

WILLIE'S BELLBOY LIFTER WAS ALL RIGHT--BUT!

Dear Tommy: The bellboys won't answer the clerk until he rings four or five times. I thought the matter over and devised a scheme to make them sit up and take notice.

I tried it and it worked fine. But when an English lord came to register, and the clerk touched the button, he found the spring was too strong. Yours, etc. WILLIE.

TEACHER'S PET--THE TRAMP WAS CHOCK FULL OF TROUBLE
