WILL RETURN FOR LUMBER CARGO

Norwegian Steamer Admiral Borreson on Enroute List.

NEARLY LOST ON LAST VISIT HERE

Encountered Immense Tidal Wave Shortly After Leaving Columbia River and Had to Put Into Honolulu for Repairs and Assistance.

Admiral Borreson, one of the largest tramp steamers of Norway's merchant marine, will be here soon to load lumber for the orient according to an announcement made today. The big craft is now en route from one of the west coast nitrate ports for Puget sound, where she will receive orders and coal for her long run across the Pacific.

The Borreson is under charter to Balfour, Guthrie & Co. and will carry away approximately 3,500,000 feet of lumber. She is especially well adapted for the lumber trade, having broad lines and few obstructions between decks. She was here about a year ago and attracted more than ordinary attention after her departure by encountering a tidal wave a few days out from Columbia river that nearly sent her to the bottom. The deckload carried away tearing the funnel and other superstructure above deck over the side.

The Borreson was bound for the orient, but had to put into Honolulu for repairs. She reached the island port after two weeks of sensational navigation. Without a funnel it was difficult to maintain steam, and as the stores had been water-soaked by the big tidal wave through which the steamer made a complete plunge, fit food was scarce. The cabins and berths, too, had been completely flooded and this made matters doubly unpleasant. The elegant apartments of the captain and his wife were turned into a mass of junk and splinters.

The Borreson belongs to the same owners as the Henrik Ibsen, the largest tramp steamer of the Norwegian merchant marine. The Henrik Ibsen registers 2,960 tons net, and is now on the way from Newport News to Puget sound with a cargo of coal for the government. The Ibsen, too, will probably come here for a lumber cargo. The vessel was here about 18 months ago and took cargo of grain to the orient. The Admiral Borreson is next in size to the Henrik Ibsen, the difference being only a few hundred tons in the net register.

CARGO OF OIL CANS

Lighthouse Tender Brings Empties From Coast Stations.

The lighthouse tender Heather, Captain Byrnes, arrived here this morning with 3,000 empty coal oil cans picked up from the various lighthouses along the coast. The cans are being discharged at Couch street dock.

This is the largest shipment of empty cans ever brought here, the cargo representing 150 tons measurement, and practically filling the hold of the tender.

Large quantities of oil are used annually for the lights that warn mariners of their approach to dangerous rocks or shore. Returning to Astoria the Heather will place a spar buoy in the river, one of the old ones having gone adrift.

The tenders Armeria and Columbine are north, the former on Puget sound and the latter in Alaskan waters.

DELAYED BY FOG

Steamer Alliance Arrives From Coos Bay Six Hours Late.

Delayed about six hours by fog, the steamer Alliance, Captain Olson, reached Couch street dock at 11:30 o'clock this morning from Coos bay, bringing 50 passengers and a fair quantity of freight. The fog was encountered coming up the river and anchor was dropped a short distance below the mouth of the Willamette.

The steamer Breakwater, Captain MacGenn, sailed from Oak street dock at 8 o'clock last night for Coos bay, carrying about 75 passengers and a couple hundred tons freight. It is said freight business between Portland and Coos bay is steadily improving and that it will only be a few months when the steamers now covering the route will be taxed to capacity each trip.

LAUNCH GOES ASHORE

Rose From Portland Caught in Storm at Tillamook.

(Special Dispatch to The Journal.)

Bay City, Or., Nov. 5.—The gasoline boat Rose, Captain Johns, bound from the Columbia river south ran into Tillamook bay during the late storm. She started on her way south Sunday, but was driven back on the beach near the life saving station. It is expected to float her soon.

The Miami Lumber company on Tillamook bay has been cutting from 6,500 to 8,500 feet per day of 10 hours, and shipped during the month of October over 2,600,000 feet of lumber.

ALONG THE WATERFRONT.

The British ship Wynnstay will finish loading wheat this evening and clear for Europe.

The British bark Lydgate arrived up at noon today and dropped anchor at Linnton. She had a stormy voyage from Valparaiso. The Lydgate is under charter to Kerr, Gifford & Co. to carry wheat to Europe.

Word from Europe advises that the British ship Walden Abbey, which was here last summer went ashore the other day in the English channel when bound from Hamburg to Australia. It was expected to float her without difficulty.

The French bark David d'Angers which reached Astoria last night from London via Hobart brings cement and general cargo consigned to Balfour, Guthrie & Co. She left the English port June and hence has been long on the way.

The steamer Roanoke, Captain Dunham, leaves Martins dock this evening for San Pedro and way ports.

The attraction at the Heilig tonight is the favorite actor, Dustin Farnum and his excellent supporting company in, "The Squaw Man." Special-price matinee Saturday.

"Brown's in Town" Next.

Parisian Costumes at Grand.

Lind, the artistic dancer, the poet of grace, at the Grand this week, is not only an artistic success, but also a sartorial sensation. Lind's wardrobe comes from Paris and every costume is a creation.

Lew Hawkins at Orpheum.

The inimitable Lew Hawkins at the Orpheum is making just as big a hit in vaudeville as he did in minstrelsy. He is a sure cure for melancholia superinduced by having voted the wrong way.

James J. Corbett Popular.

Baker theatre is the center of popular-priced attractions this week with James J. Corbett and his excellent company in his latest success, "Facing the Music." Mr. Corbett's leading woman is Eleanor Montell.

"Men and Women" Draws.

No play this season, with one exception, has attracted more big audiences or pleased more generally than the Baker Stock company's production of the famous early Belasco success, "Men and Women" this week.

Dog, Pony and Monkey Circus.

Is drawing capacity houses to the Pantages this week. It is positively one of the best animal shows in vaudeville this season. The La Toy brothers, European acrobats, are making a big hit.

"Midnight in New York."

The hit of the week is the thrilling melodrama, "Midnight in New York," which the Blunkall company is presenting at the Lyric. Thousands have seen it and enjoyed its startling episodes and sensational scenic effects.

WILL RECEIVE NO WARNING

City Auditor Barbur has given city license holders official notification that hereafter they will not be warned to pay up when their license fees fall due. If the fees are not remitted promptly, bills will be put into the hands of the city attorney for collection.

Following is the circular letter being sent out by Mr. Barbur:

"Dear Sir: It has been the custom of this office heretofore to notify each person or firm, delinquent for city licenses, by a personal call of the inspector, or by sending out notices, which was not required by law. Very little attention has been paid to these calls or notices in the past and as the inspector's time is now required to check up new business, owing to the rapid growth of the city, I am compelled to discontinue notifying delinquents.

"Hereafter all licenses must be paid on or before the 10th of the following months: January, April, July and October. This gives 10 days' grace, as all licenses are due on the first of the quarter. The above rule will not be deviated from in any case.

"Below is copy of the two sections of ordinance which refers directly to the time that licenses shall be paid.

"'Section 4. All licenses issued as quarterly licenses shall expire on the last day of each quarter of the year, viz: March 31, June 30, September 30 and December 31. All quarterly licenses shall be dated from the first day of the month in which the liability accrued, and shall be issued upon payment of a proportionate part of the whole amount of tax imposed for such license.

"'Section 5. The payment of the amount of a license tax provided in this ordinance is due the first day of each quarter of the year, viz: January 1, April 1, July 1 and October 1. The auditor of the city of Portland is hereby authorized to issue any license prescribed in this ordinance, provided the money for such license tax has been paid into the treasury of the city.'

"Respectfully yours,
"A. L. BARBUR, Auditor."

I Cure Men $10

My Fee in All Uncomplicated Cases

DR. TAYLOR, The Leading Specialist

The vast multitudes of men who have taken my treatment have not been disappointed. They know that I do not promise more than I perform. To them I have actually illustrated in the cure of their own cases the truth of what I claim, namely, that my treatment is as certain to cure as it is that the patient engages my services and follows my directions. My success is due not alone to education, experience, skill and scientific equipment, but to the fact that I limit my study and practice strictly to diseases and weaknesses of men. To male maladies alone I have earnestly and exclusively devoted 25 years of my life and on them all my faculties are concentrated.

Pay When Cured

Contracted Disorders

The serious results that may follow neglect of contracted diseases could scarcely be exaggerated. Safety demands an absolutely thorough cure in the least possible time. I have treated more cases of contracted disorders than any other physician upon the Pacific coast. My cures are thorough and are accomplished in less time than other forms of treatment require in producing even doubtful results. I employ remedies of my own devising, and my treatment is equally effective in both recent and chronic cases.

Varicocele

There is no necessity for surgical operations in the treatment of Varicocele. This disease yields completely to my mild and painless method, and results are far better than were ever attained by the harsh and dangerous practice of cutting. But one week is required, and seldom is it ever necessary to detain the patient from his business.

I Treat Men Only

The vast multitude of men who have taken my treatment have not been disappointed. They know that I do not promise more than I perform. To them I have actually illustrated in the cure of their own cases the truth of what I claim, namely, that my treatment is as certain to cure as it is that my patient engages my services and follows my directions. My success is due not alone to education, experience, skill and scientific equipment, but to the fact that I limit my study and practice strictly to diseases and weaknesses of men. To male maladies alone I have earnestly and exclusively devoted 25 years of my life, and on them all my faculties are concentrated.

Stricture

In the treatment of stricture I have again triumphed over surgery. I employ an original method by which the obstructing tissue is completely dissolved, and all inflammation and irritation throughout the system expelled. No pain, no cutting, no dilating, and a sure cure in every instance.

Examination Free

I do not charge for advice, examination or diagnosis. If you call for a private talk with me, you will not be urged to begin treatment. If impossible to call, write. Hours, 9 A. M. to 9 P. M.; Sundays, 10 to 1.

WEATHER REPORT

A disturbance of moderate strength is central north of the Dakotas, and the Atlantic depression is passing rapidly down the St. Lawrence valley. A large high pressure area overlies the Rocky mountain states, and another large high pressure area occupies the Mississippi valley. Heavy rain has fallen in extreme northwestern Washington, and light snow has occurred in New England and the middle Atlantic states. It is much colder everywhere east of the Mississippi river, and in the New England and the middle Atlantic states the drop in temperature amounts to 20 or more degrees. It is warmer in the Canadian northwest, while on the Pacific slope the changes in temperature since yesterday have, as a rule, been small and unimportant.

The indications are for fair weather in this district tonight and Friday, except in western Washington, where rain may be expected.
