since Roosevelt Ran, Four Years Ago.

(Special Dispatch to The Journal.)
Chehalis, Wash., Oct. 24.—All indications point to a complete change in the political complexion of Lewis county—a contrast to four years ago, when the county gave Roosevelt a plurality of 2,200 votes out of about 4,500 cast. From all parts of the county news is being received daily of Democratic gains, and the Socialists are also adding many Republican votes to their cause.
Two weeks ago the Republican managers and candidates in the county made the claim that Taft would lead Bryan by a plurality of from 1,100 to 1,600 votes, but as election time draws nearer they are reducing the figures until they now place Taft's plurality at about 500. In the small towns throughout the county Republican meetings that have been advertised have been very poorly attended, many of the meetings having more of an attendance of Democrats than Republicans.
All of the Democrats are very enthusiastic, which is more than can be said of the Republicans. For aside from the candidates and spellbinders, they are apathetic, taking very little interest in the campaign. The Republicans who have signified their intention of voting the Democratic ticket say they will vote it straight from the head down. In the county the Democratic candidates for state senator, one representative, sheriff and prosecuting attorney stand a good show of winning out, and especially the candidate for state senator.
It is charged that at the primaries a large proportion of the Democrats in the county voted for J. O. Fishback, candidate for state senator on the Republican ticket against J. A. Veness, Republican, who was running for the same office, thinking that Fishback would be an easier man to beat at the general election than Veness, and he was nominated. Now it is almost a certainty that Theodore Hoas, the Democratic candidate for state senator, will be elected.

HUSUM, WHITE SALMON AND BINGEN MAY BE LINKED BY ELECTRIC LINE

(Special Dispatch to The Journal.)
Husum, Wash., Oct. 24.—It is the general supposition that an electric road will be built from Husum to White Salmon and Bingen, a distance of 150 miles. Later on the road is to branch into the country of Camas Prairie, Trout Lake, Pine Flat, Bristol, Snowden and in time every desirable point in western Klickitat county. Messrs. Yawman and Shaffer, electrical engineers, have been running lines for the past two weeks, seeking the best route for the new electric project. A force of men is at work blasting rock near the White Salmon falls, above Husum, for the proposed plant which is

TAVERN OWNERS PROTEST AGAINST PRICE SET ON COUNTY LAND

In one third of an acre of land, more or less, on which stands a portion of the Claremont tavern, worth \$1,000, or only \$250?
This is the question presented to the county court, owner of the land. The court thinks that Sol Blumauer and Eugene Hoch, the owners of the tavern, should pay \$1,000, and this is the price set in the effort to convince the court that this is about four times too much. Blumauer and Hoch have filed with the court a statement made by a committee of three real estate dealers who fixed a value on the contested tract at the request of the Claremont men. This "jury" consisted of David H. Stearns, A. H. Diamond and W. H. Grindstaff, and their estimate is \$250.
All of this figuring results from the reversion to the county of an acre of ground once dedicated to the county as a public square for the town of Spring-

COVE ORCHARD WANTS DEPOT FACILITIES

(Salem Bureau of The Journal.)
Salem, Or., Oct. 24.—Residents of Cove Orchard, in Yamhill county, have petitioned the railroad commission for depot facilities, through Roy Brenner of Gaston. Cove Orchard is on the west side division of the Southern Pacific, near North Yamhill. The petition asserted that the railroad company has been directly requested to put up a shed at Cove Orchard for the protection of its patrons against rain and winds, but each time the request has been turned down.
Mr. Brenner states that nearly all trains stop at Cove Orchard and he believes that an investigation of the railroad commission will find the traffic to and from that point sufficient to merit the location of a depot.
The petitioners also ask that the railroad company be compelled to sell tickets from Portland to Cove Orchard. At present, it is stated, passengers to Cove Orchard can only get tickets to that point after putting up a protest. There are no printed tickets at the agent at Portland objects to filling out a ticket to Cove Orchard on account of the addi-

itional work. Many times passengers are compelled to buy tickets to North Yamhill instead, which cost more and are useless.

Eugene Register: The recent frosts which played such havoc with the grapes on the lowlands, did not hurt those on the hillsides, and the vineyards up out of the valley have borne especially well this year. The yield of a certain one-acre vineyard which we know was something like 250 to 275 crates which were sold at from \$1.20 to \$1.30 per crate.
