

BRIDZ SAYS TO EVACUATE PACIFIC OCEAN

Some Time in November—Warship Escort—Royal Honors to Bride.

(United Press Leased Wire.)
Turin, Oct. 27.—Doubts concerning the wedding of the Duke of Abruzzi and Miss Katherine Eklina were set at rest today following the announcement of the royal suitor that the American heiress was to become his bride some time in November.
The duke said the exact date had not been set and that he did not know whether the wedding would take place at Washington, or Eklina, W. Va.
"But that really doesn't matter so long as it takes place," said the duke. "The main thing is to get married, and the rest can take care of itself. I am planning to leave for America at once and Miss Eklina will return with me as my bride."
Speaking privately to friends after making his first announcement the duke confirmed the report that he would be escorted to America by a squadron of three Italian battleships and that they would escort him and his bride back to Italy. This had been arranged, he said, as a special mark of favor from the king, who is well pleased with the coming wedding.
The duke also announced that on his return to Italy his wife would be presented at court as royal princess, thus disposing of the story that her court honors would be of the ordinary kind.

ROOSEVELT'S ORDER TAKEN TO MEAN CONFIDENCE IN JAP PROFESSIONS.

Roosevelt's Order Taken to Mean Confidence in Jap Professions.

(United Press Leased Wire.)
Tokio, Oct. 27.—Although the American fleet has left here for Manila and China, the impression created by the attitude of the people of the United States toward the Japanese is still a matter of comment by the Japanese and vernacular press.
A report from Washington to the effect that President Roosevelt had ordered the Pacific fleet to proceed to the Atlantic ocean to participate in the spring maneuvers, thus temporarily evacuating the Pacific ocean, has created a profound impression here. The newspapers all comment on this action as an indication that the American people have confidence in the sincerity of the professions of friendship on the part of Japan.
The proposed conference of the powers interested in the Pacific ocean to discuss the oriental question is gaining in popular favor. Every newspaper in the empire favors this proposed conference, and it is likely that official action will be taken soon.
The tender Tankon left Yokohama today for Manila. She stayed here for repairs of damage done by the storm encountered by the fleet on the way here from Manila.

GAINED 30 POUNDS FRUIT GROWERS TO MEET HERE

How A Pennsylvania Woman Built Up Her Health.

(United Press Leased Wire.)
The annual convention of the Northwest Fruitgrowers' association will be held in Portland the first week of December, in conjunction with the annual meeting of the Oregon State Horticultural society. The convention will hold its sessions on the first four days of the month and it is expected that a large number of delegates from the northwestern states will be present. The association's territory includes Oregon, Washington, Idaho, Utah, Montana and British Columbia.
The Commercial club is expected to assist in making arrangements for the entertainment of the visitors and in preparing the program. In British Columbia \$1,000 was appropriated by the provincial government last year for the entertainment of the delegates, but nothing in the way of an appropriation has been forthcoming from Portland's city council, and the committee is forced to depend on subscriptions.
NICE LITTLE GRAFT DUG UP IN ARMY
(United Press Leased Wire.)
Detroit, Mich., Oct. 27.—Colonel Gorman and Captain Charles G. French of the Seventh United States Infantry are on trial here before an army court martial. Their friends are discussing the relevancy of the testimony furnished by Captain Coffey and Lieutenant Peck in connection with the charges that privately owned horses were being kept on government feed. The army officers testified that they both bought horses from Dr. J. L. Burkhardt, army contract surgeon, for \$1 and later resold them to the doctor for the same amount.
Both officers admitted that they had a legal right to sell the horses to anyone else but felt morally bound to return them to Dr. Burkhardt. They declared they did not use the horses.
In the charges against Colonel Gorman and Captain French it is alleged that Dr. Burkhardt's animals were used by officers at Fort Wayne and fed at government expense.

Spokane, Wash., Oct. 27.—Ejora M. Biklik, a mission worker in the restricted district, was responsible for converting J. E. Mansfield, alias J. P. Gamble, who confessed at the mission late last night that he was responsible for more than 40 holdups in Spokane recently, including the shooting of H. E. Ayres, last week.
After sweating him for several hours the police are convinced he is telling the truth. For more than a week Biklik has been talking in the "unknown tongue," asserting that the Lord has taken away the power of speaking English that she may be well prepared to conduct a revival next week.
She obtained the man's confession during the service last week, writing him evangelistic messages. After several hours, when he acknowledged that he had been guilty of crimes, he gave particulars and was taken by a mission worker to police headquarters and locked up.

(United Press Leased Wire.)
Boston, Mass., Oct. 27.—Union labor leaders are discussing today the decision of the supreme judicial court of Massachusetts which ruled yesterday that labor unions cannot impose fines on their members in order to force them to go out on strike.
The decision was rendered on the petition of a local firm for an injunction against the Bricklayers and Stonemasons' Benevolent association restraining them from imposing a fine of \$200 each on two members who had refused to strike. A temporary injunction that was issued at the time the petition was filed was made permanent by the court.

ROCKEFELLER POSTAL "PULL" ANGERS TOWN

Government Shuts Up a Convenient Postoffice to Use One on the Millionaire's Estate.

(Special Dispatch to The Journal.)
Utica, N. Y., Oct. 27.—An order just issued by the postmaster-general at Washington to the postmaster at Derrick, N. Y., to turn over all business to the postmaster at Baypond, thus putting out of existence the Derrick postoffice, has created indignation in the lower Adirondack section.
Twenty-eight families at Derrick do not view with pleasure the prospect of being required to walk through heavy snow seven miles to Baypond and back to receive and send their mail.
Baypond is the former village of Brandon and in the private park of William Rockefeller, brother of John D. Rockefeller, to reach the Baypond postoffice it is said to be necessary to cross Mr. Rockefeller's private park, an act which subjects the offender to a fine of \$5 for each offense. Only one family lives at Baypond. The president will be asked to revoke the order.

LETTER FROM A FORTY-NINER

Could Not Obtain Relief From Catarah Until He Had Used Hyomei.

Here is a simple, interesting and sincere letter from a rugged pioneer of '49, who braved the dangers and hardships of the overland route to California. Surely the sincerity of this letter should strongly appeal to those who desire to escape the grip of catarah. They are now held by that ruthless and most powerful wrecker of health and happiness: Catarah. Rosa, Cal., May 5, 1908.
Booth's Hyomei Co., Buffalo, N. Y.
Dear Sirs—Some years ago I was afflicted with catarah and tried a number of remedies, but received no relief. I was told by a friend who had been using your Hyomei, and thought I would receive a great benefit and perhaps a cure. I purchased an outfit, and before I had used the bottle I noted a marked relief.
I used it for a month or so, and thought I was cured, and stopped using it for a year or so. Thought I was getting catarah again, and started using it again, and I keep it in the house and use it every morning once a day, and keep myself clear of catarah. I consider it the best catarah medicine that is used. I have often recommended it to my friends. I am 51 years old. I came to California in 1849, and of course am not as vigorous as I was 48 years ago. My address is 341 4th st. Yours truly,
W. MOCKE.
Hyomei pronounced Hye-oh-may is guaranteed by Woodard, Clarke & Co. not only for catarah, but for grip, coughs, colds, bronchitis, croup, of infants, asthma and all diseases of the chest, throat and lungs. A complete outfit, including inhaler, costs only \$1.00. Write for a free trial. Hyomei is guaranteed to cure. Ask Woodard, Clarke & Co. about it.

SHOT IN LEG WHILE HUNTING PHEASANTS

(Special Dispatch to The Journal.)
Kalama, Wash., Oct. 27.—While hunting pheasants in the timber about eight miles from here, Frank Carstner accidentally shot his companion, Arthur Linden. The two young men were walking, one in front of the other, when a pheasant flew up, and as Carstner wheeled about, the gun, which he carried cocked, was discharged, the entire charge taking effect in young Linden's left leg, breaking the bone above the knee. Linden was brought to town, and Drs. Sims and Shoot dressed the wound. His father took him to Portland for the evening train for further treatment. It is thought that the limb may be saved, although it will necessarily be some shorter than the other leg. He is about 18 years of age.
