

# FREEWATER NOTED FOR QUALITY OF ITS FRUIT

(By a Staff Correspondent.)  
Freewater, Or., Oct. 28.—This city is of recent organization and belongs to the newer towns of the county. It is located 27 miles north of Pendleton and close to the Washington line. This locality is noted for the quality and quantity of its fruit. Their strawberries claim first rank in all the city markets and seem to command the highest price. They also raise many other kinds of berries of excellent quality, but this is not the only fruit produced here. Apples, pears, peaches, prunes and grapes are raised in great quantities

and of good quality. At the Lewis and Clark fair, Freewater fruit carried off first prize.  
Not only is Freewater the center of a pronounced fruit raising district, but alfalfa, wheat and other products of the field command attention. One of the great advantages of this city village is the splendid electric power and the water power of the Peacock flouring mill. The city has two strong banks, good schools and live church organizations. As a young and growing city it has excellent opportunities and surroundings. This city is incorporated and has all the advantages of a municipal government.

of power the old Republican organization and the old Hanna principles will come into leadership for the progressives have not captured the organization of the national Republican party," said the doings will scatter along Washington to Third street. It is to be the preliminary march of 40 freshmen of the North Pacific Dental college, who are scheduled to get there. A hundred, and then some, men of the upper classes will deliver the goods. The initiation will be the greatest ever.  
The first year fellows say they just can hardly wait for the stunts. They have been looking forward to the event so long.

# TWO JOIN IN BRYAN'S CAUSE

## Professor Ross and Fred M. Miner Favor Democracy.

(United Press Leased Wire.)  
Madison, Wis., Oct. 28.—A sensation was sprung last night when Professor E. A. Ross of the university faculty, a lifetime Republican, came out for Bryan and declared that when President Roosevelt went out of power the old Republican organization and the old Hanna principles will come into leadership. He took issue with Professor W. A. Scott, head of the banking department of the university on the guaranty of bank deposits and declared the Republican idea "shows that the Taft party is more in sympathy with stockholders than with depositors."  
Professor Ross and Fred M. Miner, formerly assistant secretary of state during the administration of Governor LaFollette, appeared before the Bryan-Kern club of the university last night and declared they had made a thorough study of the platforms of all parties and "had come to the conclusion that a Democratic success this fall would be for the great good of the country." Both urged the students to vote for Bryan and Kern.  
"When President Roosevelt goes out

# BRANDED FOR LIFE, PERHAPS

## Two Los Angeles Students Bear Mark of Frat in Foreheads.

(United Press Leased Wire.)  
Los Angeles, Oct. 28.—Bearing the initials "K. D." burned so deeply into their foreheads that it is feared they are marked for life, Edgar Lusk and Frank Hitchie today admitted that they were branded with the letters during their initiation into the Kappa Delta, a secret fraternity. The youths' parents are indignant over the threatened disfigurement of their sons and today started an investigation.  
According to the story told by the boys they were initiated together last Thursday night. They were first taken to the home of Chester Crank, one of the members of the fraternity, where they left their money and valuables with the understanding that they were to return for them after the initiation. From Crank's home they went to West Lake park, where they submitted to a ducking in the lake. Then they were given dry clothing and taken to a "haunted house," near Bimini bath, where they were handcuffed together and their legs bound with wire. It was here the operation of branding took place. After the initials had been in-

# JEALOUS TEACHER FIRED FOR FIGHTING

Gridley, Cal., Oct. 28.—Miss Rachel Myers, who was a teacher in the public schools here, resigned yesterday, a few minutes before a messenger from the school trustees came to her with a notification that her services were no longer desired.  
Miss Myers' undoing was due to a row on the street in which she attacked Miss Margaret Holt and a young man. Jealousy is supposed to have prompted the attack.  
Miss Myers saw Miss Holt with the young man in front of the postoffice and walked up to her and cursed her ears. Then she turned to the young man and boxed his ears and walked away. Miss Holt had her arrested for disturbing the peace and she was fined \$5.

# CATHOLICS GIVE AMOY PREPARED DAY TO PRAISE FOR THE FLEET

## For Progress and Growth During Their Century in New England. Hopelessly Chinese Town Partially Americanized for Occasion.

(Special Dispatch to The Journal.)  
Boston, Oct. 28.—A solemn pontifical mass of thanksgiving was celebrated in the Cathedral of the Holy Name this morning in commemoration of the 100th anniversary of the founding of the Roman Catholic diocese of Boston. A number of bishops and other prominent prelates occupied seats in the sanctuary during the mass. Mgr. Diomede Falconio, the apostolic delegate to the United States, was the celebrant. The sermon was preached by Archbishop O'Connell.  
The big cathedral was crowded when the services began. The procession to the cathedral was impressive. Several hundred priests of the Boston diocese led and were followed by several hundred visiting priests and members of various religious orders. The bishops, archbishops and Mgr. Falconio brought up the rear.  
The celebration of the centennial is to continue five days. It will conclude Sunday with a great parade of the Catholic societies of Boston and vicinity. In the intervening days there will be a succession of religious services and historical exercises.  
The big cathedral has been an epoch of marvelous growth and sustained prosperity for the Catholic church in the section. When the diocese was created in 1808, with the Rev. John Cheever as the first bishop, it embraced New Hampshire and Vermont, Massachusetts, then including the district of Maine, Rhode Island and Connecticut. In the whole diocese there were but three churches, with a total of 720 communicants.  
So rapidly did the Catholic population grow throughout New England during the past century that there are now seven large and important dioceses in the territory which was but one diocese in 1808. Now the diocese of Boston alone embraces 243 churches and the Catholic population has increased to 850,000. In the diocese there are 600 priests and 1,600 members of different orders of nuns.

(Special Dispatch to The Journal.)  
Amoy, Oct. 28.—The arrangements for the reception of the American fleet and for the entertainment of the officers and men of the visiting warships, now on their way to this port from Japan, are practically completed and Amoy looks like a different city compared to what it was a month ago. The Chinese government was anxious to give to the American visitors a royal welcome and was therefore considerably embarrassed when Amoy was selected as the port of arrival. Amoy has a good harbor and is a large trading port opposite the late of Formosa, but the city itself is typically Chinese and entirely unprovided with the accommodations and comforts required by western visitors, especially for any large number of them coming at the same time.  
The imperial government and the provincial authorities appropriated 800,000 taels, or about \$600,000, to defray the expense of receiving and entertaining the American fleet and a considerable part of that sum had to be used to put Amoy in proper condition for the reception of the Americans. The landing place had to be cleaned and repaired, public and other buildings decorated and illuminated, a road laid out from the sea to the parade grounds and many of the temples and theatres renovated. The police force of Amoy had to be increased and hundreds of waiters imported from Shanghai and Hongkong to wait on the American officers and men at the numerous banquets to be given in their honor. The municipality of Amoy refused to go to any extra expense to honor the nation's guests. Recognizing the importance of making a good showing, the imperial government and the viceroy of the province did not spare their means, but gave Dr. George Mary, the Chinese commissioner on arrangements, carte blanche in making the preparations for the great event.  
All Difficulties Overcome.  
Notwithstanding the comparative inaccessibility of Amoy and the unavailability to such a purpose, the most elaborate arrangements have been made for welcoming and entertaining the American visitors. Upon its arrival the American fleet will be met by a squadron of Chinese warships and escorted to the anchorage, where the fleet will be formally received by Prince Pulan, representing the royal family; the viceroy of Fukien, the governor of the province, the admiral and the commander-in-chief of the land forces, the total of Amoy and other high officials. Everything is practically ready for the advent of the visitors. The whole city is handsomely decorated and along the new road bamboo have been planted and during the night lanterns every evening during the presence of the Americans. The officers of the American ships will be entertained by the high officials and in their honor numerous banquets after western fashion, with American dishes and American drinks, will be given. The men of the fleet will be separately entertained and provisions have been made to feed 3,000 of them at one time.  
The importation of provisions sufficient for this large number of guests has been a matter of considerable worry and anxiety to the Chinese officials, but all difficulties were at last overcome, though at a large cost.  
All Entertainment Free.  
Everything will be free to the visitors and during their sojourn in Amoy the city will keep open house for them. There will be feasts with fireworks and juggling performances, continuous performances in all the theatres, to which the visiting Americans will be admitted free of charge. Excursions will be arranged to the ancient temples near the city and to the various points of interest in and around the town. An American ship will be entertained by the guests baseball and rowing events have been planned, for which valuable prizes have been provided. The principal prizes will be two silver cups, each valued at \$2,500.  
Never has there been so much life and activity in Amoy as at present. The population has been greatly increased by the arrival of the many hundreds of waiters, actors, jugglers, acrobatic performers and helpers and by the thousands of Chinese visitors who have come here from all parts of the province to witness the festivities in honor of the Americans. The native and foreign sign newspapers of China have their correspondents here, ready to report

Upper Picture, Peach Day at Freewater. Lower Picture, Some Freewater Peaches.

to their papers the events of the festive week. Many American residents from various parts of China and Korea have arrived here, to meet their countrymen and help to make things as pleasant as possible for them during their visit to the flowery kingdom. It is expected that the visitors will be greatly impressed with the magnificent scale of the hospitality shown by China on this memorable occasion. It will be the greatest event in the history of Amoy, where no such large aggregation of Americans has ever been before.

delibly stamped upon the foreheads of the youths they were left securely fastened together. It was only after hours of struggling that they succeeded in freeing themselves from their bonds. Then, as they were several miles from home, they were compelled to borrow 10 cents for car fare from a man living in that vicinity.  
The father of one of the members of the fraternity said today that his son had confided in him regarding the affair and that he did not believe the branding would prove as serious as the parents of the candidates feared. He declared his son had been similarly branded and that although the letters remained on his forehead for some time they ultimately disappeared.

(Slightly Colder with Snow.)  
When you see that kind of a weather forecast you know that rheumatism is at hand. Get ready for it fair by getting a bottle of Ballard's Snow Liniment. Finest thing made for rheumatism, chilblains, frost bite, sore and stiff joints and muscles, all aches and pains. Sold by Skidmore Drug Co. 25c, 50c and \$1.00 a bottle.

# INITIATE BIG CLASS OF FRESHMEN TONIGHT

If You Are Counting.  
Owing to the fact that a portion of Sunday's Journal showing Ellers Plano House counting contest, wherein a number of pianos, pianola, organ and talking machines and other valuable prizes are to be given free, was printed a little too black, arrangements have been made for the printing of a duplicate of this announcement, which may be had for 5c per copy (7c by mail) by calling at or writing to Ellers Plano House, 253 Washington street.

# THIS WOMAN PAID AS SHE LEFT CAR

(United Press Leased Wire.)  
San Francisco, Oct. 28.—Thieves stole a watch containing jewelry and money from beneath the arm of Mrs. J. E. Petrie of New York, last night on a Larkin street car. The stolen property is valued at \$1,700 and comprised 11 diamond rings, a brooch and two bracelets with a small amount of money. Mrs. Petrie, who is staying at the Hotel Adrian, left the car with the watch and several bundles in her arms. She recalled being jostled by a man and a woman as she alighted. She did not discover her loss, however, until she reached the hotel.

# Venezuela Remembers Bolivar.

(Special Dispatch to The Journal.)  
Caracas, Oct. 28.—The birthday anniversary of Simon Bolivar, who liberated Venezuela from Spanish rule, was observed throughout the republic today. The anniversary is the only national holiday in Venezuela and is always observed with patriotic demonstrations and elaborate festivities.

# HIDDEN DANGERS

## Nature Gives Timely Warnings That No Portland Citizen Can Afford to Ignore

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.  
DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Portland proof:  
W. Jenkins, retired, 1110 E. Harrison street, Portland, Or., says: "Doan's Kidney Pills have been used by myself and other members of my family with entire satisfaction. Acute attacks of backache annoyed me off and on for some time and dull, dragging pains throughout the kidney regions made it difficult for me to attend to my work. The kidneys were badly out of order and caused me additional annoyance. When Doan's Kidney Pills were brought to my attention I procured a box and began their use. They brought relief sooner than I expected and I continued taking them until my trouble had entirely disappeared. From that time to this I have had continued freedom from kidney complaint and I cheerfully recommend Doan's Kidney Pills to all sufferers of weak or inactive kidneys."  
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.  
Remember the name—DOAN'S—and take no other.

# ROYAL PUMPKIN PIES
