

### BRIDGE PLANS DECIDED ON

#### Special Committee Will Report Today Favoring Modjeski's Type B Structure.

City Attorney Kavanaugh was yesterday afternoon instructed to find out on what day the primary election is to be held next year and to draw up a resolution that a special bridge election be held on that date. The bridge committee appointed by Mayor Lane to decide on the location, style and method of building the new high bridge came to a final decision yesterday.

An ordinance drafted by Judge Murnly will be recommended to the council for passage today. This provides for a bascule bridge of the kind designated in Engineer Modjeski's report as type "B."

The approaches of this structure are to be at or near Broadway and Larabee streets on the east side and Sixth and Irving streets on the west side.

The central span of the bridge is to be 351.3 feet above low water, and at least 55 feet above high water mark.

### CHRISTMAS GIFTS MUST GO THIS WEEK

◆ Have you a sweetheart, a relative or friend in the Philippines to whom you want to send a Christmas present? Of course it's nobody's business whether you have a sweetheart in the Philippines, but there is just this much about it—if you want to get his or her Christmas present there in time for Christmas you'll have to hurry to beat the band.

◆ Packages and mail for Manila and other points in the islands will reach their destination by Christmas if they are mailed this week.

**To Recognize Paraguay.**  
(United Press Leased Wire.)  
Washington, Nov. 11.—The state department announced today the administration's decision to recognize the new government of Paraguay, which was established as the result of the successful revolution last spring.

### PARTY POLITICS TO BE BARRED

In future city elections, if the new charter is adopted, there are to be no party designations. No ward councilmen will be chosen. All councilmen will be chosen at large, so there will be no need of the ward feature and objectionable candidates cannot slide to victory just because they happen to be on the ticket of the dominant party. All this was decided on by a vote of the charter revision commission, which met last night for the first time in two weeks. Last week the election prevented the holding of the regular session.

Two other important decisions were made. The first was on the cutting down of the number of councilmen from seven to six. With seven and the mayor there would always be the contingency of a deadlock resulting from tie vote. The second was that fixing the salaries of the council and mayor. That of the latter was made \$6,000 a year and each of the councilmen is to receive \$5,000.

**Headaches and Neuralgia From Colds.**  
LAXATIVE BRIMO Quinine, the world wide Cold and Grip remedy removes cause. Call for full name. Look for signature E. W. Grove, 256.

# MEN'S SUITS

## OVERCOATS AND RAINCOATS

### LODGE OBJECTS TO NEW CITY STABLE

Orient lodge of Oddfellows sent a delegation to the meeting of the water board yesterday to protest against the erection of a barn in the same building with the proposed east side water office. The lodge has a handsome \$30,000 fraternal hall adjoining the site of the office and the members objected to having a barn under their windows. The board decided to defer the building of the water office until information can be obtained from the fire engine-houses as to whether the barn in each of these is objectionable.

T. L. Adams presented a petition signed by hundreds of residents of Up-

### per Albina asking that the water office in Lower Albina be moved to a more convenient point.
