GRANEY'S WEIRD HEAVES LOSERS

Ote Johnson Figures Prominently in Playing of Northern Brigade.

(United Press Leased Wire.) Los Angeles, Oct. 28.—Los Angeles showed Portland another notch in the final accounting yesterday, in the final game of the closing series of the Coast league season. Graney was wild as they make them and McCredie derailed him and substituted Big Danzig in the box. Danzig made 'em look like peas, allowing the locals a lonely swat in the three remaining innings. The score was 7 to 2.

LOOKS LIKE OLD TIME INDIANS AT CHEMAWA

(Special Dispatch to The Journal.) Chemawa, Or., Oct. 28.—The Chemawa Indians are in excellent shape after their game with the Oregon second last Saturday and Coach Fleming is putting them through a series of strenuous practices this week to hammer them into shape for their game with Albany college Friday. None of the Indians was hurt during last Saturday's game and the team is in excellent physical condition.

WASHINGTON TO PUT 'EM THROUGH

Athletic Committee Says Muckelstone and Ekens Were "Preps."

(Special Dispatch to The Journal.) University of Washington, Seattle, Oct. 28.—Having no game next Saturday, the O. A. C. contest being changed from October 21 to Thanksgiving day, the University of Washington football team has nearly two weeks in which to prepare for the game with Pullman. The contest, which will take place here, is regarded as one of the hardest of the season, as Pullman is reported to have a fast, heavy, aggressive aggregation.

After the Whitman game last Saturday, Johnnie Bender, coach at Pullman last year and who is familiar with the materials there this fall, said that if Washington did not play better against W. S. C. than it did against the missionaries, the east side institution would win by at least three touchdowns. Bender acted as referee and had a good opportunity to size up the Washington play critically.

May Slip in on Rule. Ekens was barred out by the university because his preparatory credits had not reached here from the North Dakota Agricultural college, where he played last year. There is little doubt, however, but that he will be in shape to take his place in the line against Pullman.

There has been some talk about Muckelstone being ineligible. His case is identical with that of Ekens, except that he is a senior in his institution. He played on a college team last year; it is true, but he was in a "prep" department and not in a college or university.

In the Whitman game Babcock, Jarvis and Bantz had their first real work in a long time, Babcock having been out of the game for three years. Babcock is in the game and these three in better condition, Washington will be able to put up a much better game against Pullman. The students still have hopes of winning the championship, in spite of the guttering reports they have received of the prowess of W. S. C. O. A. C. and Oregon.

Strike-out records for the past season show Ed Walsh of the Chicago Americans with 184 for 53 games, Christy Mathewson of the New York Giants with 152 for 44 games, the Waddell of the St. Louis Browns with 141 for 32 games and Nap Rucker of Brooklyn 138 for 28 games.

EAST SIDERS TO PLAY IN SEATTLE

East Side High school last night closed a deal with the Broadway High school of Seattle, whereby they will leave Friday night for Seattle to play the high school team there Saturday afternoon.

Fifteen men will make the trip, including Coach Rader and Manager Frazier. Moreland, Houck, if he is in condition; Hedges or Flaherty, the two leader boys, Hale, Stannard, Captain Cornell, Everest Jones, Barzee and Cason will probably be the players to make the trip. Unless serious injuries are sustained by some of the team in today's game, the East Siders should be in great condition when they line up against the Broadway boys and stand an even chance of winning. Broadway is not nearly the team that they were last season in spite of a great deal of advance stuff for which Seattle is noted.

Gloom and Joy Mixed. The East Siders had a little taste of both gloom and joy yesterday afternoon for Jon Kehoe reported for practice, while Houck will be forced out of the game today owing to a badly wrenched knee. Houck hurt himself in practice several days ago and the member refused to heal as quickly as it was hoped. Last night Coach Rader decided not to use him today and Roy Flaherty will take his place.

Kehoe, who was halfback on the Columbia university team last season, was hurt early in the practice this fall. For the past three weeks he has been at the hospital as a result of a fracture of his leg. It was feared that he would not be able to turn out again this year but he came out in uniform last night and is expected to play a short time before he is in as good condition as ever. Kehoe's addition to the squad completes the double squad of backs which Coach Rader had hoped for early in the season and opposing teams may see some great generalship shown in some of the games yet to be played by the east side institution.

EASTERN STARS WITH Y. M. C. A.

Yale, Michigan, Kansas and Oregon Basketball Men Try for Team.

With three crack eastern college men, a University of Oregon player, practically all of last season's second and first teams and some 10 other men trying for places on the first five, the Y. M. C. A. is already laying plans for the basketball championship of the northwest. An inter-association league has been formed and five teams of six players each will start playing their regular schedule November 4.

A. M. Griley, who has charge of the physical department of the Y. M. C. A., will leave Saturday for Seattle, where a conference of the schedule committee will be held for the purpose of arranging a schedule for the Northwest league. There will probably be a few changes in the makeup of the league for last season, but just what they will be the local authorities are not prepared to say.

In Commons, Merritt, Ashton and Stevenson, all of whom are trying for places on the team, the local association has four college players of extraordinary ability. Commons was chosen either a forward or a guard. Ashton is a fine player. He plays either forward or guard. Merritt is from the University of Michigan and is also a fine player. Stevenson is the standard forward from Yale university. Stevenson played center on the University of Oregon team and is a long, lanky individual who covers a lot of territory.

When playing here against the Multnomah team last fall he played rings around the Multnomah center. Of last season's team, Captain Young, Gordon, Hartman and Gates are all trying for the team, while Sheets, Commons, captain Mackie, Bennett, Ball, Churchill, Martin and Keys. Young, captain; Freeman, Thornton, Herbert, Stevenson, Schramm and Runyon.

Hartman, captain; Ashton, Pausch, Gates, Hynes and Bohosky. Sheets, captain; Gordon, Still, Street, Russell, Sweeney and Mahoney. The schedule is as follows: Hartman plays Sheets, November 4, at 8:15 o'clock. Hartman plays Commons, November 18, at 8:15 o'clock. Hartman plays Young, November 20, at 8:15 o'clock. Hartman plays Vosper, November 11, at 8:15 o'clock. Sheets plays Vosper, November 6, at 8:15 o'clock. Sheets plays Young, November 13, at 8:15 o'clock. Sheets plays Vosper, November 20, at 9 o'clock. Young plays Vosper, November 5, at 9 o'clock.

MULTNOMAH SECOND PLAYS WITH OREGON

University of Oregon, Eugene, Oct. 28.—Assistant Manager Frederick J. Whittlesey has made arrangements for a football game for the second varsity eleven next Saturday with the second Multnomah club team of Portland. This game will fill in nicely. All of the second varsity has a "strong team and, as there will be no big game here because the first team plays at Moscow, this game will fill in nicely. All of the second team men are getting into shape again with the exception of Stein, whose collar bone was broken. Kestley will take his place at quarter.

Interclass Football. Three interclass football games are being arranged for the near future, the first between the freshmen and sophomores to be played next Thursday. Later the seniors and juniors will meet and then the two winning teams will play for the class championship. No one may play on any of these teams who is playing or substituting on the varsity second or freshman teams. The games should be very interesting, as rivalry will be very strong and there are some good players who have been unable to turn out for regular practice, but who will turn out for these teams.

Are You Suffering? Have you some ailment that has fastened itself upon you for a long time? Have you consulted different doctors and "paid them high fees" and they have not cured you? The relief such as afforded was not lasting? This has been the experience of many of my patients who came to me as a last resort. Had they seen me at an earlier stage I could have cured them sooner.

DR. C. GEE WOO has cured them sooner than the richer financially. My methods are not new to the followers of medicine in the Orient, where many of the secret cures and prescriptions are handed down from father to son. Hundreds and hundreds of rare plants and roots, some almost extinct, furnish me with curative powers for many a troublesome disease. I do not employ mercury and other harmful poisons of similar nature which cure but leave their effects in the body; neither do I cut and tear in needless operations. HERE ARE FEW OF THE MANY DISEASES WE TREAT SUCCESSFULLY AND GUARANTEE TO CURE: Epilepsy, St. Vitus Dance, Nervousness, Neuritis, Skin Diseases, Eczema, Erysipelas, Zoster, Hay Fever, Mercurial Poisoning, Catarrhes and Private Diseases of Men and Women. CONSULTATION FREE. Call or write and send 4 cents in stamps for symptom blank and book. THE DR. C. GEE WOO MEDICINE CO., 162 1/2 First St., Cor. Morrison, PORTLAND, OR.

WEAK MEN

My Unfailing and Scientific Treatment is Your Hope of Vigor
My cures are lasting, because the methods I employ meet even the most minute details of those ailments to which they apply, and are readily modified to meet the requirements of individual cases. Because my treatment is ample, scientific and thorough, my cures are complete and lasting and my patients have no relapses. For the same reason I am usually able to cure in much less time than is commonly required in obtaining but partial results.

DR. TAYLOR, The Leading Specialist

My Fee for a Cure is Only \$10 In Any Uncomplicated Ailment

I Will Wait for My Fee Until You Are Cured

The Scientific Treatment of Weakness
Dosing the system with powerful stimulants and tonics in an effort to restore functional vigor can have but one final result: The condition is rendered worse than before. "Weakness" is merely an indication of a low form of inflammation in the prostate gland, and this inflammation is but aggravated by stimulating remedies that excite temporary activity. I employ the only scientific and fully effective treatment for "weakness" which effects a permanent cure by restoring the prostate gland to a sound and healthy state. I obtain complete results in every case I treat. Interesting literature and a beautiful engraved chart free if you will call.

I Cure All Diseases of Men
Those in any trouble, suffering from VARICOCELE, HYDROCELE or any other disease tending to destroy and disfigure and to render happiness impossible, are urged to call upon me without delay. Those wanting valuable time, dissipating their money and aggravating their ailment by submitting to indirect, ineffectual, unscientific treatment, that never did and never can cure, are invited to visit me and investigate my successful system. I positively guarantee results in all curable cases and frankly refuse to accept any other case, if for any reason it is too late to guarantee a cure.

Examination Free
I offer not only FREE consultation and advice, but of every case that comes to me I will make a careful examination and diagnosis without charge. No ailment man should neglect this opportunity to get expert opinion about his trouble.
If you cannot call, write for Diagnosis in Chart. My offices are open all day from 9 a. m. to 9 p. m., and Sundays from 10 to 1 o'clock.

EXPERT Advice Free

Do you stop to think what drug means? This is not used as a catch phrase, it means literally expert advice. Years of experience and special study devoted exclusively to the sensitive and delicate centers, makes it possible for me to qualify before any court in the world as an expert in diseases of men. If you need advice

YOU NEED GOOD ADVICE
and it is better to get it in the beginning than in the end—action after it is too late is like rain after harvest. Keep your youth as long as possible, there is plenty of time to grow old.
A good markman is not known by his bullets but by his aim, and a good doctor should not be known so much by his claims as by the results he is able to show. The man that cracks loudest does not always lay the most eggs. Think these points over

WHEN LOOKING FOR A DOCTOR
Frequently an office is advertised in the "first person" when no such doctor lives in the state. If deception is attempted on this point look for it clear down the line.
If you are not physically sound you ought to be, and it is better to do your duty in this respect than to wish it was done.
We have the largest and most complete offices and equipment in the state, have been longer established, and furnish best bank and personal references. We treat people just as we would want them to treat us under similar circumstances and handle their cases on terms to best suit their convenience. A patient desiring treatment can pay cash and get discount or in payments to suit circumstances, and as the benefit is plainly apparent or if desired

CAN PAY WHEN CURED

Our entire time and practice are devoted to the cure of BLOOD POISON, VARICOCELE, STRICTURE, LOST VITALITY, HYDROCELE, PILES, FISTULA, DISEASES OF THE KIDNEYS, BLADDER, PROSTATE GLAND, CONTRACTED DISORDERS, WEAKNESS AND ALL DISEASES COMMON TO MEN.
If you have made mistakes in the past correct the mistakes. Consultation and advice free. If you cannot call at office, write for self-examination blank—many cases cured at home.
