

EMILIO DE GOGORZA SINGS BECAUSE HE LOVES SINGING

Fond of reading and outdoor sports, attired so that one would take him for a merchant or a traveler in search of pleasure, in American-made clothes, which while up to date are in no way extreme, wearing a moustache after the style of the Spaniard, is Emilio de Gogorza, the baritone, who sings at the Heilig this evening, and who despite all the years before the public, has never had a romance in his life, so Mr. de Gogorza says himself.

Mr. de Gogorza doesn't look any older than 35. And he doesn't look any less. He may be but 30. And he may be 40. But he didn't say anything about his age. The reporter didn't ask him. Nevertheless and notwithstanding Mr. de Gogorza's statement about the unromantic life that he has led there is a little bit of an interesting career which he has had of which he does not desire to talk—to talk, that is, for publication.

WIFE'S PIETY ANNOYED HIM

W. W. Culver Loses Spouse in Divorce Court—Makes No Defense.

When William W. Culver was sued for divorce by Mrs. Alice E. Culver several months ago it was indicated that he would make a hard fight to disprove her allegations of cruel treatment, but when the case was called for trial before Judge Morrow in the circuit court today the defendant did not appear. This was explained by the fact that he and his wife had agreed on a division of property. After this matter was settled Culver was willing to let his wife go as she pleased.

COURT REFUSES TO INTERFERE WITH EASTERN OREGON

Councilmen Refer Pending Dairy Ordinance to Special Committee.

The council this morning referred the Cottle milk ordinance to a special committee of seven councilmen and the city health department for further consideration. The mayor is to appoint the committee. This action was taken only after Councilman Cottle had made an urgent plea for further consideration, as it seemed to be the opinion of a majority that the measure should be killed. The charges made by Mrs. M. B. Turnbull of the Visiting Nurses association that the dairies around Portland are a disgrace to the city and largely increased by the impure milk sold here aided Mr. Cottle in having his measure further considered.

Wintry Blasts Begin to Blow and Towns Shiver—Residents in Vicinity of Vale Compelled to Resort to Sage Brush Fuel.

(Special Dispatch to the Journal.) Vale, Or., Oct. 29.—A coal famine, which has been more or less prevalent for the past week is reaching an acute stage and as nothing definite can be learned of the railroad as to when shipments of fuel may be expected there is general apprehension throughout this section. The circuit court is in session here and the city is crowded to the limit, but the majority of the homes are more or less cold. Absolutely no fuel except sagebrush can be had, and Manager Johnson of the new Drexel hotel, whose house is full of guests, is making efforts to keep the people warm with this fuel. The weather is becoming more wintry every day and snow is threatening. Ontario, Weiser, Boise and other towns report no coal.

STEAMSHIPS WILL BE OPERATED BETWEEN THIS CITY AND ORIENT IN FLOUR TRADE, ALTHOUGH TRANSCONTINENTAL BUSINESS WILL BE STOPPED.

Although the transcontinental railroads have announced that they will abolish all through rates to the orient November 1, Harriman will not carry out his threat to disposes of the Portland & Asiatic Steamship company. It was announced today that the steamers of the Portland & Asiatic line would continue to operate out of Portland because of the competition with local export and import shipments.

COURTHOUSE VISITOR PROVES ALARM IN GOOD CONDITION.

An elderly man named West, of a benevolent turn of mind, was the innocent cause of a great scurry and commotion at the courthouse early this morning. In attempting to ring a bell for Jailer Hansen he touched the wrong button and in a minute a squad of deputy sheriffs, armed with revolvers and ready to suppress any kind of a jail break, came tumbling down the stairs to "assist" the jailer.

He followed to see what was going to happen. When the breathless bunch reached the jail they saw only a frightened old man, who did not yet know what had done. After the excitement had quieted down West explained to the jailer that he was only trying to attract some one's attention, the latter not being in another part of the jail. He saw a button that he supposed connected with an electric bell, so he touched it. Explaining that he had a benevolent purpose, for he has a plan for starting an industrial farm, and thought some of the discharged prisoners might be put in the way of employment after their terms are over.

E. A. Blake Says Murphy and Newburgh, Ruff's Attorneys, Guilty With Him—Thousand for Juror, \$10,000 for Silence.

(United Press Lined Wire.) San Francisco, Oct. 29.—E. A. Blake, a local contractor, confessed that he had attempted to bribe John M. Kelly, a venireman called to sit on the jury that is to try Abraham Ruff, ex-political boss of San Francisco, on a charge of bribery.

Blake's confession has created a tremendous sensation here. He implicated Attorneys Frank J. Murphy and A. S. Newburgh, who have been appearing for Ruff in the graft cases. Blake said Attorney Murphy gave him \$1,000 to offer Kelly and that Ruff offered him \$10,000 if he was arrested to keep silent on the case. He exhibited promissory notes alleged to be signed by Ruff and Ruff's relatives for that amount.

Blake was tried and convicted of the attempt to bribe and was to have been sentenced today.

Blake's confession was made in open court just after a motion by his attorneys for a postponement of sentence had been denied by Judge Dunne. The court's refusal of a continuance swept away the last hope of Blake to avoid sentence, and he then asked permission to answer the charges.

"The story leading up to attempted bribery is a long one," he began. "I wish to tell you the whole story. Are you making this confession under promise of immunity?" asked Judge Dunne.

"I met Newburgh several weeks ago," continued Blake, "through a mutual friend. Newburgh asked me for a list of the prospective Ruff jurors. I told him I knew John Martin Kelly very well. Newburgh then said that he would like to see Kelly and that he would like to see Ruff. He requested me to 'feel him out.' Later this offer was raised to \$10,000.

"I sounded Kelly to see how he stood, and then made to Kelly the definite proposition to hang the jury."

Blake's story was interrupted by a motion for a continuance of the trial, which was denied by Judge Dunne. Blake's story was interrupted by a motion for a continuance of the trial, which was denied by Judge Dunne.

BRYAN WINS ON STRAW VOTE IN STRONGHOLD OF REPUBLICANS

Bryan is as good as elected. The Imperial hotel lobby, home of the Republican politicians of the state, has given the Nebraska a majority of three on a straw ballot. "Doc" Anderson, known as a baseball fan to every one who attends the games, has become a Bryan booster, though he has always voted the Republican ticket in times gone by. Last night he engineered a straw ballot in the lobby of the hotel.

Securing a Taft supporter to collect the ballots, so that everything would be admittedly fair, a straw vote was taken. It resulted in 18 votes for Bryan and 17 for Taft.

STATE SLIGHTED MORE MARTYRS BY HARRIMAN GO TO PRISON

Edward H. Harriman's well known partiality for Oregon has again been displayed in the proposed distribution of new equipment for the various Harriman lines. The equipment, which is to be delivered next year, is to be distributed in this manner:

Out of 77 new baggage cars the Southern Pacific—the California portion of the line—will get 25; Central Pacific 25; Union Pacific 10; Oregon Short Line, 3; Oregon Railroad & Navigation Co., 2; Oregon & California, 2.

There are to be 72 new coaches, distributed as follows: Southern Pacific, 30; Oregon Railroad & Navigation Co., 20; O. R. & N., 6; Oregon & California, 5. Six of the 10 postal cars are for the Central Pacific and 4 for the Union Pacific, while the Union Pacific gets 4 of the new storage postal cars and the Central Pacific the other 5. The 10 chair cars for the Union Pacific are divided as follows: 3 for the Union Pacific, 2 for the Oregon & California, 3 for the Oregon Short Line, 2 for the Oregon Railroad & Navigation Co., and 2 for the Oregon & California.

Owing to the fact that the Harriman lines in this state have notoriously had the equipment of the Harriman lines in Oregon consider that the recent allotment of new cars is another slap in the face of the Oregonians. The new cars represent the equipment for next year.

FRACTIONAL LOT IS SOLD FOR \$50,000. A two thirds interest in the fractional quarter block on the northeast corner of Eleventh and Stark streets, opposite the Northern hotel, has been sold to R. Eppinger for \$50,000. The property belonged to R. Wilder and Lewis Russell and was sold on a basis price of \$75,000 for the holding. The premises are being improved by a frame apartment house and two dwellings. While the owner has made deep money clear of the property, it is considered that a modern brick structure, either for business purposes or hotel, would be erected there within the next year.

LETTER FROM A FORTY-NINER. Could Not Obtain Relief From Catarrh Until He Had Used Hyomei. Here is a simple, interesting and sincere letter from a rugged pioneer of '49, who braved the dangers and hardships of the overland trail to California. Surely the sincerity of this letter should strongly appeal to those who desire to escape the bondage in which the new held by that ruthless and most powerful wrecker of health and happiness.

Santa Rosa, Cal., May 5, 1908. Dear Sir:—Some years ago I was afflicted with catarrh, and tried a number of remedies, but received no relief. I was told by a friend who had been using your Hyomei, and thought I would receive a great benefit and perhaps a cure. I purchased an outfit, and before I used the bottle I noted a marked relief. I used it for a month or so, and thought I was cured, and stopped using it for the holidays. I started using it again, and I keep it in the house and use it every morning once a day, and keep my Hyomei clear of the medicine. I consider it the best catarrh medicine that is used. I have often recommended it to my friends. I am 61 years old. I came to California in 1849, and my course is not as vigorous as I was 58 years ago. My address is 841 4th St., Youngs, Ore.

THREE FOLLOW FIELDS OUT

Coincident with the resignation of G. Clarence Fields, superintendent of the Oregon Water Power division of the Portland Railway, Light & Power company, President B. S. Josselyn of the company has received the resignations of E. B. Heath, chief dispatcher of the system, E. M. Smith, his assistant, and Chief Clerk A. L. Gage.

These resignations following quickly upon the statement by President Josselyn that there would be no "shake-up" and that Mr. Fields had not resigned because of any unpleasantness in the administration of the company's affairs, have set the employees on the anxious seat again and bring the number of resignations of important officials that have been tendered in the last few months of Mr. Josselyn's administration to nearly a dozen.

Mr. Fields said this afternoon that his assistants were anxious to change their employment and leave the grind of office life and that there had been no friction between them and the president. Mr. Fields will leave the company Saturday night, just 15 years to a day since he first entered its employ. He has not decided what he will do, as yet.

SCHEDULE TO BE CHANGED. Conferences over a change in the running time on the O. R. & N. are being held today by passenger and traffic officials of the railroad, and it is believed the new schedule for both local and through trains will be ready by the end of the week.

The running time for the winter season will be considerably slower than that of the summer, but it is believed that connections with the Harriman lines and other fast eastern trains will not be changed, although it will be necessary to leave Portland at an earlier hour.

Talk of putting on a new limited train between Portland and Chicago is still being held, but it is doubtful if it will be done before spring, when competition with the through trains of the North Bank will make necessary.

Dead of Apoplexy. Found unconscious at Holiday avenue and Cressler street Tuesday night, Dr. W. N. Goodby died this morning in St. Vincent's hospital. Apoplexy was the cause of death. Dr. Goodby, who died when he was 60 years of age, had been a resident of this city for many years. He was a well known physician and was highly respected by his fellow citizens.

WIFE'S PIETY ANNOYED HIM

W. W. Culver Loses Spouse in Divorce Court—Makes No Defense.

When William W. Culver was sued for divorce by Mrs. Alice E. Culver several months ago it was indicated that he would make a hard fight to disprove her allegations of cruel treatment, but when the case was called for trial before Judge Morrow in the circuit court today the defendant did not appear. This was explained by the fact that he and his wife had agreed on a division of property. After this matter was settled Culver was willing to let his wife go as she pleased.

Mrs. Culver, who is a gray-haired woman of refined appearance, testified that her husband objected to her church work and sneered at her religion. He made slighting remarks about the churches and the preachers, and hinted that people should be more careful of their company than to associate with the minister of the church which his wife attended. She also complained that he consulted clairvoyants and humiliated her by telling her what the "spirits" said. The divorce was granted.

Culver is said to be worth \$100,000, more, and in her complaint Mrs. Culver asked for \$2,000 alimony. The terms of settlement between them are not disclosed. They were married in St. Johns in November, 1904.

WILL ERECT ELECTION BOOTHS TOMORROW

Three gangs of men will tomorrow morning begin the erection of the voting tents for the November election. As Halloween comes the day after, there is some danger that the booths prepared for the voters will be given cyclonic tests on Saturday night, but if anyone is caught disturbing the tents they will be liable for a fine of \$100. The preparation of supplies for the election officers is going ahead rapidly, and everything will be in the hands of the election boards before Tuesday morning.

BENEFIT IS PLANNED BY WAR VETERANS

The Spanish War Veterans of this city, under the auspices of Scout Young camp, are preparing one of the biggest minstrel shows ever seen on the coast, which will be given at the Heilig theatre two nights in the early part of December. The veterans are making a special effort to build up their sick and wounded comrades, and working hard to make the entertainment one of the most attractive affairs of the winter season.

BOTH LIGHTWEIGHTS PROFESS CONFIDENCE

(United Press Lined Wire.) San Francisco, Oct. 29.—The fight tonight between "Boer" Unhols and "Cyclone" Thompson probably will be much shorter than the 20-round limit, according to both fighters. The "Boer" will wear the ring as aspirant for the lightweight title, feeling that it is necessary to score a victory in the early part of the fight in order to claim the right to meet Battling Nelson.

TRAINWRECKERS IN WISCONSIN

Duluth Limited Ditched at Kempton and Three Persons Injured.

(United Press Lined Wire.) St. Paul, Minn., Oct. 29.—The Duluth Limited on the Chicago, St. Paul, Minneapolis & Omaha railroad was wrecked near Kempton, Wis., at 4 o'clock this morning and three persons were seriously hurt. The engine and two passenger coaches were overturned. Railroad experts say it is most remarkable that no one was killed. The circumstances of the accident indicate that it was the work of wreckers.

GRAND JURY PROBES JACK LA ROSE CASE

The grand jury yesterday afternoon took up the examination of witnesses in connection with the assault committed by Jack La Rose on a Chinese tailor. La Rose will be tried next Monday on a charge of murdering Hyman Neuman, and the object of the grand jury investigation of the other charge at this time is supposed to be to bring another indictment on which to hold him if the state fails to secure a conviction on the homicide charge. The state feels that it has a "chance case" on the assault, as La Rose was pursued and caught after he had struck the Chinaman a blow with a piece of gas pipe.

NO ONE HURT IN SMASH

A Woodlawn car slid backward on the slippery rails at the west end of the Burnside street bridge last evening and smashed into a Broadway car climbing the grade. One window was broken, but though no one was injured an alarm of a fire accident brought out two ambulances on the run.

YOUR TIME TO BUY IS NOW WHEN YOU SAVE A CLEAR THIRD

We are selling 4,000 perfectly new, first-class, up-to-date disc records for the price of a clear third of their usual cost. Think of it! You can get these records for 40c each—less than small dealers pay for them at wholesale. These records go in lots of not less than six at 40c each—a half-dozen for \$2.40. But you will have to hurry, as at this greatly reduced price these records should be gone in a few days. This is the time to replenish your stock of records, for the winter evenings now coming on can be made jolly ones with a good talking machine and plenty of records to suit the tastes of the different ones in the family. Some may like waltzes; others the good old songs of long ago—still others may like the lively band pieces and two-steps—we have them all here included in this reduction.

We are also closing out a number of first-class Talking Machines, tapering arms and the latest attachments, at the following prices: \$25 Talking Machines and 6 records, each... \$19.75 \$35 Talking Machines and 6 records, each... \$22.40 \$40 Talking Machines and 6 records, each... \$25.00 \$85 Talking Machines and 6 records, each... \$50.00 \$100 Talking Machines and 6 records, each... \$75.00 Your satisfaction guaranteed or your money refunded. Payments if desired. A number of Cylinder and Disc Cabinets at Special Reduction.

GRAVES MUSIC CO. 111 4th Street. The Largest and Finest General Music Emporium West of Chicago. Remember Saturday is "Baby Home Tag Day." Help the Babies by buying a tag. Don't delay.

Suits, Overcoats and Raincoats, special values, \$5.00.

Here are School Suits that add to a boy's confidence—suits that will save him from the gibe and jeer of his observing schoolmates.

Suits that are free from the "sissy" look of the department store.
