

METCALF NO LONGER IN CABINET

Gives Ill-Health as Reason for Tendering His Resignation—President and He Never Agreed on Plans for Ships.

(United Press Leased Wire.)
Washington, Nov. 14.—Secretary of the Navy Metcalf tendered his resignation as a cabinet official yesterday, giving as his reason that he is in ill health and can no longer attend to the arduous duties of the office. Assistant Secretary Newberry has been appointed to the vacancy by the president. There is alleged to have been much friction in the department owing to differences between Newberry and Metcalf. Secretary Metcalf will return to California and resume the practice of law in San Francisco. His friends frequently interfered with Mr. Metcalf's plans and there may have been a reason other than ill health for the resignation.

Nervous Breakdown.

Mr. Metcalf has suffered from a nervous breakdown that has rendered it impossible for him to remain at his desk for any length of time and the chronic nature of his trouble has caused him to abandon hope of recovery while burdened with the cares of office. He went to California in April to review the Albatross battleship fleet. He took a long vacation, hoping to be permanently benefited thereby, returning here September 1.

Accepts Resignation.

"My dear Metcalf—I accept your resignation with real reluctance and only because you tell me that it is imperative that you must go on account of the state of your health. I had earnestly hoped that you would be able to continue with me through my term. I thank you warmly for your faithful and efficient service in both of the departments, at the head of which you have served under me. But my dear Mr. Metcalf, you have always been more than the head of the departments; you have been a cabinet minister upon whom I could rely upon in any and all occasions. No president could wish more total and hearty support than you always have given me. I thank you for it. I shall miss you when you leave the cabinet and I wish you well in whatever work you undertake and wherever your life may lead you. With respect, therefore, I accept your resignation to take effect upon the first of December.

With all good wishes, faithfully yours,
THEODORE ROOSEVELT.
Hon. V. H. Metcalf."

Becky and Bad Breath

Cannot Go Together No Matter How a Woman May Try to Make Them.

It does not matter how beautiful a woman may be, if she is afflicted with bad breath she will be shunned and pitied by men, and even women will shun her. If any woman doubts this statement let her make a point of asking a friend in whom she may confide, a man friend or relative, if he has a woman who will tell her that foul breath from the mouth of a woman will drive men from her more rapidly than any other personal affliction.

Foul breath arises in man disgust and in woman it is to be avoided. It is not a matter of self-denial or reasoning can overcome the natural repugnance which comes to man when he is in company with such a woman. What is true of bad breath in woman is not true in so great a degree in men. Foul breath arises from the emanation of sweetness, breeding, virtue and refinement. Foul breath will sicken a man as the heat of a fever will sicken a woman. A woman's breath is necessary to make him desire to be in her company.

There is absolutely no occasion for bad breath in either men or women. Charcoal, the strongest absorbent known, when taken into the stomach, will prevent this repugnant tendency of affliction.

Stuart's Charcoal Lozenges are sold in tremendous quantities over America and are made of the finest charcoal and cured all forms of bad breath. A single box will convince you of this fact. One should not eat anything but Stuart's charcoal mixed with sweet honey to make them palatable and compressed into a lozenge to preserve their peculiar odor.

The next time you wish to go into company and don't want your foul breath to offend anyone, take Stuart's Charcoal Lozenges and your breath will be pure and sweet.

Every drugist carries them, price 25 cents, or send your name and address and we will send you a trial package by mail free. Address P. A. Stuart Co., 300 Stuart bldg., Marshall Mich.

JAPANESE FOR ALL ASIA

Japanese Elder Statesman Says Occident Must Go If It Takes a Century of War—Oriental Contempt Is Frankly Uttered.

The East bowed low before the blast in sudden, deep disdain; She watched (Korea's) legions thunder, Then plunged in thought again.
—Matthew Arnold.

(United Press Leased Wire.)
New York, Nov. 14.—War, devastating and terrible, lasting perhaps a century, between the United States and Japan, is declared to be inevitable by General "Isocuro" of the Japanese elder statesman and one of the closest friends of the mikado. In an interview by Richard Barry, the war correspondent, published today in Hampton's Broadway magazine.

"Come and see me when you return from the first stage of the war," General Torio said to his interviewer. "Your hair will be as gray as mine," he said. "Will it be 30 years?" Barry asked. "Perhaps 100," was the answer of the Japanese warrior. "You have a great nation, but we have a great nation, too."

"But it is possible for nations to fight continuously for so long a time?" "In the life of Japan a century is but a day, and the discount we have existed since the growing of the first anemone, and we will continue to exist after the reaping of the last sunflower."

THOUSANDS FOR ALBANY COLLEGE

Special Day Is Set Aside to Help Swell the Endowment Fund.

(Special Dispatch to The Journal.)
Albany, Or., Nov. 14.—The Albany Commercial club has set aside Friday, November 20, to be known as "College Day" in Albany. On that day Albany will raise at least \$10,000 toward the \$50,000 endowment fund for Albany college. The entire town will be canvassed by a committee of at least thirty men. The trustees of the college and the Commercial club are working hand-in-hand on the matter.

The following resolution was passed last night by the directors of the club: Resolved, That the board of directors of the Commercial club request those citizens selected by the committee on Albany college to serve as canvassers for every dollar raised in Albany, which day shall be known as "College Day" and on which day the citizens of Albany are urged to give at least \$10,000 toward the \$50,000 endowment fund for Albany college.

All Albany subscriptions will be taken up at interest. Fifty thousand dollars are not collected before a fund of \$50,000 is secured. This assures at least a double amount raised in Albany. However, the possibility for the town and college is much greater than this; four dollars are expected from other sources for every dollar raised in Albany. In other words, friends in the east will duplicate what friends in Oregon give, up to \$25,000.

Albany thus receives four dollars for one at interest. Fifty thousand dollars will bring at least \$2,500 annually, and as this amount will be spent in Albany, the \$10,000 given by Albany citizens will be returned through trade channels in the short space of four years.

TALKED HENRY FOR THE CABINET

Taft and Roosevelt Discuss Appointment—Speckels on Graft.

(By John E. Lathrop.)
Washington, Nov. 14.—It develops that Roosevelt and Taft have had F. J. Henry under consideration for attorney-general in the incoming administration. While no decision had been reached it is known that his name was seriously regarded.

Rudolph Speckels, who financed the graft prosecutions at San Francisco, was here two weeks ago and dined at the White House, where he discussed the prosecution with the president. It is also thought discussion was had of Henry for attorney-general. It being known then that Taft was to come here next Sunday to visit Roosevelt, Henry's record as a prosecutor has been considered by the administration as classing him among the country's great lawyers.

"When asked if the prosecution was disheartened over its setbacks; 'We are not in the least discouraged. We purpose to carry on the work until those grafters are put into jail, if it takes years,' he replied."

"Overwhelmed—Who Cares?"

"If I opened, we absorbed them we passed them on to the next generation. And therein we always win. If overwhelmed, if started, if outwitted, if yielded, we struggle for our lives. Then the family gathers its royal members together and loquaciously enfold their entangling and terrible arms hospitably about our victor."

"You have a family, as we have. Your family is of the accident, and four times in the last 100 years has some member of your family strayed over to impose upon the rights of our family."

"Four times we have cast you out, and your marks have hardly remained. 'Do you think, then, that the fifth time you come upon us you will stay? That you will take our rights and keep our men and remove our money?'"

"The 150 years you have been in India led a day and a night and your family pride your decade in the Philippines is but an interval between the smoking of two cigars."

"To be exact, then," asked the interviewer, "you mean Japan today is the strong nation of Asia, and that she will right the wrongs of all the orient; that you will drive the Americans from the Philippines, the British from India, Russia from Manchuria, the French from Indo-China and the Germans from Kiaochow?"

"Oh, you Americans! To be exact, we have driven the Russians from lower Manchuria."

"Why did Japan choose Russia first among the white people to be defeated?"

"Why does a wounded buffalo turn on the dogs?" he replied.

"And yet," continued his interviewer, "now that you have Korea, the natives complain more bitterly than they did of the Russians. Is that like a loyal member of the family?"

FACTS FOR SICK WOMEN

Lydia E. Pinkham

No other medicine has been so successful in relieving the suffering of women or revealed so many genuine testimonials as has Lydia E. Pinkham's Vegetable Compound. In every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every one you meet has either been benefited by it, or has friends who have. In the Pinkham Laboratory at Lynn, Mass., any woman any day may see the files containing over one million one hundred thousand letters from women seeking health, and here are the letters in which they openly state over their own signatures that they were cured by Lydia E. Pinkham's Vegetable Compound. Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made from roots and herbs, without drugs, and is wholesome and harmless.

The reason why Lydia E. Pinkham's Vegetable Compound is so successful is because it contains ingredients which act directly upon the feminine organism, restoring it to a healthy normal condition.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

that he had spent a million dollars in the prosecutions, he replied: "If I did, I'll spend another million before I quit."

News of the attempted assassination of Henry with intense consternation. The president and his aides are understood to be determined to exert every influence, as in the past, to aid in carrying on the anti-graft cases.

Coming immediately after the killing of Carmack of Tennessee, the attack on Henry naturally creates a sensation the like of which has seldom been experienced in the east, where the papers are carrying full stories, reviewing Henry's career in the Oregon land fraud cases.
