THE WORLD'S MARKETS

A WEAKER TONE RULES IN EGGS

Some Dealers Offering to Shade 37 1-2c a Fraction to Clean Up Fast.

PORTLAND WHOLESALE MARKETS.
Weaker tone rules eggs.
Looks like lower butter.
Cheese market very firm.
Peach prices are higher.
Hops are moving again.
Poultry market is weak.
Dressed veal demand good.
Bartlett pears sell high.
Crabs are rather scarce.
Grain markets are more active.

Weaker Tone Rules Eggs.

While the general market price for strictly fresh local ranch eggs remains at 37½c a dozen today, the market can not by any means be considered firm. The tendencies are all the other way. One or two dealers were this morning offering to clean up their stocks as low as 37c but buyers were not inclined to do business at this figure. They made the statement that eastern eggs were so much lower that they could get along with them unless the price of local stock shows a narrower range. Receipts of eggs along Front street are slightly increased and the trade believes that with a continuation of sunshine there will be more liberal arrivals during the coming week with the chances good for lower prices.

Weak Tone in Chickens.

There is a rather weak tone in the chicken market at this time. While clean ups are reported made at 11c, some of the receivers are not willing to accept this figure and arrivals are therefore accumulating on this account. Arrivals of turkeys are mixed—some dealers receiving quite fair supplies while others are scarcely receiving any.

Weakness Gathering in Butter.

Prices are unchanged in the creamery butter situation today but the tone of the market is somewhat easier. There has been a disposition among receivers of outside creamery to cut values in order to keep down their supplies. City creameries are charging the same old prices for their best product but even among them there has been a disposition to shade storage stuff.

Cheese market values are stronger but no change is shown in the list.

Only Best Hops Find a Sale.

There is an increasing demand for best quality hops around 8@8¼c a pound, with reports of 8½c business, but ordinary quality is not wanted, except at very low prices and these figures growers are showing no disposition to accept. This same condition is existing in various market centers. The New York Producers Price Current gives the following view of the markets:

"The local market remains quiet and uninteresting. In New York state there is a continued inquiry for the best hops at 12@12½c and several lots are reported sold at these prices. Lower grades are somewhat neglected and dragging. There is very little business transpiring with brewers, who are generally holding off until after election. English and German markets are unchanged, with a weak undertone on everything but the choicest goods. The scarcity of the choice goods the world over accounts for the wide range in quotations which are beginning to be shown.

Dressed Veal Demand Is Good.

There continues a very good demand for the better class of dressed veal along Front street and the call for ordinary stuff is somewhat better. This leads to the impression that retailers are not so heavily stocked as had been believed, and a good steady market is now anticipated. Dressed hogs, unless strictly fancy, are rather hard to sell even at the prices now in effect.

Brief Notes of Front Street.

Market for peaches is cleaning up quite well and select stock is now selling as high as 90c a box.

Oregon and Washington celery is in quite fair supply at this time. Quality is far superior to that brought from the south and the trade is therefore willing to pay better prices.

Fancy Bartlett pears are finding a ready sale along the street at this time, best stock moving at $1.75 a box.

Fresh crab supplies are rather scant in the wholesale fish markets at this time. Prices the same.

Apple market is showing a slightly better movement but ordinary stock is not selling so high because of the much more liberal supplies coming forth from upper Columbia sections.

Front street sells at the following prices. Those paid shippers are less regular commissions:

Killers Not Willing to Pay More Than $4 for Best Steers at Moment.

PORTLAND LIVESTOCK RUN.

Portland Union Stockyards, Nov. 6.—Just one load of hogs made its appearance in the yards today, no cattle or sheep arriving. The tone of the livestock market is exceedingly quiet at the moment. After a spurt of activity in cattle for select stock, dullness is again the rule and for best steers killers are not offering over $4, which is 25c under the recent advanced figure. According to killers the general market for top steers was scarcely over this figure during recent days, the only sales at $4.25 being in two instances and these were for shipments from the south. Packers and killers say they are still loaded with steers and are trying to discourage the shipment of any more stuff until they clean up.

Continue Demand for Cows.

Although there is a very slow and rather dull tone in steers locally, killers are still quite willing to take up all the cows and heifers at recently quoted values. The claim is made that the quality of the cows is better in comparison with steers than ever before.

Sheep market remains quiet with prices unchanged.

Hogs are steady at $6 for best stuff, but even then the tone of the demand is rather quiet. Packers are not inclined to hurry purchases owing to the heavy arrivals in the hog market of late.

A year ago today all lines of livestock were weak in the local yards with hogs and sheep especially dragging.

Today's arrivals of livestock compare with this day in recent years as follows:

	Hogs.	Cattle.	Sheep.
1907	309	15	218
1906	...	177	...
1905	...	...	412

Following is the general range of values on stock ruling in the yards for late shipments:

Hogs—Best east of mountains, $6.00; ordinary, $5.75; blockers and China fats, $5@5.50; stockers and feeders, $4.75@5.00.

Cattle—Select east of mountains, steers, $4; medium steers, $3.75; best cows, $3; medium cows, $2.50@2.75; stags, $2.50@3; bulls, $1.75@2.

Sheep—Best wethers, $3.50; ordinary wethers, $3.25; lambs, $3.90@4.00; straight ewes, $3; mixed lots, $2.50@2.75.

Veals—Choice young calves, $4.50; heavy and rough, $3.50@4.00.

The following prices are representative of the largest transactions in the local yards and indicate the extent of the demand for the various grades and weights, with the prices thereof:

GRAIN MARKET SHOWS A RISE

Strength and Advance in Frisco Causes Upward Movement.

Klickitat Wheat Acreage.

Klickitat county, Washington, which produced such a big increase in wheat the past season, will have as heavy an acreage as a year ago. So says U. F. Abshier of Abshier & Niva of Centerville, Wash., who was a visitor on the Portland board of trade today. Most of the acreage has already been sown in fall wheat. According to Mr. Abshier all the wheat and oats of that section have already passed out of the hands of producers.

Both wheat and barley were firmer and higher for futures today but while there was strength in the cash situation, prices showed no change. The higher prices on the Portland board of trade were influenced somewhat by the advanced figures for cash stuff in the San Francisco market today, the advances there during the session being quite marked in all varieties of wheat.

On the local exchange an advance of ¼c a bushel was bid for November wheat and a rise of ⅛c asked. A similar advance of ¼c was made in both the bid and ask for December wheat today.

Oats market is rather slow for both cash and future stuff and prices in both lines were unchanged from yesterday.

A higher market for barley in San Francisco today brought about an advance of 2½c in the bid for November and ¾c a cental for the December. The asked prices were advanced 1¾c for November and 2½c for the December delivery. Board of trade prices today:

RAISIN CLIQUE IS OPPOSED BY GROWERS

(United Press Leased Wire.)

Hanford, Cal., Nov. 6.—The raisin growers of Kings county are today signing an agreement to hold their entire crop of raisins for 4 cents a pound as a minimum price. The growers back of the pool agreement are making a vigorous campaign today to secure the signatures of all the growers in the county following the signing of 755 tons as a starter.

It is estimated that the crop of raisins in Kings county this year is 3,000 tons, but the movement of the crop has been so slow on account of the low price that the growers have adopted the pool agreement to raise the price.

The decision to combine in a pool was reached yesterday after a stormy meeting of growers. Many grape men of Fresno county, the greatest raisin growing section in the world, have already signed in pools to hold up the price, and the growers here will hold as long as they do.

The failure of the California Raisin Growers' association several years ago has given the "high five" a hold on the raisin market that the growers are trying to defeat in these pool movements. If they are successful, it will mean millions more for the California raisin crop this year.

HEAVY GAINS IN STOCK MARKET

New High Records for the Year Made With Sales Largest for Months.

PUBLIC IN STOCK MARKET.

For the first time in many months the general public was an investor in the New York stock market today; the sales for the day breaking all recent records. The advances were the heaviest since the panic of last October.

New York, Nov. 6.—With the heaviest transactions on the exchange since last October the New York stock market broke a few more high records for the year today; gaining constantly during the day with an enormous demand. The public was in the market today and it therefore showed a demand for almost every share on the big list. Great Northern Ore Lands led the advance with a net gain of 5⅞ points. There was an advance of 3½ points in Amalgamated Copper, due to the advance in copper metal. For the day Anaconda Mining was 2½ points higher.

Startling gains were made in some of the leaders at the opening of the market today but the real advances were made all through the session. There was not the slightest sign of weakness at any time; liquidating longs being able to get out without even causing the market to quiver. If there was any short selling it did not show in the transactions for everything was bullish and short sellers would not have stood the slightest chance of coming out with a whole skin. The market continued firm to the last trade.

Chicago, Nov. 6.—Local wheat prices started under a very good showing of bullishness for the December, unchanged figures for the May and an advance of ¼c for the July delivery. At the close December was 1⅛c higher than yesterday, July ⅞c and May ⅜c above former values.

Liverpool did not make much of a showing at any time during the day. The market there opened unchanged for the three options, but the closing was ⅛d higher to ⅛d lower than yesterday. At Budapest there was no change at the closing of today as compared with the previous session, but Paris was 10 centimes higher.

There was again an increase in the receipts of both wheat and corn at primary points, the statistics showing the following in bushels:

	Today.	Year Ago.
Wheat	980,000	654,000
Corn	259,000	185,000
Shipments:		
Wheat	539,000	552,000
Corn	317,000	386,000

Broomhall estimates Argentina shipments of wheat at 268,000 bushels, and corn 1,332,000 bushels.

Argentina visible shows in bushels:

	Today.	Year Ago.
Wheat	552,000	336,000

JOSEPH LESLIE FOOLS HIS JAILER

(Special Dispatch to The Journal.)

Vancouver, Wash., Nov. 6.—Joseph Leslie, arrested on a charge of robbing a Northern Pacific box car, proved himself an adept at securing his release night before last. He was rearrested by Deputy Sheriff Leonard on the O. R. & N. east of Portland yesterday.

Leslie, along with a fellow boxcar artist, was picked up in this city and held pending the arrival of the railway attorney. Night before last Leslie constructed a dummy and placed it in his cot. He then hid in a remote part of the jail and awaited his chance. Police Officer Cresop made the usual visit to the jail before locking the cells for the night, saw what he supposed was Leslie on the cot and locked the door. Leslie then made his way through the outer door and his escape was not discovered until yesterday morning.

Chief of Police Sechrist has gone to Portland today and will bring Leslie back to Vancouver.

SOPHS' CARNIVAL AT HIGH SCHOOL

(Special Dispatch to The Journal.)

Vancouver, Wash., Nov. 6.—Everything is in readiness for the big solemn sophomore carnival at the Vancouver High school this evening. From the heavy sale of tickets there will be more wanting admission than can crowd into the large new assembly hall of the school.

Every member of the class is out hustling during the present week of vacation to make it a grand success. The admission will be 10 cents and besides this an admission of from 2 to 3 cents will be charged for the side shows. The money thus raised wil go toward the athletic association, in which Professor C. W. Shumway is taking an active interest.

As a special added attraction the committee has secured the Africanooverites Famous Minstrels, who are said to be a sure cure for the blues.

Of the 11,000,000 families in France, nearly 2,000,000 are childless.

COUNCIL ACCEPTS VIADUCT PLANS

Company Is Given 15 Days to Accept Agreement—Must Finish Work in Six Months.

Vancouver, Wash., Nov. 6.—At the special meeting of the city council last evening the plans calling for the construction of the viaduct of the North Bank line at Second and Washington streets were accepted as presented by the company, with the exception that the company is to pave that portion of the intersection which is turned over as a public street. The company is given 15 days to accept this agreement and six months in which to finish the work. It is understood that the company will accept.

The water project came up for further discussion and a committee was appointed to secure three-year contracts from residents of the city. This committee is to sign up agreements with all that are willing to furnish water at a rate not to exceed the present rate for a period of three years. This committee is composed of the following and is to get to work on a thorough canvass of the city at once: J. P. Kiggins, W. F. Hidden, W. B. DuBois, H. C. Funk, J. Reardon, A. J. Bigham, Chat. Knight, J. R. Osborne, M. G. Lisher, P. Hough, D. K. Webster and H. E. Nordeen.

By winding hose used on rock drills with marline it will both protect it from wear and tear by the rocks and strengthen it.
