$3.00 Land

One of the most prominent financiers of the state said yesterday: "I purchased a lot of land at $3.00 per acre a short time ago, considered scrub land. I sold it at $10.00, and am satisfied it will sell at $75.00. The northwest is just beginning to experience a wonderful land boom and state will be thickly settled; land values will soar."

We have been picking up snaps in the walnut belt, Yamhill county, for the past three years, and have our men in the field now. Can sell you any size farm, from 100 to 1,000 acres, from $15.00 to $25.00 per acre, easy terms. If you have $1,000 or $2,000 put a little nerve with it; make first payment on a big tract; sell it for double next spring and make $20,000; it can be done.

INVESTORS

THIS IS SIMPLY "IT"

ONLY 14,000 SHARES, NO MORE, NOR WILL THERE BE.

This is the balance of a small block of PREFERRED stock which we offer at 50 cents per share to complete the equipment of a rich placer mine in Tuolumne county, California. It will yield profits that cannot be had nor reasonably expected from any form of industrial pursuit. The reasons are obvious and common sense. The product is gold. The ground is rich. We have free water to handle it, and the honesty, integrity and efficiency of the management is an open book. There is no form of investment on earth that can equal this. Political nor industrial changes cannot affect it. It is panic-proof. If you want an interest in this, get busy. Call or write for details. YANKEE HILL GOLD MINING INVESTMENT CO., 226 Failing bldg.
