# THE WORLD'S MARKETS

## LOWER PRICE ON OUR EGGS

### 40c Is Practically Out of the Question Except for Single Cases Now.

PORTLAND WHOLESALE MARKETS.
Egg market is lower.
Dressed hogs are weak.
Steady tone dressed veal.
Many purchases hops reported.
Chicken market is steady.
Run of salmon not so heavy.
Potato movement small.
Onions are being held.
Cauliflower in better supply.

**Lower Price in Egg Market.**

As has been expected by the general trade, the egg market is showing a weaker tone locally and some dealers who have been talking of a stiff market at 40c for local ranch are not asking more than 38c in many instances, while some say they are willing to let go at 37½c. The truth of the matter is that egg prices have been boosted too high all along the coast on account of the better profits made in the handling of eastern stock. A car of eastern eggs has arrived in this city almost every day for the past two weeks. The inward movement from the outside has been the greatest for this period of the year for many seasons. While arrivals of local eggs have been light all along, the boosting of quotations in the north caused a large number of shippers to seek the markets there. The fact that they were greatly disappointed in the returns they received has brought them back here and all these eggs are again coming to the Portland market. With the somewhat increasing arrivals of local fresh eggs and the record breaking inrun of eastern stock together with milder weather, the market consequently weakened and today's slight cut in values may possibly mean the cutting of values until they reach 35c.

**Dressed Hogs Are Weak and Lower.**

With continued heavy arrivals of dressed hogs in an already overloaded market, prices along Front street are ruling weaker and somewhat lower. The very best dressed hogs cannot be moved at a price higher than 7c a pound just now and some very good stock has been sold by receivers during the past 48 hours as low as 6@6½c.

While dressed veal cannot be called firm at this time, the tone is quite good and sales are being made at the quotations today printed by The Journal.

**Chicken Market Is Steady.**

There is quite a good tone in the chicken market at this time, although prices are showing no change. The movement has been liberal, but after the two cuts in prices the market has settled down to a steady basis. However, heavy arrivals would cause a further reaction in values.

**Potato Movement Small.**

Potato growers are showing a disposition to hold their potatoes for a higher price and in consequence the present movement to market is showing a decrease. Generally speaking, producers are of the opinion that a higher price will rule after the turn of the year for all fancy stock, but they are determined to hold anyway. The market is firm with buyers paying from 90c to $1 per 100 pounds for best quality f. o. b. Portland. Some of them are paying as high as 95c at nearby country shipping points.

Onion growers are not willing to let go of their supplies just as present and for that reason local supplies are scant, even with the late arrivals from California.

**Brief Notes of Front Street.**

Cauliflower is in somewhat better supply, but sizes show a great difference and in consequence prices are wide apart.

Run of salmon in the Columbia is smaller again. Local arrivals in proportion.

Bananas are very scarce and prices are being held stiff.

There is a very quiet tone in prunes.

Fancy apples are finding a very good call around $2.50@3 a box with choice Hood River stock selling around $2. Ordinary stock is selling at a wide range.

Cheese market is gaining in firmness daily with an upward tendency to prices. No change today.

Creamery butter is steady with better sales of local make since the recent decline.

All efforts to interest the orient in flour at this time seem to be a flat failure, and while an occasional sale for a nominal number of barrels is being reported, total transactions are scarcely worth noting. Owing to the high cost of wheat and the heavy requirements of Europe, the milling trade cannot meet the views of the orient regarding prices. Prices offered by Japan and China are showing such a wide difference at the moment that it is impossible for the interests to come together.

While it had been generally believed that supplies of flour in the orient were very small, the reverse is now said to be the case. When the freight rate war was on and freight was taken to the orient as low as $1 a ton, the outgoing steamers were loaded to their capacities with flour and this flour is now on the market.

Locally the flour trade is very quiet, retailers being disposed to await the result of the election before stocking up.

There is little change in the grain situation, either cash or for futures. On the Portland board of trade today the only change in the entire list was the slicing of ¼c off the asked price for December wheat.

While there was renewed firmness in San Francisco barley, both for cash and futures, the local market ruled unchanged, except perhaps to show a slightly steadier feeling.

Invitations have been sent to all members of the board of trade to hear the election returns in the board rooms from 8 o'clock Tuesday night until midnight. Seats have been secured for the ladies and refreshments will be served for the guests.

### Killers Still Being Fed With Recent Purchases of Range Sheep.

| Saturday | 250 | 130 | ... |

Portland Union Stockyards, Oct. 30.—While packers are disposed to go slow in their call for sheep at this time, there is no doubt in the minds of receivers just now that the buyers would be willing to pay full figures for good quality. Late arrivals of sheep, while of small volume, have found but little encouragement from packers for two reasons. The first of these was the fact that packers were forced a few weeks ago to go into the interior themselves to secure sufficient sheep to fill their wants and these sheep are now arriving and consequently come close to filling all their requirements. Owing to the lack of grass on the eastern Oregon-Washington ranges, practically all the late arrivals of sheep have shown unusually poor quality. This fact is amply shown by the reports of sales published from day to day by The Journal.

**Steers Are Hard to Move.**

While the arrivals of cattle in the yards are not very liberal there is very little doing in the market. Although packers are still inquiring for cows and heifers, especially the latter, they scarcely appear in the market for steers except at low prices. "I dont look for any immediate improvement in the cattle situation," says President Daughtrey of the yards, "for at least a month or so. As long as grass stuff continues to come prices will do little better but with the appearance of feed stuff there is no doubt that a higher range of values will rule."

A year ago today hogs were weak, cattle and sheep firm. Hogs were down 25c for the day. Other values unchanged.

Today's arrivals of livestock in the local yards compare with this day in recent years as follows:

| | Hogs. | Cattle. | Sheep. |
|---|---|---|---|
| 1907 | 77 | 102 | ... |
| 1906 | ... | 36 | 317 |
| 1905 | 475 | 150 | 250 |

Following is the general range of values on stock ruling in the yards for late shipments:

Hogs—Best east of mountains, $6.25; ordinary, $6; blockers and China fats, $5@5.50; stockers and feeders, $4.75@5.

Cattle—Select east of mountains, steers, $3.75; medium steers, $3.25@3.50; ordinary, $3.25; best cows, $3@3.50; heifers, $3.50; medium cows, $2.00@2.25; stags, $2.50@3; bulls, $1.75@2.

Sheep—Best wethers, $3.50; ordinary wethers, $3.25; lambs, $3.90@4; straight ewes, $3; mixed lots, $2.50@2.75.

Veals — Choice young calves, $4.50; heavy and rough, $3.50@4.

**Yard Representative Sales.**

The following prices are representative of the largest transactions in the local yards and indicate the extent of the demand for the various grades and weights with the prices thereof:

HOGS.

| | Weight. | Price. |
|---|---|---|
| 59 hogs | 14,150 | $6.10 |
| 27 hogs | 3,960 | 5.25 |

SHEEP.

| 106 sheep | 11,625 | $3.25 |
| 251 sheep | 27,880 | 3.15 |
| 276 feed sheep | 23,315 | 2.25 |
| 279 thin ewes | 23,235 | 2.00 |

**Hogs Drop 5c.**

Chicago, Oct. 30.—Run:

| | Hogs. | Cattle. | Sheep. |

| Kansas City | 10,000 | 3,000 | 7,000 |
| Omaha | 4,000 | 1,300 | 1,000 |

Hogs are 5c lower. Left over yesterday, 8,400 receipts year ago, 12,000. Mixed, $5.25@6; heavy, $5.65@6.05; rough, $5.25@5.55; light, $5.15@5.75. Cattle and sheep steady.

## MORE DOLLARS FOR HARRIMAN

### Union Pacific Earnings Increasing and Prices Rise in New York.

**U. P. Earnings Increase.**

New York, Oct. 30.—The statement for the month of September shows that the Union Pacific railroad's net earnings during that period amounted to $1,400,000 net increase or $400,000 gross increase over a year ago.

New York, Oct. 30.—A very bullish statement of the Union Pacific for September, showing increased revenues, caused an uplift of stock market values in general today, the Harriman security gaining 1½ points over the closing of yesterday.

The market opened strong and with the exception of in a few leaders, the tone remained good all day.

The Wall Street Journal today says in its summary:

"Americans in London ⅛ to ⅛ above parity. Union Pacific strong feature of the London market. J. D. Rockefeller comes out for Taft. It is estimated that the railroads in the last fiscal year showed $139,000,000 gross and $120,000,000 net decrease in earnings.

"An increase in steel orders during the present week was reported. Cast iron pipe is operating 75 per cent of its capacity. Bar silver now selling at low prices of the year. Money is hardening temporarily in London on account of the requirements for the end of the month. President Finley of the Southern Railway says conditions are better than at any time since the business reverses started. Attorney-general has brought suits against 23 railroads for violation of safety appliance law. Boston stock exchange seat sells for $36,500."

Chicago, Oct. 30.—The local wheat market responded to the weakening of the bull forces abroad, the lower prices there and the inclination of the trade here to take whatever profits there appeared visible.

Wheat started ⅛@¼c under the final figures of yesterday with the new crop option showing the weakest disposition. With the exception of an additional decline of ⅛c for the July delivery, the low point for the day was made at the opening.

Early sellers showed an inclination to buy back their wheat quite early in the day and the improvement in prices started in quick succession. At the close the market was within a fraction of the best prices for the day, the last figures showing an advance of ⅝c to ¾c over yesterday.

Liverpool opened ⅛c to ⅛d under yesterday and closed ⅜ to ⅛d under Thursday's final.

## ORDERS FOR CHOICE HOPS ARE NOW HERE

While actual transactions are very hard to specify at the moment, it is known positively that there are a number of orders here for choice hops, from European and eastern sources. It is stated positively that 8¼c is still being offered for select quality in the Silverton district by Julius Wolf, who purchased a lot at the highest figure of the season several days ago. The activity is confined to Marion county and includes the Silverton, Hubbard, Aurora, Gervais and Mount Angel sections. Among the late buyers there around 8c are reported Klaber, Wolf & Netter Co., Julius Wolf, Catlin & Linn and Sducking. Hans Wahlburg is also said to be taking a few lots in that section.

## CALLS ON MAYOR TO COLLECT ON BOND

What will Mayor Lane do with regard to collecting the $100,000 bond forfeited to the city by the failure of the United Railways company to finish its electric line to Salem within the two years' time granted by its franchise?

The council yesterday by resolution called the mayor's attention to that part of the city charter calling upon the executive to enforce all contracts. This was in response to the mayor's communication calling the attention of the lawmakers to the fact that the bond had been forfeited to the city by failure of the company to carry out the terms of its agreement.

When asked by a Journal reporter this morning what action he proposed to take, the mayor said he had not considered the matter as yet. He thought the city would have to institute proceedings in the courts to collect the amount of the bond.

## BRYAN RALLIES FOR TONIGHT

Several Bryan meetings are scheduled for tonight. All sections are taking a great interest in the closing of the campaign and requests for speakers are coming in to the headquarters so rapidly that the organization is having a strenuous time in providing spellbinders for all the places where meetings are desired.

At Lents tonight, John Manning will deliver an address to the voters at a meeting to be held under the auspices of the Bryan and Kern club of that place. N. Campbell will also be one of the speakers at the meeting.

Montavilla will hold a rally tonight at which John A. Jeffrey and Frank Coulter will be the speakers. Mr. Manning will also deliver an address to the voters of West Portland tomorrow night.
