

WILLIE'S NEW-FANGLED RUG CLEANER WAS A NEAR SUCCESS

Dear Tommy: We're living in an apartment house, and Jim has to beat the dust out of the rugs on the roof.

It raised such a dust that I built a Dustless Rug Cleaner like this diagram.

I got the power from the electric light wire. Say, Tommy, it worked fine.

It was such a success that the owner of the house said he would buy it.

But papa spoiled it all, as usual! He lifted the lid of the dust reservoir to show how it worked.

Of course, the accumulated dust flew all over the party, and the owner of the house made me take it off the roof. Yours, etc., WILLIE.

TEACHER'S PET--AND DIDN'T TUG SMITH GET IT!
