WORLD'S MARKETS TODAY

ORANGE MARKET SELLING LOWER

Heavier Arrivals Bringing Down the Price—Crop Looks Quite Heavy.

PORTLAND WHOLESALE MARKETS.

New oranges are lower.
Egg market just steady.
Butter advance of 2c a pound.
Firmer tone in local wheat.
New crop popcorn arrives.
California steamer brings produce.
Southern vegetables are higher.
Grape prices are advanced again.
Small fish coming better.
Dullness continues in hops.
Speculating upon turkey future.
Dressed veal market is good.

New Oranges Are Lower.

A sharp decline is noted in the price of new crop oranges for late arrivals. two cars came in from the south this morning and were offered to the trade at a reduction of 25c a box from former figures. Today's price on best navels stands at $3.25 and the market is not any too firm at that figure. While heretofore reports from northern California have been to the effect that a good crop would be shown this season, the production is now expected to be somewhat higher than a year ago. Colors are expected to improve considerably within the next week or so.

Butter Market Is Advanced.

A mistake of 27,000 gallons in the totals of the cream arrivals at Portland for the last week as compiled by the board of trade rather mixed things in the butter market during the past 24 hours. Instead of the arrivals of cream in Portland totaling 47,525 gallons last week the amount was really 20,625 gallons. While a decline in prices would have been justifying were the receipts as heavy as given in the first place, the run showed an actual decrease from the supplies of the previous week. This brought about an advance of 2c a pound in the price of best creamery butter today but some of the outside brands were quoted rather weak at unchanged values. Several of the city creameries likewise refuse to join in today's advance and are quoting 25c instead of 26c a pound.

Speculating Upon Turkey Future.

The Front street trade is trying to guess what the turkey market is going to do for the holidays but the guesses are so far apart that it would be extremely difficult to strike a happy 'medium. To date the arrivals of turkeys have been fully up to the requirements of the trade and in some instances a fraction better. This has, at times, cost the market a fraction or two in price.

Chicken market is just about steady at 11c a pound.

Eggs are holding steady with the bulk of the sales around 37½c.

California Vegetables Are Higher.

While the regular California liner brought in quite a fair cargo of fresh greens today, a higher range of values is in effect because of advanced prices in the south. String beans and peas are now quoted at 12c a pound, sprouts 9c, head lettuce 40c a dozen and egg plant 15c a pound. California tomatoes are firmly held at $1 per crate of four baskets while Oregon stock, which is rather scarce, is quoted around 65c a box.

Huckleberries from the north are in larger supply with good quality shown. Prices about the same.

Small Fish Coming Better.

For a week or more there has been a scarcity of small salt water fish in the local market but today the arrivals were better. After having almost disappeared from the markets for a week fresh crabs are again coming.

Continued Dullness in Hops.

There is a continuance of the dull tone in the local hop market. While there remains a demand for select stock, ordinary goods are not wanted at all. Those who bought hops on speculation have about given up the attempt to force prices higher.

Brief Notes of the Trade.

A car of new-crop popcorn is among the arrivals from California this morning. Quoted at 5c a pound.

California grapes are again showing an advance of 10c a crate here.

Linseed oil is advanced.

Market for dressed veal is firmer with best stock generally ruling around 8½c a pound. Dressed hogs are easy around 7c.

Front street sells at the following prices. Those paid shippers are less regular commissions:

Butter, Eggs and Poultry.

BUTTER—Extra creamery, 35@36c; fancy, 32½c; store, 26c.

BUTTER FAT—Delivery f. o. b. Portland—Sweet cream, 34½c; sour, 32½c per lb.

BENZINE—86 deg., cases, 19c per gal; iron bbls., 11½c per gal.

TURPENTINE—In cases, 58½c per gal.

WHITE LEAD—Ton lots, 7¾c per lb; 500-lb lots, 8c per lb; less lots, 8¼c per lb.

WIRE NAILS—Present basis, $2.35.

CATTLE RUN IS TAPERING OFF

Raisers Evidently Beginning to Hold Back for a Favorable Market.

PORTLAND LIVESTOCK RUN.

	Hogs.	Cattle.	Sheep.
Tuesday	275	40	...
Monday	900	235	...
Saturday	170	160	...
Friday	97	...	...
Thursday	225	50	300
Wednesday	634	520	250

Portland Union Stockyards, Nov. 10.—The run of cattle is falling off again, today's total arrivals in the stockyards reaching but 40 head. Cattlemen have evidently come to the conclusion that it would pay them better to keep their supplies off the market when they are not wanted and ship them when a demand appears. The trouble with the cattle market of late has been the fact that shippers sent in supplies when they were not needed and on this account prices were dragged lower than would have been the case if shippers had not compelled killers to take the offerings.

Sheep Scarcity Is Pronounced.

No arrivals of sheep have been noted in the Portland yards since last Thursday. The market is therefore very dull. The wants of the larger killers are still being supplied out of their own surplus purchases made some weeks ago on the range and until these supplies are exhausted there will be little call for sheep from the big ones.

Hog arrivals have fallen back into their ordinary rut and this has been a slight help to the market. During the past 24 hours a sale was made as high as $10, but general transactions were not over $6.

Today's arrivals in the yards compare with this day in recent years as follows:

	Hogs.	Cattle.	Sheep.
1907	...	375	...
1906	143	75	160
1905	52	63	27

A year ago today all livestock lines were weak at unchanged values.

Following is the general range of values on stock ruling in the yards for late shipments:

Hogs—Best east-of-mountains, $6.00@6.10; ordinary, $5.75; blockers and China fats, $5.00@5.50; stockers and feeders, $4.75@5.00.

Cattle — Select east-of-mountains steers, $4.00; medium steers, $3.75; best cows, $3.00; medium cows, $2.50@2.75; stags, $2.50@3.00; bulls, $1.75@2.00.

Sheep—Best wethers, $3.50; ordinary wethers, $3.25; lambs, $3.90@4.00; straight ewes, $3.00; mixed lots, $2.50@2.75.

Veal—Choice young calves, $4.50; heavy and rough, $3.50@4.00.

The following prices are representative of the largest transactions in the local yards and indicate the extent of the demand for the various grades and weights, with the prices thereof.

HOGS.

	Weight.	Price.
129 hogs	22,150	$6.00
115 hogs	34,550	6.00
160 hogs	35,865	6.10
4 hogs	659	5.50
30 hogs	4,800	5.50

Salmon Run Is Better.

(Special Dispatch to The Journal.)

Astoria, Or., Nov. 10.—The fall run of salmon, which has been quite slack took a decided turn for the better last night and Chris Hansen caught on Bakers bay, 1,3[illegible] pounds of silversides, and Frank Mat[illegible] 1,000 pounds, other fishermen in the bay did equally as well.

NEW EXCHANGE OPENED TODAY

Merchants' Institution Begins Business as a Cash Market—Cash Wheat Up.

The cash grain department of the Merchants Exchange opened today in the new quarters in the Board of Trade building. The opposition which was expected to come from Secretary Muller of the board of trade failed to materialize—in fact Mr. Muller did not even stay in the city while the board's rival was organizing. Mr. Muller was on a pleasure trip to the Albany fair, consequently there was no attendance on the board of trade today and no quotations were made.

The opening of the Merchants' Exchange cash grain department was attended by all but one firm in the Portland grain trade. The attendance was better than expected.

In addressing the trade present, E. W. Wright, manager of the Merchants' Exchange, said that it was his intention to turn the exchange into a public corporation as soon as it could be done. Other speakers told of the plans of the new exchange. It was decided by a standing vote to hold daily sessions of the exchange at 1:30 p. m. each day instead of 11:30 a. m., as originally planned.

Cash Wheat Is Advanced Cent.

An advance of 1c a bushel is noted in the local cash wheat market today. Exporters are again in the market and millers too are buying. As high as 90c has been paid for club during the past 24 hours.

There is a firmer tone in cash barley and some holders are today asking an advance of 50c a ton. Practically no No. 1 feed barley is now being offered under $26.50 a ton track Portland. There is a very quiet tone in the cash oats market and prices are nominally unchanged.

The slashing of oriental freight rates on the sound has caused more interest to be displayed in export flour trade. A number of inquiries were received this morning and should the rates get to a very low figure the trade expects a fair resumption of flour sales to both Japan and China.

Oats—White, $1.70 per cental.

Cotton Men Meet in Memphis.

Memphis, Tenn., Nov. 10.—A mass convention of cotton growers and representatives of allied interests of the south assembled in Memphis today to take steps for concerted action to check the downward tendency of the market price of cotton. Several thousand delegates and visitors were on hand for the opening today. The convention will remain in session three days, during which time there will be addresses by the governors of several southern states and by others of prominence.

CORNER IN MAY WHEAT OPTION?

Suspicious Advance Made in Chicago Today—Foreign Markets Are a Help.

CHICAGO WHEAT MARKET.

	Open.	Close.	Nov. 9.	Gain.
Dec.	101⅝	102⅞	101⅝	1½
May	105½	107½ B	105½	2⅛
July	100½	102	100⅝	1⅜

Chicago, Nov. 10.—With a better tone ruling in all foreign wheat markets and a starting of export business here again, the local wheat market opened firmer and higher. At the start Liverpool was ⅝d to ½d higher but the closing was ⅜d above yesterday for the three options.

Chicago wheat started ¼d to ⅜d above yesterday with May at 105½, December 101⅝ and July 100½. At the close the market was 1½c to 2½c above yesterday's final; the greatest advance being in the May.

This is the first time during the present option that the May delivery has made a deliberate get-away from the other options. The reports of a general lack of moisture in the American grain belts east of the Rockies, is what caused the May to jump so today, for whenever the damage news is practically proven the greatest advance is generally noted in the May delivery. This is one of the easiest months for "corners" to be attempted in and there was a suspicion in today's trading that some big operator was going to take the bull side and attempt to force the May higher.

American visible supply shows:
Wheat—Increased 1,323,000 bushels.
Corn—Increased 52,000 bushels.
Oats—Increased 441,000 bushels.

The cash wheat market at St. Louis was very firm with prices ½c to 1c advanced. Budapest shows an advance of ⅛ at the close.

Primary receipts in bushels.

Gold! Gold! Pure Gold!

ALASKA—THE YELLOW BOUNTIFUL

A Deposit of $5 May Make a Fortune for You.

So rich in gold is our property that we have in part selected the name from the place where it is located,

GOLD BEACH

Gold Beach Dredging Co.

A suggestive name that is founded on fact.

All of our property is proven ground, and it runs from $1.00 to $100.00 per cubic yard, and much of it yields $45.00 per cubic yard. Furthermore, our property holdings include the famous Bessie Mine, that has yielded the millions of yellow metal, and has millions more to yield.

Think of it—900 acres of gold-bearing ground carrying from $1.00 to $100.00 per square yard, and running from the surface to a depth of more than 120 feet. The surface square yards would amount to 4,356,000, and when you multiply that by 120 feet, the depth, you will begin to understand the true value of our wonderful property.

The gold dredger is subject to no law of change except that of the cost of the necessaries of life and the price of labor. His success is already laid. Nature's concentrator, the elements, has carried down into the basins or lower ground the glittering flakes and nuggets of gold which is his harvest. We have proven beyond any manner of doubt that every cubic yard of sand and gravel is full of the yellow dollars.

We propose to place this stock among the common people, and the square deal is the basis of all our transactions with them. No officer of the company is to draw any salary until the enterprise is on an earning basis. There is no preferred stock and no bonds; all shares are alike and they are full paid and non-assessable.

We were greatly pleased with the orders for stock which came in last week, and, judging by the many requests for more information, this week will be a record-breaker. By next week the price of stock will advance to 35c and probably to 40c.

We shall sell only enough stock to pay for another dredging machine.

A limited number of shares will be sold at 30 cents a share, and your order on our coupon inclosing a deposit of $5 may make you an independent fortune. This opportunity will not last long; the proposition is fine and the price of stock so low that it will go like a prairie fire. Do it now!

Henry Greenberg, president and director, largest interest in the famous Bessie Mine; also president of Robinson-Magits Co. of Candle, Alaska.

Helkey Robinson, vice-president and director, director of the Robinson-Magits Co. of Candle.

R. L. Brancht, secretary, Portland, Or.

John E. Playter, treasurer and director, interested in the Seattle-Portland Cement Co.

C. C. Gaisford, Tacoma, director, formerly operating mines at Dawson.

A NEWSPAPER FOR ALL THE PEOPLE

WEAK MEN

MY UNFAILING AND SCIENTIFIC TREATMENT IS YOUR

HOPE OF VIGOR

DR. TAYLOR, The Leading Specialist

The great multitude of men who have taken my treatment have not been disappointed. They know that I do not promise more than I perform. To them I have actually illustrated in the cure of their own cases the truth of what I claim, namely, that my treatment is as certain to cure as it is that my patient engages my services and follows my directions. My success is due not alone to education, experience, skill and scientific equipment, but to the fact that I limit my study and practice strictly to diseases and weaknesses of men. To male maladies alone I have earnestly and exclusively devoted 25 years of my life, and on them all my faculties are concentrated.

I treat for real and lasting cures. Every remedy I employ has its part in bringing positive and permanent results. Under my treatment the patient who notes improvement in his condition can feel assured that real benefit and not a temporary drug effect has been obtained, and can continue with confidence that a thorough cure is being accomplished.

My Fee for a Cure Is Only $10 In Any Uncomplicated Ailment

I WILL WAIT FOR MY FEE UNTIL YOU ARE CURED

Weakness

Functional weakness in men is in reality a comparatively simple ailment, and is but a symptom of local disorder, a state of chronic inflammation of the prostate gland. No stimulating treatment, whether internal or locally applied, can do more than excite temporary activity. By my system of local treatment I restore absolutely normal conditions throughout the organs involved, which promptly results in complete and permanent restoration of strength and vigor. This treatment is original with me, and is the only radical and certain cure yet devised.

Varicocele

Varicocele is a relaxation, knotting and twisting of the most vital blood vessels of the organic system. It stagnates the local circulation and interferes with the processes of waste and repair. Neglect brings derangement of functions and injury to the general health. Most physicians resort to surgical operations and hospital treatment. I cure Varicocele in one week without operation, pain or detention from business. My cures are absolutely permanent and no ill effects whatever can follow my treatment.

Contracted Diseases

I have reduced the time required for curing contracted disorders about one half. This is an important achievement. It replaces danger with safety. It forestalls chronic complications. It removes the infection and inflammation before that vital center; the prostate gland, can become involved. To many men it means the difference between perfect health and a lifetime of misery and functional weakness. My method is mine alone. My treatment is original. In some features it resembles the ordinary. In its chief essentials it is different. In results it is entirely different. It is safe, prompt and thorough.

The above, together with Organic Weakness, Nerve Debilitation, Lost Vigor, Specific Blood Poison, Stricture, Piles and Reflex Ailments, constitute my specialty and are the only diseases I treat.

FUNCTIONAL WEAKNESS, HYDROCELE, STRICTURE, PILES AND SPECIFIC BLOOD POISON I TREAT AND NEVER FAIL TO EFFECT A CURE.

CONSULTATION FREE—MY HONEST AND CANDID ADVICE COSTS YOU NOTHING. I cheerfully give you the very best opinion, guided by years of successful practice. Men out of town in trouble, write if you cannot call, as many cases yield readily to proper home treatment and cure.

If you cannot call, write for Diagnosis Chart. My offices are open all day from 9 a. m. to 9 p. m., and Sundays from 10 to 1 only.
