BRYAN NEEDS EVERY VOTE TO WIN

Failure of a Few Democrats in State to Go to Polls May Give Oregon to Taft—Fight Admitted to Be Very Close.

Oregon is a doubtful state. Although the great preponderance of Republican registration makes the presumption natural that Taft will carry the state, yet so great is the defection from the Taft cause among the masses of the people that the result will be very close indeed. So narrow will be the margin that every vote will count in the determination of the issue, and if all those voters throughout the state who have the success of Bryan at heart will be sure to vote, there is great probability that Taft will lose the four electors of this state.

Estimates made by the Democratic state central committee, compiled from carefully gathered and conservative data, give Bryan the state by a margin of 2,050 votes. In compiling the estimate State Chairman Sweek called into service men from every county who had made a close and careful investigation into the prevailing sentiment of the voters. Since making the estimate he has received additional reports from every part of the state which strengthen his belief that Bryan is safe in the state.

Throughout the state there is a tremendous anti-Taft sentiment. Men in all walks of life are leaving his cause and espousing that of Bryan. In Portland the organized labor vote is standing in almost solid ranks behind Bryan and against Taft. Everything considered it is safe and conservative to predict that relatively very few votes will caange the result one way or another.

Latest estimates made by Secretary C. N. McArthur of the Republican state central committee are that Oregon will give Taft a plurality of 22,975 votes. This includes Clatsop county, which was not taken into account in previous estimates. People generally look with levity on this prediction and nobody who has kept in touch with the political situation in the state considers it sane, not even those who have given it publicity.

But a short time ago, comparatively, Oregon gave Governor Chamberlain a majority of 1,522 in his race for the United States senate. Today reports from every section of the state tell of there being more Bryan talk in every county than Chamberlain talk prior to his success last June. Every indication points to Bryan's success.

To Clean Fruit Jars.

Success in canning fruit depends upon having the jars thoroughly cleansed and sterilized; if fruit has once spoiled in a jar the same thing will happen again, if the jar is merely washed and not boiled. To make sure that the jars are in good condition, put them on the back of the stove in a pan of cold water in which has been dissolved a tablespoonful of Gold Dust washing powder and let come to a boil. The tops should also be immersed for a few minutes in boiling water and old rubbers should never be used. After the can has been filled, shake, screw the tops on and invert the cans to make sure there are no air holes.

CONFER ON BRIDGE THIS AFTERNOON

All east side improvement associations, west and north of Holladay avenue, will have representatives present at a bridge conference to be held at 4 o'clock this afternoon in the rooms of the Commercial club. The principal object of the meeting is to settle on a location for the proposed new Albina bridge. Practically all of the organizations have agreed to abide by the recommendation of Engineer Modjeska, which provides for making the east side terminus on Broadway.

The Multnomah club is understood to favor Albina avenue as the location for the new bridge, and it is said that a proposition will be made at this afternoon's meeting to submit the question of the location as betwen Broadway and Albina avenue to a vote of the east side. One large property owner on Albina avenue is said to be responsible for the attitude of the Multnomah improvement association in favoring that thoroughfare as the east side approach to the new bridge.

Six of the seven east side improvement associations are said to be willing to accept such location for the bridge as the council committee may decide on after a consultation with the United States engineer, the Terminal company and the Port of Portland.

The report of Engineer Modjeski will come up for discussion at this afternoon's conference. His recommendation for a bridge of the bascule type at Broadway street to cost about $1,500,000 will very likely meet with the approval of the conferees, as the $2,000,000 high bridge proposed at Albina avenue is considered as too great a drain on the taxpayers at this time.

At one time it was feared that the radical differences of opinion as to the proper location would result in the defeat of the whole proposition, but it is now believed that the differences will be cleared away, and the work go forward without further delay.

CHORAL AND GLEE CLUB AT THE O. A. C.

(Special Dispatch to The Journal.)

Oregon Agricultural College, Corvallis, Nov. 2.—Universal interest in music is manifested by the O. A. C., students this year, probably due to the improved facilities for musical education provided by the college. The Choral club of 100 voices gives much promise, as does also the mandolin and guitar club of 15 pieces. The glee club has recently been organized with an enrollment of 24 members and this organization under the direction of Professor Gaskins is expected to develop into one of the best glee clubs of the state. Later the glee and mandolin club will give entertainments at Portland, Salem and other cities in Oregon.

LINCOLN WILL HONOR BRYAN

Preparations for Monster Parade to Celebrate Candidate's Arrival Home.

(United Press Leased Wire.)

Kansas City, Kan., Nov. 2.—Bryan left here this morning for a tour through northern Kansas, to make his final speeches of the campaign before reaching Lincoln, Neb., tonight, where a rousing welcome has been planned. A monster parade has been planned for Bryan's homecoming to Lincoln. The entire town will turn out to do him honor.

Bryan started his campaign in Kansas with all the snap he has exhibited throughout the whole campaign. His voice is unimpaired and he speaks as vigorously as he did the first day.

At every stop Bryan continued his attack on the Republican party because of Rockefeller's indorsement of Taft. He denounced President Roosevelt's statement that the Rockefeller indorsement was a campaign trick of the Democrats, as a campaign document and declared that it was weak on its face.

The Democratic candidate is being welcomed by immense crowds at every stop here.

His contemplated trip to Omaha was cancelled to allow the trip through Kansas. Bryan will rest at Fairview tomorrow, where he will receive the election returns.

"I believe we will have votes to spare in the electoral college and a considerable majority of the popular vote," said Bryan today in summing up the campaign. "The Republicans will have an unpleasant surprise awaiting them on the day after election. I think we will carry Illinois."

Mrs. Bryan left the candidate's special at Chicago last night to return to Lincoln, where she will prepare for her husband's home-coming.

FOUR NUPTIAL EVENTS SAME DAY IN FAMILY

Trenton, N. J., Nov. 2.—Three weddings and one wedding anniversary was the record here today when two sons and a daughter of Mrs. Adam Schuck were married, and Mr. and Mrs. John Unsinger, the wife being a sister of Mrs. Schuck, celebrated the tenth anniversary of their wedding.

Jacob Schuck led off at 9 this morning with Miss Rosa Bruen. At noon Miss Lena Schuck was led to the altar by Frederick Fechter of Philadelpcia, and at 3 this afternoon George Schuck finished the family marrying bee by Wedding Miss Frances Dempsky. The three pairs were married in different Roman Catholic churches.

The wedding anniversary of Mr. and Mrs. Unsinger was celebrated in the evening, although the pair attended all of the weddings.

A PECULIAR WRENCH.

Of the foot or ankle may produce a very serious sprain. A sprain is more painful than a break. In all sprains, cuts, burns and scalds Ballard's Snow Liniment is the best thing to use. Relieves the pain instantly, reduces swelling, is a perfect antiseptic and heals rapidly.

FOUR ROWDIES PAY $10 FINES

Four of the young men arrested early Sunday morning on the St. Johns car pleaded guilty to disorderly conduct in the municipal court this morning and were fined $10 each. They are J. Spragg, Harry Slaughterback, N. Murphy and E. J. Hess. The seven others will be heard Thursday. The arrests were made by Special Officer Lillis of the Portland Railway, Light & Power company and 10 deputy sheriffs.

Conductors on the late St. Johns cars on Saturday nights have been troubled for some time by drunken rowdies. Complaints from passengers have been frequent, as every woman on board would be annoyed. The seizure of the 11 young men was planned early in the week, the sheriff's office offering its assistance.

Rowdyism began on the trailer car at Second and Flanders and at East First street and Holladay avenue the officers took a hand. It had been expected that the arrests would be made, if the usual performance began, far out on the line.

Those who declared themselves not guilty today were Harris Edner, S. Evans, C. T. Davidson, Frank James, J. B. Johnson, W. H. Newman and Robert Williams.

LEBANON YOUNG MAN ATTEMPTS SUICIDE

Lebanon, Or., Nov. 2.—Cleve Collins, 24 years of age, attempted to commit suicide by taking chloroform last night. Despondency over the reported repulse of his attentions to a school girl of this place is said to have been responsible for the act. It is believed he will recover.

Eilers Counting Contest

THIS UNIQUE ADVERTISING CAMPAIGN WILL SURELY CLOSE NEXT WEDNESDAY, NOVEMBER 4, AT SIX O'CLOCK.

All Who Have Not Submitted a Count Should Investigate This Splendid Offer at Once—See the Beautiful Prizes on Display at Washington and Park Streets.

Particularly those whose home is not supplied with a piano or organ or a talking machine will be interested in the latest advertising campaign of Eilers Piano House.

This most up-to-date and thoroughly progressive concern in its line on the coast, has under way a unique "counting contest," which closes at 6 o'clock next Wednesday. In this they impress upon everyone the truly wonderful scope and extent of its operations, and also give everybody a chance to earn a valuable prize. The highest award is a magnificent Chickering Grand, worth $1,000, the second is a Kimball upright, comparing most favorably with any piano usually sold at from $500 to $550. And there are many other prizes; pianos, organs, pianola, even a Reginaphone.

Portland is the home of Eilers Piano House. Here is where the tremendous business now handled by the firm was started. This is certainly a concern that is alive and keeps abreast of the times. Unquestionably one of Portland's most progressive, most aggressive and at the same time, most trustworthy and reliable business houses.

In the selling of high-class musical merchandise, Eilers Piano House possesses many advantages which they know how to place before the public in an attractive manner. This and the uniform high quality of their instruments, backed by their warranty, "complete satisfaction or money back," has made the firm foremost among the reliable mercantile institutions of the coast.

Secondly, when they advertise a contest as the one now in progress, it means a contest. There is no lottery or chance connected with it. If you want one of the many prizes offered and have not seen the page advertisement, look up yesterday's Journal, page 14, or send to Eilers Piano House for an extra page. A number of extra pages have been printed which will be furnished by them to anyone asking for same. To cover the cost of printing, however, a charge of 5 cents (7 cents by mail) will be made for each sheet. One copy will be supplied free if you send three names and addresses of families who would like to participate and to whom also copies will be sent free of charge.

But, remember, the contest closes next Wednesday at 6 o'clock, so prompt action is necessary in order to secure one of these beautiful prizes. Send count to Contest Department, Eilers Piano House, 353 Washington street.
