

## WATER TOWER TO BE BOUGHT

Fire Committee of Executive Board Recommends Its Purchase.

At its regular meeting yesterday afternoon, the fire committee of the executive board adopted a resolution recommending the building of a fire station at Third and Gilliam streets and also advising the purchase of a modern water tower. This additional protection to the wholesale business interests has been needed for a long time and it is believed the council will vote favorably upon the proposition to be submitted by the executive board that \$22,000 be taken from the 1908 fire fund to build a brick engine house of the latest construction.

Chief Campbell was ordered to present the names of all those eligible for the position of master mechanic for which he had recommended only W. J. Phillips. Phillips gained some unpleasant notoriety at the hydrant investigation recently made by the executive board, when he was indirectly charged with having received money to promote the interests of a certain hydrant company.

Chief Campbell pointed out the fact that he had on several occasions been handed in but one name for a position and that his choice had been approved by the old fire committee. Since the advent of the new committee, however, the regime has seemingly been changed. The fire chief is evidently not to have so much jurisdiction.

## WHY A SPECIAL SESSION IN OHIO

Curious Complication in Buckeye State Due to Harmon's Election.

(United Press Leased Wire.)  
Columbus, Ohio, Nov. 5.—Republican Chairman Williams today concedes the election of Judson Harmon, Democrat, as governor, with a plurality of over 20,000.

The legislature will be Republican, but as Senator Foraker's term expires before the special tariff revision session of congress and there will be no regular session of the new legislature in the meantime, Governor-elect Harmon might have the appointment of a successor for Foraker to serve at the special session. The Republican leaders are planning to prevent this. The term of the new legislature begins January 1. Governor Harris remains in office until the second Monday in January. It is expected that Governor Harris will call the new legislature into session January 2 to elect a senator.

## MERGER PLAN IS OUTLINED

The amalgamation of all the great Jewish philanthropic organizations of the world, which was planned at the recent conference in Berlin, was the topic of an interesting paper by Mrs. Julius Lippitt at the regular meeting of the Council of Jewish Women at the Selling-Hirsch building yesterday afternoon. At the Berlin conference Jewish leaders from England, Germany, Russia, Austria and Denmark were in personal attendance and assurances of sympathetic interest came from the United States, France and Belgium. Louis Marshall of New York and Adolph Kraus of Chicago were the American Hebrews who promised their support.

Mrs. Lippitt outlined the plan which is for the formation of a permanent international executive committee, which shall attempt to direct the various Jewish philanthropic endeavors throughout the world, which, to a great extent, are now operating at cross purposes.

One of its main purposes would be to give intelligent direction to Jewish charity on such occasions as the Kishineff massacre and, above all else, to work along parallel lines for the prevention of such catastrophes. Its activities would include not only the amelioration of the economic and moral status of the Jews of eastern Europe in their present abode, but also their systematic emigration and settlement abroad.

Eventually a universal Jewish colonizing association will be organized which will work hand in hand with the official colonial authorities of the various countries, who heretofore have had no connection with Jewish colonizing enterprises. The new association will work along the lines pursued by the various government colonial departments and will be devoid of any money-making aspect.

The General Federation of Women's clubs to be held in St. Louis, November 10, 11 and 12, was urged upon the attention of members of the council, Mrs. Louis Altman who is the club's delegate to the triennial council to be held in Cincinnati the first week in December, was given credentials and instructions. Mrs. Max Hirsch, the president of the council, presided.

Heavy, impure blood makes a muddy, pimply complexion, headaches, nausea, indigestion. Thin blood makes you weak, pale, sickly. Burdock Blood Purifiers makes the blood rich, red, pure, restores perfect health.

Stops itching instantly. Cures piles, eczema, salt rheum, tetter, itch, hives, herpes, scabies—Doan's Ointment. At any drug store.

For a mild, easy action of the bowels, a single dose of Doan's Regulax is enough. Treatment cures habitual constipation. 25 cents a box. Ask your druggist for them.

"Dr. Thomas' Electric Oil is the best remedy for that often fatal disease—roup. Has been used with success in our family for eight years."—Mrs. L. Whiteacre, Buffalo, N. Y.

## TAFT TALKS TO MISSIONARIES

(United Press Leased Wire.)  
Cincinnati, Ohio, Nov. 5.—President-elect Taft made an address today before the Women's Missionary society at Trinity Methodist Episcopal church. His address was in commendation of the work being done by women in missions. His voice has somewhat recovered from the strain of the campaign. Bishop Hartsell introduced Taft as "president," but he denied the title, saying there was a man still at Washington, fully equipped to serve in that capacity, who would be president until March 4.

Taft declared that he spoke as one interested deeply in the government of dependencies, and asserted that he knew Christianity was indispensable to the development of the world. He said the subject of the development of China was one of great moment to the entire world.

The president-elect and Mrs. Taft will leave tomorrow for Hot Springs, Va., where they will remain some time.

## MONUMENT ON SITE OF HISTORIC FORT

Metropolis, Ill., Nov. 5.—With interesting exercises and in the presence of a large crowd, a handsome monument erected to commemorate Fort Massac was dedicated today. The ceremonies were conducted under the auspices of the Illinois chapters of the Daughters of the American Revolution. The monument was unveiled by Beatrice Chouteau Turner, great grandniece of George Rogers Clark.

Fort Massac was built by the French in the latter part of the seventeenth century. During the short period that Spain was in possession of the north-west territory the fort was occupied by Spanish soldiers. In 1778 General George Rogers Clark and his band of followers rested here on their way to the capture of Kaskaskia.

The monument occupies a commanding site on a high bluff of the Ohio river, looking across to the Kentucky shore.

Near the top of the monument on each of the four sides is the insignia of the four powers to whom this section of the country has owned allegiance.

## SECOND SQUADRON OFF FOR MANILA

Amoy, China, Nov. 5.—The second squadron of the American fleet, after a week of receptions and social entertainments to its officers and men, sailed for Manila today. Admiral Emory, on the Louisiana, will be detached temporarily from the squadron and will go to Hongkong for a brief visit. The remaining seven ships are scheduled to reach Manila next Sunday.
